About

Jayadev Memorial Rashtrotthana Hospital & Research Centre, a beacon of compassion, excellence, and integrity in healthcare. Beyond the confines of traditional medical facilities, Rashtrotthana Hospital is a place where patients are not merely seen but truly heard and cared for. Our commitment to trust and transparency ensures an unwavering dedication to compassionate care.

What sets Rashtrotthana Hospital apart is its integrated approach to healing. Under one roof, we harmonize Modern Medicine, Ayurveda, Homeopathy, Yoga & Naturopathy, offering patients a diverse spectrum of services. This unique fusion combines the precision of modern medical practices with the holistic principles of ancient traditions, providing comprehensive care tailored to individual needs.

Integrity is embedded in every service we provide at Rashtrotthana Hospital. From advanced medical treatments to personalized care plans, transparency is paramount. Our hospital stands as a testament to a holistic vision that goes beyond medicine, offering state-of-the-art diagnostics, specialized treatments, and a commitment to both traditional and modern healing practices.

At Rashtrotthana Hospital, we are not just a hospital; we are a healing sanctuary where integrated services converge to create a nurturing environment. Our goal is to not only provide medical treatment but to facilitate a comprehensive approach to well-being, embracing the synergy of diverse healing practices under one roof.

Vision

Swastha-Susthira Samājanirmāṇam

To build a healthy and sustainable society

Mission

To be Model Center by Expertised Integrated Health Care System

Ethical Medical Practice and Research to find solutions to the challenges of the Mankind

Education to create awareness on Lifestyle to build a sustainable healthy society

Building an Inspired & Value based Team to deliver Compassionate care

Ayurveda is a system of medicine with historical roots in the Indian subcontinent. The knowledge of this medicine is taken from classical texts. The main classical ayurveda texts begin with accounts of the transmission of medical knowledge from the gods to sages, and then to human physicians. This system of medicine includes herbal medicines, special diets, meditation, yoga, therap ies, laxatives, enemas, medical oils etc. Ayurveda medicinal preparations are the combinations of herbal compounds, minerals, and metal substances (in the purified form as mentioned in classical texts). Ayurveda believes in treating any disease from its root cause and prevention of cause of any disease.

Agnivesha Institute of Ayurveda

Agnivesha Institute of Ayurveda holding the principles of Ayurveda offers a complete holistic healthcare to people. Rather than medications it also offers a lot including diet and lifestyle.

स्वस्थस्य स्वास्थ्य रक्षणं, आतुरस्य विकार प्रशमनं च

One among the Supreme Scholar of Ayurveda– Acharya Charaka opines that the objective of Ayurveda is to maintain positive health of a healthy person and to cure the disease of the patient.

The concept of "being in balance" is an integral and the core principle in Ayurveda. Perfect health according to Ayurveda is a balance between the body, mind, soul, and social well being.

The Sanskrit word for health, "swastha" is the state in which the mind, soul and body interact harmoniously to experience a feeling of self, wellness and even bliss. This state of the body and mind happens only when the 3 doshas– vata, pitta and kapha are in balance.

At Agnivesha Institute of Ayurveda we aim to bring a complete wellness to all the people in this society through an integrative approach. Hence with this concept we march towards our vision SWASTHA SUSTHIRA SAMAJAM.

Lifestyle Counseling

We give free lifestyle consultation to all, as we believe in swastya rakshana ie; maintaining health is more important. Health is not mere the absence of disease, it is a state of being in a good physical, mental, emotional, social, and spiritual status. Such a state can be attained only by right food and lifestyle. Our lifestyle counselling involves correcting the food habits, daily regimes, night regimes, seasonal habits, code of conduct..etc.

Ayurveda Pharmacy

We have an in-house Ayurveda pharmacy with more than 500 classical and patent products. Medicines ranges from classical preparations like Kashaya, Churna to single drug formulations, capsules and rasayana yogas, cosmeceuticals etc. We ensure that all our products are aligned to the spirit and letter as laid out in the sacred Ayurveda texts.

Other Facilities

In patient wards

Our hospital is 162 bedded with all the facilities that focus upon integrative approach. We have well equipped most modern inpatient facilities ranging from general wards, semiprivate wards and private rooms. We have 24 hours nursing care with a bed call facility which ensures safety of patient.Patient condition specific diet will be provided as advised by doctor.

RMO

Medical care is rendered under trained and resident doctors to monitor and supervise proper and timely delivery of medical services. Their service is available in the hospital round the clock

Outreach programme

The hospital conducts large number of medical camps which include free registration and medicines to provide the poor with access to health services. Hospital is providing free lifestyle counselling. Clinic on Wheels – Unique concept, where in fully a equipped Ambulance with facility to provide outpatient consultations, examination, sample collection & drug dispensing available for rural camp service.

Physiotherapy

Our hospital has a separate physiotherapy unit where the patients can take the benefit of the advanced physiotherapy equipment along with their prescribed Ayurveda treatment. This unit delivers disease based rehabilitative and pain management modalities under skilled supervision.

Dietary

The hospital's dietary section ensures the quality and hygiene of food for patients, recognizing its critical role in health preservation. Food preparation aligns with dietitian and consultant recommendations, with daily verification of cereal, oil, fruit, and vegetable quality. The in-house kitchen adheres to prescribed patient diets. Additionally, a canteen operates on-site, extending services beyond dietary needs.

Lab & Diagnostics

Comprehensive Diagnostic setup with advance instrumentation is available round the clock. Accredited protocols, accurate and timely results strengthen the clinical care. Hospital provides CT, Mammography, Bone Density Scan, Portable Scanning Devices & etc diagnostics.

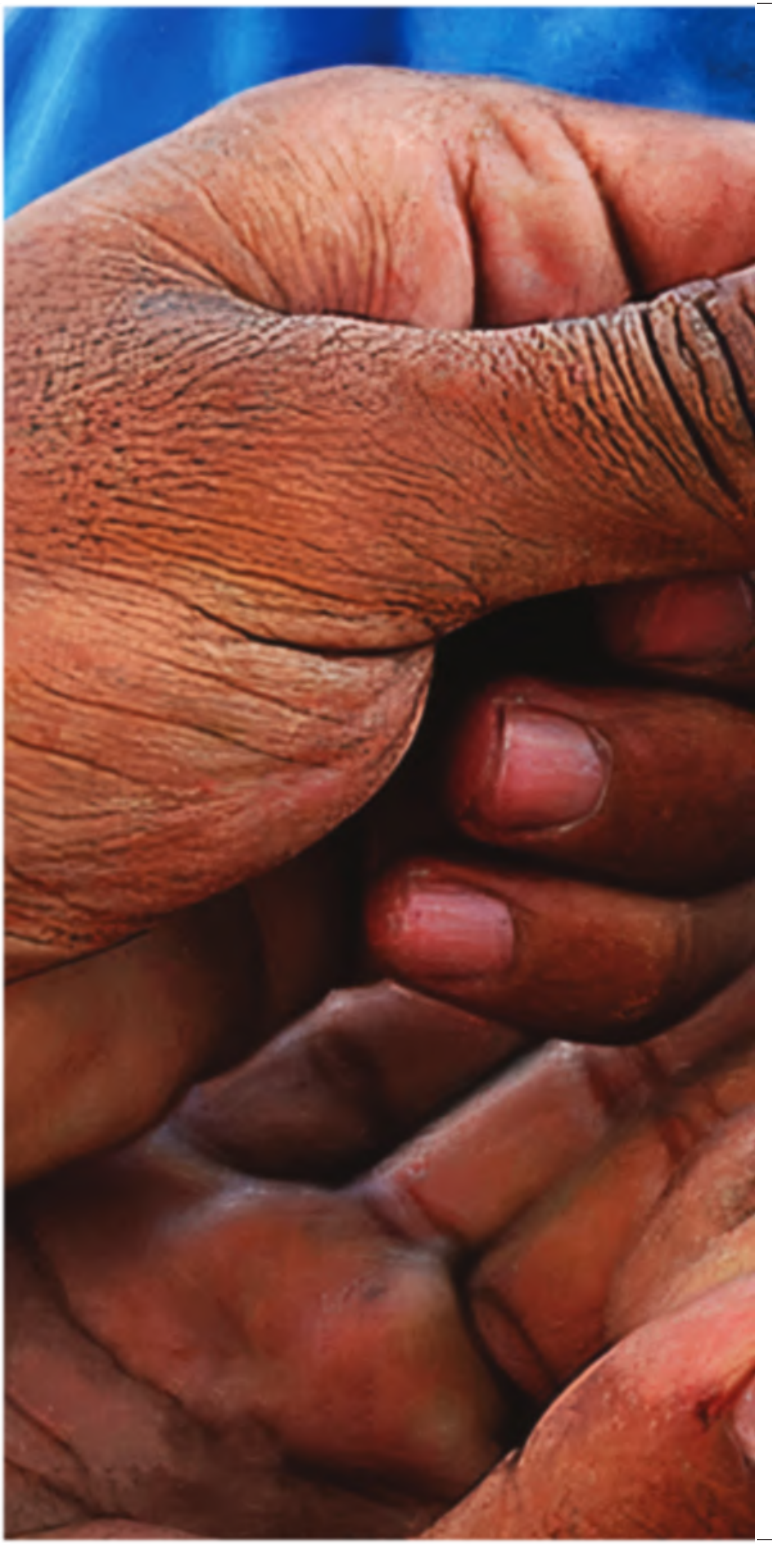

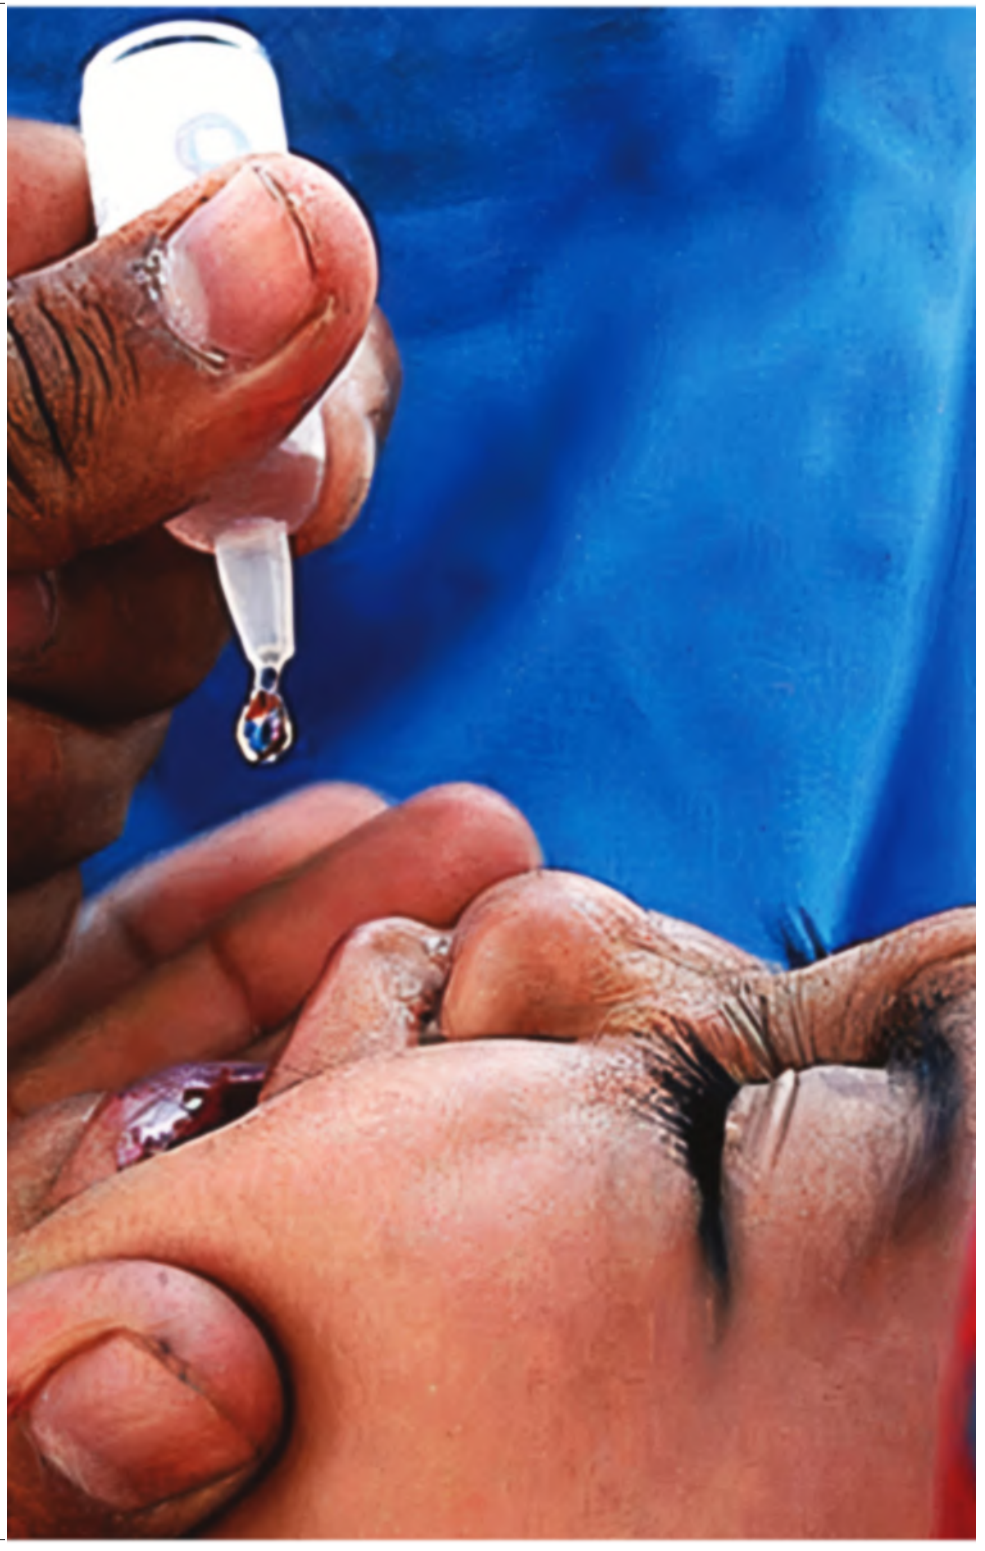

Ambulence Service

Two Fully equipped Advanced Life Support (ALS) Ambulance available round the clock.

Swarna Bindu Prashana

An Ayurvedic concoction, boosts children's immunity and intellect. Administered monthly, preferably on Pushya Nakshatra, it holds unique potency. This ancient remedy offers a blend of traditional wisdom and modern wellness, fostering holistic development. Its significance lies in enhancing both physical resilience and mental acuity, nurturing the overall well-being of children. Through regular intake, it fortifies the body's defenses while nurturing cognitive faculties, ensuring a robust foundation for their growth and development. Swarna Bindu Prashana stands as a testament to Ayurveda's timeless efficacy in promoting the health and vitality of children.

Bala Vardhana
Improves strength & immunity, thus preventing frequent infections and illness.
