Contents

Altum 12

Designed to bridge traditional and modern aesthetics, Altum features distinctive bevelled detailing and a refined lever design. Complete the look by pairing with our coordinating Buzz showers (page 20).

Apelo 22

Our Apelo range is a European-inspired design with a gently curving spout, stylish lever handle and substantial body, mixing elegance and practicality. This versatile shape will suit any bathroom environment.

Cruzar 30

Add a timeless industrial feel to your bathroom with the Cruzar range. The linear knurling crosshead handle design provides an ultra-modern feel.

Hourglass 40

Curvaceous Hourglass is one of our most popular ranges, featuring subtly flared, smooth shapes, low-rise handles, and delicate details that radiate timeless style.

Molida 56

Introducing the European-inspired design Molida peg lever handle range. Featuring a diamond knurling pattern on the peg lever handles to add a touch of depth and elegance.

Saffron 66

Our Saffron range features sleek, slim shapes with a fresh, modern feel. Designed with contemporary bold lines and easy-to-use loop lever handles, this is a sophisticated range that has a place in any bathroom setting.

Tangram 76

Our Tangram range is a geometric collection with bold lines and a beautifully tapered spout. Attention to detail is obvious in every element of this tap, from the elegant flick-up lever to its smooth movement. Its sophisticated, angular shape makes Tangram the perfect choice for bathrooms with a contemporary, minimalist aesthetic.

Accessories 86

No bathroom would be complete without matching accessories. Whatever finish or product range you opt for, you'll find coordinating robe hooks, towel rails, toilet roll holders, and more to complement your chosen look.

Product Benefits Explained

Safe Touch

Designed to keep the exterior cool to the touch, ensuring you're never at risk of scalding.

Eco Start

The water starts cold, so you won't activate the boiler unless you move the lever from the central position, saving energy.

Precise Glide

Features ceramic cartridges for long life durability and more precise control.

Secure Fix

Comes with metal fixing to keep your tap in place, so it won't move or rotate during use.

Easy Fit Installation

Designed to make installation quicker and easier.

Matching Taps/Shower

Coordinating taps and showers are available.

Family Safe

Thermostatic temperature control and automatic stops prevent surges of hot or cold water.

Rub Clean

There's no need to scrub. Limescale build-up can be easily wiped off the nozzles of this shower product.

Eco Friendly

This product saves as much water as possible (but it doesn't feel like it).

Our Finishes

Finishes you can impress with. At a price you'll love.

No two bathrooms are the same. Getting the right style and design of tap or shower matters to help your home feel just right.

That's why Bristan's expanded range of finishes gives you complete flexibility – and now, with chrome and black at the same price, choosing your perfect finish has never been easier.

Match components to your existing products or pick new brassware to create the perfect style for your home, without paying a premium.

From classic chrome to contemporary matt black, brushed brass to gun metal – our extensive finish collection spans across taps, showers, and accessories. This isn't just about choice - it's about making it easy to find the perfect finish for your space.

**Endless possibilities.
Same price. Beautiful results.**

Chrome

Our timeless chrome finish creates striking contrast with darker colour schemes while effortlessly blending with lighter ones. Now available at the same price as black, choosing chrome for your home is simply a matter of style, not budget.

Black

Black works effortlessly with a wide range of colour schemes to create a striking statement piece in any bathroom. And with black now the same price as chrome, making a bold choice has never been more affordable.

Brushed Brass

Brushed brass brings warmth and sophistication to our wide range of taps and showers. Subtle yet distinctive, this finish adds a touch of luxury to any bathroom, creating an elegant focal point that elevates your space.

Gun Metal Grey

Gun Metal Grey taps and showers feature a dark, sophisticated grey colour with a subtle lustre, perfect for adding a timeless feel to your bathroom.

CHROME & BLACK – SAME PRICE, YOUR CHOICE.

At Bristan, we believe finish choice should be standard, not premium. That's why chrome and black are now the same price across our range. Choose the finish that suits your style, not your budget.

Eco Start. Taps that start cold to take the heat out of your energy bills.

Eco Start saves energy by having cold water as the default central start position of the tap handle. Hot water is only activated when the tap lever is moved from the central position, so your boiler is not unnecessarily fired up. Cutting emissions and saving you money.

Watch Video

Family Safe. Showering protection for everyone.

Thermostatic temperature control and automatic stops prevent surges of hot or cold water delivering family-safe showering and a consistent shower temperature.
