Especificaciones técnicas / Technical specifications

PVC-free vinilo inkjet / *PVC-free inkjet vinyl*

1010 x 247 cm

IMPORTANTE

En caso de querer rotular la zona de los números, se tendrán que cubrir los costes de reposición de los vinilos.

Tenga en cuenta que al quitar el vinilo, la pared puede dañarse.

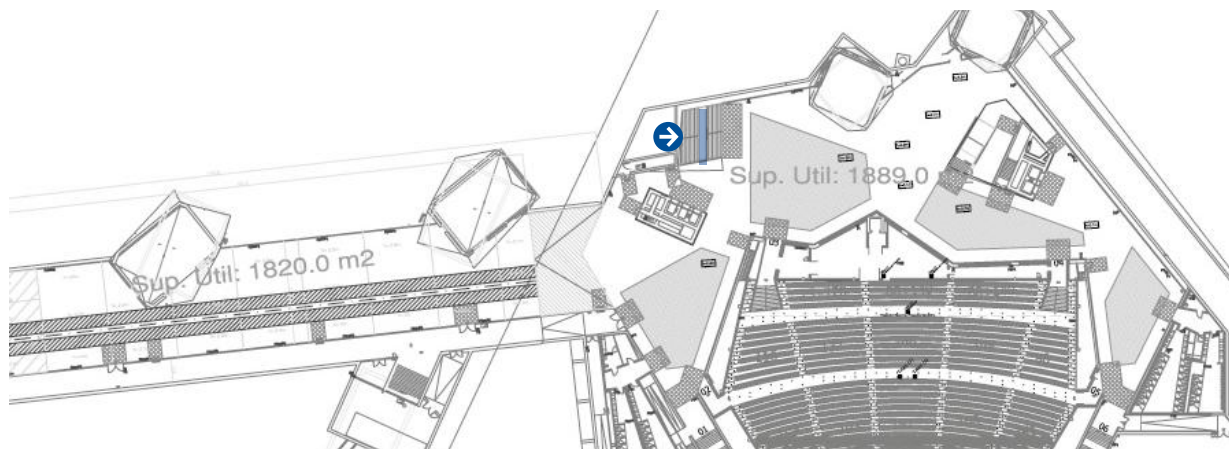

En este caso, los gastos de repintado se añadirán al presupuesto final.

IMPORTANT

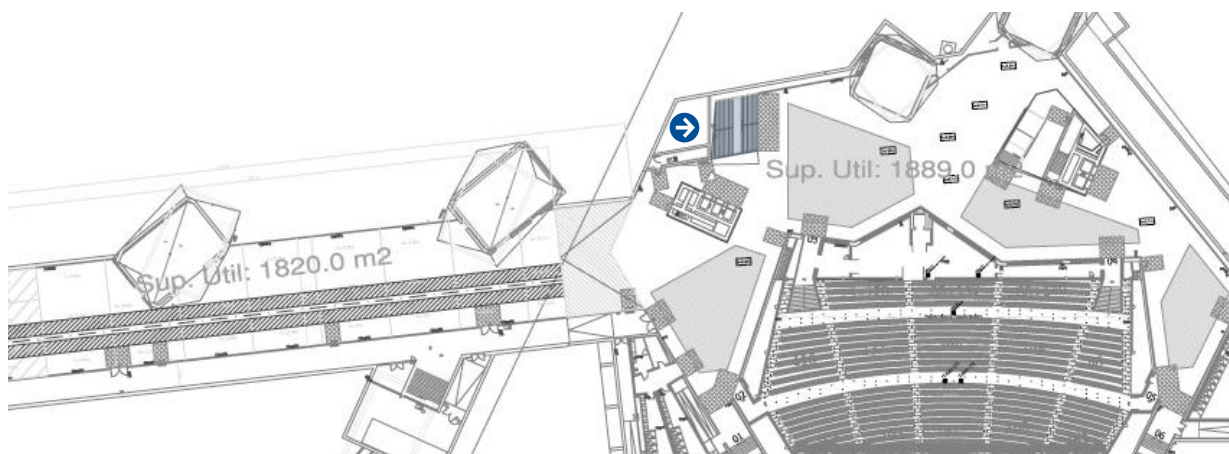

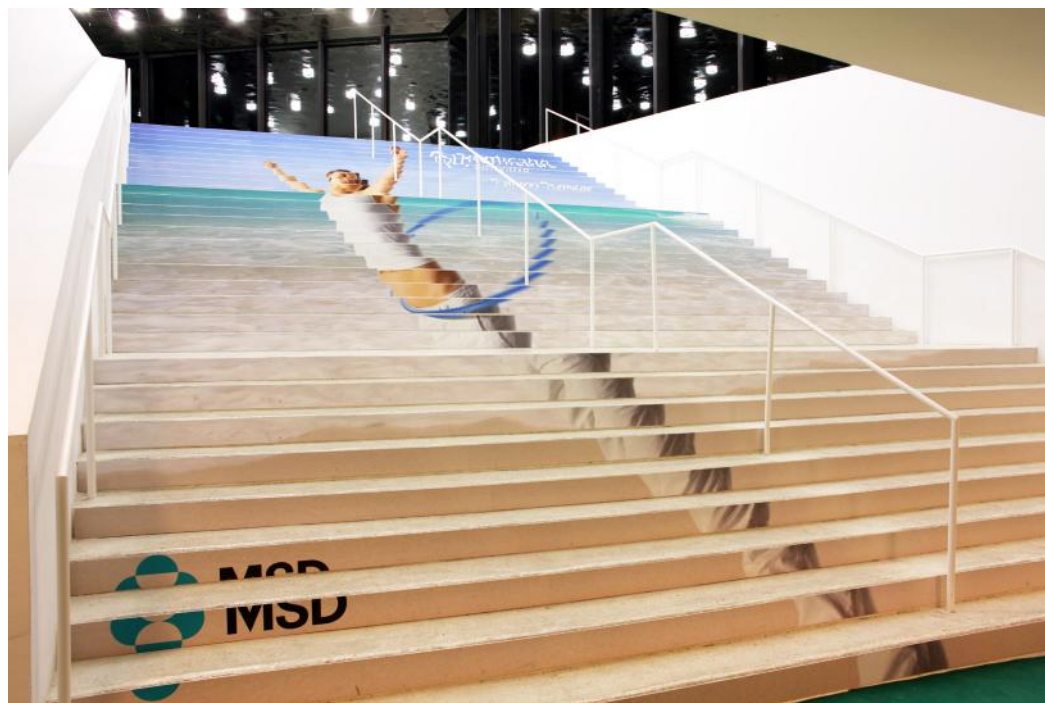

In you are interested in branding the area with the numbers, you will have to cover the costs for replacing the vinyl.

Please note that when removing the vinyl, the wall may be damaged.

In this case, the costs for repainting will be added to the final quote.

Señalética sostenible *Sustainable signage*

Todos los elementos que aparecen en el catálogo de señalética del CCIB están completamente libres de PVC, reflejando así nuestro compromiso con la organización de eventos más sostenibles.

Hemos seleccionado cuidadosamente alternativas que mantienen una alta calidad mientras reducen el impacto ambiental.

Además, los materiales pueden reciclarse completamente al final de su ciclo de vida, ayudando a minimizar los residuos.

Este paso forma parte de nuestro esfuerzo continuo por hacer que nuestro recinto, y los eventos que acogemos, sean más responsables con el medio ambiente.

All items featured in the CCIB signage catalogue are completely PVC-free, reflecting our commitment to hosting more sustainable events.

We have carefully selected alternatives that maintain high quality while reducing environmental impact.

In addition, these materials are fully recyclable at the end of their life cycle, helping to minimise waste.

This step is part of our ongoing effort to make our venue and the events we host more environmentally responsible.
