CURATED

A close-up photograph of a formal table setting. The table is covered with a white tablecloth. In the foreground, there are two crystal glasses, one a coupe and one a tumbler, both with intricate cut patterns. Next to them are silverware pieces, including a fork and a knife, laid out on a white napkin. A small, dark-colored plate is also visible. In the background, a small potted plant with green leaves adds a touch of nature to the setting. The overall atmosphere is elegant and sophisticated.

RYAN HARRINGTON
founder + lead designer

If you're dreaming of a wedding that's as unique as you are, you've come to the right place! I'm Ryan, the founder lead designer at Flock. I believe that every wedding should be a reflection of your unique style, and I'm here to help make that happen. My expertise in design allows me to blend creativity with precision, taking your vision and turning it from a concept into reality. Curated event décor, custom signage, design advice; Adding that much-needed personal touch to your special day.

One of my favorite parts of Flock is the opportunity I have to collaborate with fellow wedding professionals. From florists to planners, I work closely with a network of talented experts to create a cohesive and beautiful design. It's this collaborative spirit that ensures every detail of your celebration is perfectly aligned and uniquely yours.

Outside of work, I cherish spending time with my family and friends. They're my biggest supporters and the ones who keep me inspired. When I'm not immersed in wedding season, you might find me elbow-deep in a home renovation project. Having lovingly restored two charming old cottages, I've developed a love and appreciation for classic, timeless aesthetics.

If you're ready to make your wedding day unforgettable, let's connect! I can't wait to help you create a celebration that's uniquely yours.

*xoxo,
Ryan*
