Thinking of Selling?

FULL-Service FLAT Fee Program that guarantees you will sell your home for top dollar for a low, flat fee

Commissions are negotiable and always have been. However, consider this: a 5% commission could potentially eat up 50%, 75%, or even 100% of your home's equity. Don't let commissions erode your hard-earned equity. Choose a smarter way to sell your home.

Buyers and Sellers want the full service of a real estate brokerage for a reasonable fee.

Assist 2 Sell, HomeWorks Realty is a Full-Service Real Estate Brokerage. We offer a Low Flat Fee, a cost-effective solution that you pay only at closing. With our proven track record of selling thousands of homes, we've saved metro home sellers over 22 million dollars in commissions since 2001!

We discount our fees NOT our Service!

Frequently Asked Questions

Are There Any Up-Front Fees or Hidden Charges?

NO! You pay only the FLAT FEE paid at closing if we sell your home. If we don't sell your home, you owe NOTHING!

How Can You Charge So Much Less?

We discovered that by charging less, more sellers choose our company. This gives us the opportunity to offer more homes for sale, which of course helps to attract more buyers. We can afford to make less per sale since we sell so many more homes. In other words - VOLUME! Everyone benefits.

Does Assist-2-Sell Show My Home To Buyers?

YES! We have licensed agents available every day ready to show your home to interested buyers

Do Other Agents Show My Home?

YES! We cooperate with all real estate professionals. Agents from other offices frequently show and sell Assist-2-Sell listings.

Do You Work With Buyers?

YES! Our agents provide full service for buyers as well as sellers. In fact we have a team of FULL TIME BUYER AGENTS ready 7 days a week to show you any property. Call one of our buyer agents to learn how the Assist 2 Sell program can save you money.

How Do I Know What My Home Is Worth?

We help you! We prepare a free comprehensive Comparative Market Analysis (CMA) using the same technique as appraisers. This will assist YOU in determining the correct price for your home. This approach takes into consideration the current competition of similar homes. We also review sales for the past year or so to compare market times and selling prices. If you would like a free CMA, please call or email us today.

We call this: "FULL Service with Savings!"

Sold Seller Saved amounts are based on comparing what the seller paid including HST to 6% plus HST. Any comparisons to a % commission, such as 6% are for illustration and comparison purposes only. Commissions may be negotiable and not set by law

Assist-2-Sell Saves Halifax Home-Sellers More Than \$19 Million

When Dartmouth couple Diane and Joseph were ready to sell their home, they turned to Assist-2-Sell after seeing their signage all over the neighbourhood. They were intrigued about Assist-2-Sell's low flat-fee option. Could they really receive the full services of a professional real estate brokerage for one low flat fee, paid at closing?

Dianne says it "almost sounded too good to be true," but they were amazed the experience "far exceeded" their expectations.

"This was by far the best service we've ever received from a Realtor," says Joseph. "Our house sold within weeks, and we saved thousands of dollars. We highly recommend Assist-2-Sell and cannot say enough about their flat-fee program."

Real estate agents Michael and Lisa Doyle are the co-owners of the local Assist-2-Sell franchise located in Dartmouth. Their team at Assist-2-Sell, HomeWorks Realty Ltd. has sold more than 4,000 homes in HRM and saved home-sellers more than \$19M in commissions since opening in 2001. The \$19M savings is calculated based on a comparison of the total commission paid by Assist-2-Sell sellers with what the amount would be if they paid six per cent. Most people realize that by law, commissions are negotiable and each brokerage sets their commission rates.

Historically, people selling their home on the Multiple Listing Service (MLS) might expect to pay as much as 5 – 6 per cent in commission. Assist-2-Sell's unique program offers both the listing and selling services for their low flat fee — just \$2,995 for a house priced under \$200,000. (The flat fee goes up just \$1,000 for every \$100,000.)

"Most people are surprised to learn about all the services we provide for our low flat fee. They hear 'assist' and think we'll be helping them do the work themselves, but we still do all the same work you expect from your real estate professional," explains Michael. "Our agents show your home to prospective buyers, negotiate the purchase agreement, help buyers arrange financing, handle scheduling inspections and the appraisal, oversee the closing process — everything you need and expect from a real estate professional."

"The home selling process seems intimidating and confusing — and the industry likes to keep it that way — but in reality, it is very simple," says Michael. "It comes down to finding the buyer, negotiating the purchase agreement, and closing the transaction. Once we find the buyer, the rest falls into place. These days, buyers are able to easily search to find available homes. They no longer rely on agents exclusively to learn about the inventory. Since Assist-2-Sell doesn't get paid unless the home sells, Michael says they've invested substantially in putting together a very comprehensive and powerful marketing program for every home listed with them. "We don't just put the home in the MLS and hope some other agent sells it."

Assist-2-Sell's full-service concept includes using home photography, virtual tours, YouTube videos, single-property websites, beautiful brochures and feature sheets for every property. They use Search Engine Optimization (SEO) so buyers can easily find their listings, and QR codes on all marketing materials that direct people instantly to the single-property website. In addition to the home being placed on the MLS and REALTOR.CA, they use all the same popular HRM real estate websites that other brokerages use. Also, as an IDX broker, their listings show up on all the other IDX REALTOR websites, including VIEWPOINT.CA, a very popular search site buyers use. Michael says "No other real estate company offers this amount of marketing along with real savings."

"While our fee is much less than our competitors, in addition to the savings we offer, we pride ourselves on providing a level of service and results that exceeds industry standards," says Michael. "We call it *Full Service with \$avings!*®"

That's what James Lander discovered when he and his sister went through the emotional process of selling their parents' former home in Dartmouth.

"We experienced courteous and professional service throughout, and in a short period of time Assist-2-Sell sold our home," says James. "An added bonus, of course, is the fact that the real estate commission was their low flat rate. It was much less than would have been the case had we gone the traditional real estate route. We saved over \$17,000."

Michael says sellers often tell him they felt the amount they're paying in commissions was too high, but they didn't feel they had any choice — it was just what they were expected to do. He's often asked how Assist-2-Sell can afford to charge such a low commission, but he believes a better question is how can other brokerages get away with charging such high commissions?

He says there is no cost or obligation for them to come out to your home and prepare a market evaluation, show you where your home fits in price-wise in the current market and answer any questions.

"That way, when you are ready to choose a real estate professional, you will understand how Assist-2-Sell works and if we are the best choice for you," says Michael. "We've been doing this since 2001 in every type of market. We've sold thousands of homes on a simple program of providing quality, professional real estate brokerage services and saving people money."
