Born in Melbourne. Worn Worldwide.

Founded by Felicity Rodgers in Melbourne in 2002, Cargo Crew began as a simple idea - to create uniforms people actually want to wear.

It has since grown from a small family business into a globally recognised brand, proudly worn by over 80,000 crews in 90 countries.

We believe everyone should feel confident and comfortable at work. Through listening to the evolving needs of the modern workforce, we're continually innovating to deliver high-performing uniform solutions, designed with purpose and made with a conscious commitment to sustainable practices.

Tailored to Pubs & Clubs

We understand the unique demands of pubs and clubs and with a diversified offering, we have more solutions to meet your uniform needs.

The Cargo Crew range provides everyday uniform solutions that are trusted by teams worldwide.

Equipt, our new uniform collection, delivers a refined, effortless workwear experience. It's designed to bring a tailored edge to modern, style-conscious teams.

More choice. More style.
More uniforms your staff will want to wear.

Services with a difference

Reliable Quality, Every Time

With every order experience consistent quality across all sizes, styles, colours – no surprises, just premium uniforms built to last every time.

Seamless Rollouts

Don't stress about change management, we make it simple with an onboarding program that includes sizing kits and internal communication tools to support your team on this journey.

Support that has Your Back

Our award-winning in-house client services team means you can talk to real people, that can provide real solutions, fast.

“Cargo Crew... just get it”

We’ve been working with Cargo Crew for over 10 years now and they just get it. Their uniforms lift the look of our teams across all our venues and roles, from the kitchen to front-of-house. Everything’s designed with the job in mind and holds up through the wear and tear.

The quality’s spot on, the service is easy and most importantly our crews actually like wearing it. We get comments all the time about how sharp the team looks.

Big thanks to the Cargo Crew team for being such a solid partner.”
