

CAMP CRUSOE

PARENT HANDBOOK

2026

**THETFORD FOREST PARK
SHADWELL
NORFOLK
IP24 2RX
+44 (0)1722 632 141**

24th June, 2026

Dear Parents, Guardians, and Campers,

With just under four weeks to go until Camp Crusoe 2026 gets underway, things are most definitely heating up!

I hope you and your children are managing to keep cool somehow, and I am pleased to read that this heatwave is due to be over just before Camp begins, thank goodness!

Once again, I am brimming with excitement that Camp season is nearly upon us. It has been a busy year for us at home, with Katie and I welcoming our fourth child into the family this February, and I have therefore been rather grateful for my annual burst of energy that kicks in as Spring turns to Summer and the school holidays hone into view! This is a special time of year and I hope all our campers are as excited as I am for what lies ahead.

I and the whole Camp Crusoe team are absolutely thrilled that your child will be joining us this summer. We genuinely can't wait to catch up with all our wonderful returning campers and to meet the many new campers who are joining us for their first time this summer. I say it each year, but it really is an honour to be part of their summer camp journey.

It has been another wonderful year for staff retention with over 80% of our core staff being returners, including now quite a number who started with us as campers; something I really cherish. Our new Camp Counsellors excelled on their week long training course and can't wait to get started at Camp and our next generation, the Counsellors-in-Training, are raring to go.

This handbook is designed to help you and your children feel fully prepared and informed prior to camp commencing. Inside, you'll find everything from our contact information and code of conduct to what to pack and when to arrive, plus much more besides. Please take the time to review it carefully and share the relevant sections with your children (even if they are returners) as it should answer any questions you or they may have. Although I am sending it out slightly later than usual, I hope it covers all the bases and gives you time to prepare, but if you need to contact me about anything not covered do of course pick up the phone or drop me an email.

As ever, we are very much looking forward to seeing you and your children at drop-off and are dedicated to making their time with us a hugely positive and enjoyable one.

With very best wishes,

A handwritten signature in black ink that reads "Jeremy". The script is fluid and cursive, with a large, sweeping 'J' and a trailing flourish at the end.

Jeremy Quarrie
Founder & Camp Director

Instagram	@campcrusoe

The Camp Director will be 'on the ground' overseeing Camp activities most of the day but the office phone will be checked regularly for messages should you need to leave one. The Director and Assistant Directors can be contacted via mobile at any point in case of emergency, but do bear in mind that our primary concern is the safe running of camp so try to keep unnecessary correspondence to a minimum.

Directions

Camp Crusoe is located in the beautiful Thetford Forest Park; a two thousand acre patchwork of pines, heathland and broadleaves sitting in the heart of East Anglia.

Five miles East of Thetford, Camp can be easily reached from the A1066, taking West Harland Road and then following the signs for Camp Crusoe into the forest.

For those using Google or Apple Maps to navigate, please make sure to enter the address above or search for Camp Crusoe, but not *Crusoe Camp* in Germany otherwise you might be in for a long drive!

Our Summer Camp ethos

Camp Crusoe is a safe, inclusive community where children and young adults can come together and share a special moment in time in a beautiful setting. Through engaging experiences, we aim to help campers feel connected, valued, challenged, and supported. Over the course of Camp community bonds are forged that last well after campers return home, sometimes a lifetime.

We feel it is essential that every child has the opportunity to get away from home at least once each year and enjoy a new environment, testing themselves, trying new things and making new friends, all while having fun in the great outdoors.

Our program of activities appeals to every type of child and offers the opportunity for each camper to grow in confidence, improve their decision making skills and maybe discover a new lifelong hobby. We don't try to cram too much in and allow just the right amount of time for campers to hangout, make new friends and play together.

Camp Crusoe is about allowing children the time and space to be exactly that - children. Fun and personal development is our ultimate aim; we know from experience how much children learn at Camp, both about themselves and about being part of something larger. We hope you agree and your child loves their time with us.

Finally, we know how important it is for parents to be able to enjoy a well earned holiday (that doesn't involve eating dinner at 6pm or going to endless waterparks - unless that's your thing!), or perhaps be able to knuckle down to some undisturbed work during the long summer school holidays. Therefore, Camp is also for you; to be able to enjoy this period safe in the knowledge that your children are having a wonderful time doing something truly worthwhile and wholesome. Enjoy it!

GENERAL CAMP INFORMATION

Camper and parent information

When registering your child you all will have created an account with Kids Club HQ (KCHQ), our Camp management tool. Prior to your child's session at Camp beginning please login to your [KCHQ account](#) to double check your and your child's information in case anything has changed, especially regarding medical, dietary and contact details.

There is the ability to add a note if there is anything you want to add that you think is relevant, or if you would like to update your profile, add an emergency contact or authorised pick up, you can also do all this via your KCHQ account.

Camper fee

Within your KCHQ dashboard you can view and pay any outstanding camper fee balance either via card, 'pay by bank', or Tax-Free Childcare. If you are using Childcare Vouchers then please do this directly from your voucher provider's website.

Thank you to those who have settled your camper fees already, and a reminder to those still to do so that our terms require fees be settled 6 weeks prior to the start of your child's session:

- Session 1: Due by 7th June
- Session 2: Due by 14th June
- Session 3: Due by 21st June
- Session 4: Due by 28th June
- Session 5: Due by 5th July

Please make sure all balances are paid by these dates and let us know as early as possible if you need to alter or cancel your session as we have a long waiting list and if we can fill your place from it that would be better for everyone.

Our staff

At Camp Crusoe, we are hugely proud of our wonderful staff and it is a constant source of inspiration to see how well our Camp Counsellors look after and bond with the campers.

Our week long training for all Camp Counsellors is taken from a wealth of experience and is constantly evolving to stay current whilst retaining those traditional elements that make the role of Camp Counsellor truly unique.

We encourage any campers who are ageing-out this summer to join our Counsellor-in-Training programme next year (for 16/17 year olds) to set them on the path to being a fully fledged "CC" once they turn 18. It really is the best summer job out there!

We are thrilled to have so many returning members of staff and it is a badge of honour that we see them return year after year as it must mean we are looking after them! Their familiar faces will welcome returning and new campers alike, and all can look forward to having a big sister or brother caring for them while at Camp.

Code of conduct

We try to not inundate campers with rules and regulations, but our code of conduct will be shared with campers at orientation on their first day. In essence, we expect children to show respect for each other, for staff, for the premises, and for themselves. Camp is a special place where campers can relax in a friendly and non-judgemental environment and to aid this we have a simple credo; have fun, be kind.

Camp Crusoe has a zero tolerance policy on smoking/vaping, alcohol, illegal drugs or misuse of legal drugs/substances, mobile phones, violent behaviour, bullying or sexual activity.

Senior staff will review any cases of misconduct and in the unlikely event of a child's behaviour being judged as quite unacceptable, so that we are unable to keep them safe or so that their presence is spoiling the experience for others, we reserve the right to contact parents and ask that they be removed as soon as practicably possible at the parents own expense. It should be noted that this is an extremely rare occurrence, but parents and campers should understand that the right is there.

ARRIVAL & DEPARTURE

Drop off & collection from camp

For those dropping their children off at Camp, we ask that you **arrive between 2pm and 4pm** on the first day of your child's session. Please do not arrive early as we will be busy making final preparations and if you are running very late please give us a call or drop us an email to let us know.

Upon arrival, please park in the car park and make your way to the lodge to check-in with our staff. Campers will then be shown to their cabin/dorm by their Camp Counsellor. We ask that parents not go into the cabins/dorms, however we will have refreshments available and this is a good opportunity to chat to the Director or Matron and ask any questions you might have.

It is important that you do not leave until your child has been checked-in, but we also ask that once they're back from visiting their cabin/dorm you not stay too long, firstly to avoid congestion but also as we find Camp starts best with the children left to settle in and meet new friends as rapidly as possible.

It is likely to be hot so if you have a dog you may decide to leave them at home, however if you do bring them they are not allowed within Camp grounds. You are welcome to walk them on one of the many trails outside Camp in the surrounding forest if you arrive early or once your child is checked-in.

On leaving day, campers are to be **collected between 11am and noon**. If you have been unexpectedly delayed do let us know, but please make all efforts to be on time.

To collect your child you will require your collection password (see below). Please do not leave with your child until you have been checked-out by a Director or Assistant Director.

If a child is to be collected by someone other than the parent/legal guardian named at registration it is essential this person be listed as a contact on your KCHQ account and that they know the collection password.

Campers being picked up will have had elevenses but not lunch, so it may be worth bringing a picnic or booking in at one of the local cafes or pubs for lunch if you have a long drive home.

Accompanied transport

We offer accompanied transport by way of a private coach from London to Camp, and back. If you have not signed up for this but would like to take advantage of the service please [email us](#) as soon as possible to book your camper on. The cost is £70 return or £40 one way.

Those signed up for the accompanied transport should meet our staff at Stratford City Bus Station Stop X (Google Maps [here](#), what3words: [///doors.radar.trash](#)) at **1:45pm** on the first day of their session for a **2pm departure**. We will not be able to wait for those running late so please make sure to arrive on time (but not too early as neither the coach nor staff will be there!)

There will be no packed lunch provided on the coaches to camp so please make sure your child has already eaten. We recommend each camper has a little 'carry on' bag with a water bottle and maybe a small nut-free snack, although please don't pack them off with too much.

Our staff will be easily identifiable by their Camp Crusoe t-shirts and will have a list of those booked onto the coach. They will officially take responsibility for the children once on the coach so please make sure not to disappear before they have boarded. If you need to contact the staff member coordinating the accompanied travel on the day their number is 07733 899158.

When the coach arrives safely at Camp, those campers with a phone can make a quick call to let you know they've arrived before it is stored away securely. The office will send an email to parents confirming the coach has arrived at the first available moment, but please don't be concerned if this isn't until later in the day.

Pick-up on the final day will be from the same location at **2pm**. Please note that it is difficult to predict exact travel times and therefore this may be somewhat earlier or later, so we advise getting to the pick-up point 15 to 20 minutes early.

As with pick-up from camp, please make sure anyone picking up a camper from the coach is named as a contact on your KCHQ account and they know your collection password as our staff will require each camper's collection password to allow them to leave (see below). If you have been unexpectedly delayed please let us know as soon as possible.

Campers on the return journey will have a packed lunch.

Collection passwords

As mentioned above, we will require a collection password at pick-up. This personalised password can be created via your KCHQ account (see below). Please make sure you create this in good time before pick-up and make it something memorable!

Holdover weekends

Those campers doing two or more sessions and not going home between sessions will be staying with us at Camp.

We have lots of fun activities for them to do, but will also allow them time to sleep and relax before the next session. They will have brief access to their phones if they've brought one and if not can use the camp phone to call home. They will also have an opportunity to do some washing so that they are all set for the start of their next week at camp.

CAMPER EXPERIENCE

Preparing for Camp

If this is your child's first time at Camp Crusoe or away from home for a few nights, below are some helpful tips to help them (and you!) prepare for what is an important step in their childhood journey.

First up, spend time together talking about Camp, looking at our website and reading this handbook. This will help to prepare them mentally for what to expect when they get to Camp and will help to provoke conversations around how they might feel when they are here.

Rather than avoiding talk of the possibility of homesickness, discuss it and reassure them that it is a totally normal emotion to feel. Use this to discuss ways of dealing with feeling homesick but remind them that they will have lots of fun at Camp, which will certainly overtake any homesickness after the first day or two.

Avoid promising to pick up your child early if they do feel homesick, instead focus on what an achievement it will be for them to complete a week at Camp and how great they will feel when they've done it.

Remind them of how many great staff there are to look after them, from the big brother/sister they will have in their counsellor, to matron and her vast experience of looking after children just like them, and Archie (the Camp dog) who is always on the lookout for a calming stroke.

Finally, pack for Camp together. Not only does this help them take responsibility for their items but it is also the last stage in their mental preparation for going away.

Daily life at Camp

There will be a mixture of energetic and quieter activities, indoor and outdoor, group and individual. All activities are carefully supervised and if a Camper doesn't feel like joining in then they will not be forced to, although they may be gently encouraged for their own benefit.

There is only limited time during each session at Camp and we vary the program slightly week to week so it may not be possible for campers to do every single activity on offer, but we do our best to make sure they get to try lots of varied things.

Cabins & dorms

The youngest campers (8/9 year olds) sleep in the main building in dormitories, while all other campers are in the cabin villages. There is a boys' cabin village and a girls' cabin village.

Dorms/cabins are divided by age and gender and have Counsellors assigned to each for the session. Cabins have 4 or 5 campers in them, dorms 6-8.

Bed times are between 8.30pm and 10.00pm depending on the age of the camper. Camp staff will oversee the bedtime and morning routine, ensuring all campers wash, brush teeth, rotate their clothing and get to bed on time!

Getting a good amount of sleep is essential to enjoying Camp, so please stress to your child the importance of not keeping themselves or others awake - persistent offenders will be removed from the cabin village and placed in a room within the Lodge.

For those who have requested that friends/siblings be together, we will ensure that they are in the same cabin/dorm, however we insist that they mingle with everyone else to avoid being separated. Please stress this point before the session starts.

Food and tuck shop

Our wonderful kitchen team provide three well-balanced, nutritious, hearty meals plus elevenses and an afternoon snack each day. With the busy days at Camp, it is important for campers to sit back, relax and refuel. Camp is completely nut-free and we do accommodate a variety of dietary needs and restrictions.

Meal times are a great time for campers to catch up with their counsellors and new friends. Each day group has its own table for the session and we dine together family style. Sharing laughs and stories over delicious food is a great way for our Camp community to connect.

At Camp we run a world renowned tuck shop of which Mr. Wonka himself would be proud. Campers will have the chance to visit twice during their session and select a bag of yummy sweeties, which is included in the camper fee. There is no obligation at all to indulge and there are vegan and vegetarian sweets available.

Digital free experience

Camp Crusoe is 100% digital free. We really believe that time away from technology and the internet is very important and although it might take some a little bit of getting used to, we know campers really appreciate it and have more fun this way.

Campers are not allowed mobile phones nor any other electronic gadgets at Camp. Our strict no mobile phone policy is meant to provide campers with the best possible Camp experience. Please help us by not allowing your camper to bring a phone as it is a distraction from the true enjoyment of Camp. We understand it is a difficult transition for parents and campers to not have instant access to each other, but we believe the unplugged opportunities at Camp far outweigh the need for a phone.

The only exception for this is for those coming via the accompanied transport and those staying for multiple sessions. For them, a mobile is permitted (if they have one, but by no means required) to inform parents of safe arrival and to contact them during the holdover weekends, however it will be stored safely by us once they check in.

Possessions

In addition to mobile phones, campers may not bring smart watches, tablets, handheld gaming devices, portable speakers, earphones, blow dryers, curling irons, valuable jewellery, alcohol/illegal substances, lighters, matches or knives.

There will be people with serious allergies on each session, so we insist that no food be sent with campers, plus food in dorms can lead to choking and attract unwanted cabin guests!

Our staff will do their best to help campers keep track of all their belongings, but we are not responsible for any lost or damaged items. Lost property items are displayed in the middle of Camp during the session and on leaving day. Please look through these items before leaving Camp and double check your camper's luggage to ensure your camper has all their belongings prior to departure. Personal items left at Camp are donated to a charitable organisation two weeks after the end of the last session.

Pocket money

It is not essential to bring money to Camp and opportunities for spending money are limited. That said, we do have Camp Crusoe t-shirts, hoodies, bum bags and water bottles for sale. Pocket money is taken in on arrival for safe keeping and is handed back to campers just before pick up, when payment will be taken for any purchases made. If a camper comes without cash but would like something from the Camp store we will send you an invoice retrospectively.

Keeping in touch

Letters are always greatly appreciated by campers, either by traditional mail or by emailing an 'e-letter' to hello@campcrusoe.com which will be printed and delivered each day by the 'Camp postman'. There is a 2 e-letter limit so try to make sure they are goodies as a one-liner can sometimes be more of a disappointment than no letter at all! Also, please ensure your e-letters do not include photographs as our printer is old and temperamental, and ink cartridges are expensive!

Small care packages are welcome, but please do not send food. Campers will be encouraged to write home at least once during each session and we will provide stamps for UK addresses, however please don't sit by your letterbox holding your breath as writing home is rarely at the top of a camper's to-do list!

Each evening we send out an update email to parents detailing the day's activities, but do be aware that this may not be until the campers have all gone to bed. Within the nightly update will be a link to an online photo album from the day, however don't be alarmed if your child doesn't feature that day as we try not to have cameras out too much at Camp.

We ask you not to call and ask to speak to your child unless it is absolutely essential. It is our experience that children settle-in and benefit more if they do not have contact with their parents. We hope you understand and do not find this unreasonable. You are welcome to ring the Director to check how things are going, although bear in mind that our priority is to the safe running of Camp. The Director would always call you if there was anything to be concerned about.

Packing list

Item	Qty	Qty sent	Qty ret'd	Remarks
Casual tops or t-shirts	5-6			Mixture of long and short sleeved. One bright blue, one bright yellow if possible.
Trousers	2-3			Mixture of jeans and tracksuits
Jumper/sweatshirt	1-2			
Shorts	2			
Underwear	7			
Socks	7			1-2 thick pairs for walking
Night clothes	1-2			
Waterproof jacket	1			
Shoes/trainers	2			Including one old pair that can get wet
Flip-flops/crocs/sandals	1			For indoors and showers
Towels	2			1 for shower, 1 for water activities
Personal wash kit	1			Toothbrush, tooth paste, soap, etc., but no aerosols please
Swimming costume	1			
Dirty Laundry bag	1			A bin bag is fine
Small backpack	1			
Water bottle	1			Available to buy for those without
Watch	1			No smart watches please
Small torch	1			
Sun hat	1			
Sun cream	1			With name on please
Book, pack of cards, journal, etc.				Good for travel or quieter moments
Paper, pen, envelopes, and stamps				It is not compulsory to write home, but time will be available for it
Any prescribed medicine				See notes below under Medical care and medication

Packing list notes

- This is not a mandatory list but we recommend that you follow it as closely as you can.
- It is a good idea to pack with your child so they know what they have (and get excited!)
- For the younger campers, their counsellor will assist them when unpacking and packing so a good idea is to print the list, fill in the quantities and put it in their bag, and we shall try to make sure it all comes back.
- All bedding is provided, however if a favourite pillow case or duvet cover is preferred do feel free to pack it.
- Please label or mark all clothing and shoes with your child's name. We recommend the little [sticky name labels](#) or [clothing safe name stamps](#) as a quick and effective solution.
- Please make sure luggage is labelled if using the accompanied transport.
- If your child wears glasses a spare pair may be a good idea.
- Please do not send aerosols as they set off the fire alarm in the cabins.
- If you think the numbers given on the list may not be enough then do send more but bear in mind that your child will have to carry it so please do not over pack!
- If you think your child may wet the bed please let us know so we can help manage this.
- Although we will have a supply, please provide sanitary products if your daughter might need it.
- Please avoid sending any items of great value, including expensive clothing. Small items of value can easily get lost and clothing damaged and spoilt.
- It is inevitable that children's clothes and shoes will get dirty at Camp and although we will take as much care as is practical over clothing we advise that old clothes and shoes are included in your child's luggage.
- We do not provide a laundry service for campers staying for one session so please be sure to pack enough clothing for your camper's entire trip. We do provide laundry service for special circumstances (bed-wetting, etc.) and laundry services will be available for campers staying through consecutive sessions at Camp.
- And finally...teddies! We know how attached some children are to their teddies/blankies/raggies/etc.. If they are an essential requirement for getting to sleep then do pack them, however it would be a great shame if an irreplaceable item were left or lost at Camp, therefore we gently encourage parents to keep them safe at home rather than run the risk of losing such an important item.

CAMPER WELFARE

Medical care & medication

Our wonderful Camp Matrons Sue and Kathy are on hand to deal with any issues as they arise and their treatment room is open in the morning and evening to deal with minor ailments and the taking of medication. Both are registered nurses and have a huge amount of experience working with children.

Please send full instructions with any medication your child is taking and make sure it is **in its original packaging including the prescription sticker**. We are not able to accept or administer alternative medication such as over-the-counter herbal supplements, vitamins, or homeopathic remedies unless accompanied by a doctor's note. If dropping off your child please hand it in at reception or, if coming on the coach, it is located at the top of their bag and the transport coordinator is aware. All medicines will be kept in the infirmary and administered under qualified supervision. Campers are not allowed any medication in their cabins.

In the case of a more serious ailment or injury, Camp is located within a short distance of both a minor injuries unit and A&E. Parents will be notified immediately in event of injury or illness.

Please make sure to double check the medical information you entered at registration via your KCHQ account, notably your camper's surgery, doctor's details and NHS number.

Insurance

Campers and staff are all covered by our *Activities Industries Mutual* insurance policy for public liability and all activities undertaken. We do not insure campers' personal possessions, however most household insurance covers items even when taken away on holiday domestically. We recommend that all overseas campers have a suitable level of travel insurance, the details of which must be entered on your KCHQ account.

Guardians and next of kin

It is vital that in the unlikely event that Camp has to be drawn to a premature end or a camper needs to go home for medical or other reasons that either a parent or guardian/next of kin is available to collect their camper. Please ensure that if you are going away from the UK during Camp that we have the details of a guardian or NOK who can act in your place.

An emergency contact can be added on your KCHQ account but please make sure they are aware of their potential responsibilities. If needed, UK campers can be registered with Alpha Guardians for a small fee if you are intending to be away. Please get in touch if you require this.

INTERNATIONAL CAMPERS

Welcome

We are thrilled to have a limited number of campers from overseas on each session this summer, including many who have been with us before. Your children are most welcome at Camp Crusoe and we hope their trip to the UK is hugely beneficial, not just for their English speaking skills but also as a chance to make friends over here and grow their independence.

Alpha Guardians

You should by now have had contact with Trudy from Alpha Guardians, our partners who help manage the guardianship requirements and travel plans for our international campers. Trudy and her team hold the highest standard for UK guardianship providers and work closely with many local schools and international students. Please provide Trudy with the information she requires to ensure your child's safe and problem free passage to and from Camp and feel free to contact her directly or via us if you have any questions.

THANK YOU, & SEE YOU SOON!

Thank you so much for choosing to send your child to spend part of their summer with us. We are so excited to welcome them into the Crusoe fold and look forward to an exciting and fun summer for all.

We hope this handbook will help you prepare for the best possible experience and guide you through the pre-camp process. Once at Camp, we'll take it from there!

Being nervous about Camp is a normal feeling for both parents and campers, and we take the responsibility of caring for your children with the utmost seriousness. We are honoured that you chose to let us play a part in your child's growth and want to make sure they are set up for a successful summer here at Camp Crusoe.

If this handbook and our [FAQs page](#) on our website have not managed to answer all your questions, please do not hesitate to get in touch and we will be happy to answer any further questions or concerns about your child's upcoming Summer Camp experience. You can always call our Camp office on 01722 632141 or email hello@campcrusoe.com.

We hope your children have a fantastic end to their summer term at school - see you soon!
