there's a theory that, in the absence of light,
sunflowers would face each other — don't
know if it's true, but these two sure do.

"Even the brightest flowers begin as something hidden beneath the earth, waiting for a reason to bloom."

Alhaitham & Lisbeth

The sunflowers turned toward the sun

melihat indahnya bunga matahari, langit
yang cerah,

genggamannya lembut darimu membuatku bahagia dan
sangat beruntung memilikimu.

"I'm surprised there's a big tree here, in the middle of sunflower's field?"

"Right? That's why I brought the picnic basket! I already prepared some breads, water, and some card games.. hey! Are you even listening? Stop staring out at the sunflowers and pay attention to me—"

Hinata Aoi & Feijin

"Shhh, there's a little ladybug there, you'll scare it away. And yes I did listen, shall we play it?"

"Of course! Let me prepare it first, my lady~"

Kuro Kiryū & Senjū Cierra

Untuk kita yang tak pernah berfikir bahwa sosok diri adalah penerang kehidupan untuk siapapun,

Maka, izinkan kita satu sama lain untuk menganggap eksistensi satu sama lain dengan sebutan demikian.

Kuro Kiryū & Senjū Cierra

Untuk kita yang terlalu lama mendekam dalam cerita yang tak hangat,

Maka, izinkanlah kita satu sama lain, agar menemani langkah kita, memberikan kesan hangat nan manis.

Selayaknya bunga matahari, selayaknya kita memandang dengan perasaan hangat itu.

"There. Now you're perfect. Two sunflowers in your hands and one little flower from me. Just a reminder that wherever you bloom, I'll be blooming right beside you."
