

IMPROVE YOUR HOME & IMPROVE OUR WORLD

ZANAT

SUGGESTED RETAIL PRICES, JAN 2024
ZONE I COUNTRIES
(IN EURO, VAT/SALES TAX NOT INCLUDED)

General Terms and Conditions Related to Export Pricing

These terms and conditions apply to the sale of Zanat's products shown in the price list through the network of Zanat's authorized dealers. Unless a written approval has been obtained by Zanat's representatives, Zanat's dealers are expected to follow the prices indicated herein in retail transactions to end customers. Promotional pricing for limited time periods is acceptable, but original prices should be communicated at all times. Price competitions among our authorized dealers will be strongly discouraged by Zanat.

This price list is valid as of January 2024 and it supersedes all previous price lists issued by Zanat. Zanat reserves the right to change prices at any time and commits to notify our dealer partners of such changes at its earliest convenience. Subsequent price increases shall not apply to any confirmed orders.

The prices indicated herein include export packaging, but additional charges may apply in case of special packaging requirements. The prices are exclusive of VAT or any other sales taxes levied at the point of product resale by authorized dealers. The prices do not include any transportation or insurance costs related to delivering products to end customers by Zanat's authorized dealers.

Terms of payment, dealer discounts and a number of other conditions related to the resale of Zanat's products are regulated separately between Zanat and its authorized dealers.

Finally, a few notes on materials: Most of Zanat's products are made in solid European hardwoods. We don't use composite materials. All products may not always be available in the wood species indicated in this price list and delivery lead times may at certain times be longer than standard for certain species of wood. Furthermore, we use carefully selected high quality wood and materials, but since wood is a natural material its color varies and the color of purchased products may not exactly match the color of the wood shown on photographic images, or even wood samples. In addition to color variations, small healthy knots may also be found on Zanat's products and the products that contain such knots are not defective. Rarely, small cracks can eventually spontaneously appear on wood surfaces and these are not considered manufacturer's defects as the internal structure of wood is not homogenous.

HIDE & SEEK Container and Coffee/Side Table (tall)

Designed by Monica Förster

dimensions

materials

maple black, maple wenge,
Zanat burgundy

Ø 40 H 68 cm

2141

Due to an extraordinarily challenging geometry of this product and the fact that it is made entirely in solid wood--a material that shrinks and expands in response to humidity variations--lines where wooden slabs were joined may appear over time and the gap where the top meets the base may change. This can be avoided by maintaining healthy indoor humidity of 40-60%.

HIDE & SEEK Container and Coffee/Side Table (medium)

Designed by Monica Förster

dimensions

Ø 48 H 48 cm

materials

maple black, maple wenge,
Zanat burgundy

2141

Due to an extraordinarily challenging geometry of this product and the fact that it is made entirely in solid wood--a material that shrinks and expands in response to humidity variations--lines where wooden slabs were joined may appear over time and the gap where the top meets the base may change. This can be avoided by maintaining healthy indoor humidity of 40-60%.

SCENTAINER (fragrance container)

Designed by Monica Förster

dimensions

maple black

Ø 14 H 10 cm

212

Scentainers are made in collaboration with Muro, a young Swedish-Japanese fragrance brand and they contain a home fragrance. Leftover wood shavings found in the containers are used to dispense the fragrance. The product includes a bottle of 1919 fragrance by Zanat and a bag of wood shavings from the woodcarving process as fragrance diffuser.
