CURATED FOR EDUCATION COMMUNITIES

We've brought together a selection of our top-selling products for the education market, making it easier for retail partners and education resellers to offer quality learning resources to the daycares, schools, and educators in their local communities.

From hands-on learning and sensory play to classroom furniture, creative resources, and active play, this collection features products selected to support children's development, engagement, and learning through play.

A curated selection from Playwell's family of trusted brands—ready to share with your local education community.

18M+

Pikler-inspired climbing elements, grounded in Emmi Pikler's movement pedagogy, promote confidence, balance, and self-directed exploration. The triangle, arch, and ladder can be used individually or combined to create engaging movement pathways that support motor development and creative play. Each piece is crafted from high-quality materials for long-lasting use in early learning environments.

Wild Climber-Elephant
B18021-28

12 WEEK LEAD TIME

Young explorers will love the Wild Climber Elephant — a versatile play structure that inspires climbing, sliding, balancing, and confident movement. Its modular design offers endless physical challenges and creative exploration while supporting coordination, somatic development, and whole-body play. Crafted from FSC™-certified wood and durable materials, it provides safe, imaginative fun for children 24 months and up — a perfect fit for early learning spaces.

Beleduc's Matching & Discovery Puzzles help children make sense of the world through hands-on matching and exploration. HUMANICO introduces themes about people, emotions, senses, and everyday life, while NAWITO sparks curiosity about nature, animals, and how things grow. Together, these puzzles build early thinking, language, and real-world understanding in an engaging, age-appropriate way.

Continuous puzzles form large, connected scenes that children explore piece by piece. Each section works independently or joins into one big discovery landscape, encouraging teamwork, storytelling, and close observation. Designed for group play, they build visual perception, language skills, and social interaction through hands-on exploration.

Human Body Magnetic Puzzle
E1652 - 3Y+

This puzzle illustrates the human body in a way that is both descriptive and accessible for children. It introduces foundational anatomy step by step, starting with the skeletal framework, then revealing key organs, muscles, and the flow of blood throughout the body. As kids progress through the layers—from a bare human form to a fully clothed child—they gain a clearer understanding of how each part fits together, encouraging curiosity and early scientific learning.

Squishies — Sensory & Stress Relief
Soft, squeezable, and satisfying to touch, squishies provide a simple sensory outlet for students. They can help promote calm, focus, and self-regulation while giving hands a quiet activity during learning, transitions, or moments of stress. Great for classrooms, sensory spaces, and individual use.

VersaTiles®

Vesatiles Interactive Workbook System

Hands-on, self-checking literacy skills practice. Help your students master phonemic awareness, phonics, fluency, vocabulary, and comprehension. With VersaTiles Literacy you can seamlessly integrate skills practice into your reading routine. While you work with a small group, your other students can independently go through the lessons, checking and correcting their work.

Classroom kit features six different Student Activity Book titles to meet grade-specific standards. Includes 24, 32-page Student Activity Books, eight Answer Cases, and Teacher's Guide.

85872 - Versatiles Literacy Take Along Pack, GR.6

Hands-on routines build comprehension and word skills for visual, auditory, and kinesthetic learners. Using a concrete approach, students construct text components, words, and phonetic patterns as they read and explain. Ideal for small groups, the collaborative activities work with any reading materials and let students show understanding through writing or drawing using skill-specific graphic organizers. The Teacher Guide includes 36 reproducible task cards, graphic organizers, and recording sheets. All materials are stored in a plastic tote.

93446 - Reading Construction Toolkit, Grades K-1

93447 - Reading Construction Toolkit, Grades 2-3

93448 - Reading Construction Toolkit, Grades 4-5

Decodable Books. Each book includes 20 fully decodable texts-10 fiction and 10 nonfiction-using only sounds, patterns, and high-frequency words students have already learned. Structured to encourage reading before viewing pictures, the design supports skill application and prevents guessing, with images aiding comprehension after reading.

Guided Phonics + Beyond, Unit # Decodable Books, Individual

96952 - Unit 2
96953 - Unit 3
96954 - Unit 4
96955 - Unit 5
96956 - Unit 6

These centers, designed to complement Guided Phonics + Beyond Focus Lessons, engage students in meaningful multimodal and kinesthetic activities. They provide opportunities to actively practice and reinforce essential literacy skills introduced in the classroom. Each center includes enough materials for up to 6 students.

96976 - Guided Phonics + Beyond,Writing Center, Units 1-3

96977 - Guided Phonics + Beyond,Writing Center, Units 4-6

96970 - Guided Phonics+ Beyond, Word Mapping Center, Units 1-3

96971 - Guided Phonics+ Beyond, Word Mapping Center, Units 4-6

96973 - Guided Phonics+ Beyond, Game Tray Center, Units 1-3

96974 - Guided Phonics+ Beyond, Game Tray Center, Units 4-6

ESSENTIAL KIT Includes a Teacher Guide with prompts, rubrics, and blackline masters, plus 30 picture task cards, challenge cards, and writing prompts. Kids build with a variety of hands-on materials like Base Ten Blocks, pipe cleaners, and modeling dough.

91377 - STEM Bins Essential Kit, GR.4

Everything in the Essential Kit, plus upper-grade written task cards and additional printables and writing extensions. With even more materials and supports, it's ideal for classrooms looking to deepen STEM exploration across grade levels.

91378 - STEM Bins Comprehensive Kit

93836 - STEM Bins Single Learn and Play Pack

LEARN & PLAY PACK Encourage kids to create, invent, and solve problems. Each bin includes six double-sided Task Cards, a write-on/wipe-off Blueprint Card, and six different building materials in a compartmented plastic storage tote. Colors of all components will vary.

93837 - STEM Bins Single Learn and Play Pack, Set of 4

PLUG IT turns learning spaces into interactive, hands-on environments where children can create, explore, and discover. With vibrant acrylic plugs, interchangeable panels, and smart connector systems, it supports fine motor skills, creativity, pattern recognition, and open-ended play. At its core is the multi-sided Plug It Activity House, inviting weaving, plug-in art, optical exploration, storytelling, and collaborative learning. Durable and endlessly reconfigurable, Plug It delivers a versatile, complete solution for active classrooms and early childhood settings.

Weplay creates thoughtfully designed early childhood products that blend play with purposeful learning. Developed in collaboration with educators and child-development specialists, every Weplay item supports motor skills, balance, sensory integration, creativity, and whole-body exploration. Known for durable materials, engaging textures, and intuitive designs, Weplay products are trusted in classrooms, therapy centers, and family play spaces worldwide. Their collections inspire children to move, explore, and learn through hands-on, active play.

Interchangeable tops easily extend the Activity Table system, adding new play and learning experiences that support creativity, problem-solving, and hands-on discovery.

FEATURES

- Creates multiple learning experiences within one activity center
- Encourages open-ended, child-led exploration
- Supports both individual and collaborative learning
- Durable construction designed for daily classroom use
- Weather-resistant materials for indoor and outdoor environments
- Easily adapts to changing learning activities throughout the year

BUILT FOR EVERYDAY USE

Durable HDPE deep bins | Powder-coated steel legs | Solid pine wood construction | Sturdy, stable design

WIDE RANGE OF ASSEMBLY OPTIONS
