LITTLE BESPOKEBOOKS

Wish Book

HOLIDAYS

2026

Best. Christmas. Ever.

It wasn't just that I got the most stunningly beautiful horse in the world. (Eventually recalled for also being stunningly dangerous.)

I felt the LOVE contained in someone wanting to make my wish come true.

Finding the gift that will do that for the person you love can feel next to impossible in a big box world. **May we suggest exploring the following pages?**

Every edition is designed for delight and made by hand in our Charlottesville, Virginia workshop. The recipient of a Little Bespokebooks volume has likely never seen anything quite like it.

And personalization makes it uniquely theirs to keep, return to, and just possibly, remind them of their *new* Best. Christmas. Ever.

Wishing you the happiest of holidays and the pleasure of a well made notebook.
