NISSAN QASHQAI BCH OFFERS

Offers available at Chorley Group until 6th January 2027

THE CROSSOVER THAT STARTED IT ALL

AVAILABLE AT CHORLEY GROUP NISSAN

The QASHQAI pioneered the crossover, and almost two decades on it's still built in Sunderland. Choose the 1.3 DIG-T mild hybrid petrol in 140PS or 158PS, or the latest 205PS e-POWER. With e-POWER, an electric motor drives the wheels while the petrol engine simply generates electricity – so it drives like an EV, never needs plugging in and returns up to **65.7mpg (WLTP)**.

That makes it a smart pick for drivers who cover big miles without a charger at home. Selected grades add **Google built-in**, a **360° Around View Monitor** and a **panoramic glass roof** as on the N-Connecta Glass Roof Pack at **£249 + VAT a month**.
