Our Founder's MESSAGE

To our cherished guests,

There is a moment in every journey where you pause, look back at the path you've traveled, and then, with a deep breath, turn to face the path ahead.

That moment for me, is now and it has a name - Hamsini

It signifies my transition into a season that I've come to think of as my "2nd half". After 32 years in the corporate world, I knew that this season would be guided by new rules — not retiring, but leaning into something. It was about trading boardroom strategies for serene treatment rooms and external achievements for inner rejuvenation.

My career taught me precision, excellence, and the importance of delivering on a promise while my life has taught me about resilience, change, and the timeless beauty of a woman who knows who she is.

This is the Heart of All Things Hamsini.

A sanctuary born from the belief that "half-time" is not a winding down, but a rising up. It is the most powerful season of confidence, self-knowledge, and the freedom to invest in ourselves, wholly and unapologetically. Here, beauty and aesthetics are not about chasing youth but honouring your story. It's the glow that comes from feeling seen and cared for. It's about rejuvenation that goes deeper than the skin, touching the spirit that has navigated so much life.

Every treatment at Hamsini reflects this philosophy. An invitation to pause, be nurtured, and to emerge not as someone new, but as your most radiant, grounded, and peaceful self.

This is more than a spa to me. It is my second act, my passion project, and my heartfelt invitation to you to celebrate your own journey—whatever season you may be in!

Welcome to Our Sanctuary. Welcome to Your Moment. Welcome to All Things Hamsini

With warmth and gratitude,

Sheila Kanyarati
