Banana Flakes

Golden Eco Banana Powder is made from 100% organic, naturally ripened bananas. Our premium quality banana powder is processed using advanced dehydration technology to preserve all essential nutrients, natural flavor, and aroma. Rich in potassium, dietary fiber, and natural sugars, this versatile powder is perfect for health drinks, baby food, bakery products, and culinary applications. Our banana powder is free from artificial colors, preservatives, and additives, making it a healthy choice for health-conscious consumers worldwide. Ideal for smoothies, shakes, baking, and as a natural food thickener.

Banana Flakes

Golden Eco Banana Powder is made from 100% organic, naturally ripened bananas. Our premium quality banana powder is processed using advanced dehydration technology to preserve all essential nutrients, natural flavor, and aroma. Rich in potassium, dietary fiber, and natural sugars, this versatile powder is perfect for health drinks, baby food, bakery products, and culinary applications. Our banana powder is free from artificial colors, preservatives, and additives, making it a healthy choice for health-conscious consumers worldwide. Ideal for smoothies, shakes, baking, and as a natural food thickener.

Banana Chips

Our premium Banana Flakes are produced from carefully selected, naturally ripened organic bananas. The flakes are prepared using a unique dehydration process that maintains the natural sweetness, texture, and nutritional value of fresh bananas. Rich in dietary fiber, potassium, and essential minerals, these versatile flakes are perfect for breakfast cereals, muesli, snacks, baking, and confectionery. They can be consumed directly as a healthy snack or used as an ingredient in various food preparations. Our banana flakes are gluten-free, preservative-free, and suitable for all age groups.

Banana Peel Powder

Golden Eco Banana Peel Powder is a unique and innovative product made from 100% organic banana peels. Our powder is prepared by carefully drying and grinding banana peels, preserving all the valuable nutrients, minerals, and antioxidants. Rich in potassium, magnesium, calcium, and vitamins, this powder has multiple applications. It is widely used in skincare products, health supplements, animal feed, and organic fertilizers. Banana peel powder is known for its antimicrobial and antioxidant properties, making it valuable in natural medicine and cosmetic formulations.

Raw Banana Powder

Our Raw Banana Powder is derived from high-quality green bananas, processed to retain all the nutritional benefits. This unique powder is rich in resistant starch, which acts as a prebiotic and supports digestive health. It is naturally gluten-free and contains no added sugars or preservatives. The powder has a mild flavor and can be easily incorporated into various food products. It is commonly used in gluten-free baking, as a thickener in soups and sauces, and as a nutritional supplement. Our raw banana powder is especially popular in health food markets and among fitness enthusiasts.

Ginger Powder

Our premium Ginger Powder is made from carefully selected, sun-dried ginger rhizomes. We source the finest ginger from organic farms and process it using advanced grinding technology to preserve the natural oils, aroma, and flavor. The powder has a warm, pungent flavor and is widely used in culinary applications, tea preparations, and traditional medicine. Rich in bioactive compounds like gingerol, our ginger powder offers numerous health benefits including anti-inflammatory and digestive properties. It is free from artificial colors, preservatives, and adulterants, ensuring pure, natural quality.

Garlic Powder

Golden Eco Garlic Powder is produced from premium quality organic garlic cloves. Our powder is prepared using a gentle dehydration process that preserves the natural pungent flavor, aroma, and nutritional value of fresh garlic. Rich in allicin and other sulfur compounds, garlic powder offers numerous health benefits including cardiovascular support and immune system enhancement. It is a versatile ingredient used in cuisines worldwide, from Italian to Asian dishes. Our garlic powder is free from preservatives, anti-caking agents, and artificial additives, ensuring a pure, natural product.

Coriander Powder

Our premium Coriander Powder is made from 100% organic coriander seeds. We select only the highest quality seeds with excellent color, aroma, and flavor. The seeds are carefully cleaned, roasted, and ground using advanced milling technology to produce a fine, aromatic powder with characteristic citrusy notes. This versatile spice is an essential ingredient in Indian cuisine, used in curries, dals, chutneys, and spice blends. It is rich in antioxidants, vitamins, and minerals. Our coriander powder is free from artificial colors, preservatives, and adulterants.

Green Chilli Powder

Golden Eco Green Chilli Powder is made from hand-picked, sun-dried green chillies. Our powder retains the distinctive color, heat, and flavor of fresh green chillies. We select only the finest varieties known for their high capsaicin content and authentic pungency. This versatile spice is used to add heat and vibrant green color to various dishes, sauces, and processed foods. Rich in vitamin C, capsaicin, and antioxidants, green chilli powder offers both culinary and health benefits. It is free from artificial colors and preservatives.

Red Chilli Powder

Our premium Red Chilli Powder is produced from the finest organic red chillies, known for their excellent color, medium heat, and rich flavor profile. We carefully select, clean, and dry the chillies before grinding them into a fine powder. The powder exhibits a vibrant red color that enhances the visual appeal of any dish. With its balanced heat and distinctive flavor, it is an essential ingredient in Indian, Mexican, and other international cuisines. Rich in capsaicin, vitamin C, and antioxidants, our red chilli powder offers both culinary and health benefits.

Turmeric Powder

Golden Eco Turmeric Powder is made from 100% organic turmeric rhizomes, known for their high curcumin content and vibrant golden-yellow color. We source our turmeric from the best organic farms in India and process it using careful drying and grinding techniques to preserve the active compounds. Rich in curcumin, a powerful antioxidant with anti-inflammatory properties, our turmeric powder is highly valued in traditional medicine and culinary applications. It is an essential ingredient in Indian cuisine, used in curries, rice dishes, and beverages. Our turmeric powder is free from artificial colors and adulterants.

Masala Blends

Our Masala Blends are authentic Indian spice mixtures prepared using traditional recipes and the finest quality organic spices. We offer a variety of blends including Garam Masala, Curry Powder, Chaat Masala, Sambhar Masala, and Tandoori Masala. Each blend is carefully formulated to achieve the perfect balance of flavors and aromas. Our spices are sourced from the best organic farms, sun-dried, and ground fresh to ensure maximum flavor retention. These masala blends are used to create authentic Indian dishes and are popular in international markets.

Capsicum Powder

Golden Eco Capsicum Powder is made from premium quality capsicum (bell peppers). Our powder is prepared by drying and grinding fresh organic capsicums, preserving their natural flavor, color, and nutrients. Rich in vitamin C, antioxidants, and dietary fiber, this versatile powder is used as a natural food colorant, seasoning, and ingredient in various food products. It adds a mild, sweet flavor and appealing color to dishes without being spicy. The powder is free from preservatives, artificial colors, and additives, making it a healthy choice for food manufacturers.

Beetroot Powder

Our premium Beetroot Powder is made from 100% organic beetroots, carefully dried and ground to preserve their vibrant red color and nutritional value. Rich in iron, folate, dietary fiber, and powerful antioxidants, this powder is a nutritional powerhouse. It is used as a natural food colorant, in smoothies and juices, in baking, and in health supplements. The powder has a sweet, earthy flavor that complements many food products. Beetroot powder is popular in health food markets and is used by food manufacturers to add color and nutrients to various products.

Carrot Powder

Golden Eco Carrot Powder is produced from high-quality organic carrots, dried and ground to preserve their nutritional content. This powder is exceptionally rich in beta-carotene, which is converted to vitamin A in the body. It is also a good source of dietary fiber, vitamins, and minerals. Carrot powder adds a natural orange color and sweet, earthy flavor to various food products. It is widely used in soups, sauces, baby food, health drinks, and baked goods. Our powder is free from preservatives, artificial colors, and additives.

Potato Starch

Our Pure Potato Starch is extracted from premium quality organic potatoes. This fine, white powder is known for its excellent thickening properties and is a versatile ingredient in the food industry. Potato starch is naturally gluten-free and has a neutral taste, making it suitable for various applications. It is widely used as a thickener in soups, sauces, and gravies, as well as in gluten-free baking, confectionery, and processed foods. Our potato starch is free from GMOs, preservatives, and artificial additives.

Potato Granules

Golden Eco Potato Granules are made from 100% organic potatoes, processed using advanced dehydration technology. These granules rehydrate quickly to produce smooth, creamy mashed potatoes with a natural taste and texture. They are a convenient alternative to fresh potatoes, offering consistent quality and easy preparation. Our potato granules are free from preservatives, artificial flavors, and added sugars. They are ideal for the food service industry, ready-to-eat meals, and home cooking.

Cauliflower Powder

Our Cauliflower Powder is made from fresh, organically grown cauliflower heads. The florets are carefully dried and ground to produce a nutrient-rich powder that retains the natural flavor and health benefits of fresh cauliflower. Rich in vitamins C, K, and B-complex, as well as dietary fiber and antioxidants, this powder is a healthy addition to various food products. It is used in soups, sauces, health drinks, baby food, and baked goods. Cauliflower powder is also popular among health-conscious consumers and in the low-carb food industry.

Cabbage Powder

Golden Eco Cabbage Powder is produced from premium quality organic cabbage. The fresh cabbage is carefully processed using gentle drying and grinding methods to preserve its natural nutrients, flavor, and color. Rich in vitamins C and K, dietary fiber, and antioxidants, this powder is a valuable ingredient in health foods and nutritional supplements. It is used in soups, smoothies, green drinks, and as a natural food colorant. Our cabbage powder is free from additives, preservatives, and artificial colors.

Tomato Flakes

Our Tomato Flakes are made from 100% organic, sun-ripened tomatoes. The tomatoes are carefully washed, sliced, and dehydrated to preserve their natural color, flavor, and nutritional content. Rich in lycopene, vitamin C, and antioxidants, these flakes are a convenient and versatile ingredient for various food applications. They are used in soups, sauces, seasoning blends, and ready-to-eat meals. Tomato flakes rehydrate easily and add authentic tomato flavor and color to dishes. Our product is free from preservatives and artificial additives.

Curry Leaf Powder

Golden Eco Curry Leaf Powder is made from fresh, aromatic curry leaves grown organically. The leaves are carefully dried and ground to preserve their distinctive aroma and flavor. Rich in antioxidants, iron, and essential nutrients, this powder is an essential ingredient in South Indian cuisine. It is used in curries, dals, chutneys, and spice blends. Curry leaf powder adds an authentic, robust flavor to dishes and is also known for its health benefits, including digestive support and blood sugar management.

Spinach Powder

Our Spinach Powder is made from 100% organic spinach leaves, carefully dried and ground to preserve their nutritional value. This green superfood powder is exceptionally rich in iron, calcium, vitamins A, C, and K, and powerful antioxidants. It is a convenient way to add the health benefits of spinach to various food products. Spinach powder is used in smoothies, green drinks, soups, sauces, and baked goods. It is also popular as a natural food colorant and in nutritional supplements.

Mint Leaf Powder

Golden Eco Mint Leaf Powder is made from premium organic peppermint leaves. The fresh leaves are gently dried and ground to preserve their refreshing aroma, cooling flavor, and essential oils. Rich in menthol and antioxidants, this powder is used in tea preparations, beverages, culinary applications, and traditional medicines. It adds a cooling sensation and fresh minty flavor to dishes and drinks. Our mint powder is free from preservatives, artificial flavors, and additives.

Moringa Powder

Our premium Moringa Powder is made from 100% organic moringa leaves, known as the 'miracle tree.' The leaves are carefully harvested, dried at low temperatures, and ground to produce a fine, nutrient-dense powder. Moringa is one of the most nutrient-rich plants on earth, containing significant amounts of vitamins, minerals, antioxidants, and complete proteins. This superfood powder is used in smoothies, green drinks, health supplements, and traditional medicines. It is known for its energy-boosting, immune-supporting, and inflammation-reducing properties.

Drumstick Powder

Golden Eco Drumstick Powder is made from the leaves of the drumstick (*Moringa oleifera*) tree. The leaves are dried and ground to produce a nutrient-rich powder that is one of the most complete plant-based sources of nutrition. This powder contains high levels of vitamins A, C, and E, calcium, potassium, and protein. It is used in health supplements, traditional medicine, and functional foods. Drumstick powder is known for its ability to support energy levels, immune function, and overall wellness.

Onion Flakes

Our Onion Flakes are made from 100% organic onions, carefully dehydrated to preserve their natural flavor, aroma, and nutritional value. These flakes are a convenient alternative to fresh onions, offering consistent quality and easy storage. They rehydrate quickly and are used in soups, stews, sauces, seasoning blends, and ready meals. Rich in dietary fiber, vitamin C, and antioxidants, onion flakes add authentic onion flavor and texture to various dishes. Our product is free from preservatives and artificial additives.

Onion Powder – Red

Golden Eco Red Onion Powder is produced from premium organic red onions. The onions are carefully dried and ground to produce a fine powder that retains the distinctively strong, pungent flavor and reddish color of fresh red onions. This versatile powder is used in seasoning blends, marinades, soups, sauces, and processed foods. Rich in quercetin and other beneficial compounds, red onion powder offers both flavor enhancement and health benefits. Our powder is free from preservatives and anti-caking agents.

Onion Powder – Pink

Our Pink Onion Powder is made from a special variety of organic pink onions. These onions are dried and ground to produce a powder with a milder, slightly sweet flavor compared to regular onion powder. The powder has a beautiful pinkish color that can add visual appeal to dishes. It is used in seasoning blends, dips, sauces, and salad dressings. Rich in natural antioxidants and nutrients, this powder offers both flavor and health benefits. Our product is free from preservatives and artificial colors.

Onion Powder - White

Golden Eco White Onion Powder is made from premium organic white onions. The onions are processed to produce a fine, white powder with a clean, mild onion flavor. This powder is particularly valued in food applications where a subtle onion flavor is desired without altering the color of the final product. It is commonly used in soups, sauces, dips, seasoning blends, and snack flavorings. Our white onion powder is free from additives, preservatives, and bleaching agents.

Neem Powder

Our Neem Powder is made from 100% organic neem leaves, known in Ayurveda for their powerful medicinal properties. The leaves are carefully dried and ground to produce a fine, bitter-tasting powder. Neem is renowned for its antibacterial, antifungal, anti-inflammatory, and immune-boosting properties. It is widely used in skincare products, health supplements, traditional medicine, and oral care. Our neem powder is free from preservatives, chemical additives, and is processed under hygienic conditions.

Amla Powder

Golden Eco Amla Powder is made from dried Indian gooseberries (Amla), one of the richest natural sources of Vitamin C. Our amla is sourced from organic farms and processed using gentle drying methods to preserve its nutritional integrity. The powder is rich in antioxidants, vitamin C, and essential minerals. Amla is highly valued in Ayurveda for its rejuvenating properties, digestive support, and ability to boost the immune system. It is used in health supplements, herbal preparations, and traditional medicine.

Amla Seed Powder

Our Amla Seed Powder is made from the seeds of the Indian gooseberry (Amla). The seeds are carefully cleaned, dried, and ground to produce a powder that is rich in essential nutrients and beneficial compounds. In traditional Ayurveda, amla seeds are valued for their unique properties and are used in various herbal formulations. The powder is used in health supplements, natural medicines, and Ayurvedic preparations. Our product is 100% organic and free from preservatives and chemical additives.

Lemongrass Powder

Golden Eco Lemongrass Powder is made from premium organic lemongrass, known for its distinctive citrus flavor and aroma. The stalks are carefully dried and ground to preserve the natural essential oils and active compounds. Lemongrass is rich in antioxidants and has anti-inflammatory, digestive, and calming properties. This versatile powder is used in tea preparations, culinary dishes, aromatherapy, and traditional medicine. Our product is free from preservatives, artificial flavors, and additives.

Lemon Powder

Our Lemon Powder is made from 100% organic lemons, carefully processed to preserve their tangy flavor, citrus aroma, and nutritional content. This convenient powder is rich in vitamin C, antioxidants, and natural citric acid. It is used in beverages, baking, culinary preparations, and as a natural food acidulant. Lemon powder adds bright, citrusy flavor to dishes without the need for fresh lemons. It is free from preservatives, artificial flavors, and added sugars.

Amchur Powder

Golden Eco Amchur Powder is made from unripe green mangoes, dried and ground to produce a tangy, fruity powder that is an essential spice in Indian cuisine. The mangoes are organically grown, carefully selected, and sun-dried to preserve their natural sour taste and nutritional value. Amchur is rich in vitamin C, antioxidants, and essential minerals. It is used as a souring agent in curries, chutneys, marinades, and snack seasonings. Our product is free from preservatives, artificial colors, and additives.

Egg Shell Powder

Golden Eco Egg Shell Powder is a high-quality, natural calcium supplement made from clean, food-grade egg shells. Our powder is processed under strict hygienic conditions and is rich in bioavailable calcium and other essential minerals. It is an excellent source of calcium for dietary supplements, animal feed, and agricultural applications. The powder is free from contaminants and has a fine texture, making it easy to incorporate into various formulations. With its high purity and consistent quality, our egg shell powder meets international standards for food and feed applications.
