

MAGNER
ENGINEERING & CONSTRUCTION

CAPABILITY STATEMENT

ENGINEERING | CONSTRUCTION | PROJECT MANAGEMENT

Your trusted partner
from concept to completion.

COMPANY OVERVIEW

Magner Engineering & Construction is a Māori-led engineering and construction company delivering integrated project solutions throughout Aotearoa New Zealand. We provide end-to-end engineering, construction, fabrication, and project management services for industrial, commercial, and infrastructure sectors.

Our team combines technical expertise with practical industry experience to deliver safe, efficient, and cost-effective solutions. We work collaboratively with clients, consultants, contractors, and stakeholders to successfully deliver projects from initial feasibility through to commissioning and handover.

We are committed to building long-term partnerships based on integrity, quality, and dependable delivery.

KEY CAPABILITIES

Magner Engineering & Construction provides complete project delivery across the full project lifecycle, including:

Our integrated approach provides clients with a single delivery partner, improving communication, reducing project risk, and ensuring greater programme certainty.

OUR DIFFERENCE

MĀORI-LED

We are proud to be a Māori-led business, bringing the values of mana, integrity, collaboration, and respect to every project and every relationship.

TECHNICAL EXCELLENCE

Our practical engineering knowledge and construction expertise enable us to develop solutions that are efficient, buildable, and designed for long-term performance.

END-TO-END DELIVERY

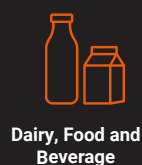

From feasibility and budgeting through to commissioning, we manage every stage of the project lifecycle to ensure seamless delivery and accountability.

SAFETY & QUALITY

Health, safety, environmental responsibility, and quality are embedded in every aspect of our work. We are committed to delivering projects safely, efficiently, and to the highest professional standards.

INDUSTRIES WE SUPPORT

We provide engineering and construction services across a range of sectors, including:

OUR MISSION

To deliver innovative engineering and construction solutions that create resilient infrastructure and lasting value.

We combine technical expertise, practical experience, and collaborative partnerships to transform complex challenges into sustainable outcomes. Every project reflects our commitment to quality, safety, innovation, and continuous improvement.

PROJECT EXPERIENCE

Our experience spans engineering, fabrication, mechanical installation, and construction management across a diverse range of projects throughout Aotearoa.

Each project demonstrates our commitment to delivering practical, cost-effective solutions that meet programme, quality, and client expectations. We pride ourselves on building trusted relationships and delivering infrastructure that performs today and into the future.
