Meet Ms Jane Tam 认识谭佩雅女士

Director of Institutional Advancement (Greater Bay Area) and Alumni Engagement
机构资源拓展（大湾区）及校友事务总监

Jane brings extensive experience across education, professional advisory services, and public service, specialising in institutional advancement, resource development, and stakeholder engagement. Throughout her career, she has been committed to supporting organisational growth and advancing shared values rooted in service excellence and meaningful community impact.

In her role at YCYW, Jane looks forward to strengthening partnerships across the Greater Bay Area while deepening connections with alumni across regions. Her work focuses on developing thoughtful philanthropic strategies and advancing initiatives that align with YCYW's educational vision. Whether through scholarships, philanthropy, mentorship, alumni engagement initiatives, or community partnerships, Jane believes that everyone has a role to play in shaping a more inclusive and hopeful future. She is grateful for the opportunity to contribute to the YCYW community and looks forward to serving alongside stakeholders to create lasting impact and strengthen the network for future generations.

谭佩雅女士拥有丰富的教育、专业顾问及公共服务经验，长期致力于推动机构发展、资源拓展及持份者关系管理。她一直秉持卓越服务的信念，透过凝聚各方资源及建立策略性合作伙伴关系，促进机构的可持续发展及社会影响力。

在耀中耀华岗位上，谭女士期待进一步加强大湾区的合作伙伴关系，同时深化与全球校友之间的联系。她将聚焦于发展周全而具前瞻性的慈善策略，并确保机构发展工作与耀中耀华的教育愿景紧密契合。无论是奖学金、慈善捐赠、师友计划、校友发展项目，还是社区伙伴合作，谭女士深信每一个人都在塑造一个更加共融、更具希望的未来中扮演着重要角色，并期待与所有持份者携手同行，共同创造深远的影响力，共建耀中耀华的未来网络。

Meet Ms Alice Chan 认识陈少英女士

Director of Institutional Advancement (YCCECE)
耀中幼教学院机构拓展总监

Alice is an experienced advancement professional with over 20 years of experience in fundraising and community engagement across the education and NGO sectors. She brings strong expertise in building partnerships with alumni, stakeholders and the wider community, and in supporting institutional priorities through collaborative fundraising initiatives. Alice also has a keen interest in improving ways of working and has led initiatives such as implementing a donation CRM and streamlining an e-donation approval workflow to enhance efficiency and strengthen data integration.

Outside of work, Alice enjoys watching movies, going to the gym and travelling. She looks forward to collaborating with colleagues across departments to support shared goals and deliver meaningful outcomes together.

陈少英女士是一位经验丰富的发展事务专业人士，在教育及非政府组织领域拥有超过20年的筹款与社区参与经验。她擅长与校友、利益相关方及更广泛的社区建立合作伙伴关系，并通过协作式筹款项目支持机构优先事项。陈少英女士也非常关注工作方式的优化，曾主导实施捐赠客户管理系统、简化电子捐赠审批流程等举措，以提升效率并加强数据整合。

工作之余，她热爱观影、健身和旅行。她期待与各部门同事携手合作，共同实现团队目标，创造有意义的成果。

Harvard, Stanford, Oxford, Cambridge, Imperial College London, Tsinghua, Peking University, and more...
哈佛、斯坦福、牛津、剑桥、帝国理工、清华、北大，还有……

As overseas universities announce their 2026 offers of admissions, the YCYW Education Network has once again delivered impressive results.

随着2026年全球大学录取季的不断推进，耀中耀华教育网络再次交出一份令人瞩目的成绩单。

To date, the Class of 2026 has received over 900 offers from leading universities worldwide, including Harvard University, Stanford University, the University of Oxford, the University of Cambridge, Imperial College London, Tsinghua University, Peking University, The University of Hong Kong, Korea Advanced Institute of Science and Technology, Parsons School of Design, and other top institutions.

截至目前，2026届学生已经收到超过900份来自世界优秀学府的录取通知书，包括哈佛大学、斯坦福大学、牛津大学、剑桥大学、帝国理工学院、清华大学、北京大学、香港大学、韩国科学技术院、帕森斯设计学院等全球顶尖学府。

YCYW Through-Train Education Builds a Solid Foundation
全学段教育铸就深厚根基

"These results are a powerful validation of the YCYW through-train education," Dr Chan wrote. "Many of the students who received these top-tier offers have been with us since their earliest years in Early Childhood Education (ECE), and their success is a direct reflection of the rigorous, nurturing, and consistent educational philosophy that defines our schools from ECE through to Primary and Secondary."

"这份优异成绩，是耀中耀华全学段教育最有力的印证。" 陈博士指出，"学生的成功，源于对学习的热爱与长期坚持。不少斩获顶尖院校录取的孩子，从幼儿阶段便加入耀中耀华。学校在全学段教育中，始终秉持严谨治学、激发热情的教育理念，为他们打下坚实成长基础。"

Dr Esther Chan, Deputy Chief Executive Officer (K–12 Education) of YCYW Education Network, promptly shared the news with all the YCYW students and faculty and expressed her congratulations and encouragement.

耀中耀华教育网络副行政总裁（K-12教育）陈昕生博士第一时间向全体师生表达了祝贺。

Mr John Liu, Director of Careers and University Guidance and Student Development, stated that, as in previous years, the university acceptances this year reflect the characteristics of YCYW's holistic education, the overall teaching strength of the network's schools, and the impact of long-term commitment to academic excellence.

职业及升学辅导办公室及学生发展主管刘一表示，今年的成绩一如既往地体现了耀中耀华全人教育的特质，是学校致力于学术卓越的教学实力体现。

Mr Liu noted that YCYW's through-train education model plays a powerful role in the students' long-term success because it is built not only on academic excellence, but also on character development. From the early years, students grow up in a nurturing environment where they are support, challenged, and encouraged to become the very best version of themselves.

Mr Liu has personally witnessed the excellence of this educational model through his two daughters, who studied at YCYW schools from their early years. The most impressive aspect was the care and the encouragement that his daughters received from teachers, as well as the kindness and the support shown by their classmates.

During his eldest daughter's lower secondary years, both daughters transferred to a top-ranked international school in Singapore, but they deeply missed the culture of YCYW, the caring teachers who knew them well, but even more than that, they missed the student community. And now, they have returned once again to their beloved campus of YCYW.

This experience made Mr Liu clearly realise that YCYW students grow within a highly coherent academic and value system. Their teachers truly know the students, and their peers offer consistent support, creating a sense of security that empowers the students to explore boldly and accept failure as part of the learning process. This foundation prepares the students exceptionally well for university and beyond.

刘一表示，耀中耀华全学段教育的根基，不只在于培育优异学业，更在于深耕品格培养。自入学之初，每位学生便置身于包容支持、勇于挑战的成长环境，在不断鼓励中成为更好的自己。

刘一的两个女儿从小在耀中耀华就读，这里有老师的关怀鼓励，还有同学之间所展现的善意与支持。在大女儿初中时，她们转到新加坡的国际学校，但她们一直怀念耀中耀华的校园文化，以及老师和同学。而现在，她们重新回到她们最喜爱的耀中耀华的校园。

这段经历让刘一更清楚地认识到，在耀中耀华，学生始终在一个高度连贯的学术与价值观体系中成长，教师了解他们、同伴支持他们，这种安全感让他们敢于探索、不怕失败，最终在大学申请中展现出真实而强大的自我，并为他们迎接未来人生提供了充分的准备。

CUGO职业及升学辅导办公室

Best Fit for Each Student
为每位学生寻找最佳匹配

In the face of the increasingly complex global admissions landscape, the YCYW Careers and University Guidance Office (CUGO) has become a vital bridge helping students reach their dream universities.

CUGO now has 32 university counsellors across the network. With a counsellor-to-student ratio of 1:12, CUGO is able to offer highly personalised and targeted guidance, ensuring that all students receive advice tailored to their strengths, aspirations, and individual pathways.

"What we consistently emphasise is not merely rankings, but the best fit for each student," Mr Liu explained.

This support begins early in lower secondary. As the students progress academically, they are supported in developing career awareness, exploring their interests, and accessing meaningful opportunities, such as internships and job-shadowing experiences. This is followed by comprehensive university guidance, helping both students and their families navigate the application process and make informed choices that are the right fit for each student's ambitions and potential.

In addition, CUGO also has a dedicated Elite Applications Team, consisting of highly experienced counsellors who have supported students in applying successfully to the US Ivy League and other top US universities, and the UK G5 universities. This team provides additional support, helping students to strengthen their personal statements, prepare thoroughly for interviews, and plan strategically from as early as Year 10 (YCIS)/Grade 9 (YWIES) in order to maximise their chances of success. CUGO also includes UK based counsellors who maintain close relationships with local higher education institutions, keeping students abreast of the latest admissions developments and insights.

For those students applying to more complex international systems, such as in the Republic of Korea, counsellors with expert knowledge of local procedures provide guidance. For example, Mr Daniel Kang, CUGO regional specialist for applications to Korean universities, maintains close collaboration with Korea's leading universities. This year, he successfully supported students in gaining admission to the Korea Advanced Institute of Science and Technology (KAIST), Korea's leading public research university.

面对全球日益复杂的招生格局，耀中耀华职业及升学辅导办公室(CUGO)成为学生通往理想学府的关键桥梁。目前CUGO拥有32位专业升学顾问，师生比高达1:12，能确保每位学生获得高度个性化和针对性的指导。

"我们所追求的不只是排名，更是为每位学生寻找适合他的最佳院校。"刘一解释说。

这一支持体系从初中低年级便开始实施，随着学业进阶，学生还会获得职业认知构建、兴趣探索以及实习等全方位支持。CUGO还会提供全面的大学申请指导，协助学生与家庭共同规划申请流程，做出符合学生兴趣与潜能的选择。

另外，CUGO还特别设立了精英申请团队，专为冲刺常春藤盟校和英国G5名校的学生，从（耀华）九年级/（耀中）十年级开始提供战略规划、文书打磨与面试模拟。CUGO团队亦拥有驻英国升学顾问，与当地高等学府保持紧密联系，为学生提供最新升学资讯。

对计划申请韩国高校等更复杂国际高校的学生，则由深谙当地流程的区域专家辅导。比如CUGO团队中的韩国高校申请区域专家Daniel Kang，与韩国顶尖大学均保持密切合作，今年也帮助学生成功进入韩国科学技术院，韩国的顶尖公立研究型大学。

Angelique, a student from **YCIS Shanghai Pudong**, has received offers from seven universities across four countries, including University College London (UCL). When reflecting on her studies and university application journey, Angelique highlighted that she had established close communication early on with CUGO counsellors. They worked with her to develop a plan tailored to her strengths and personal profile, and she was greatly benefited from this collaboration. In her view, "It is not just choosing the major you want to study with, or the job you want to do, but also like speaking about financial planning, choosing a university and country accordingly. Start as early as you can."

Students who are aspiring artists can receive portfolio support from a counsellor with experience as a former admissions officer at a leading art university. During the past year, CUGO has also built strategic partnerships with leading institutions such as Arts University Bournemouth, School of Visual Arts, and Istituto Marangoni. This combination of early guidance, specialist support, and university collaboration with the art institutions has helped ensure that students are exceptionally well prepared for the demands of these competitive applications.

来自**上海耀中浦东校区**的Angelique获得了包括伦敦大学学院(UCL)在内的4国7所名校录取通知。当谈及自己的学习和申请过程时，Angelique表示她很早就开始与CUGO指导老师进行了密切的沟通，根据自身特点优势进行规划并受益于此。在她看来，“这不仅仅是专业的选择，或者未来的职业路径问题，还包括家庭财务计划，大学乃至国家的选择问题，一定要尽早与CUGO指导老师沟通并提前规划。”

对于艺术生，CUGO有曾任职顶尖艺术院校的顾问提供作品集指导。过去一年间，CUGO与伯恩茅斯艺术大学、纽约视觉艺术学院、马兰戈尼学院等顶尖学府建立了战略合作伙伴关系。这种早期规划、专业支持与院校协作的三维模式，确保了学生在应对高竞争性申请时具备卓越的综合实力。

YWIES

For example, students of **YWIES Shanghai Gubei** (YWAD) have already received offers this year from numerous leading art institutions, including the University of the Arts London; Parsons School of Design, The New School; Pratt Institute and California Institute of the Arts, as well as scholarships totalling USD 350,000.

Claire, a student at YWAD, has received offers from ten prestigious universities across the United States and the United Kingdom, including the University of Southern California and California College of the Arts. She expressed deep gratitude to all her teachers at the school.

"I am deeply grateful to my CUGO Counsellor, whose guidance helped me find the words for experiences I had long carried in silence, and to my subject teachers, who challenged me to think more carefully, create more boldly, and believe that my perspective was worth sharing. You saw potential in me even when I was still learning to see it in myself."

Matthew has received offers from twelve prestigious universities, including the School of Visual Arts and Parsons School of Design. He said:"The experience felt a bit like a Jack in the Box — unexpected, creative, and constantly pushing me beyond my comfort zone. This journey helped me develop a strong personal voice, which led to offers from multiple leading art and design universities around the world. More importantly, it taught me to think differently, look beyond the box, and turn uncertainty into something meaningful."

Angel has also received offers from several leading universities, including the Art and Technology programme, and Media programme at University College London, and she is deeply grateful for the outcomes.

"At YWAD, I continuously pushed myself beyond my limits. My teachers guided me in mastering new techniques while encouraging me to experiment with a wide range of artistic media. Their support has deepened my passion for art in ways I did not expect."

"Every student's journey is different. We firmly believe that all students are gifted in different ways," Mr Liu concluded, "Our role is to be their cheerleader, coach, and guide — helping them find the pathway where they can truly flourish."

以**上海耀华古北校区**(YWAD)为例，今年该校学生已经获得伦敦艺术大学、帕森斯设计学院、普瑞特艺术学院和加州艺术学院等众多顶尖艺术院校的录取通知，更获得35万美元奖学金总额。

该校学生Claire收到来自美国和英国共十所名校的录取通知，包括南加州大学、加州艺术学院等。她对学校的所有老师充满感恩，"由衷感谢我的CUGO指导老师，让我能表达那些长久以来深埋于心的感受；也感谢我的学科老师们，是你们激励我更深入地思考、更大胆地创造，并让我相信自己值得被倾听。在我尚不能发现自身潜力之时，你们却早已看见。"

Matthew收到包括纽约视觉艺术学院及帕森斯设计学院在内的十二所名校的录取通知，他说："在YWAD的经历就像玩偶盒——出人意料、充满创意，并不断将我推到舒适区之外。这段旅程帮助我形成了鲜明的个人表达风格，也让我收获了多所世界顶尖艺术与设计院校的录取通知。更重要的是，它教会我以不同的方式思考，突破固有框架，将不确定性转化为有意义的创造。"

Angel则收到包括伦敦大学学院艺术与科技专业、媒体专业在内的多所名校录取通知，她对此也满怀感激。"在YWAD，我不断挑战自我、突破极限。老师们不仅指导我掌握新的技法，更鼓励我大胆尝试丰富多样的艺术媒介。他们的支持以我未曾预料的方式，进一步加深了我对艺术的热爱。"

"每位学生的成长轨迹各不相同，但我们坚信所有学生都各具天赋。"刘一说，"我们的角色就是成为他们的支持者、教练和引路人，协助他们找到属于自己的成功之路。"

SEEDS FOR TOMORROW：
未来种子：

Beyond the Classroom, Building Future-Ready Competencies
超越课堂，锻造未来胜任力

If CUGO serves as the compass, then Seeds for Tomorrow acts as the engine. Dr Christopher Hurley, Director of Science & Technology, explained that the Seeds for Tomorrow initiative, enables students to take part in immersive opportunities such as Oxford Labs, Architecture Studio, Entrepreneurship Incubator, the Medical Immersion Programme, the Underwater Robotics Challenge, and many more. These programmes guide students to dream big and take tangible steps to make those dreams come true.

For example, last year, The Planetary Science Pathway Programme enabled students to work with professors and postdoctoral researchers from The University of Hong Kong and Sun Yat-sen University. Students mastered the background theories, mathematic models, and programming skills required to solve special problems and collect critical data for their research. All the research findings have been submitted for possible publication in high-impact, international journal.

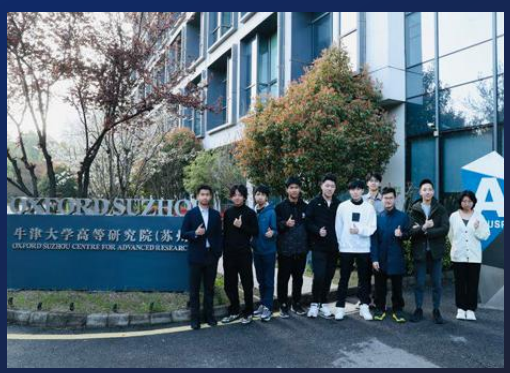

如果说CUGO是指南针，那么EdFutures（未来教育）则是引擎。未来教育主管兼学科总监贺启思博士介绍说，EdFutures的“未来种子”计划，让学生能够参与众多沉浸课程，比如牛津实验室、建筑工作室、创业孵化器、医学沉浸式项目、水下机器人挑战赛等等，引导学生勇敢追梦，并采取切实措施让梦想成真。

比如去年的行星科学研究项目，通过与香港大学和中山大学的教授及博士后研究员合作，学生们逐步掌握了背景理论、数学建模和编程技能，以解决特殊难题并为他们的研究采集关键数据。目前所有研究成果均已提交至国际高影响力期刊等待发表。

The upcoming annual TEDx event is an experience that challenges young people to dream big about the world and its future. Tackling challenges from diverse fields, students develop exceptional language, communication, and presentation skills.

Dr Chan praised, "It is gratifying to see how the Seeds for Tomorrow initiative has empowered our students. By providing the intellectual breadth and depth that top-tier universities demand, these initiatives have allowed our students to stand out in an increasingly competitive global landscape."luded.

Amos from YCIS Hong Kong has received offers from both Harvard and Stanford for Environmental Engineering. Having developed his passion and research interests through the ecological programme, Amos is committed to utilising engineering and technology to provide sustainable energy for resource-scarce regions worldwide.

From the Infant and Toddler Learning Programme through to Year 13 graduation, Amos powerfully demonstrates the impact of a continuous and consistent educational pathway in YCIS. Amos describes it as "Holistic, Collaborative, and Growth-oriented." He credits his participation in school programmes for teaching him to find his voice and embrace servant leadership, skills that now define his path toward a future in sustainable engineering.

Helena from YCIS Beijing, has gained admission to Yonsei University, which has a top medical school in the Republic of Korea, by participating in the medical immersion programme and leveraging this in her university applications.

Recently, out of 60 teams, the YCYW team got the overall third place in HackMIT China 2026 and qualified for the MIT Global Finals in the United States.

还有即将开幕的一年一度的TEDx，激励学生胸怀远大理想，积极思考世界及未来。学生们直面来自不同领域的挑战，在此过程中培养其卓越的语言表达、沟通技巧与演讲能力。

陈博士认为："未来种子项目显著提升了学生的核心竞争力，通过提供顶尖高校所要求的学术广度与深度，能够帮助学生在日益激烈的全球竞争中脱颖而出。"

来自香港耀中的Amos同时获得哈佛大学与斯坦福大学环境工程专业录取。正是在此前的生态项目中，Amos发现了自己对环境工程的兴趣，并立志于通过工程与技术，帮助全世界资源匮乏地区获得可持续能源。

从六个月大就读耀中的婴幼儿学习课程直到中学十三年级，Amos在耀中完成了连续、完整且个性化的教育旅程，Amos形容其为"全人、协作、成长导向"。他感谢耀中的经历教会了他如何表达、如何倾听、如何与团队共创，这些技能，如今定义了他通往可持续工程领域的未来之路。

来自北京耀中的Helena，通过参与医学沉浸项目并将其写入大学申请材料，成功获得韩国顶尖医学院延世大学的录取通知。

还有一个好消息！在近期于中国香港举办的2026年HackMIT中国赛区大赛中，耀中耀华团队从60支参赛队伍中脱颖而出，荣获全国第三名，并成功晋级。接下来他们将赴美国麻省理工学院参加全球总决赛。

We don't believe our young people should be merely future-ready, they should be future-drivers, actively creating and innovating together for a better tomorrow,

我们坚信年轻人不应只是为未来做准备，而应成为未来的驱动者，积极创新，为更美好的明天共同努力。

Dr Hurley concluded 贺启思博士总结说

YCIS YWIES | *Alumni For Life*
YEW CHUNG YEW WAH ALUMNI AND FRIENDS

Congratulations from the Yew Chung Yew Wah Alumni Community!
来自耀中耀华校友网络的祝贺！

Dear Graduates,

Congratulations, Class of 2026! 恭喜你们，2026 届毕业生！

You have successfully navigated unprecedented challenges with determination and compassion. And now, welcome to the Yew Chung Yew Wah Alumni Community! You can join thousands of alumni worldwide, ready to embrace the future together. Whether you are taking your next step in your studies or trying something entirely new, our network is here for you – for advice, encouragement, and celebration along the way.
你们以坚定的信念与关怀之心，成功走过了这段充满前所未有挑战的旅程。现在，我们也诚挚欢迎你们加入耀中耀华校友网络！从这一刻起，你们将与遍布世界各地的数千名校友连结同行，一起迎向未来。无论你们下一步是继续深造，还是尝试全新的方向，我们的校友网络都会在这里支持你们——为你们提供建议、鼓励，并与你们一同庆祝人生路上的每一个重要时刻。

To help you get involved, here are a few simple ways:
为了帮助你们更快融入校友社区，以下是几种简单的参与方式：

STAY CONNECTED 保持联系

Follow us on Facebook (**@ycywedu**) and Instagram (**@ycywedu** & **@ycywalumni**) and subscribe to our WeChat account (**YCYWAlumni**) for news and good vibes.
欢迎关注我们的 Facebook(**@ycywedu**)、Instagram(**@ycywedu** 及 **@ycywalumni**)，以及微信公众号(**YCYWAlumni**)，获取最新消息与满满正能量。

BE INFORMED 掌握资讯

Subscribe to our alumni e-newsletter to keep up with campus news, alumni achievements, and upcoming events.
订阅校友电子通讯，了解校园动态、校友成就及最新活动资讯。

GET INVOLVED 积极参与

Attend alumni gatherings or volunteer services to connect with fellow alumni of Yew Chung and Yew Wah across the globe.
欢迎参加校友聚会或志愿服务活动，与全球各地的耀中耀华校友建立联系、交流互助。

Meanwhile, we encourage you to scan the QR code and complete your registration to join the alumni community today! This will keep you updated with exciting alumni news, exclusive event invitations, and future opportunities, ensuring you remain connected with the Yew Chung Yew Wah Alumni Community, no matter where life leads you. Your journey with us continues!
与此同时，我们也诚邀您扫描二维码，完成注册，今天就正式加入耀中耀华校友网络！完成注册后，您将持续收到精彩的校友资讯、专属活动邀请及未来发展机会。无论人生将带您去往何方，您都能始终与耀中耀华校友社区保持联系。我们的旅程，将从此继续展开！

As always, we are just an email away. Please reach out to us at alumni@ycyw.com – we'd love to hear from you.
一如既往，我们随时欢迎您的来信。如有任何想法或问题，请发送邮件至 alumni@ycyw.com 与我们联系——我们非常期待收到您的消息。

Once again, welcome to our alumni network! We are so excited to walk this next chapter with you.
再次欢迎您加入耀中耀华校友网络！我们非常期待与您一同开启人生的下一个精彩篇章。

Yours sincerely,
此致
敬礼！

Jane Tam 谭佩雅
Director of Institutional Advancement (Greater Bay Area) and Alumni Engagement
教育资源拓展（大湾区）兼校友关系总监

Rachel Zhao 赵秋婉
Director of Institutional Advancement (Northern and Eastern China)
教育资源拓展（华北华东）总监

Distinguished Alumna 卓越校友:

Congratulations to Michel Mak for winning the Gold Award
恭贺凤凰卫视主播麦景榕获商业新闻金奖

Ms Michel Mak, a Class of 2012 alumna of YCIS Hong Kong, holds an LLB from The University of Hong Kong and an LLM in International Arbitration (with Distinction) from Queen Mary University of London. She gained early professional experience at leading international law firms and secured a two-year trainee solicitor contract. She later made a decisive transition into journalism and joined Phoenix TV Hong Kong Channel, where she is now an anchor and reporter. She hosts Hong Kong New Perspectives, a programme focusing on technology and social issues.

Bringing a distinctive blend of "tech foresight+in-depth reporting" to her work, Ms Mak maintains three non-negotiable principles even under tight deadlines: factual accuracy,contextual depth, and audience relevance. Her episode "The AI Art Shift", won Silver Award in the Best Business Technology News Reporting (Video and Audio) at the 9th Hang Seng University of Hong Kong Business Journalism Awards.

This year, Ms Mak's episode "The IP Craze" won the Gold Award in the Best Business News Series Reporting (Video and Audio) at the 10th Hang Seng University of Hong Kong Business Journalism Awards.

香港耀中2012届校友麦景榕女士，拥有香港大学法学学士及伦敦大学玛丽女王学院国际仲裁法学硕士学术背景，曾在多家国际顶尖律师事务所累积实务经验，并获得为期两年的见习律师合约。其后，她选择从法律专业转向传媒行业，加入凤凰卫视香港台，现为主播与记者，主持时事评论节目《香港新视点》，长期聚焦科技与社会议题。

麦景榕女士以“技术前瞻+深度报道”的个人风格切入公共议题：在截稿压力之下仍坚持事实准确、脉络完整与观众相关性三项底线。其专题作品《AI艺术变革》，荣获2025年第九届香港恒生大学商业新闻奖“最佳商业科技新闻报道(视听)”银奖。

今年，麦景榕女士专题作品《IP“疯”潮》获得第十届香港恒生大学商业新闻奖“最佳商业新闻系列报道奖”（影像及声音组）金奖。

麦景榕上台分享获奖感言

In May, Phoenix therefore interviewed Ms Mak to share her insights and reflections on winning the award two years in a row. Below is the full transcript of the interview (Chinese only) :

5月，麦景榕女士接受凤凰名人馆专访，分享她连续两年获奖背后的心得体会，以下是采访全文：

主持人　麦景榕女士

去年您以《AI艺术变革》斩获银奖，当时得奖后，是倍感压力还是收获满满动力？是否有过今年要冲击金奖的想法？

去年的银奖带给我的，是一种更严谨的自我要求——它提醒我，作品要对得起观众的信任与团队的付出。

我从未想过要冲金——当新闻以得奖为目标，便容易偏离追求真相的本质。**对我而言，真正重要的，是在每一个议题中抽丝剥茧，替观众梳理脉络，厘清真相。因为新闻的意义，不在掌声，而在启发。**

今年凭《IP“疯”潮》一举拿下金奖，连续两年获奖，此次更是实现从银奖到金奖的跨越，回望这一年，有怎样的心路历程？

这一年经历很多，高低起伏都成为养分，让我成为更好的自己。从法律跨界新闻，本来就充满挑战，但 “everything adds up”，每一次磨练都在积累经验。有幸遇见了许多优秀的前辈、挚友与并肩作战的同事，在每天的工作与学习里，探索生命中对真理的追求与坚持，我也不断成长与突破。今天的金奖，是凤凰三年栽培与团队合力的成果。

可否和我们分享一下这次上台领奖和发言的心情与感想？

上台领奖那一刻，很意外，也很激动。这是我加入凤凰卫视香港台后获得的第二个新闻专题奖，意义非凡。更巧的是，**今年正值凤凰卫视三十周年，我把它视为一份生日礼物。它提醒我，继续以凤凰的专业视角与国际宏观视野剖析当下每一个现象——这正是我希望带给观众的、兼具深度与前瞻性的报道。**

麦景榕（中）与香港台副台长卓丽雯（左）与香港台助理总监丘丽华（右）合影

当初是如何想到并锁定《IP“疯”潮》这个选题？此次节目从前期筹备到最终定题，是如何规划推进？

题源于前辈的提议，团队反复推敲切入点，力求兼具故事张力与产业深度，诠释 IP 不只是商品，更是文化与经济交织而成的时代缩影。**香港的 IP 产业链层次分明，节目聚焦明星效应与盲盒热销推动下掀起的公仔热潮，从市场现象切入，延伸至产业链与知识产权层面。**

《IP“疯”潮》

我们通过探访潮玩爱好者、玩具店店主、IP大型特展代表等不同人物，拼凑出完整的产业版图，让观众不只看见 IP “疯潮”，更读懂热潮背后的商业逻辑与布局。同时我们特邀全港顶尖 IP 知识产权律所合伙人，从专业法律视角拆解 IP 行业的风险与机遇。

对比去年《AI艺术变革》和今年《IP“疯”潮》这两部获奖作品在制作上最大的差异是什么？今年的作品是否比往年更成熟或是做出了全新尝试与突破？

相比《AI艺术变革》，今年的作品更为立体，也在采访手法上作出更大胆的尝试。我们走进本地商店实地暗访，直击市场上疑似侵权使用IP的灰色地带，让镜头呈现制度与现实之间的落差。若说突破，是**我开始更自觉地融合产业、法律与宏观经济视角，使报道不止于现象**。不过我始终相信，每一部得奖作品，都仍有进步空间。

《香港新视点》连续两年斩获本地重量奖项，是否足以证明栏目深受观众认可，同时获得业界高度肯定？

此次作品评审给予了“结构完整，论证清晰，具高度说服力”的高度评价，这份专业认可对我们香港台意义深远。同时连续两年获奖，也是对《香港新视点》整个团队的最好肯定。随着香港台于本地免费电视85频道开播满两周年，**《香港新视点》的影响力亦逐步扩大，不仅在香港及大湾区建立稳定观众群，在东南亚地区也累积了持续关注与支持。**我期望节目在既有基础上不断创新，成为凤凰一个更具辨识度的新亮点。

凤凰卫视香港台节目《香港新视点》

从法律“跨界”加入凤凰投身新闻，入行初期是否经历迷茫摸索的适应阶段？连续获奖的亮眼成绩背后，法律背景为您带来了哪些独特视角？

从法律“跨界”加入凤凰投身新闻，这段过程是一次“重新对焦”。**在我看来，法律与新闻的核心非常相近——法律追求的是“正义”，新闻追求的是“真相”——我们都在建构社会的价值。**

扎实的法学基础让我更重视证据与逻辑，也习惯在复杂议题中厘清权责。这在处理IP与AI等涉及知识产权与私隐保障的议题时，给了我独特的分析优势，让我不仅看到表面，更能深入呈现其背后的法律框架与风险所在。

凤凰的平台资源与团队支持，为您的跨界成长及内容创作提供了哪些助力？

大事发生看凤凰！未了解凤凰前，于我来说就以为是一句口号。不过就在这三年间，我主持凤凰香港台新闻，跟在俄罗斯战场最前线的战地记者卢宇光连线，跟在伊朗阵前的记者李睿对话，跟采访美国总统大选的9路记者交谈……

我深刻理解到“大事发生看凤凰”是以前线记者的血汗与泪水交织出来的结果，很荣幸这里是我传媒生涯的起点。**凤凰带给我的，不仅是舞台，更是视野，让我学会从更大的格局审视社会上的每一个现象。**

连续两年成功斩获大奖，未来是否还有想要冲击奖项的目标？同时，连续两年的获奖经历，是否会给您未来的创作带来压力和负担？

相比冲击奖项，我更珍惜每一次采访本身的历程。从法律转向新闻，我选择的是一条真正热爱、也愿意长久投入的道路。连续获奖带来的是一份提醒——提醒我要守住“求真”的初心。对我而言，**奖项不是终点，而是一种责任与动力；**我会把这份认可转化为持续深耕内容的热忱，专注国际时事报道，用心打磨每一集新闻专题。

连续两届载誉，麦景榕依旧保持踏实严谨的创作本心，洞察社会百态、还原事实本真。这份赤诚，亦是凤凰卫视三十年的缩影，从参与全球大事的记录，到深度剖析时代变局，凤凰始终“在现场”，以多维视角记录社会冷暖，以专业记录传递真实声音。

麦景榕工作照

From YCIS to the British Bar
从耀中到英国大律师

For many people, becoming a practising barrister in the UK might seem like a clear and direct path. For YCIS alumnus Mr Eugene Tang, however, the legal profession was not the career that he had expected to follow. Now practising law in London, he began in a very different field, studying psychology and neuroscience, and later pursued clinical neuroscience. Only after time, reflection, and experience did he gradually realise that scientific research was not right for him, and that law was what truly interested him.

Having studied at different YCIS campuses, Eugene grew up in a learning environment shaped by diversity, openness, and cultural exchange. Those early years enabled him to understand people from various backgrounds and view the world from different perspectives. He later moved to Canada to study at the University of Toronto, where he graduated with a double major in Psychology and Neuroscience. Looking back on these experiences, Eugene does not regard those choices as a detour from law, but as an important part of the person and professional he has become. In many ways, those seemingly unrelated studies helped shape the way he thinks, communicates, and carries himself in court today.

As a practising barrister, Eugene's career is both demanding and ever-changing. Court days often begin early, and require travel to courts across the UK. After several hours of hearings, he must still finish the paperwork, organise his notes, and prepare for the next day's cases. Yet for Eugene, the profession involves much more than solid legal knowledge. In his view, being a good barrister requires an understanding of people— knowing how to interact with witnesses, respond to judges, and engage with opposing counsel with clarity and composure.

在很多人眼中，成为一名英国执业大律师，往往意味着一条清晰而直接的道路。但对耀中校友邓云峻先生来说，法律并不是一开始就注定的方向。如今在伦敦执业的他，最初学习的是心理学与神经科学，后来又在伦敦继续攻读临床神经科学。正是在不断学习和探索的过程中，他逐渐意识到，科学研究并非自己真正的志趣所在，而法律才是真正吸引他的领域。

云峻曾在耀中不同校区学习，这段跨文化的成长经历，让他很早就习惯于在多元环境中观察世界、理解他人。后来，他前往加拿大多伦多大学，完成了心理学与神经科学双专业本科学位。回看这段经历，他并不觉得自己“绕了路”，反而认为，正是这些看似与法律无关的学习，塑造了他今天在法庭上的思维方式与沟通能力。

如今，作为一名英国执业大律师，云峻的工作节奏紧凑而充满变化。出庭的日子通常从清晨开始，他常常需要前往英国各地的法院，花数小时在路上。庭审结束后，还要继续处理文书、整理记录，并为第二天的案件做准备。在他看来，这份职业固然需要扎实的法律知识，但同样重要的，是与人沟通的能力——如何面对证人、法官和对方律师，往往和法律分析本身一样关键。

This is why Eugene particularly values his academic background. Studying psychology and neuroscience not only taught him to analyse complex issues, but also helped him to observe, listen to, and better understand others. Those skills, although developed outside his legal training, have become a natural and important part of his legal practice.

When Eugene reflected on the influence that YCIS has had on him, he spoke about the school's distinctive blend of Chinese and Western cultures. To him, what makes YCIS so special is the way the two traditions come together so naturally within everyday school life. This unique cultural environment not only deepened his identification with Chinese culture, but also helped him to develop a broader international outlook, enabling him to understand and communicate with different communities and cultures.

For students considering a career in the legal profession, Eugene's advice is simple. Do not rush into making decisions too early. Instead, take time to explore what genuinely interests you. He believes that the legal profession benefits greatly from people with different academic backgrounds, life experiences, and ways of thinking. This diversity, he says, brings fresh perspectives and keeps the profession vibrant.

From YCIS campuses, to university classrooms in Canada, and courtrooms in London, Eugene's path has not followed a conventional route. But perhaps that is exactly what makes his story so meaningful. It is a reminder that there is no single formula for success. By staying open,

也正因为如此，他特别珍视早年在人文学科与科学训练中积累的经验。心理学和神经科学不仅培养了他分析问题的能力，更让他更懂得如何观察人、理解人。这些能力后来都自然地延伸到了法律实践中。

谈到耀中对自己的影响，云峻提到最多的是学校独特的中西文化氛围。对他来说，耀中最特别的地方，在于它让东方与西方两种文化在校园里自然相遇、相互理解。这种独特的文化体验，不仅加深了他对中华文化的认同，也帮助他建立起更开阔的国际视野，让他能够更自如地与来自不同背景的人交流、建立联结。

对于有志于进入法律行业的年轻人，云峻建议并不要急于做决定，而是先认真探索自己的兴趣。他相信，法律行业真正需要的，从来不只是单一背景的人才，而是拥有不同经验、多元思维方式的人。正是这些多样性，让法律这份职业始终充满活力。

从耀中的校园，到加拿大的课堂，再到伦敦的法庭，云峻的经历并不遵循一条“标准路径”。但也许正因为如此，他的故事更值得深思：人生不必太早被定义，重要的是在不断探索中，找到真正适合自己的方向。

the younger students today are incredibly confident and expressive. He sums up his YC experience in three words: freedom, energy, and challenge. And it is these experiences that took him from a teenager playing guitar on stage to the person he is today in front of the camera.

最大的感受是：现在的学弟学妹，真的太会表达了。他说，耀中带给他的三个词是：自由、活力、挑战。也正是这些经历，让曾经在舞台上弹吉他的少年，走到了今天的镜头前。

Carving Her Own Path 走出自己的广阔道路：

An Interview with YCIS Alumna Ms Betty Yang
耀中校友杨绿野女士专访

Not everyone starts life from the same place. Yet some people go on to carve out a path entirely their own, despite the challenges.

Ms Betty Yang, a YCIS Hong Kong alumna from the Class of 2010, is such a person. Diagnosed with a severe hearing loss at the age of two, she faced challenges from a very young age. But those experiences also taught her, sooner than most, to respond to the world with focus, determination, and perseverance.

After YCIS, she studied Architecture at Tsinghua University, and then completed a master's degree in Urban Design at the University of Sheffield. After graduating, she built her career at international organisations, including LWK & Partners (HK) Limited, the World Resources Institute (WRI), AECOM (Architecture, Engineering, Consulting, Operations, and Maintenance), and the Chinese University of Hong Kong, while consistently developing a strong and lasting commitment to accessibility and inclusion. She is the founder of Shenzhen Inclusive Green Fields Education Technology Co., Ltd., where she now is dedicated to supporting the mental health and personal growth of youth through the integration of AI and the arts, and promoting disability inclusion and inclusive values in education.

并非每个人的人生，都从相同的起点展开；但总有人在现实的限制中，逐步走出属于自己的广阔道路。

杨绿野，香港耀中2010级校友。2岁时，重度听障为她的成长带来了额外挑战，也让她更早学会以专注、坚定和持续行动回应世界。从耀中的校园出发，她考入清华大学建筑系，后赴英国谢菲尔德大学攻读城市设计硕士。毕业后，她先后在梁黃建築師事務所(LWK)、世界资源研究所、AECOM 以及香港中文大学等国际机构积累专业经验，并长期关注无障碍设计与包容性议题。如今，她创办深圳包容绿境教育科技有限公司，致力于通过“AI+艺术”赋能青少年心理健康与成长，并推动残健融合与包容性理念在教育实践中的落地。

From Feeling "One Step Behind" to Finding Her Voice
从"慢一拍"到主动发声：差异如何成为力量

When Betty speaks about the impact of her hearing loss, she neither emphasises the challenges nor glosses over the issues it has involved. She recalls that she did not become aware of being "different" from others until she had entered secondary school. As academic demands increased and social interactions became more frequent, she found herself increasingly conscious that her responses to sounds were often a bit slower than those of her peers. In group conversations, she had difficulties keeping up. When topics switched quickly, she would sometimes respond with a polite, half-understanding smile to ease the awkwardness. That subtle sense of distance was something many others might never have noticed.

Yet after that initial sense of estrangement, she did not passively accept her situation. Instead, she gradually learned to see her difference in a new light.

"I came to appreciate the concentration that hearing loss gave me, and its natural ability to filter out external noise," she said. In her view, hearing loss is not simply a challenge. In some ways, it also helped shield her from distractions, allowing her inner world to remain clearer and more focused, making her less easily swayed by the opinions of others.

More importantly, she transformed what might have seemed like a disadvantage into a source of inner drive. She consciously pushed herself to step into more public spaces; to engage more actively in social settings; and to seek opportunities to speak and to present on different platforms. For her, this was not only about improving her communication skills. It was also about challenging assumptions of silence, becoming more visible, and opening up new possibilities through connections.

"Hearing loss is no longer simply a reason for others to sympathise with me or to admire me. It has become a way for me to show that even in highly chaotic and constrained circumstances, people can still find systematic ways to solve problems."

谈及听障带来的影响，绿野并没有刻意放大苦难，也没有回避其中的真实不便。她坦言，真正强烈意识到"自己和别人不一样"，是在进入中学之后。随着课程难度增加、群体社交变得更频繁，她开始明显感受到，自己的听力反应总比别人慢一拍。多人对话时，往往很难跟上交流节奏；面对快速切换的话题，她常常只能带着似懂非懂的微笑来缓解尴尬。那种微妙的隔阂感，是旁人未必看得见的。

但在经历最初的失落之后，她没有停留在"被动承受"的位置上，而是慢慢学会重新理解这份差异。

"我开始接纳听障带来的专注力，和它帮助我过滤外部杂音的天然作用。"在她看来，听障并不仅仅意味着障碍，它也在某种程度上帮助她减少了环境噪音的干扰，让内心世界保持一种更纯净、更专注的状态，不那么容易被外界评价所牵动。

更重要的是，她逐渐把这份"被动劣势"转化为一种"内驱力"。她开始有意识地训练自己走向更多公共场合，主动参与社交，争取在不同平台上发言与演讲。对她而言，这不仅是为了提升沟通能力，也是为了打破"沉默"的刻板印象，让自己被更多人看见，并通过建立链接获得更多机会。

"听障不再只是别人同情或敬佩的理由，而是让我证明：即使在极度混乱和受限的条件下，人依然可以找到系统性的方法去解决问题。"

Learning to Adapt at YCIS — and to Build Confidence Through Difference
在耀中学会适应，也学会在差异中建立自信

The challenges of her early years taught Betty how to come to terms with herself, and her time at YCIS Hong Kong helped her understand more deeply how to connect with the world through difference.

The three years she studied at YCIS Hong Kong marked an important turning point. For Betty, the greatest challenge was not the hearing loss alone, but the many kinds of adjustment involved in moving from the familiar public-school system in the Chinese mainland to an international school environment. She had to transition from a Chinese-speaking school environment to an English-speaking one; and from an exam-oriented model of learning to a curriculum that placed much greater emphasis on critical thinking, collaboration, and self-expression. At the same time, she had adapted to an entirely new social circle and cultural context. It was by no means easy. She recalls that it took her about a term to gradually settle into the new rhythms of school and daily life.

The support that Betty received at YCIS Hong Kong enabled her to experience the true power of inclusive education. She was able to receive timely guidance whenever she encountered academic or social difficulties because of the school's strong pastoral care system, academic support beyond the classroom, and the individual attention that was possible because of the smaller class sizes. In addition, her teachers' encouragement and the school's emphasis on process over results helped her build confidence as she adjusted.

Looking back, Betty appreciates the values of the Hong Kong SAR education system, and of those of YCIS in particular. In her view, one of YCIS's greatest strengths is that it not only teaches students to look outward, but also encourages them to reflect on who they are within the multicultural context. For Betty, this sense of self-identity was never abstract; it became the foundation for everything that followed. Only when people truly understand who they are, can they face differences without becoming defensive or conforming. They can thus maintain composure while remaining open and develop genuine empathy. This also became a core factor driving her later advocacy for accessibility and inclusion.

如果说，成长早期的挑战让绿野学会了如何面对自己，那么进入香港耀中，则让她开始更深刻地理解：一个人如何在差异中与世界建立连接。

她在香港耀中就读的三年，是她人生中一段重要的转折期。对她而言，最大的挑战并不是听障本身，而是从熟悉的内地公立学校体系，转入国际学校之后所面临的多重适应：从中文环境切换到英文环境，从应试导向的学习方式进入更强调批判性思维、合作与表达的课程体系，同时也要面对新的社交圈和文化语境。这并不是一件轻松的事。她回忆，自己大约用了一个学期，才逐渐适应新的学习和生活节奏。

而正是在这个过程中，耀中提供的支持让她感受到了包容性教育的真正力量。无论是完善的社工支持和课外学习支持，还是小班制教学带来的细致关注和个性化引导，都让她在遇到学习与社交困惑时，能够及时获得支持与指引。与此同时，老师们鼓励式的教学风格，以及“重视过程多于结果”的氛围，也让她在适应期里建立起越来越多的信心和勇气。

回看这段经历时，绿野格外认同香港教育、尤其是耀中教育环境所带来的价值。在她看来，耀中尤为珍贵的一点，是它不仅教学生“向外看”，也帮助学生在多元文化中思考“我是谁”。对绿野而言，这种自我认同感并不是抽象的概念，而是后来一切能力的基础。只有当一个人真正知道自己是谁，面对差异时才不会轻易陷入防御或盲从，才能在开放中保持定力，并发展出真正的同理心。这也成为她后来推动无障碍与包容性议题时，最核心的内在驱动力之一。

From Drawing to Architecture: Choosing Not Just a Discipline, but a Way of Seeing the World
从画笔到建筑：她选择的不只是专业，更是一种理解世界的方式

After graduating from YCIS, Betty studied Architecture at Tsinghua University, and later completed a master's degree in Urban Design at the University of Sheffield in the United Kingdom. Architecture and cities became not only a way for her to understand the world, but also a way to shape it.

Looking back, the roots of that choice lay in her earlier experiences. As a child, before the hearing loss had limited her development of fluent listening and speaking skills, she had picked up a paintbrush and began using images to express what she saw through visuals and images. Drawing satisfied her strong desire to communicate, and subtly cultivated her aesthetic sense, observational skills, and creativity. Her parents' support was equally important: they consciously encouraged her interest in art. They enrolled her in weekend classes and took her travelling, giving her opportunities to experience different places and absorb impressions from diverse spaces and landscapes, and thereby enhanced her power of observation.

When it came time to choose a university major, architecture became a natural extension, influenced in part by her father's background and his PhD in civil engineering. In her eyes, architecture is the discipline that brings artistic expression into the realm of space and connects it to real-world issues. Architecture demands both sensitivity and rationality; it is concerned with both form and function; and it shapes physical environments while responding to wider social needs.

On a broader scale, urban design expanded her field of vision even further. She was no longer thinking only about individual buildings, but about more complex questions: climate change, population growth, resource allocation, wealth inequality, and how different groups of people can share spaces and opportunities within the same city.

It was also through this process that her interest in accessibility and inclusion evolved from something personal into a clear professional commitment. For Betty, design is never simply about making spaces more beautiful or more efficient. More fundamentally, it concerns who is considered in the design process and who is inadvertently excluded.

从耀中毕业后，绿野考入清华大学建筑系，后来又赴英国谢菲尔德大学攻读城市设计硕士。建筑与城市，成为她理解世界、参与世界的一种方式。

回看当初的专业选择，答案其实埋藏在更早的成长经历里。小时候，因为听障，她尚未完全建立起流利的听说表达能力，便早早拿起画笔，用视觉和图像去表达自己看到的事物。画画满足了她强烈的表达欲，也在潜移默化中培养了她的审美、观察力和创意能力。父母的支持也很关键——他们有意识地培养她的绘画兴趣，在报周末兴趣班之余亦带她旅行、看世界，让她在不同的空间和风景中积累感受，亦提升了观察力。

到了选择大学专业时，受到拥有土木博士背景的父亲影响，建筑设计成为一个非常自然的延伸。在她看来，建筑正是把艺术表达带入空间维度、并与现实问题发生连接的学科。它既需要感性，也需要理性；既关乎形式，也关乎功能；既塑造实体空间，也回应社会问题。

而在更宏大的尺度上，城市设计进一步拓展了她的关注范围。她不再局限于建筑本身，而开始思考更复杂的议题：气候变化、人口增长、资源分配、贫富差距，以及不同人群如何在同一座城市中共享空间与机会。

也正是在这一过程中，她对无障碍设计和包容性议题的关注，逐渐从个人经验出发，升华为一种专业自觉。对她来说，设计从来不只是“让空间更好看”或“更高效”，更重要的是：谁被纳入设计的考量，谁又在不经意间被排除在外。

From Personal Experience to Public Action: Rethinking What Inclusion Really Means
从个人经验到公共行动：她想推动的，是更深层的“包容”

After graduation, Betty worked at international organisations such as LWK & Partners (HK) Limited, the World Resources Institute (WRI), and AECOM, gaining substantial professional experience in Shenzhen, Beijing, Hong Kong SAR, and other cross-cultural settings. Moving between different cities, systems, and working environments further shaped the perspectives and judgement she brings to her work today.

毕业后，绿野先后在梁黄顾建筑师事务所（LWK）、世界资源研究所（WRI）、AECOM 等国际机构工作，在深圳、北京、香港及其他跨文化环境中积累了丰富的专业经验。不同城市、不同制度与工作语境的切换，也进一步塑造了她今天的视野与判断。

And yet, all of these experiences ultimately point to the same question that has long occupied her. What is true inclusion?

而所有这些经历，最终都指向她长期关注的核心问题：什么是真正的包容？

In Betty’s view, true inclusion is not about creating a separate space for so-called “special groups”, nor is it about lowering standards out of goodwill. Rather, it requires a systemic rethinking: questioning assumptions, designing proactively in ways that embrace differences, and achieving relationships of equality and co-creation. It is not only about accessibility in the physical sense, but also about acceptance and respect in psychological and social spaces.

在绿野看来，真正的包容，并不是为所谓“特殊群体”开辟一块例外空间，更不是出于善意而降低标准。它应当是一种系统性的重构：在认知上摒弃想当然的假设，在设计上践行主动反向包容，在关系上实现平视与共建。它关乎的，不仅是物理空间中的无障碍，更是精神空间中的接纳与尊重。

“Compared with physical space, psychological space needs even more attention,” she noted. In an era of rapid technological development, tools and infrastructure certainly matter. But just as important is how we can preserve human warmth, and how we can promote fuller inclusion through policies, education, public participation, cultural expression, and professional opportunities. In her view, that is the true mark of a mature society.

“相比实体空间，心理空间更需要被关注。”她说。在科技迅速发展的时代，硬件与工具固然重要，但如何保留人文温度、如何在政策、教育、公众参与、文化表达和职业机会等层面推动更全面的包容，才是一个社会真正成熟的标志。

Becoming a “Barrier Breaker”: Opening Up Possibilities for Herself and Others
做一个“破壁者”：为自己，也为更多人打开可能

而当被问到，希望别人如何理解“杨绿野”这个名字时，她的回答很有力量：她希望人们看到的，不只是一位无障碍倡导者，更是一位“破壁者”。在她看来，“绿野”意味着生机，这个名字所代表的，是一种在看似荒芜之处依然开辟路径的生命力——不仅是对个人未来的期待，也是她为更多包括听障群体在内的残障群体争取“被看见、被接纳”的行动宣言。

When asked how she hopes others will understand the name Betty Yang, her answer is a powerful one. She hopes people will see not only an advocate for accessibility, but also a “barrier breaker”. To her, that means someone who continues to forge a path even where the landscape appears barren — not only for herself, but also for greater visibility, acceptance and possibility for more people with disabilities, including the hard of hearing community.

When asked how she hopes others will understand the name Betty Yang, her answer is a powerful one. She hopes people will see not only an advocate for accessibility, but also a “barrier breaker”. To her, that means someone who continues to forge a path even where the landscape appears barren — not only for herself, but also for greater visibility, acceptance and possibility for more people with disabilities, including the hard of hearing community.

At the end of the interview, she offered a message to younger students — brief, but full of weight:

“Do not drift with the tide for purely utilitarian reasons. Hold on to independent thinking. Learn to filter out the anxiety created by the constant flow of outside information, and protect your rare capacity for deep focus.”

And perhaps that is exactly how Betty has carved her own path.

采访的最后，绿野给学弟学妹留下一句简洁却很有分量的寄语：

“不要因为功利目的而随波逐流，要坚持独立思考，学会排除外界信息流带来的焦虑干扰，保护好稀缺的专注力。”

而这，也正是她走出自己广阔道路的方式。

YCIS Career Day Panel: Where Uncertainty Meets Opportunity
直面变化，拥抱可能：上海耀中“职业日”引领学子探索无界未来

On the afternoon of 3 April, YCIS Shanghai welcomed an exceptional panel of alumni and other guests for this year's Career Day. Upper Secondary students, parents, teachers, and staff members gathered to hear real stories about careers that have not followed traditional, linear paths—and to explore the human skills that now matter more than ever.

4月3日下午，上海耀中举办了一场富有启发的“职业日”分享会，邀请多位耀中校友及嘉宾参与座谈。上海耀中高中学生、家长和教职员工齐聚一堂，聆听嘉宾讲述关于不走传统直线式职业道路的真实故事，并深入探讨那些比以往更加重要的人的核心技能。

主持人 Moderator:
Mr Jialang Woo (Class of 2011), President of the YCYW Shanghai Alumni Council & Vice President at iFengPai (Wittenberg University)

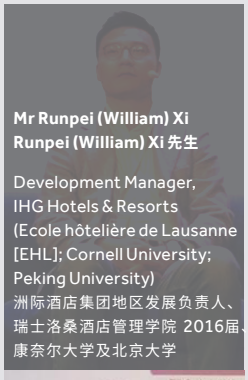

Jialang Woo先生（2011届），耀中耀华上海校友会会长、爱锋派副总裁、威腾堡大学

嘉宾 Panellists:

Mr Martin Su (Class of 2021)
Martin Su先生(2021届)

Content Creator
(New York University 2025)
内容创作者、纽约大学

Mr Runpei (William) Xi
Runpei (William) Xi 先生

Development Manager, IHG Hotels & Resorts
(Ecole hôtelière de Lausanne [EHL]; Cornell University; Peking University)
洲际酒店集团地区发展负责人、瑞士洛桑酒店管理学院 2016届、康奈尔大学及北京大学

Ms Carmen Tong (Class of 2007)
Carmen Tong女士(2007届)

CEO, UbiCube Consulting
(University of Toronto; University of Birmingham)
优全方市场咨询创始人、多伦多大学、伯明翰大学

Ms Qianyao (Catherine) Shao
Qianyao(Catherine) Shao女士

Graduate Scheme, Moncler Group (EHL 2025)
盟可睐集团Moncler、瑞士洛桑酒店管理学院2025届

Ms Jenny Yu (Class of 2016)
Jenny Yu女士(2016届)

Co-Founder, JE&JO Italian Pasta Bistro
(Bocconi University; Columbia JE&JO
联合创始人、博科尼大学、哥伦比亚大学

A Wide-Ranging Discussion on the Future of Work

The panellists discussed a rich variety of topics. They shared personal stories about non-linear career journeys in real estate, hospitality, content creation, and entrepreneurship. They also delved into the growing impact of AI across industries; the enduring value of human judgment and emotional intelligence; and the importance of following one's passion rather than chasing a predetermined path. A common theme emerged during the conversations: adaptability, curiosity and genuine human connections are becoming the most valuable assets for any career.

An Interactive and Thought-Provoking Q&A

What truly set this Career Day apart was the lively interaction between students and panellists. The students came well prepared. They had researched the speakers in advance on LinkedIn, and asked thoughtful, in-depth questions during a lively Q&A session. Ayaan asked Ms Carmen Tong about the importance of market research to her consulting business, while Chevy asked Mr Martin Su about his transition from studying Broadcast Journalism and Media Culture & Communication to becoming a full-time content creator. Other questions focused on the hospitality industry, and the most important skills learned at university.

At the end of the event, a student asked Mr Martin Su:"As an influencer, are there any special tactics that you use to gain followers?" The question prompted laughter, and Mr Su gave a candid, insightful response, emphasising sincerity and finding one's own niche. The panellists answered all the questions with honesty and humour, creating a dialogue that felt like a genuine conversation between mentors and future leaders.

Non-Linear Paths & Human Skills

Nearly every speaker shared a common understanding: You don't have to end up where you started. Ms Jenny Yu studied economics, art management, and business analytics before opening her pasta bistro. Ms Carmen Tong transitioned from environmental management to commercial real estate and then to running her own branding consultancy. Ms Catherine Shao initially pursued business before realising her passion for lifestyle and hospitality, leading her to EHL and eventually into the luxury industry with Moncler. Mr Jialang Woo sold cars at Tesla, worked in politics and biotech, and now responsible for the resale of iPhones as VP of iFengPai.

"Nothing really goes as planned," Mr Martin Su said, describing his unexpected leap from brand consulting to full-time content creation. "Uncertainty is the only certainty."

关于未来职场的讨论

嘉宾们分享了自己非线性的职业旅程，领域涵盖房地产、酒店管理、内容创作和创业等。他们还探讨了人工智能对各行业的影响、人类判断力与情感连结的持久价值，以及追随内心热情而非执着于预设轨道的重要性。对话中浮现出一个共同主题：适应能力、好奇心以及真实的人际连接，正成为职业生涯中最宝贵的资产。

互动问答环节

学生们提前通过 LinkedIn 了解了每位嘉宾的背景，做足准备，在问答环节中提出了许多富有深度的问题。学生Ayaan向Carmen Tong女士请教市场调研在咨询行业的重要性；而学生Chevy则询问 Martin Su先生，如何从学习媒体文化与传播、广播电视新闻学转型为一名全职内容创作者。其他同学则围绕着酒店管理的核心本质，以及大学期间所学到的最关键技能展开提问。

最后，一名学生向Martin Su先生提问："有没有特别的技巧能成功涨粉？"——问题一出，顿时引来一片笑声。Martin Su先生也给出了坦诚且富有启发的回答，他强调了真诚的重要性，并分享了如何找到属于自己的独特定位。

整场问答环节中，嘉宾们以真诚和幽默回应每个问题，让整场对话更像是前辈与未来领导者之间真诚而深刻的交流。

非线性路径与人的技能

几乎每位嘉宾都分享了一个共同的认知：你最终的归宿，不必是你当初的起点。Jenny Yu女士在开面馆前，曾学习经济学、艺术管理和商业分析。Carmen Tong女士从环境管理转到商业地产，如今创办了自己的咨询公司。Catherine Shao女士最初攻读商科，后来意识到自己对生活方式与酒店管理的热爱，便转入瑞士洛桑酒店管理学院(EHL)深造，毕业后加入奢侈品集团盟可睐。Jialang Woo先生曾在特斯拉卖过车，从事过政治和生物技术相关工作，如今担任爱锋派副总裁，负责二手 iPhone的翻新和销售工作。

Martin Su先生总结说："计划赶不上变化，不确定性是唯一的确定性。"

AI, Adaptability, and the 5C's

As AI reshapes industries, the panellists agreed that certain human abilities cannot be automated. Mr William Xi noted that the hospitality industry, which is rooted in genuine human connections, is "the least likely to be replaced by AI." Ms Jenny Yu encouraged the students to regard AI as a tool, rather than as a threat: learning the fundamentals allows you to think critically even when machines do the coding.

AI、适应能力与 5C 原则

嘉宾们一致认为，某些人类独有的核心能力无法被 AI 取代。William Xi先生指出，酒店服务业最最难被AI取代的领域之一。Jenny Yu女生则鼓励学生将AI 视为工具而非威胁。

In his closing remarks, Mr Jialang Woo offered a framework for students to ponder:
在闭幕词中，Jialang Woo先生向学生提出了一个“**5C核心能力**”框架：

He reminded the students to practice and embrace the above human skills, and turn uncertainty and chance into opportunities for growth.
他提醒学生去磨练上述技能，将不确定性转化为成长机遇。

The Best Advice from the Panel 嘉宾寄语：

Lead with curiosity and confidence. Sometimes the most valuable outcomes are not about money, but about experience.

以好奇心和自信为指引，最有价值的收获往往在于经验，而非金钱。

Be genuine and sincere, because today's audiences can see right through anything fake.

保持真诚，因为观众能看穿一切虚假。

Stay humble, but take action.

保持谦逊，付诸行动。

Don't let others persuade you away from what you truly enjoy.

不要让别人说服你放弃自己真正热爱的事。

Learning never stops. Long after graduation, the most successful people remain full-time learners.

学习永无止境，最成功的人永远是终身学习者。

As Ms Alison Hung, YCIS Careers and University Guidance Coordinator, noted, "Career Day offers students a great advantage--direct access to alumni who are actively shaping today's industries. Their real-world insights bridge the gap between classroom learning and professional reality, thereby empowering students to make informed, confident choices about their futures."

This integration of academic theory and professional practice stands as a testament to the school's commitment to holistic education. As the event concluded, it was clear that the connections forged today would serve as a vital network, guiding students as they navigate the complexities of tomorrow's workforce.

Special thanks to the Career & University Guidance Office, the Institutional Advancement Office (China), and Ecole hôtelière de Lausanne; for jointly organising this meaningful event.

正如耀中学校职业及升学辅导办公室统筹主任Alison Hung老师所强调：“职业日为学生们提供了难得的优势：直接对话那些正在塑造当今行业的校友。他们来自现实世界的真知灼见，在课堂学习与职业现实之间架起了一座桥梁，从而赋能学生对未来做出知情且自信的选择。”

这种学术理论与职业实践的无缝融合，充分印证了学校对全人教育的坚定承诺。随着活动的圆满落幕，不难预见，今天所缔结的连接将成为一个至关重要的网络，助力学生们在未来从容应对复杂的职场环境。

特别感谢职业与大学指导办公室、教育资源拓展部门，以及瑞士洛桑酒店管理商学院联合主办本次活动。

MORE THAN 不止一种热爱，One Passion,
MORE THAN 不止一条道路One Path

On 15 May, YCIS Chongqing hosted the fourth episode of the Alumni Lecture Series: "Spark the Legacy", and welcomed alumnus Mr Jack Hayley back to his alma mater. The event was jointly organised by the Marketing and Student Recruitment Division of YCIS Chongqing and the Institutional Advancement Office of YCYW.

In a talk titled "Code Meets Music: Finding Your Unique Interdisciplinary Path", Jack shared with students and parents his personal journey of exploring the intersection of computing, music, and creativity.

For the Hayley family, the visit was also a heartfelt homecoming. Jack returned to the campus after many years, accompanied by his parents and his younger brother Nathan. Surrounded by both familiar sights and new developments, the family revisited cherished memories and once again experienced the enduring sense of connection and support of the YCYW community.

5月15日，**重庆耀中**国际学校迎来了第四场"**星火传承**"校友讲座系列活动。本次活动由重庆耀中市场招生部与耀中耀华机构资源拓展办公室联合举办，特别邀请重庆耀中校友Jack Hayley重返母校。

Jack以《代码遇见音乐：找到专属你的跨学科之路》为题，与在校学生和家长分享了自己在计算、音乐与创意交汇处不断探索的成长经历。

对于Jack一家来说，这次返校也是一场充满温情的"回家之旅"。Jack与父母及弟弟Nathan一同回到阔别多年的校园，在熟悉与变化交织之间，重温昔日的校园记忆，也再次感受到耀中耀华社区跨越时间的联结与陪伴。

Jack & Nathan
在耀中的旧照

Starting with interests; forging your own path

During his lecture, Jack explained how he had started with his interests, and gradually found a university direction that truly suited him.He said that he had never had only a single passion. In addition to software development, he had always been deeply interested in music production and sound design. It was precisely this combination of interests that led him to ask an important question: Could he combine his different passions, rather than having to choose one at the expense of the other?

With this in mind, Jack decided to study Computational Media at the Georgia Institute of Technology in the United States. He encouraged the students to think not only about what they are good at when applying to universities, but also about what genuinely interests them, and what kind of environment will allow those interests to flourish over time.

Combining computing and music at the university

To help the students better understand what interdisciplinary learning could look like in practice, Jack shared examples from his own university experience.By combining computing with media and design, he was able to pursue his overlapping interests. He also contributed to software development for projects in robotic musicianship, supporting research and practice at the intersection of music and technology.

While he was at George Institute of Technology, Jack also co-founded a film and multimedia studio, where he serves as Technical Director and contributes to music composition, sound design, and technical production. One of the studio's recent short films was screened at several film festivals and received recognition for its original score and cinematography.

从兴趣出发，走出属于自己的道路

在讲座中，Jack结合自身经历，分享了自己如何从兴趣出发，逐步找到适合自己的大学发展方向。他提到，自己一直以来都不只有单一兴趣。除了软件开发，他同样热爱音乐制作与声音设计。正是这种多元兴趣的并存，让他开始思考：是否能够让不同的热爱彼此连接，而不是相互取舍？

带着这样的思考，Jack选择进入美国佐治亚理工学院计算媒体专业。他鼓励同学们，在申请大学之前，不仅要思考“我擅长什么”，也要认真思考“我真正感兴趣的是什么”，以及“什么样的环境能支持这些兴趣持续发展”。

在大学里，把计算与音乐真正结合起来

为了让同学们更直观地理解跨学科如何落地，Jack分享了在大学阶段的自身经历。他将计算方向与媒体设计方向相结合，参与了机器人音乐项目的软件开发工作，支持音乐与技术交叉领域的研究与实践。

此外，Jack还联合创办了一家影视与多媒体工作室，并担任技术总监，参与音乐创作与声音设计等工作。该工作室近期一部短片作品曾于多个电影节展映，并因原创配乐与摄影获得关注与认可。

More than a lecture: a warm return to campus

Beyond the talk itself, the visit also held many precious memories for the Hayley family. Jack and his family walked around the campus together with the school's teachers, and saw how much the school had developed over the years. They felt both delighted and moved, with many familiar memories coming back to them along the way. During the visit, the family also had the pleasure of unexpectedly reuniting with teachers who had once taught both Jack and Nathan, creating a warm and heartfelt atmosphere.

An alumnus story that inspires future growth

As a YCIS Chongqing alumnus, Jack showed the students that interests can become the starting point for growth, and that an interdisciplinary path can open up meaningful possibilities for the future.From coding to music, Jack's story encouraged the students to explore boldly, stay true to what they love, and shape a path that is distinctly their own.

一次讲座，也是一场温暖的返校重逢

讲座之外，这次返校也承载着Hayley一家许多珍贵的回忆。在老师们的陪同下，Jack与家人一同漫步校园。看到学校这些年来的发展变化，他们既惊喜又感动，许多熟悉的校园记忆也随之浮现。参观途中，一家人还与Jack和Nathan曾经的老师惊喜重逢，现场气氛温暖而亲切。

校友的故事，带来更多成长启发

作为重庆耀中校友，Jack用自己的经历向同学们展示了：兴趣可以成为成长的起点，跨学科可以成为通向未来的一种方式。从代码到音乐，他的分享鼓励同学们勇敢探索、保持热爱，走出属于自己的独特道路。

YWIES Shanghai Lingang 10th Anniversary Alumni Homecoming:
上海耀华临港校区十周年返校日：

Basketball, Frisbee, and Barbecue
篮球、飞盘与烧烤

Youth Never Fades
青春不散场

As the summer breeze swept across Dishui Lake, Shanghai, our much-anticipated Alumni Homecoming successfully concluded!

From the passionate basketball games on the court, to the beautiful arcs of the frisbees on the green field, and finally to the casual conversations over the delicious food at the barbecue... In just one day, we connected the memories of different groups of alumni, making the bond between YWIES graduates and their alma mater even stronger.

夏风拂过滴水湖畔，满载思念的十周年校友返校日圆满收官啦！

当散落全球各地的耀华游子跨越城际奔赴校园，阔别数年的同窗再度相拥，一场以青春为名、以联结为内核的返校大派对，在欢声笑语里落下了温柔的帷幕。

从篮球场上的热血竞技，到绿茵场上飞盘划出的优美弧线，再到烧烤派对上伴着美食的闲话家常……短短一日时光，串联起了数届校友的岁月过往，也让耀华学子与母校的情谊愈发绵长。

Passionate Basketball, Joyful Frisbee, and Cross-Generational Meetings

Alumni strolled around the campus in small groups, stopping by old classrooms and the familiar library, and talking with former teachers they had missed. And during this time, the alumni often reflected on their journeys from naive first-year students to adults with careers.

The sports field was undoubtedly the most vibrant spot of the reunion! Returning to the familiar basketball court, former teammates reunited to play friendly games against current students. Running, passing, jumping... these familiar moves instantly awakened campus memories. There were no harsh competitions about winning or losing here, just the joy of playing side by side. The cheers from the sidelines resonated across transcended generations.

热血篮球，欢乐飞盘，跨代对决

校友们三三两两穿梭在校园各处，驻足曾经上课的教室、常去的图书馆，与熟悉的老师亲切交谈，回望从懵懂入校到远赴海外的成长历程。

而运动场，无疑是本次相聚最沸腾的一隅！重回熟悉的篮球场，昔日队友再度并肩，与在校学子展开了篮球、飞盘友谊赛。奔跑、传球、跳跃……熟悉的动作瞬间唤醒了校园记忆。这里没有严苛的输赢比拼，唯有并肩作战的畅快。赛场边此起彼伏的呐喊助威，是跨越代际的共鸣。

Sunset Barbecue: The "Taste of Home" and Friendly Evening Chats

As the sun set, the dining hall transformed into a cozy gathering place. With the sizzling barbecue and the soothing music, everyone sat around long tables and chatted freely.

Together with the great food, the alumni gathered around their former teachers and old friends, reminiscing about fun stories from their school days and sharing their experiences after graduation. Alumni from different majors and years exchanged ideas and resources in the familiar atmosphere, quietly developing an even tighter alumni network.

落日烧烤：围炉夜话里的“家”味道

落日西垂，餐厅摇身一变，成了温馨的欢聚场。滋滋飘香的烧烤、舒缓悠扬的乐曲，大家围坐长桌自在闲谈。

美食作伴，校友们与师长、老友围坐，细数在校趣事，分享毕业后的见闻与际遇。不同专业、不同届别的校友在熟悉的烟火气中碰撞想法、互通资源，悄然编织起更加紧密的校友社交网络。

Hear What They Have to Say: A Two-Way Journey of YWIES Pride

During this heartwarming gathering, our teachers and alumni shared many touching thoughts:

Western Co-principal Mr Clayton Mullins warmly invited everyone: "To all the alumni out there, I encourage you to come back to the school, and share your stories with us. It's valuable for you, as you can reminisce on all the wonderful moments and memories that you had on our school campus. But also, when you come back, you bless all of us. as we learn from you, and become inspired by your journeys. "

Head of Secondary (Western) Ms Emily Colebourne, who kindly organised this event, shared her feelings: "Through the medium of sport, in this relaxed, familiar, friendly and potentially competitive atmosphere, we had the opportunity to reconnect, to share our recent histories, and hopefully have a lot of fun. As leaders, we get the privilege of seeing our alumni's growth, and learning how they have overcome challenges and experienced success when they might have least expected it. We are so impressed by their maturity. We revel in the connections they have make with our students and are thankful for their contributions to our community."

听听他们怎么说：双向奔赴的耀华情

在这场温馨的聚会中，老师和校友们也留下了许多动人的心声：

外籍校长苗楷堂(Mr Clayton Mullins)先生热情地向大家发出邀请：“我鼓励所有的校友们常回学校看看，重温在校园度过的美好时光；同时，当你们回来时，也在启迪我们，让我们从你们的旅程中汲取灵感和力量。”

外籍中学部主任 Emily Colebourne 老师为这次活动倾注了满满的心血，她感慨道：“在这样轻松、熟悉又充满活力的氛围中，我们有机会重新建立联结，分享彼此近来的故事，尽情欢笑。作为教育者，我们有幸见证校友们的成长——看到你们如何克服挑战，在不经意间收获成功，并被你们的成熟所打动。我们为你们之间建立的联结而欢呼，也深深感谢你们对耀华社区的贡献。”

Alumni from the Class of 2022 also shared their most sincere **"SURVIVAL TIPS"** with the younger students:

Isabella Gong (Class of 2022), who will soon be attending the University of Michigan, Ann Arbor, for her doctoral studies in Dentistry, said: "I would like to say something to all the students in YWIES Shanghai Lingang. First, cherish every second you have in the school, and enjoy your time with your friends and teachers here because time goes faster than you can imagine. Second, make full use of all the resources provided by the school, such as the Careers and University Guidance Office, counselling services, and so on. Those are the resources that will make you more successful in the future."

Stephanie Zhan (Class of 2022), who will soon be attending Harvard University for graduate studies in Immunology, shared her reflections: "It has been many years since I returned to YWIES. I feel there have been many new changes, but also many memories. Many teachers are still here, and this makes me feel that we are a warm family. I want to say to the current students: in the future, if you encounter any opportunities, please do not hesitate. Be brave and try different experiences. If you don't try, you will never know what you are capable of."

Graduation is never the end of our bonds, but a new starting point for alumni connections.

As the sunset cast its glow, the alumni said their goodbyes one by one, carrying the warmth of this reunion as they returned to their own lives. Ten years of youthful glory have passed, and the years ahead are full of promise. The gates of YWIES will always be open for you.

We look forward to our next reunion, and we will continue to write the great stories of YWIES people!

面对学弟学妹，2022届创校校友们也送上了最真诚的**"通关秘籍"**：

即将前往密歇根大学安娜堡分校就读口腔医学博士的公俊元(Isabella Gong)学姐说："我想告诉上海耀华临港校区的学弟学妹们：首先，珍惜在学校的每一秒，尽情享受与朋友、老师在一起的时光，因为时间流逝得比你想象的还要快；其次，一定要充分利用学校提供的所有资源，比如职业及升学辅导办公室和心理咨询服务，这些资源将成为你未来走向成功的坚实后盾。"

即将前往哈佛大学攻读免疫学硕士的廖岳鸣(Stephanie Zhan)学姐则分享了她的感悟："时隔多年回到耀华，感觉有很多新变化，但也有很多回忆，很多老师依然在这里，让我觉得这里永远是一个温暖的大家庭。我想对同学们说：未来如果遇到什么机会，请一定不要犹豫，勇敢去尝试不同的体验。不去尝试，你永远不知道自己能做到什么程度。"

毕业从不是缘分的终点，而是校友联结的新起点。

伴着落日余晖，校友们陆续道别返程，带着重逢的暖意回归各自的生活轨道。十载芳华已落幕，往后岁岁皆可期。耀华的校门永远为你们敞开，期待下一次重逢，我们续写属于耀华人的温暖故事！

Support Us
支持我们

As part of the Yew Chung Education Foundation, you recognise the lasting impact of an education that nurtures both the heart and the mind. This spirit continues to shape the learning journey of our students across YCYW.

With the support of our alumni, parents, and friends, we can continue to create meaningful opportunities for our students. Together, we can strengthen important programmes and enrich school life in ways that make a lasting difference.

作为耀中教育机构的一分子，您深明一种兼顾心灵与思想成长的教育所带来的深远影响。这份精神一直延续，并持续塑造着耀中耀华学生的学习旅程。

在校友、家长及各界友人的支持下，我们得以继续为学生创造更多有意义的机会。让我们携手推动重要项目的发展，丰富校园生活，为学生带来长远而深刻的影响。

THE WAY YOU CAN HELP 您可以这样支持我们

Undesignated Funds 非指定用途基金

Gifts to Undesignated Funds allow us to respond to the areas of greatest need and create the broadest impact across our school community.

捐助非指定用途基金，让我们能够灵活调配资源，回应学校社区最迫切的需要，并发挥最广泛的影响力。

Annual Fund 年度基金

Support for the Annual Fund helps enhance everyday student learning through resources, opportunities, and experiences that contribute to a vibrant school environment.

支持年度基金，有助提升学生的日常学习体验，通过提供资源、机会及多元经历，营造更具活力的校园环境。

Service Learning Scheme 服务学习计划

Contributions to Service Learning Scheme help students engage with the wider community, deepen their understanding of social responsibility, and connect learning with purpose.

支持服务学习计划，帮助学生走进更广阔的社区，加深他们对社会责任的理解，并让学习与实践更紧密连结。
