

Laminex[®]

Waterloo[™] Partitioning Systems

Partitions, Lockers, Vanities & Seating.

June 2026

A proud
Australian
manufacturer

Laminex® Waterloo™ Partitioning Systems

Laminex® Waterloo™ is made from high quality Australian made Laminex substrates, backed by over 90 years of expertise for quality you can trust. Assembled locally in Australia using Laminex substrates, the Laminex Waterloo range includes Shower and Toilet Partitions, Locker Systems, Vanities and Seating. These can be customised for applications including offices, retail spaces, health care and educational facilities and sports and recreation venues.

Why use Laminex Waterloo Partitioning Systems?

National Coverage

- National distribution
- National sales & after sales support

Quality

- Made from Laminex substrates
- Durable system designs including:
 - Reinforced aluminium head rails for system strength
 - Anodised aluminium or powdercoated hardware & stainless steel screws
 - Rounded panel/door edges for added safety
- In-house design & manufacturing with total control of the process from start to finish

Antimicrobial Surface Technology

- Laminex Multipurpose Compact Laminate & Laminex Structural MR® MDF features [Protec+ Antimicrobial Technology](#), which inhibits the growth of bacteria, fungus and mould

Proud Australian Manufacturer

- Locker systems and seating are assembled in regional Australia
- Australian made substrates

Warranties

- Laminex Compact Laminate Warranty - 10 years
- Laminex Structural MR® MDF Warranty - 7 years
- Laminex Decorated Particleboard MR Warranty - 7 years
- Partitioning Door Hardware Warranty - 1 year

Features & Benefits:

Robust hardware and fittings that complement the range

Our Waterloo range is supplied with a range of durable hardware for all of our systems.

Our Partitioning Systems are fitted with our 'Wave' hardware systems and stainless steel fittings for maximum reliability. We also use high quality reinforced aluminium headrails for added system strength.

Our Locker Systems use Europe's Ojmar locks, for our wide range of lock options.

Ease of installation

Laminex Waterloo Partitioning Systems are delivered cut-to-size and pre-drilled as 'flat packs,' complete with instructions and fittings. In addition, our substrates are able to be cut on site if required.

Declare.

Sustainability

The Laminex Waterloo range is available in three high-performance substrates: Laminex Multipurpose Compact Laminate, Laminex Structural MR MDF and Laminex Decorated Particleboard MR.

These substrates are supported by independently verified Environmental Product Declarations (EPDs) and underpinned by trusted sustainability certifications, including Good Environmental Choice Australia (GECA), Declare® Red List Approved, and PEFC/Responsible Wood Chain of Custody certification. Together, these credentials provide confidence that Waterloo products are made using responsibly sourced wood fibre and support healthy, sustainable and responsible building outcomes.

Find all our documentation, certificates and reports [on our website](#).

Protec+ helps with the important maintenance of hygiene in commercial spaces. Protec+ is an antimicrobial surface technology that inhibits the growth of bacteria, fungus and mould.

This additional layer of protection means the creation for safe, cleaner environments is possible anywhere.

Available on Laminex Compact Laminate and Structural MR MDF.

Protec+ Fast Facts

Peace of mind

Laminex Protec+ antifungal and antibacterial properties do not wipe off or leach out of the surface. This gives you antimicrobial protection for the expected life of the surface.

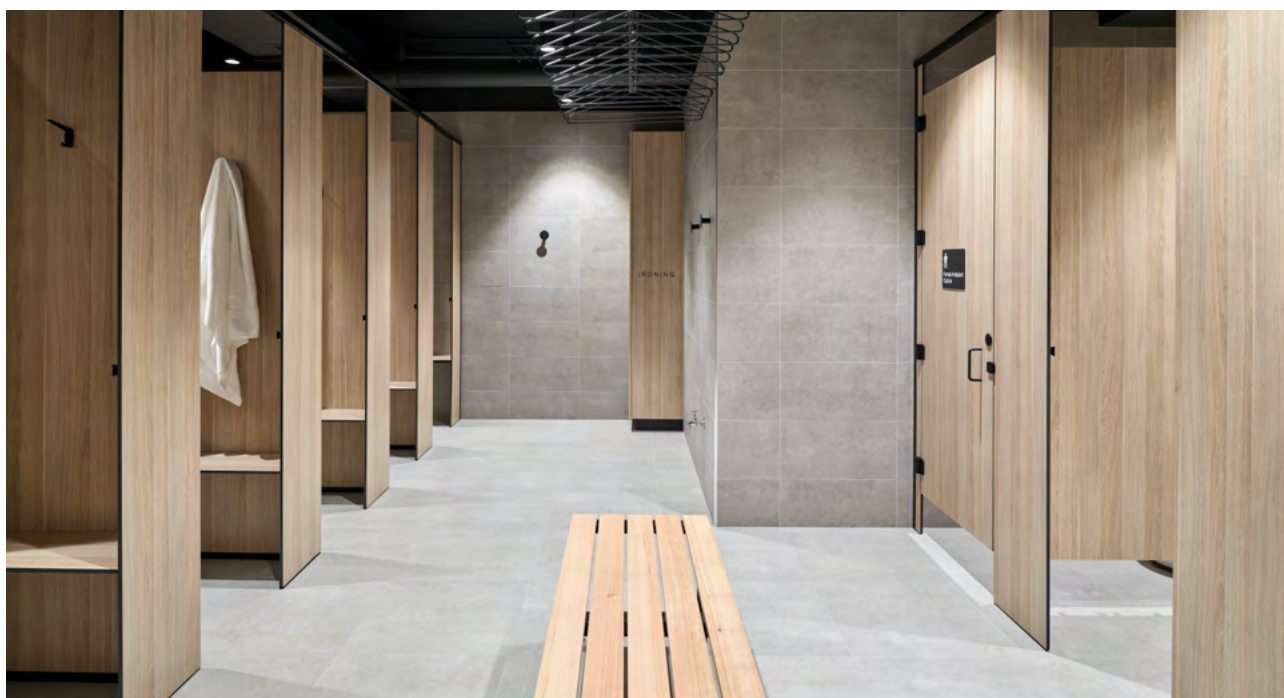

Cleaner environments, everywhere

Laminex Protec+ can be used to create a safer, cleaner environment anywhere, including hospitals, schools, hotels, shops, cafes, sport facilities and public toilets.

Proven effectiveness

Laminex Protec+ has been independently tested in accordance with a number of leading standards, including: ISO22196:2011, JIS Z2801 and ASTM G21, which measure antimicrobial activity and fungi resistance.

Designing your Laminex Waterloo System

Step 01

Choose Your System

Partitions, Lockers, Vanities, Seating

Step 02

Choose Your Substrate

Compact Laminate, Structural MR MDF or
Decorated Particleboard MR

Step 03

Choose Your Colour & Finish

Step 01

Choose Your System

Toilet Partitioning: Floor to Ceiling Arched Doors Laminex Multipurpose Compact Laminate in Otway AbsoluteMatte®.
Vanity Base: Laminex Multipurpose Compact Laminate in Planked Urban Oak. Vanity Top: Laminex Multipurpose Compact Laminate in Otway.

Navigating the range

With a range of different systems and products to choose from, there's a Laminex Waterloo system suitable for your next project.

Partitioning Systems

Discover Laminex Waterloo Partitioning Systems and learn how effortless toilet and shower partitioning can really be. Choose from our standard range of systems, or work with our expert design team on a custom solution.

Locker Systems

With a wide range of colours and systems to choose from, along with a range of hardware options, Laminex Waterloo can outfit your locker and storage needs to complete your fit out. Choose from 1, 2, 3, 4 or Z Door designs, or customise your design.

Seating Systems

Complete your fit out with our pre-fabricated or custom designed seating and combination units. Choose from island or wall seating systems with full or slat seat benches, or combine your seating and locker design by selecting a combination unit.

Vanities

Designed for style and strength, and available in a wide range of colours, complement the rest of your project with our range of versatile vanities.

Toilet & Shower Partitioning Systems

Available in a variety of functional designs, Laminex Waterloo Toilet & Shower Partitioning Systems are ideal for many applications, looks and budgets. Featuring our [Protec+ anti-microbial technology](#), our impact resistant Multipurpose Compact Laminate (wet and dry areas) and Structural MR MDF (dry areas only), and highest quality hardware are integrated into a design that offers exceptional durability and stability, is easy to clean and offers overall low maintenance. Decorated Particleboard MR (dry areas only) is a robust and cost effective alternative for vertical partitioning. Shower partitioning is also available with optional integrated shower seating and nib wall configurations for improved water control and comfort.

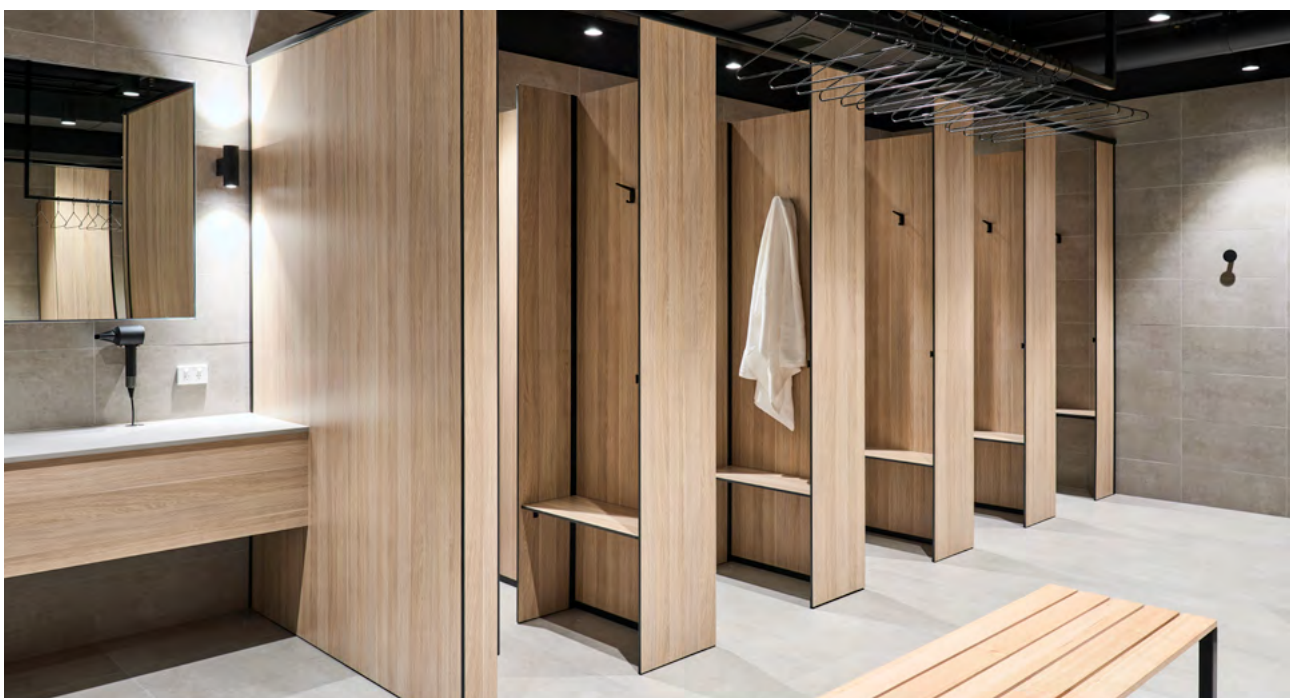

Waterloo Privacy Bevel

Privacy is Not An Optional Extra

The Compact Laminate Partitioning range of Privacy Bevel profiled doors permits privacy without compromising design and aesthetics.

NB. Privacy bevel is only available for Multipurpose Compact Laminate, not available in Laminex Structural MR® MDF or Decorated Particleboard MR.

Hardware & Components

Each system is pre-drilled and supplied with a choice of anodised or powdercoated hardware. A hardware kit includes a minimum of 3 concealed gravity hinges per door for added strength, door coat hooks, door stops, single action slide locks, slimline headrails and height adjustable legs where applicable.

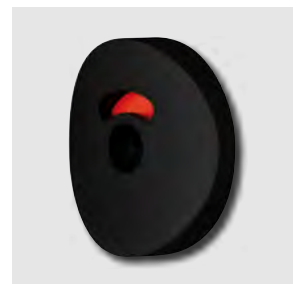

Laminex has developed the 'Wave' hardware with reinforced aluminium headrails. All hardware is supplied with stainless steel fixings. Matte Black Hardware or Dulux powdercoat colours are available as an upgrade option for channels. Locks are available in stainless steel or black.

Locks

Our partitioning and locker systems are complemented by a wide range of high-quality locks designed for durability, security and ease of use. Each lock type is engineered to suit different environments and user requirements, from heavy-duty shared spaces to modern touch-free solutions.

Electronic Keypad Lock

- Wireless and easy to install or retrofit.
- Ideal for upgrading existing lockers or cabinets.
- Touch-free mobile opening available for enhanced convenience.

Radio Frequency (RF) Lock

- Simple and secure option for facilities requiring straightforward locker management.
- Operates with a credential by pressing against the reader.
- Stand-alone design provides reliable, keyless security.

Key Lock

- Precision-engineered with high-quality materials.
- Balances form and function, offering a classic and dependable locking solution.

BYO Padlock Option

- Highly robust, resistant to humidity and salt.
- Easy to install and well-suited to shared or high-traffic environments.
- Versatile Lock Hasps available for secure padlock use, with built-in anti-rotation system to prevent tampering.

Combi Lock

- Eliminates the need to manage multiple keys or padlocks.
- Time-saving solution that reduces administrative effort in issuing and replacing keys.
- Convenient, reliable and secure for both users and facility managers.

Vanities

Durable Laminex 13mm Compact Laminate Vanities fully-recessed, including splash backs. Standard and custom options are available. The range is water resistant, offering a hygienic solution.

Panel Substrate	Laminex Multipurpose Compact Laminate 13mm Laminex Multipurpose Compact Laminate 18mm (MTO)
Features	Standard 520mm deep fully recessed Available with or without 100mm high splash back 300 mm high front fascia to conceal fittings and increase strength and structural integrity Decorative end panels Comes in a variety of colour options in the Laminex range Length customised to suit individual requirements
Hardware	All components and parts are impact resistant and non-corrosive
Delivery & installation	Flat pack kit with instructions and tools for your own installation
Warranty	Laminex Compact Laminate - 10 years

Materials Substrate

Our products are suitable for a range of internal wet or dry areas.

INTERNAL WET & DRY AREAS

Laminex Multipurpose Compact Laminate 13mm

- High pressure double-sided laminate.
- All exposed black-core edges do not require subsequent ABS edge or laminate application.
- Tested resistance to scratches, graffiti, impact and moisture.
- Hygienic range for healthcare environments.
- Limited colours are available in 18mm thickness, refer to National Availability Guide.
- All Laminex Multipurpose Compact Laminate comes with Protec+ Antimicrobial Technology.

Declare.

DRY AREAS ONLY

Laminex Structural MR® MDF 18mm

- A robust MDF core engineered for superior impact resistance. The 18mm substrate incorporates an extra-high-density formulation, for improved strength and durability.
- Decorative melamine surface on both sides of the board.
- Laminex Structural MR MDF comes with Protec+ Antimicrobial Technology, making it a safer choice.

Laminex Decorated Particleboard MR 18mm

- Decorative melamine surface on both sides of a moisture-resistant particleboard substrate.
- Designed specifically for dry area applications where durability and dimensional stability are critical.
- Provides a cost-effective yet robust option for vertical partitions.

Protec+ Antimicrobial Technology
