SWING INTO THE ROARING '20S

Professional instructors will guide guests through the Charleston and swing, so whether you're an experienced dancer or simply looking to have fun, you'll be ready to embrace the energy and glamour of the Jazz Age.

Channel your inner Gatsby early by watching the videos below to brush up on your Charleston and swing before the evening begins.

Be ready to dance the night away as you show off your moves, or discover a few new ones, in true Gatsby style!

MORE TIME TO CELEBRATE

AN EVENING DESIGNED AROUND YOU AND THE MOMENTS THAT MATTER

This year's program has been thoughtfully redesigned with a shorter formal program and more time for what matters most. By forgoing formal speeches and an auction, the evening will allow guests more time to enjoy the festivities and one another's company.

While this year's Gala will not include an auction, fundraising remains at the heart of the evening. Guests will have the opportunity to support the ASRM Research Institute through convenient text-to-give donations throughout the event.

BENEFITING THE ASRM RESEARCH INSTITUTE

The ASRM Research Institute was founded in 2018 with a bold vision: to advance groundbreaking reproductive medicine research in areas where traditional federal funding is limited or unavailable.

By investing in innovative, investigator-driven science, the Institute fills critical funding gaps that enable researchers to pursue transformative discoveries with the potential to improve fertility care and reproductive health worldwide.

“Your support of the ASRM Research Institute is more than a gift, it’s an investment in the future of reproductive medicine.”

– Jared Robins, MD, MBA, ASRM CEO

Impact

In FY26, we provided two grant cycles and awarded 23 grants totaling \$1,910,531, inclusive of partner awards and donor endowed awards. Since it was founded in 2018, we have granted over \$7 million! [Learn more.](#)

**All gala sponsorships and ticket sales will be invested
in the Research Institute endowment.**

**Every sponsorship and ticket is an investment
in the future of reproductive science.**
