

EDGE **SINKS**
Complete Sink Solutions

About Us

With over 30 years' experience in the global kitchen & sink industry, we are proud to bring the EdgeSinks™ concept to Europe – the most & influential innovation to enter our industry, changing forever the relationship with the sink & work surface.

We have developed a range of luxury handmade Edge sinks for the European furniture and commercial market. Our EdgeSinks™ are unrivalled in the market place, Producing a seamless transition from the countertop material to sink. To compliment our Edge Sink range, we have added a comprehensive selection of top mount and undermount sinks .

Our 2023 collection includes a variety of ranges with design and function a priority. With our flexible & cost effective solutions, we can customize to suit your requirements , from own branding to bespoke products.

EDGE Pro

Seamless Integration

The EDGE PRO range is designed to compliment our handmade EDGE Elite series. Available in four of the most popular models, EDGE Pro retains all the capabilities of the edge principle with an added competitive edge.

Edge Sinks™ The only stainless steel sink that can be integrated seamlessly into a multiple of worktop surfaces. The ultimate in hygiene, Edge is easy to install and suitable for domestic, commercial and medical application.

Visually stunning, Edge Sinks™ are also practical, eliminating all traditional issues of soft seal joints, worktop over and under hangs, creating a new standard of expectation in our industry. Edge Sinks™ can be installed in solid surface, paperstone, quartz, ceramic, marble, compact laminates and laminate.
