Winceby Herd Dispersal Sale

The Winceby Herd was formed in 2002. 13 Animals came to Winceby from the Family's Ortum Herd. All Bred and Recorded animals.

Started showing (with the help of Ms Emma Bengé and my daughter Katie). We had some showing success including a Reserve Champion at a Breed society Sale and several bulls have sold to other Herds over the years:-

- Winceby Xavier. Young bull of the year. Hayley Williamson's Williamson Herd
- Winceby Yarin. To an ex Dairy Farm near Lincoln
- Winceby Tuckney. To Graham Jarnell's Massingberd Herd, Gunby
- Winceby Timothy . To Amy Jobe's Thorpe Herd, South Elkington
- Winceby Carolus and Winceby Carlos. To Simon Herring's Otby Lane Herd, Walesby
- Winceby Uptonne. Reserve Breed Champion at the Society's 2016 Autumn Show & Sale at Newark. To Phil Allen's Crystal Herd, Ashbourne.

Bulls used in the Herd over the years include:

- St Fort Stirling, who left me excellent Stock. Exported to Robert Hamill's Stoneyhill Herd, Northern Ireland
- Walmer Joburg, bought from Sutton Estates. A very correct bull, very Docile and left docile stock.
- St Fort Friar Tuck, seen as a young bull on an extremely enjoyable farm visit at the Mylius Family Estate. Bought over the phone and tail gated on the way down from Scotland.
- Walmer Edward, another very correct bull bred by the late Mr Needler. Left me some very nice females.
- Donington Dynamo, we all know how good Donington animals were, good size and width came from this bull.
- Wragby Thomas, bred by Geoff Bolton, this bull left me some excellent stock of a deep red colour.
- Anwick Majestic Zone, bred by C L Bembridge, Bought from Mr Needler many years ago.

- Hemingby Rhodes, I saw this bull at an NFU farm walk at Harrison's at Baumber. I said to Mike when you wish to move that bull on have a word. He left me some fabulous stock.
- Sudbrooke Whisky Mac, had a very successful showing career with Emma Bengé before transferring into the Winceby Herd.
- Winceby Royalist, the first Pedigree Bull I bred. Unfortunately he contracted IBR on the show circuit and only ever bred one progeny. Sudbrooke Tabitha. Our Tabitha line comes from this.

Health Status: Winceby Herd is in a High Health Scheme: Accredited Free of BVD and Leptospirosis; Johnes Risk Level 1, Neospora Risk Level 1 and vaccinated for IBR with Marker Vaccine.

Blue Tongue:

The stock bull, in-calf cows, calves, in-calf heifers and maiden heifers will be vaccinated with BULTAVO 3.
