Avery's Home

Welcome!

All artwork at Avery's Home is created by Avery herself! A self-taught artist originally from Indiana, she studied Public Relations and Business at Baylor University in Waco, TX. After graduating, she bought a one-way ticket to Florida and eventually settled in Sarasota, where Avery's Home was born. What started as a fun side project, combining her love of painting and her obsession with a good dish towel, quickly became Avery's Home: a playful, artful collection of gifts and decor extending far past just towels.

Whether you're brightening up your kitchen with textiles or living life colorfully on the go with drinkware and accessories, Avery's whimsical designs are created to add more joy to the world.

These days, Avery lives in Indiana with her husband, two young kids, three cats, a giant dog, and a lively flock of 20+ chickens. Every item is printed and shipped right out of Indiana by her husband, packaged with care.

Through Avery's Home, she's built more than a business. It's a space that encourages living creatively, embracing everyday art, and finding ways to give back to the community.

Our Mission

At Avery's Home, giving back is woven into everything we do. Each month, a portion of proceeds supports a different nonprofit caring for the planet and its communities. You can learn more about all the non-profit partners online:
Averyshome.com/blogs/giving-back-partners

We are always looking for more non-profits to partner with, so please feel free to reach out with any recommendations you may have.

Printed in Indiana with Love

Every item purchased is printed to order right out of Indianapolis, IN by ADDLE iNK. This is what allows Avery's Home to offer such a wide variety of designs and namedrop options, making sure we have perfect gifts for everyone.
