BYREDO

About the brand

Byredo's approach to fragrance is tied to Memory, Travel & Emotions. This is achieved through a unique style of perfumery, that uses a very small number of raw materials per composition. Each fragrance is a story, a sketch in itself as Ben Gorham is translating memories and emotions into perfumes.

Amenity collection

With a focus on beauty and fantasy, Bal d'Afrique is Ben Gorham's "love letter" to Africa. To epitomize and celebrate the reach and influence of Africa through time, particularly the way its myriad cultures have shaped dance, art, and music, the idea of an imaginary event.

Amenity collection

Gypsy Water is an ode to the beauty of Romani culture, its unique customs, intimate beliefs, and distinguished way of living. The scent wakens a dream of a colorful lifestyle made of innate nomadism. Woody notes of pine needle and sandalwood, mingle with intense amber and fresh citrus, to evoke the fever of gypsy nights spent in the forest.

Fragrance

About the brand

The source adage fragrance brand, co-founded by creatives, Christopher Draghi and Robert Dobay, launched in 2015 with the opening of its curated retail store on Hudson, NY's historic Warren Street. The striking 1830's Greek Revival boutique opened its doors to the famed river town's many metropolitan visitors with a collection of elevated home fragrances inspired by "great American landscapes"– a theme that guides the brand's signature product line and the more recently introduced fine fragrance collection.

Amenity collection

Aétai, a seductive floral and alluring scent for all. Derived from the Algonquian word meaning, "on both sides", aétai is a soulful balance of lush wild flowers, carnal seafarer notes of spice and ambergris, and enveloping amber hues of the Northeast woodlands.

PHARMACOPIA Natural Bodycare

About the brand

Lisa Levin started Pharmacopia in her garden, literally, harvesting the abundant herbs and creating natural potions, fragrant soaks and healing creams. Her passion for natural products began with the concern for her health, when she was diagnosed with fibromyalgia, but grew into a dream to create natural body care that could be healthy at the same time as being beautiful and luxurious.

Amenity collection

Pharmacopia amenities were developed according to ancient healing wisdom, promoting balance and comfort while delighting the senses. They are luscious formulations using potent anti-oxidants, therapeutic plant extracts and essential oils with no parabens, petro-chemicals, phthalates or synthetic colors.
