**What a season it has been, and it isn't done yet. Welcome to what is a special evening at Goldington Road as old rivals battle it out under the Friday night lights with a place in the Elior Champ Rugby Final on the line.**

We are delighted to welcome Coventry; their Board, Management, Players and Supporters to Bedford as we prepare to write the latest chapter in this historic fixture.

Both of last weekend's Quarter Finals were extremely close contests, and we expect nothing different tonight. In the regular season, both sides traded home victories, with winning margins of seven or fewer. It's going to be a fantastic spectacle.

This is a battle between two of the best supported clubs in the division, which is going to create an incredible matchday atmosphere.

Our clubs have previous experience of meeting in a semi-final, it's almost 51 years since a 13-6 Bedford victory here at Goldington Road, in the RFU Club Competition. 1975 has a lot of similarities to what we feel this current play-off structure provides. Since the Prem franchise model and effective ringfencing of the top-flight, the Champ is now the top of the pyramid in English rugby.

This is the chance to play for genuine meaningful silverware, the chance to be the best club in England, and the chance to have the biggest party in our proud town.

The same opportunity exists for Coventry, and we are under no illusions of how big the challenge in front of us tonight will be.

Befitting a semi-final, you'll notice an increased matchday presentation around the ground as flames, pyrotechnics and our community flag display welcome the teams to the field. Make some noise and get behind your team.

The final, and very special, thank you must go to our wonderful Blues Family. Our attendances have grown yet again, with an average of over 3,000 at Goldington Road this season. I may have said it before, and I may be slightly biased, but this is a special club and that's down to our community of supporters. We are on course for another record year on and off the field, on behalf of our Board of Directors and everyone at the club, thank you.

Now back to the rugby...

Come on you Blues!

BEDFORD BLUES

# WELCOME FROM THE DIRECTOR OF RUGBY TEAM TALK

**Good evening everyone and welcome back to Goldington Road as knockout rugby returns to Bedford as we host Coventry Rugby in the Elior Champ Rugby Semi-Finals.**

We are very pleased to welcome Alex Rae, his coaching team, playing squad and travelling supporters here for what I have no doubt will be another great contest between our two sides.

Play-Offs are a great new addition to our season, and we are delighted to be hosting this semi-final here at Goldington Road. Both Quarter Finals were tense affairs last weekend and I'm sure it will be much of the same again tonight.

Qualifying for the semi-final gave us the opportunity to give several members of the squad some much needed game time at Ealing recently, and with that, a chance to give key members of the team the chance to freshen up.

It's been a long, drawn-out season so having a relatively fresh group going into this one has been a welcome reward.

We do know, however, that Cov will be battle hardened and we will have to be on our game from the off. When the stakes are as high as this, your support could be the vital difference in terms of the result. Continue to get behind the team tonight as we really do need you in fine voice. It's going to take a big performance and with your vocal backing, we'll fight for every blade of grass.

Come On You Blues!

*Mike Rayer*

## BEDFORD BLUES SUPPORTERS CLUB

# GET ON-BOARD AND FOLLOW THE BLUES

**It gives me great pleasure to write today's notes on behalf of the Bedford Blues Supporters Club on this very special occasion of the Champ Semi-Final against Coventry.**

This has been a wonderful season for Bedford Blues, demonstrating that they are able to compete at the highest level of second tier rugby and all while operating a part-time professional model. Some achievement, and we wish the boys and coaches all the very best as they take on old rivals this evening.

The 2025/26 campaign also saw the successful merger of the former "Friends of the Blues" and the "Followers" to create a bigger, more encompassing membership aimed at supporting the club and players on and off the pitch. Inaugural Player of the Season and Try of the Season Awards were given to Oisin Heffernan and Joey Conway respectively, both voted for by supporters.

Do keep an eye out for details of our first AGM which is just around the corner.

Away support continues to go from strength to strength, and we were able to take two coaches to the recent Ealing match. Sadly, we did not reach the high of last season when we were victorious, but a good day was had by all. If we are successful this evening, then we could face Ealing again in the final.

Players often tell us just how much the support means to them both home and away. We are the envy of other clubs particularly with the travelling support where we can be both seen and heard! Long may it continue.

Today is an opportunity to demonstrate that support first hand as we take on "old rivals" Coventry. Our first meeting was back in 1894, and the two clubs have faced each other on many occasions since.

The 1975 semi-final is one of the most significant knockout matches with Bedford winning 13-6 and going on to lift the national trophy at Twickenham. January 2019 also produced a classic with Bedford again winning, but by a very slim margin, 53-52 in a 15 try thriller. May the best team win this evening in what we hope will be an entertaining match.

Come On You Blues!

## TODAY'S OPPONENTS

# COVENTRY

**A fixture with the most incredible rivalry and history, but never has this fixture meant more, as Bedford Blues and Coventry battle it out for a spot in the Elior Champ Rugby Play-Off Final – on the occasion of their 193rd meeting overall.**

Bedford have only faced Northampton Saints on more occasions than the West Midlands outfit, and while they trail quite significantly in terms of the overall standings in the fixture, they do have precedent in winning a semi-final against them.

It's been 51 years since they battled it out in the final four fixture of the RFU Club Competition in 1975 – a game also at Goldington Road. Mike Rayer's men will again be hoping that home advantage makes the difference tonight, and for those who are superstitious, Bedford did lift the trophy that year as they progressed to the final at Twickenham and defeated Rosslyn Park.

Founded in 1874, Coventry Rugby Club – or 'Cov' – as they are most commonly nicknamed – are an extremely historic and traditional side, regarded as one of England's foremost clubs. They are trying to live by that moniker in the present day with big ambitions and again challenging in the higher echelons of the table.

They are one of the form sides in the country and were very impressive once again in their Quarter Final victory over Hartpury University last weekend to set-up this showdown at Goldington Road.

Bedford have won the last two fixtures against Coventry on home soil, but will know this is going to be the sternest of tests under the lights. Undoubtedly the biggest game in the town for a decade.

Multiple players have worn the shirts of both sides over the years, and many will feature tonight; namely the likes of Alex Woolford, Jamie Jack, Ryan Hutler and Tommy Mathews to name but a few.

As always, we welcome Coventry to Goldington Road for tonight's game.

COVENTRY

# TWO TO WATCH

FORWARD

## Morgan Strong

NUMBER EIGHT

**So often the thorn in the side of Bedford with many impactful and destructive displays, back row forward Morgan Strong was again at it last weekend with a double try performance to help Coventry win their Quarter Final.**

Blues were probably fortunate that the Welshman was absent from the most recent battle between the two sides in January – due to a pre-arranged operation – but he has come back even stronger to lead his side into the play-off structure.

Prior to this spell at Butts Park Arena, Strong plied his trade with Doncaster Knights and Ampthill, and has made multiple Teams of the Season in Elior Champ Rugby. He will again be someone that Blues will have to nullify tonight, with back row physicality seen as a key component of where the game could be won and lost.

He has already re-signed to remain part of Alex Rae's side for the 2026/27 campaign.

BACK

## Api Bavadra

WING / CENTRE

**Back in the 15-a-side game after an established 7s career in recent years, versatile back Api Bavadra joined Coventry at the start of the season and has made 25 appearances to date, adding a number of important tries.**

Ravadra's rugby journey began in the rugby-rich islands of Fiji, where he quickly made an impression at Queen Victoria School before heading to England – specifically Gateshead – in 2017.

He played club rugby to earn a chance in the Newcastle Falcons U18s, before turning his attentions to 7s with the Akuma Agents and then into the senior England Men's set-up.

He became a full-time professional with England and then later GB Sevens, stepping out at some of the biggest tournaments on the global stage – including the 2022 Commonwealth Games in Birmingham and the 2022 Rugby Sevens World Cup in South Africa.

## SAFETY MATTERS

All persons attending fixtures at Bedford Rugby Club in possession of tickets for the Eagle Stand should note that in order to comply with the conditions of the Club Safety Certificate certain restrictions have to be imposed on occupants of seats within this stand:

**No smoking is permitted in any part of the stand. No bottles, cans or glasses can be taken into the stand.**

### OTHER AREAS

In addition to the above it should be noted that bottles and glasses are not permitted in any part of the ground except inside the bars, therefore drinks will continue to be served in plastic containers on matchdays.

### EVACUATION PROCEDURES

All spectators should note that in the unlikely event of an evacuation becoming necessary, an announcement will be made over the public address system immediately proceeded by a warning klaxon sound, informing them of areas that are to be evacuated. As this announcement is being made stewards will open emergency exits and gates, all of which are clearly indicated. Safety stewards will then direct spectators as to which route they should use to leave the ground. In order that any evacuation is conducted as quickly and safely as possible all spectators are requested to comply with the instructions of Safety stewards.

Match tickets should be retained in the event of an evacuation should the game be rescheduled for another date.

THE GILBERT **BIG** INTERVIEW

# DEAN ADAMS

***Let's start by talking about tonight's game, Dean. Goldington Road prepares to stage its biggest game for a decade as knockout rugby returns... what's the feelings within the squad about facing Coventry?***

It's naturally a big fixture – there's so much history between the two clubs and every time we face each other, there's so much talk about the game. Whether that be the close games we normally have, historic rivals, local rivals... you couldn't really write it being a semi-final this year.

It's the perfect opposition to showcase what a big game this is. They're a good team, gone about their season really well, and have played some really nice stuff in recent times. The fixture means a lot, yes, but realistically it's knockout rugby and it's a semi-final so it would be big whoever we were playing.

Over the years Coventry have been very good at the set-piece, but they can also throw the ball around. It's not so much us looking at one thing, but ensuring we have that focus and the ability to adapt to the various things they'll throw at us.

We'll have to front up and when we get the ball, we have to be accurate because we may only have a few chances. We talk all the time about trying to put on a show but realistically it's knockout rugby and we're there to win the game.

***"...being the only back in the top five league try scorers show how we want to play."***

***The return of the play-off structure has been widely applauded. You're one of a few Blues players who has played in them before... what do they mean to you?***

Play-Offs are massive. When they were taken away from the Champ, I thought it was a stupid idea because they just bring so much excitement to the end of a season. It's great that they've been brought back in.

They were dual legged before, so we don't have that home and away element, but there's so much excitement about the place. There's something on the line and we should all get excited about it.

We've earned the right to be here and to be involved in the big games. When we look back on our careers, these are the games you'll probably say are the best. Let's enjoy it... your career is quite short and you have to enjoy the moments.

Come 7pm tonight boys will understand what this means - there'll be a different atmosphere, bit louder. When the game begins, you're in the flow of things... yes there may be some apprehension at the start from the younger lads, so it's our job to keep everyone focused.

***Both Quarter Finals went the way of the home side. How important is the Goldington Road factor going to be tonight?***

It couldn't be bigger. The crowd have been a massive part of us for all 11 years that I've been here, and this game gives them another opportunity to get behind us and be loud and proud.

It will be a big factor if the crowd get behind us, let's put it right. They'll play their part, I'm sure.

# ON

# 11

***And for the squad, this is a real opportunity to put into practise everything that's been building in recent times. What do you put that continual progression down to?***

This core group of players has been together for a little while now and we actually seem to be getting better and better – maybe that's experience or age.

That's credit to Mike and the team, the board, the supporters, the staff, the model we have here that we're able to finish above some of the full-time teams. We do what we do and we do it well.

Everything about this club is done really well. No matter where we go tonight, everyone can be really proud of what we've achieved this year – and that's not just us as a team but the club and the fans as well.

***We have to talk a little bit personally to finish. A third Champ Rugby Top Try Scorer Award following the conclusion of the regular season. How proud are you to achieve that again?***

To be honest, for a large part of the season I really didn't think I'd get there, but the ground started to harden up towards the end of the season, and I was on the end of some great work from the lads.

It's been another great year – we've played some great stuff and been really savvy with our approach.

Honestly, it's great to win these awards and yes, it's great to have a shiny trophy this year which I was able to collect. It's a great honour but again, I'd still put it down to the great players that I play with. I wouldn't be scoring those tries without the club's style of play – being the only back in the top five league try scorers show how we want to play.

110% I'd trade it for the Champ trophy. I'd trade 173 of my 174 tries for it to be honest, you always want to keep one. You can't have zero!

# SEMI-FINALS

**I have chosen to recall three very significant semi-finals that I have experienced at Goldington Road since I joined the club in 1966.**

## 1974-75
## The RFU Club Competition

| | |
|---|---|
| 1st Round - Bournemouth (A) | Won 66-6 |
| 2nd Round - Sale (H) | Won 23-3 |
| 3rd Round - Gosforth (H) | Won 12-6 |

**Semi-Final - Coventry at Goldington Road.**

**The luck of the draw was with us again. This time for a 3rd home draw in succession, hosting our old rivals Coventry.**

There had been several snow showers the day before, and another just before the start of the game, which made the ground very heavy. The crowd was recorded as being over 3,000, and the takings of £2,000 apparently established a new club record.

We started the game against the wind but down the 'slope' and scored first when, after eight minutes, centre John Howard kicked ahead and touched down for a try, which Neil Bennett converted. A penalty goal for both sides left us six points up at half-time. However, soon after the restart, Coventry kicked their second penalty and the score became 9-6. We then had to defend bravely in our own half and particularly our 22 until we managed to drive forward to the other end. Andy Hollins, one of our back row players, pounced on a stray pass from Coventry and scored! 13-6 - a Bedford victory and a much-anticipated final in Twickenham ahead.

1974-75 TEAM

## 2004-2005
## Powergen Shield

**30 years later! A long time to wait!**

**After losing to Northampton in the Powergen Cup earlier in the season, we became strong contenders in the Shield equivalent.**

On March 5th 2005, we travelled away to play Birmingham & Solihull. Our coach, Rudi Straeuli, had a plan which was soon put into action. The weather conditions of rain and snow meant the game would definitely be a forward battle, and a great defensive performance was needed from the backs.

The crowd was reported as 1,200 - and 1,000 of them were our travelling supporters. Our forwards were magnificent, and behind the scrum Ian Vass and Ali Hepher controlled play with very good tactical kicking.

Our captain, Matt Allen, certainly led by example.

Our opposition gave away countless penalties, which Leigh Hinton punished. At half-time, we led by two penalties, and he added three more in the second half. With 12 minutes of injury time on the clock, and in the last move of the game, Birmingham scored a consolation try, which was converted. Final score 7-15!

The great day ended with a party at Goldington Road. A free hog roast was provided by the Followers.

Returning to Twickenham once more!

SEMI-FINAL ACTION V BIRMINGHAM & SOLIHULL IN 2005

## 2005-06
## Powergen National Trophy

| | |
|---|---|
| v Blackheath (H) | Won 61-0 |
| v Esher (H) | Won 57-17 |
| v Otley (A) | Won 13-14 |

**The semi-final draw gave our coach, Mike Rayer, and his team, an away game against Exeter.**

This was a win for Bedford 'against all odds'.

In the first half, through injury, we lost Nic Strauss, Emyr Lewis - who was having a great game - and then Mark Harris went off in the second half.

2005-06 TEAM

ALI HEPHER
5 PENALTIES IN SEMI-FINAL V BIRMINGHAM/SOLIHULL IN 2005

ALSO IN 2006 SEMI-FINAL V EXETER - LAST GASP DROP GOAL TO WIN GAME 37-35

MATT ALLEN
CAPTAIN 2005 AND 2006

Bedford's first score was when Matt Allen gathered Hepher's chip through and went over. Hepher converted.

Tony Yapp, a former Bedford player, with 56 appearances from 1997-99, regained the lead for Exeter with a penalty, Ali Hepher quickly kicked two for Bedford.

In the second half, Exeter were gifted a try, which Yapp scored and again converted.

However, Bedford gained a 'man advantage' when an Exeter prop was yellow carded for stamping. A quickly taken penalty resulted in Shaun Brady forcing his way over the line and Mark Harris's conversion made it 34-32 to Bedford.

Exeter kicked another penalty to take the lead 35-34. All over for Bedford? Not quite!

We were leaving our seats when suddenly, I am sure an exhausted Hepher had the ball and 'calmly' (well perhaps not) dropped a 'last-gasp' drop goal for us.

Final score Exeter 35 Bedford 37! Twickenham again!

Thank you to Mike Green and 'Bedfordshire on Sunday' for reminding me of the details and helping me gather the information.
