*Terms & Condition Apply

DAY/MONTH OF COORDINATOR

Our Day/Month of Coordinator oversees all wedding-day logistics, vendor communication, and the event timeline, serving as the primary point of contact to ensure everything runs smoothly and stress-free. We focused on execution, allowing the couple to fully enjoy their celebration. The standard services include preparing a comprehensive schedule, managing the timeline, supervising setup, and handling any last-minute challenges. Add ons such as rehearsal attendance and site are available at additional cost.

Key Responsibilities

- **Timeline Development & Management:** Creating a detailed wedding-day schedule 4–6 weeks before the event and sharing with all vendors,
- **Vendor Coordination**: Serving as the central contact for all vendors on the wedding day, confirming arrival times, and addressing questions or concerns as they arise.
- **Logistics & Setup Oversight:** Supervising venue setup, including décor placement, ceremony seating, and reception table arrangements.
- **Ceremony & Reception Coordination:** Organizing the wedding party lineup, cueing music, and managing key moments such as the processional, grand entrance, speeches, and special activities.
- **On-the-Day Problem Solving:** Quickly resolving unforeseen issues, including schedule delays, missing items, or last-minute changes.
- **Personal Item Management:** Ensuring gifts, décor pieces, and personal belongings are safely gathered and secured at the end of the event.

What Is Not Included

Day-of coordination focuses on implementation rather than planning. Coordinators typically do not book vendors, create the wedding design, or manage the overall budget. However, we become involved a few weeks before the wedding to confirm final details and logistics.

Day-of Coordinator vs. Venue Coordinator

A venue coordinator represents the venue and manages aspects related to the facility itself and the services included. inn their packages.A day-of coordinator, on the other hand, is hired by the couple and is dedicated solely to executing the wedding vision, managing the timeline, and ensuring a seamless guest experience.

PARTIAL PLANNING

Our Partial Planning Package is thoughtfully designed for couples who have begun their wedding journey but desire expert support to refine the details and bring everything together seamlessly. This hybrid service blends professional guidance with hands-on coordination, ensuring your vision is elevated while your planning experience remains effortless and enjoyable. This package typically includes curated vendor recommendations, strategic timeline and budget support, venue walkthroughs, and comprehensive month-of coordination to ensure your wedding day unfolds beautifully and without stress.

Key Responsibilities

- **Personalized Consultations & Planning Support:** A series of focused planning meetings (typically 3–7) to align your vision, clarify priorities, and fine-tune logistics.
- **Vendor Guidance & Coordination:** Assistance sourcing trusted vendors, reviewing contracts, and managing communications to ensure every partner aligns with your wedding vision.
- **Timeline & Event Logistics:** Creation of a detailed wedding-day timeline and thoughtfully planned floor layouts to support a smooth and intentional flow of events.
- **Budget Oversight:** Expert guidance on budget allocation and ongoing support to help you stay on track while maximizing value.
- **Design & Décor Direction:** Creative support with design concepts, color palettes, and sourcing key décor elements, including linens, florals, and specialty rentals.
- **Wedding Day Management:** On-site coordination for both ceremony and reception (typically 8–12 hours), overseeing décor setup, vendor execution, and seamless transitions throughout the day.
- **Rehearsal Coordination:** Leading and organizing the ceremony rehearsal so everyone feels confident and prepared.

This service is ideal for couples seeking the perfect balance between hands-on planning and professional expertise. Partial planning typically begins 3–6 months before the wedding date, bridging the gap between full-service planning and planning independently, while still delivering the signature Tropical Chic experience.

FULL PLANNING

Our Full Planning Package is a complete, start-to-finish wedding experience designed for couples who want every detail expertly managed with ease and intention. This service delivers seamless planning, elevated design, and thoughtful execution, allowing you to fully enjoy the journey to “I do.” This comprehensive offering includes budget creation and oversight, venue and vendor sourcing, creative design direction, unlimited planning support, guest logistics, and full on-the-day management by our experienced team. Every element is carefully curated and flawlessly executed in true Tropical Chic style.

Key Responsibilities

- **Unlimited Planning & Strategy Support:** Ongoing consultations via meetings, video calls, and phone check-ins to refine your vision, confirm timelines, and manage logistics at every stage.
- **Comprehensive Budget Oversight:** Development of a detailed wedding budget, ongoing expense tracking, and timely reminders for vendor payments and milestones.
- **Venue & Vendor Sourcing:** Research, site scouting, and booking of your ideal venue, along with sourcing, negotiating, contracting, and managing all wedding vendors—from photographers and caterers to entertainment and rentals.
- **Design & Styling Direction:** Creative leadership in defining your wedding aesthetic, including concept development, mood boards, and guidance on décor, lighting, furnishings, and overall ambiance.
- **Logistics & Timeline Management:** Creation and management of a master planning checklist and a detailed, end-to-end wedding day timeline to ensure a smooth and intentional flow.
- **Guest Experience Management:** Handling RSVPs, guest lists, seating arrangements, and ensuring a seamless experience for your guests from arrival to farewell.
- **Wedding Day Execution:** Full on-site coordination by our planning team, overseeing setup, vendor management, timeline execution, and swift resolution of any unforeseen challenges.

This services is ideal for couples seeking complete peace of mind, refined design, and flawless execution, delivered with the signature elegance and island-inspired charm of Tropical Chic Weddings & Events.
