

IP-Group Palletcontainer 1200x800

Fits everything.
Goes everywhere.

IPG Palletcontainer M & Z fold 1208

Fits everything. Goes everywhere.

IPG Palletcontainer M & Z fold 1208 combines smart design with robust performance to streamline logistics, enhance safety, and support sustainability. From its EURO-standard footprint and RFID-ready steel base to its light, ergonomic lid and tamper-evident lock, every feature is crafted to reduce costs, simplify handling, and protect your cargo—while delivering long-term value and environmental responsibility.

Available in two standard versions -934 and 1260mm height- both customizable in sleeve height, the M & Z fold 1208 offers exceptional versatility to adapt to diverse supply chain needs.

1:1 EURO Compatibility

Fits seamlessly into systems designed for EURO standards, cutting handling errors and logistics costs.

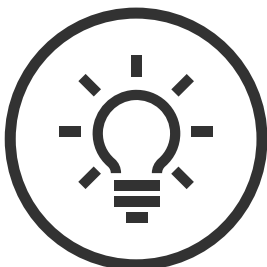

Built for Automation

Steel-reinforced base, closed runners plus RFID and IoT options make it fully compatible with automated warehouse equipment and conveyors.

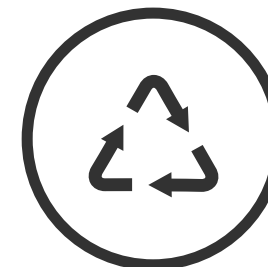

Lightweight, Ergonomic Design

Lid weighs just 5.6 kg (the lightest in the market) and features integrated handles for safer, easier manual handling.

Smart Reverse Logistics

Superior volume reduction, lowering CO₂ emissions and freight costs.

Tough & Sustainable

Made from robust recycled plastic, it enhances load protection, prevents damage and product loss, ensuring long-term use up to 200 cycles.

Product Versatility

Two versions - 934 or 1260 mm height - plus flexible sleeve customization under request.

Features

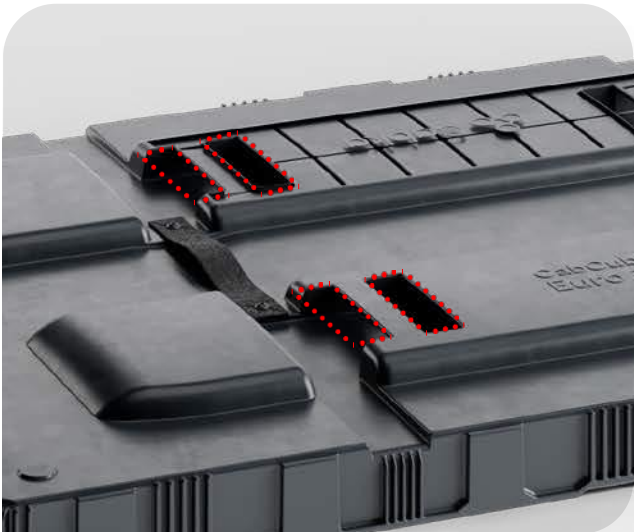

IPG Palletcontainer M & Z fold 1208

Lightweight lid, compatible with 3R/9F/2R base design

Grommets for secure double stacking

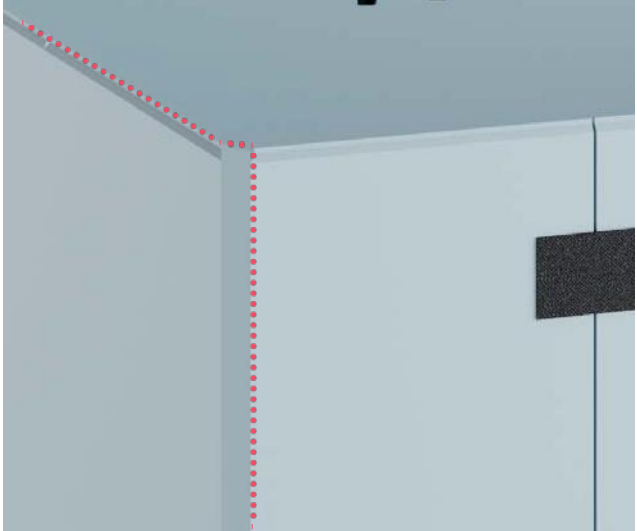

Ergonomic handles

Tamper-proof locking

M and Z folding design

Robust PP

Auto-locking integrated retainers

Customisable in height and marking

Steel reinforced base and anti-slip, splinter-free surfaces

Closed runners

Double-wall, impact-resistant recycled material and grommets under the deck

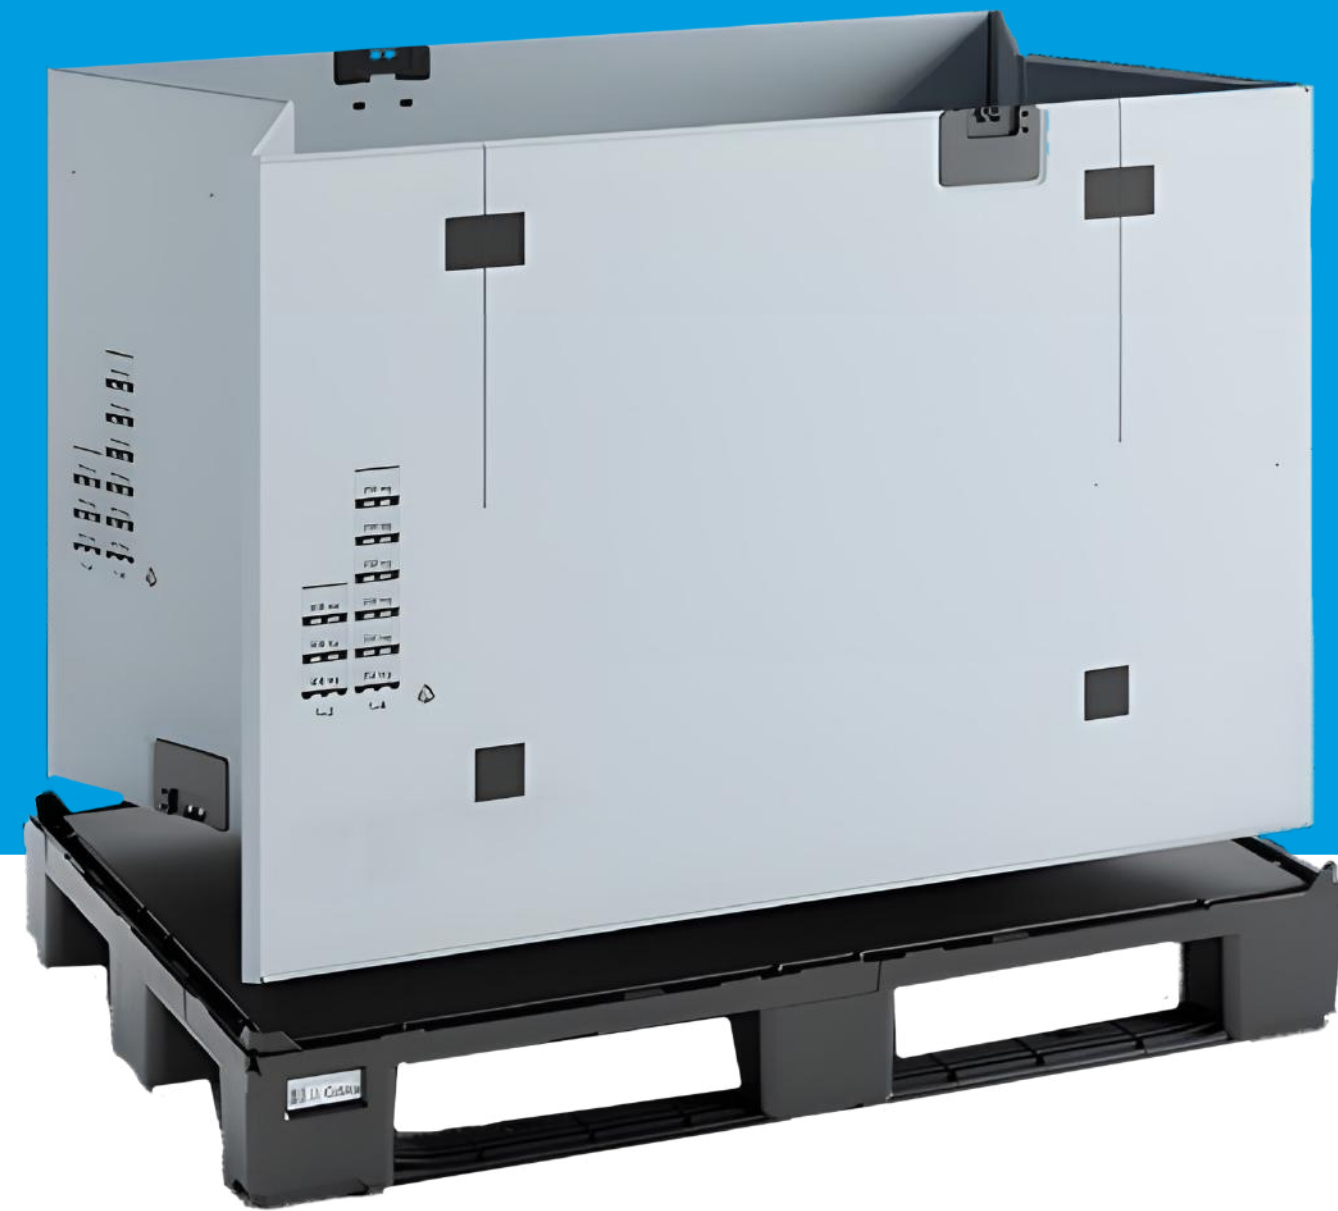

Track & Tracing options available (RFID, barcode, beacons, etc.)

Two versions. Multiple applications and industries.

IPG Palletcontainer 1208 M-3R

M Folding / Easier handling and folding / Ideal to maximize total volume per stack in a mega truck / Automotive and industrial manufacture focus

Sleeve Size $\leq$
774 mm

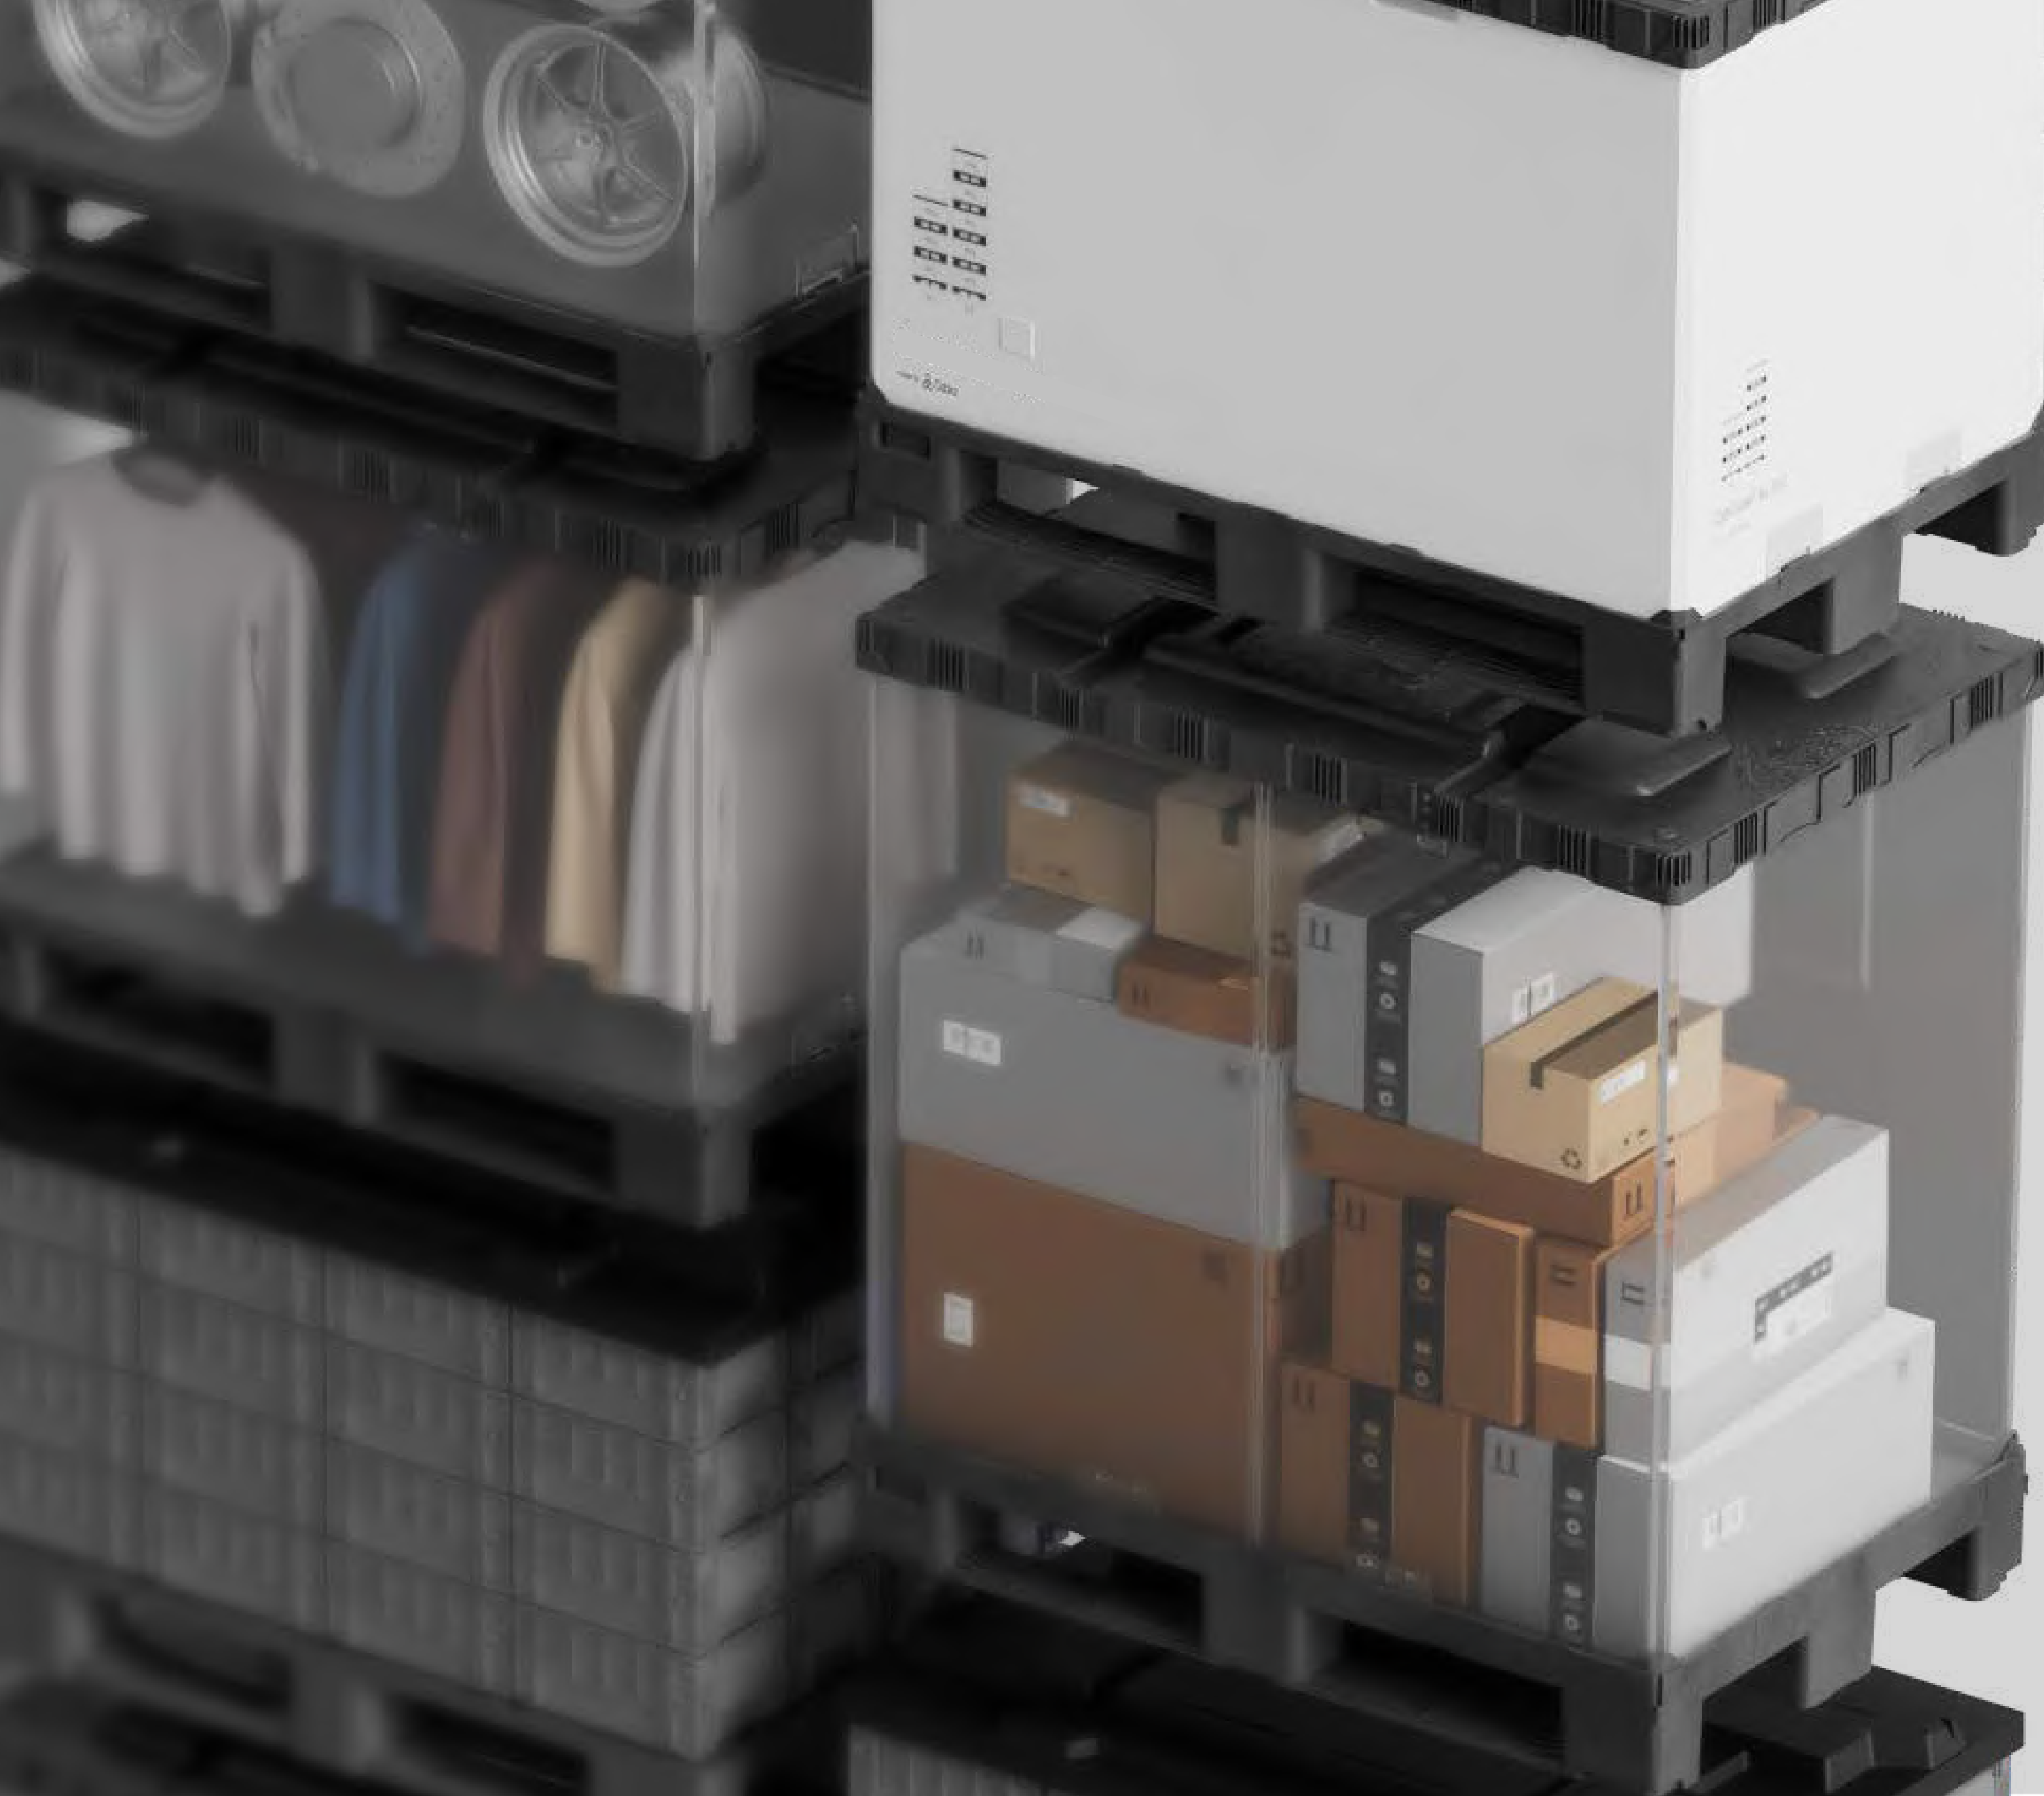

IPG Palletcontainer 1208 Z-3R

Z Folding / No return collar / Excellent folding ratio / Ideal to maximize total filling volume per container and total volume per stack in a standard truck / Retail focus

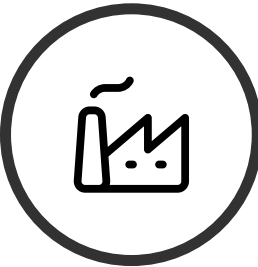

Sleeve Size
>774 mm

"Whether you are streamlining reverse logistics, reducing packaging waste, or upgrading warehouse operations, the IPG Palletcontainer M&Z 1208 it is built to deliver efficiently, sustainably, and cost-effectively in every industry"

Industries

	Retail & Distribution • Lower freight/reverse logistics costs • Automation-compatible containers • Safe handling • Reduced packaging waste			
	E-commerce Fulfillment • Fast handling • Automation compatibility • Ergonomic • Reusable containers			
	Industrial Manufacturing • Durable containers • Warehouse space efficiency • Reusable packaging for parts protection			
	3PL & Pooling Logistics • Over 200 cycles • Compatibility across client systems • Improved reverse logistics
