My Neighbor requests fulfilled

$14,000
Value of critical needs met

HELPING CHILDREN IN FOSTER CARE EXPERIENCE THE SAFE, SUPPORTIVE HOMES THEY DESERVE

PRACTICAL SUPPORT:

Essential items and emergency resources reduced immediate pressures on foster families and relative providers.

RESPITE & CAREGIVER SUPPORT:

Foster Parents Night Out events and Sawtooth Adventure Camp gave caregivers time to recharge—an important part of reducing caregiver stress and supporting retention.

CONNECTION & FAMILY RELATIONSHIPS:

Family Time Visits, family events, and other programs helped reduce isolation, strengthen relationships, and build a more connected foster care community.

At REACH Northwest, we believe foster families shouldn't have to do this work alone. We provide practical resources, strengthen connections, and build a community that shows up when families need it.

Every resource provided, every hour of respite, and every connection made strengthens families—and helps more children experience the safe, supportive homes they deserve.
