PACKAGING PRODUCTS

Explore our diverse range of packaging products, including tapes, wraps, and covers, designed for safety and sustainability.

TWO BEST SELLERS

Fragile Tape

Fragile tapes are a reliable and convenient solution for securing delicate items during transport or storage. Our tapes are 48mm X 80m rolls of fragile tape that comes in a carton of 36 rolls.

Packaging Tape

Clear packaging tape is suitable for general carton sealing or taping. This tape is made from strong acrylic adhesive, which is durable and resistant to drying up from UV exposure or aging, and measures 48mm x 100 meters.

SKU	Size	Color	Carton Qty	SKU	Adhesiveness	Color	Size	Carton Qty
EPXFRG	48mm x 80m x 50um	Black and Orange	36pcs	EPXTPE	Acrylic	Clear	48mm x 100m x 50um	36 rolls
EPXFRG1	48mm x 75m x 50um	Black and Orange	36pcs	EPXFHT	Water Glue	Clear	48mm x 75m x 50um	36 rolls

Machine Tape

Machine tapes are quite convenient, whether it is for sealing boxes, bundling products together, or for more specific applications to be used in a busy production line. That's where machine-sticky tape comes in.

SKU	Size	Adhesiveness	Carton Qty

EPX25B	Black	LDPE	500mm x 300m, 25µm	4 rolls/carton

Machine Pallet Wrap Film

Machine wrap is made from high-quality properties; it is much stronger and can be stretched longer without compromising on puncture resistance and dart impact figure. Its excellent puncture resistance makes it the best choice for securing heavy loads and loose items on a pallet for logistics and warehousing purposes.

SKU	Color	Material	Size	Carton Qty
EPXMPW	Clear	LDPE	500mm x 1200m, 25µm	1 roll/carton
EPMW15	Clear	LDPE	500mm x 1500m, 25µm	1 roll/carton
EPMW13	Black	LDPE	500mm x 1300m, 25µm	1 roll/carton
EP1900	Black	LDPE	500mm x 1900m, 17µm	1 roll/carton

Bundling Film

Bundling Film offers a superior solution for securely bundling pallets and products, ensuring safe internal stock movement. This high-performance film utilizes cutting-edge resins to provide a reliable and secure wrap every time. With a 3-inch (76mm) core and 20um blown film, our Cast Bundling Film is designed to withstand vibrations, shifting, and other challenges during the delivery or storage of goods without slipping or coming undone.

SKU	Color	Material	Carton Qty
EPBF20	Transparent	LDPE	100mm x 300m x 20um

Machine Strapping

- High tensile strength
- Suitable for high-speed packaging lines (fully automatic)
- High chemical resistance – does not corrode, mark, or rust
- Resistant to abrasion and ageing – long life and will not damage products
- Low density and high stiffness

SKU	Color	Size	Tensile Strength
EPMSTB	Blue	12mm x 3,000m	120KGF
EPMSTW	White	12mm x 3,000m	120KGF

Corrugated Cardboard Sheets

Corrugated cardboard pallet pads, also known as pallet liners, serve the purpose of safeguarding the underside of pallets. Their primary function is to shield your products from dust and potential damage caused by the coarse and uneven surface of pallets, including exposed nail heads.

SKU	Size	Quantity
EPPLTP	1165mm x 1,165mm x 4mm	400 sheets/pallet
EPP950	950mm x 1,050mm x 4mm	400 sheets/pallet

Pallet Top Cover / Mega Bin Liner

Pallet covers are an essential item for businesses needing to store or transport goods that require protection from the elements or potential damage. These pallet covers provide a durable layer of protection against dirt, dust, moisture, and other environmental factors that can affect the product's integrity.

SKU	Color	Size	Thickness	Carton Qty
EPXMBL	Sky blue	1220mm x 1220mm x 2200mm	30um	50 pcs/roll
EPBM18	Sky blue	1220mm x 1220mm x 1800mm	25um	50 pcs/roll
EPXM40	Sky blue	1220mm x 1220mm x 1800mm	40um	50 pcs/roll

Pallet Caps

Pallet caps, both clear and black, are an indispensable packaging solution for the safe transportation and storage of goods. Constructed from high-quality polyethylene material, these caps offer exceptional strength, durability, and resilience to withstand even the harshest conditions. With a thickness of 20um, they provide ample protection against dirt, dust, moisture, and other external elements that could potentially damage goods.

SKU	Size	Thickness	Carton Qty
EPXPTC	1680mm x 1680mm	20um	250 pcs/roll
EPXPTB	1680mm x 1680mm	20um	250 pcs/roll

Pallet Edge Protector

Pallet edge protectors are a must-have for any business involved in shipping or storage. These protectors play a crucial role in safeguarding the sides of pallets during transportation, preventing damage caused by rough handling or shifting loads.

SKU	Size	Thickness	Quantity	Packaging
EP6060	60mm x 60mm x 1,000mm	4mm	25 pcs/ bundle	2400 pcs/pallet
EPXPEP	50mm x 50mm x 1,165mm	4mm	25 pcs/ bundle	2100 pcs/pallet

Void Bio Fill

The Bio Fill – 400 Litre Bag is a 100% fully biodegradable, lightweight protective packaging solution. Made in Australia from natural corn starch, this environmentally friendly form of packaging is used to fill voids and effectively protects goods and fragile items. It provides superior shock-absorbing protection and high-pressure resistance.

ENVIRONMENT

SOCIAL GOVERNANCE

With over 3 years of supplying quality consumables across Australia, we have evolved to become the company we are today, thanks to the help of our customers and partners that continue to support us throughout these decades. Formerly known as Corporate Social Responsibility (CSR), we now refer to Environment Social Governance (ESG).

We are committed to sharing our success by giving back to the community in much-needed areas through environmental incentives, indigenous reconciliation, ethical sourcing, diversity and inclusivity. Eco Packaging Experts follows six pillars that reinforce our commitment based on the UN Sustainable Development Goals (SDG):

ENVIRONMENT

Eco-Awareness

Deforestation

SOCIAL

Social Support

Legal Process

GOVERNANCE

Government

Corporations

Environmental Incentives

We understand the responsibility and the importance we hold over how we can improve our operations for a greener planet. Eco Packaging Experts practice environmental initiatives within our offices and warehouses, and as a result, we are ISO 14001 certified, which is the international standard that specifies requirements for an effective environmental management system within workplaces. We are working hard with our suppliers and partners to create and provide a wide range of eco-friendly and sustainable alternatives to your everyday products. We're committed to ensuring that these products are accessible to all our customers and partners, enabling them to make greener choices and reduce our environmental impact on the world.

Climate Change

Eco Packaging Experts recognises the importance of reducing our carbon footprint in all aspects of business, from our offices to our dispatch facilities and with our suppliers and factories. By reducing our carbon footprint, we mitigate the effects of global climate change and improve public health, boost the global economy, and maintain biodiversity. We have introduced environmentally friendly packaging and are expanding new eco-friendly product ranges. We have begun to implement this through our supply chain, consolidating our orders to minimise gas emissions.

In our offices and warehouse facilities, we have introduced energy-efficient lighting, fuel-efficient vehicles, and recycling programs. Our warehouses are now undergoing paperless orders. We will continue to improve our business practices to have a carbon-neutral footprint in the coming years.

Quality & Assurance

At Eco Packaging Experts, one of our main goals is to provide quality products at a competitive price. Throughout the years, our supply chain has constantly improved and updated to ensure that we are providing our customers with assurance over the quality of our products. We pride ourselves on ensuring third-party quality testing is performed prior to any shipment on all products to ensure we meet and exceed Australian, American, and European standards. We are also an accredited Australian Trusted Partner, which is a partnership between Australian businesses and the Australian Government to streamline legitimate trade.

Gender Equality

At Eco Packaging Experts, we believe that all our employees deserve the right to equal opportunities. We recognise the importance of gender equality in our workforce and are committed to embracing a company culture that reflects that. Our partners and suppliers are given the code of conduct and are required to provide safe working conditions, to treat women and everyone fairly and ethically. Eco Packaging Experts requires the suppliers to operate in accordance with the supplier's code of conduct in compliance with all applicable laws and regulations.

Eco Packaging Experts encourages equal opportunities and pay in all roles in our workplace to support growth, stability, and empowerment, despite your gender or sexuality. Eco Packaging Experts aims to maintain 45% to 55% of female leadership and representation in senior leadership roles.

With an increase in domestic violence cases, physical or sexual violence, Eco Packaging Experts has implemented a Domestic Violence initiative to ensure the safety and well-being of all staff members. This entails unpaid leave for anyone experiencing violent, threatening, or other abusive behaviour and seeks to coerce, control, or cause harm or fear. The leave is taken to ensure arrangements are made for the safety of the individual and/or their family members, attend court hearings, or to access police services. Support and confidentiality are provided and guaranteed. The safety and well-being of all employees are paramount to Eco Packaging Experts.

Diversity & Inclusivity

At Eco Packaging Experts, we believe that everyone deserves the right to equal opportunities. We recognise the importance of diversity and inclusivity in our workforce and are committed to embracing a company culture that reflects that. We celebrate and encourage inclusion and diversity in all its forms, regardless of gender, ethnicity, religion, disability, sexuality and so forth. We have partnered with not-for-profit organizations that open doors for the disabled, Indigenous businesses and communities, as well as social ventures, so that we can continue to promote diversity throughout our supply chain and within our business. Being an Australian-owned company, we are passionate about developing key initiatives to an important movement by creating, supporting and providing opportunities for Aboriginal and Torres Strait Islander peoples, their communities and their businesses.

We attempted to create artwork for the packaging to help us depict our story and vision to improve healthcare for all communities by providing access to quality products. Therefore, we were able to contribute to their movement in providing education and awareness to corporations, individuals, and schools across Australia through art and further employment for Indigenous peoples.

CONSOLIDATE YOUR SUPPLY CHAIN WITH ECO PACKING EXPERTS!

OUR OFFER

YOUR STABILITY

Hold inventory of your requirements at no additional cost.

YOUR CASH FLOW
