# THESE ARE THE DAYS

## THESE ARE DAYS

By NATALIE MERCHANT

THESE ARE days you'll REMEMBER. NEVER before AND NEVER SINCE, I PROMISE, will the whole world be WARM AS THIS. And AS you feel it, you'll know it's TRUE THAT YOU ARE blessed AND lucky. It's TRUE THAT YOU ARE TOUCHED by SOMETHING THAT will GROW AND bloom in you.

THESE ARE days you'll REMEMBER. WHEN May is RUSHING OVER YOU with desire TO BE PART OF THE MIRACLES THAT YOU SEE IN EVERY HOUR. You'll know it's TRUE THAT YOU ARE blessed AND lucky. It's TRUE THAT YOU ARE TOUCHED by SOMETHING THAT will GROW AND bloom in you.

THESE ARE days.

THESE ARE days you might fill with LAUGHTER UNTIL you BREAK. THESE ARE days you might feel A SHAFT OF light MAKE ITS WAY ACROSS YOUR FACE. And WHEN you do you'll know HOW IT WAS MEANT TO BE. SEE THE SIGNS AND KNOW THEIR MEANING. It's TRUE, you'll know HOW IT WAS MEANT TO BE. HEAR THE SIGNS AND KNOW THEY'RE SPEAKING TO YOU, TO YOU.

# BLUE AND GOLD DAY

Blue and Gold Day is a time for spirit and fun, encouraging a sense of competition with rival schools. Students are split into two teams, blue and gold, which compete against each other in activities, such as the tricycle race and sit-down-volleyball. Our mascot, Thunder the eagle, makes a special appearance with the Judson Cougar. The students cheer Thunder on by wearing their appropriate color and painting their faces. In the afternoon, all school teams compete against Judson. By the end of the day, after the games, families attend the booster club picnic where they eat, listen to a performance of the school band, and watch the fireworks. It is a great day!

# FAREWELL MRS. MADDEN

## WE WILL MISS YOU ...

Your guidance has led PCDS to an even stronger and brighter future, illuminating our own strengths while reflecting your deep personal commitment to our community. The countless hours you have spent, your passions, your strength of character, and your insights will remain behind and continue to touch us all. Your effect has been profound:

- doubling of the endowment
- increasing the School population by 30%
- expanding the School by the addition of the new classroom building in the Middle School and a new science complex in the Upper School
- developing the wash into beautiful playing fields
- increasing the calibre of the Upper School by tightening the curriculum and hiring excellent faculty.

THANK YOU MRS. MADDEN,  
OUR VERY BEST WISHES FOR  
THE FUTURE.

HEAD OF PHOENIX COUNTRY DAY  
SCHOOL FROM 1986 - 1994.

"These are the days - - yours and mine.  
They will be what we make of them."

## A MESSAGE FROM MRS. MADDEN, HEAD OF SCHOOL

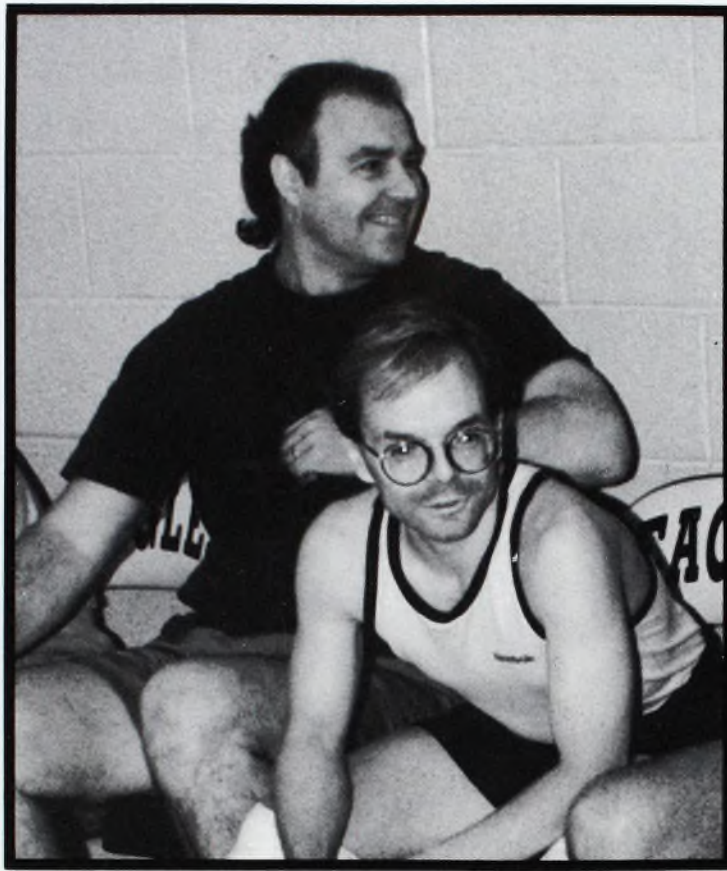

For me and for members of the PCDS Class of '95, these are exciting days of work, celebration, remembering and planning ahead. As we focus on finishing our respective years at PCDS, leaving close friends, familiar places and activities and moving on to experiences which will hold many unknowns for each of us, we must also interact with and contribute to the world at large.

Each day brings word of new theories about such topics as the age and information of the universe, the growing hole in the ozone layer, voice controlled computers, the correct diet to prevent illness and stave off aging, devastation in Bosnia and Rwanda, advances in genetic engineering in both plants and animals, exploration of the deep or increasing crime and homelessness. You, as seniors, have begun studies to be continued in college and beyond to help you become effective world citizens able to make wise personal and public decisions. In addition, you have taken time to reach into the community and serve others less fortunate.

Store, within you, as I will, the knowledge, friendships and experiences gained here at PCDS and build on them. Join me in looking forward to a challenging future. These are the days - - yours and mine. They will be what we make of them.

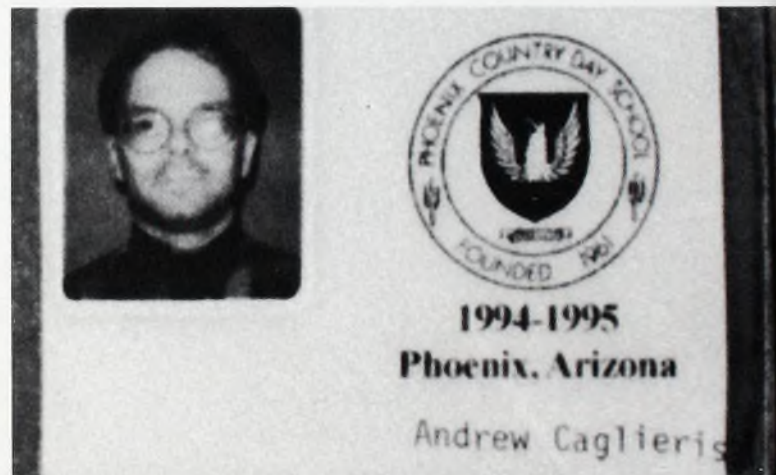

# DR. CAGS

THIS ONE'S FOR YOU!!

You have brought frantic enthusiasm and pure spunk to our school. The everpresent possibility that you may someday dance again, adds an air of excitement to all our music assemblies. Your "Stand and Deliver" attitude has shown us in math and in volleyball that dedication can pay off. This school will never be the same. Mafia Man! Mr. Commitment. Thank you for all your hard work, dedication and spirit.

LET'S MOTOR!!!!

The Lower School at Phoenix Country Day includes Pre-K through 4th grades. These grades incorporate their own uniqueness and creative spirit into their everyday activities. Laughter and energy are the essential ingredients upon which the Lower School thrives. The Lower School contributes wholeheartedly to any special events or projects that the School sponsors; one of the things that students and teachers look forward to on Blue and Gold Day is the enthusiasm of the Lower School, with their blue and gold outfits. Sometimes, they even appear with blue faces and gold hair!!! The Lower School students always have radiant smiles and sunny attitudes which give PCDS an exuberant element of success.

(Maureen Scholl)

There are many opportunities for the lower school students to pursue their interests. The lower school swimming program is one of the areas that many of the lower school students choose to explore. After school, Coach Dan Majeski meets with the lower school swimmers twice a week. The students begin by learning three major strokes and then they spend their time practicing them. Coach Majeski also ensures that his students learn the importance of water safety. At times, the dedication that these students place in the sport rivals that of olympic trainers. That does not mean that these little "fishes" do not take time to enjoy themselves. On the contrary, the students claim that the lower school swimming program is a great place to meet new friends. These swimmers can often be seen splashing around and frolicking with their friends in between breaks.

# THE LIFERS

They've survived thirteen years of trials and tribulations. Meal after meal of cafeteria food, exciting trips to study oceanography and to conquer ropes courses, endless homework assignments, one too many trips to Salome, Arizona for sports games, and watching PCDS grow and expand are only some of the infinite experiences they've had here at PCDS. These students have survived it all, and are still here to tell about it.

Congratulations, Hallie, Ravi, Hollye, Ashley, Stuart, and Brad!

# WHAT'S HAPPENED THESE FOUR YEARS?

What? The wash grew chairs??  
The wash was converted into playing fields.

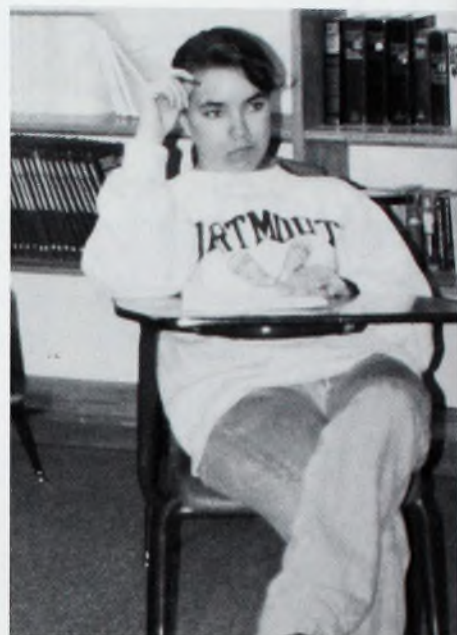

The addition of the new science building made learning just a little more exciting.

The Middle School building was completed just in time for the 1994-1995 school year.

# CLASS OF 1995

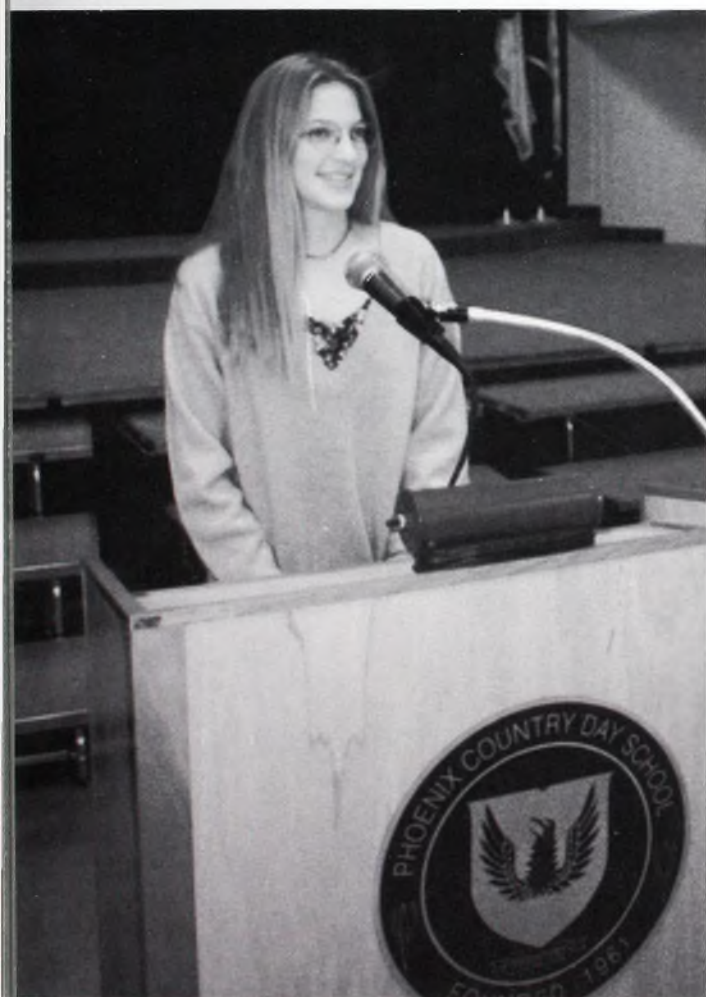

# SENIOR SPEECHES

There is one common topic of conversation among the seniors at PCDS each year -- Senior Speeches. The Senior Speech at PCDS has become one of the most interesting and rewarding experiences with which a student leaves PCDS. Not only does the senior gain from this experience, but fellow classmates and teachers learn things they never knew before. This year's speeches ranged from vigilantism, anger, The Doors, living with illness, reincarnation, to mountaineering. Everyone in the Senior class did a wonderful job. So, Juniors, despite the initial feeling of petrifying nervousness, the senior speech really isn't all that bad. It's actually kind of fun.

To the Twins of our Life...  
Jamie Dawn and Corey Amber

Offspring by Naomi Long Madgett

I tried to tell her (them):

This way the twig is bent  
Born of my trunk and strengthened by my roots,  
You must stretch new grown branches  
Closer to the sun  
Than I can reach.

I wanted to say:

Extend my self to that far atmosphere  
Only my dreams allow.

But the twig broke,

And yesterday I saw her (them)

Walking down an unfamiliar street,

Feet confident,

Face slanted upward toward a threatening sky,

And

She was smiling

And she was free,

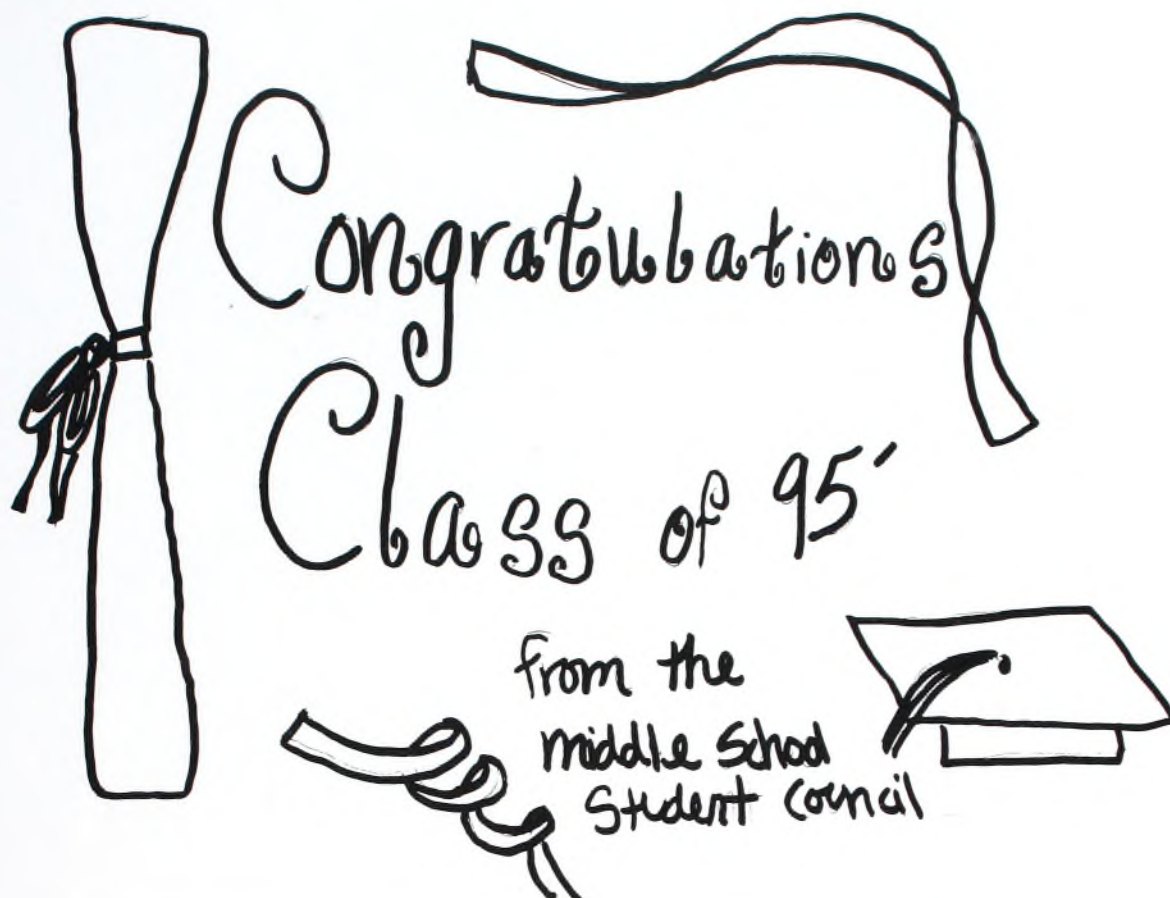

Her very individual,

Unpliable

Own.

Love you always,  
Mom and Dad

Michael,

You are a special, caring and sensitive son and brother. You have made thoughtful choices in your life. Our whole family is better because you are an important part of it.

We love you and support your many talents and strong effort,

Those who think they cannot, will not --  
 Never give up on your dreams Christopher and  
 do not ever let anyone tell you that you  
 cannot achieve them. Always remember that  
 those who believe in failure eventually  
 become failures themselves. You have talent  
 in the truest form-- use it and always strive  
 for the best. I love you very much Christopher

# THANK YOU!!

---

**LINDSAY:** Your positive attitude and commitment made life a little bit more enjoyable during those long yearbook months. Your efforts and "skill with the computer" were wonderful!

**JULIE:** Wow! You did it, and all by yourself, may I add! The ads could not have turned out so creative, professional, organized, and . . . PERFECT without the countless hours you put in. You even improved your phone skills . . . !

**MARK:** Your photography skills, determination, and eagerness to help made everything go just that bit smoother. You even managed to dodge a few footballs thrown here and there!

**AND . . . Jocelyn:** Thanks for all your great ideas and efforts - you mastered the art of the senior page quite well! .

. . . **Courtney:** We could count on you for all those last minute pages and corrections. Thanks for your hard work!

. . . **Yen:** Your contribution was more than we expected from any of the staff. Great job! . . .

Thank you to: **MARY!**, the Latin II class (Eric, Amy, and Yen), the many faculty and administrators, especially Ms. Garfield and Dr. Cags.

To the PCDS Community:

The *Phoenician* is a student-run publication produced entirely by students with the assistance of a faculty advisor. The staff of the *Phoenician* is composed of enthusiastic and dedicated students who are willing to make a significant effort towards producing a high quality yearbook. The yearbook is an extra-curricular activity which often meets several times per week and on weekends. The time and energy put in by these students is truly commendable.

The editors, staff, and advisor have made every effort to check for spelling mistakes, omissions, and photographic errors. Despite our efforts, we apologize for any errors which may have gone unnoticed. We hope that you enjoy this year's yearbook and appreciate the generous dedication of our students.

Ms. Howard, Faculty Advisor

**MS. HOWARD:**

We managed to create something out of nothing! It is impossible to acknowledge everything you did for the yearbook. Without your dedication, time, creative energy, and patience, nothing would have been accomplished. Your organizational skills saved us from many a disaster. Your room became a "home away from home" for the dedicated souls, and your lightheartedness was always appreciated.

**MR. NEUFER** (The Computer God): Thank you for all your technical (and emotional!) support. Your knowledge of the mighty computer saved us oh so many, many, many times!
