Welcome from the BOARDROOM TO GOLDINGTON ROAD

BEDFORD BLUES

David Owen Director

Good evening and welcome to today's Friday Nights Lights fixture against Doncaster Knights. And an especially warm welcome to the players, officials and supporters who have made the hike down from South Yorkshire to be here tonight.

This promises to be a proper battle, as is always the case when Doncaster come to town. Our away form at Castle Park is well documented but we do have a good track record for getting the job done here, often in quite dramatic fashion - an obvious reference to THE Louis Grimoldby drop goal a couple of years ago. Last year's corresponding fixture was also a late autumn Friday night which went to and fro, before Blues took control in the last quarter.

After a disappointing start to this campaign, Blues have got things back on track with four consecutive bonus point wins and now sit sixth in the league, three places and six points above Doncaster.

Our visitors have experienced mixed fortunes but last weekend showed exactly what they are capable of with a powerful win over Worcester where they really got their game going. Blues ebbed and flowed a bit away at Blackheath (who's only win this season was indeed over Doncaster!) before putting the game to bed with two tries in the last ten minutes. All six tries were scored by the forwards - when did that last happen!!

It's an important time of year off the pitch at Goldington Road with big occasions like last weekend's Fireworks Night proving to be as popular as ever with the local community, as are the Christmas Party events that local businesses enjoy so much. It's been foot to the floor for the commercial, events and operations teams, who's hard work makes such an impact and is sincerely appreciated.

We have some big games coming up, next away at Ampthill (with a midday kick-off) then the Mobbs fixture against Northampton Saints at Franklin's Gardens before hosting Coventry here on the first Saturday in December.

First and foremost, there is tonight's contest between two teams looking to assert themselves - Mike Rayer and Dean Richards will have been absolutely explicit about what they expect from their respective teams... it should be a belter!

Come On You Blues...

BEDFORD BLUES

Welcome from the ASSISTANT COACH

TEAM TALK

Good evening everyone and welcome back to Goldington Road as we prepare to contest our only home fixture this month under the lights against Doncaster Knights.

We are very pleased to welcome Dean Richards, his coaching team and playing squad here to Bedford for tonight's clash, which I'm sure will be another highly competitive one between two sides looking to entertain those in the ground and watching along online.

As a coaching staff, we were really pleased with the grit and determination from the lads last weekend at Blackheath. We knew going into it that it was going to be an extremely tough game and I thought everyone really rolled up their sleeves to get the job done down there.

It's going to be very much the same required this evening to have any chance of a positive result. Doncaster are flying after beating Worcester last weekend, and they have threats all over the pitch that we're going to have to try and shutdown.

We have to focus on ourselves and how we can best impact the game.

There's always something special about Friday Night Lights at Goldington Road and hopefully our #BluesFamily will continue to get behind us throughout the 80 minutes.

We're in the middle of a run of nine successive fixture weekends so we just need to keep knuckling down and putting our best foot forward on the pitch, to hopefully continues this upwards trajectory we find ourselves on after a tough start to the season.

Thank you for your continued support and here's hoping we can put in another performance tonight for you all to be proud of.

Come On You Blues...

Bedford Blues Supporters Club

FOLLOWING THE BLUES

www.bedfordbluessupportersclub.co.uk

On behalf of the Bedford Blues Supporters Club, a very warm welcome to Goldington Road for tonight's clash with Doncaster Knights. A special welcome, too, to the Knights' players, coaches, officials and travelling supporters. We hope you enjoy your visit to Bedford, even if we'd obviously prefer you to head home with nothing more than memories of a good evening out!

There is something special about matchdays at Goldington Road. The familiar faces, pre-match conversations, team-selection debates and inevitable predictions are all part of the experience.

Add a few pints, some questionable tactical advice from the terraces and eighty minutes of Elior Champ Rugby under the lights, and you have a pretty good recipe for an evening.

There is, of course, one other thing worth mentioning about tonight: it's Friday the 13th! Whether you are superstitious or not, it's a date that has a habit of making people a little nervous. Some will avoid walking under ladders, others will keep an eye out for black cats, and no doubt a few supporters will be sticking rigidly to their usual matchday routines in the belief that changing anything might tempt fate.

Of course, when Doncaster come to town, we know we are unlikely to enjoy a quiet evening. The Knights have built a reputation as a competitive, ambitious side, and meetings between our clubs are rarely occasions when anyone can afford to take it easy. Expect plenty of commitment, physicality and determination from the first whistle to the last.

So, while the Knights may have conquered Worcester last weekend, they should perhaps be wary of assuming that Blues will surrender their territory quite so readily. There are no castles to storm here, just a determined Bedford side, a passionate home crowd and eighty minutes of rugby in which to settle the argument!

At the Bedford Blues Supporters Club, we like to think we play our part in making this club special.

Whether it's organising away trips, running competitions, producing the newsletter or raising valuable funds, our members help keep the supporters' community thriving. We're independent of the rugby club, but there's no doubt where our loyalties lie.

Enjoy the game and...
Come On You Blues!

Bedford Blues Women

POSITIVES DESPITE TWO DEFEATS

It's been a tough few weeks for Bedford Blues Women to start November, but in the midst of a first ever season at Championship Two level, there were always going to be some bumps in the road.

BEDFORD BLUES WOMEN

Eddie Rennell's side still sit fourth in the table and a week off this weekend comes at the perfect time to rest the bodies, focus on the key work ons, and hopefully have their mercurial fly-half, Lucy Middleton back on the field from injury absence.

Claire Cranfield continues to be the maverick that spearheads the team, now on 47 tries from just 25 appearances in club colours. A personal crusade to be first to 50 tries since the team's inception in 2020.

An away fixture heralds their return to action next weekend, against Sutton Coldfield, before a Goldington Road return on Sunday 29th November vs Long Eaton.

Bedford Junior Blues

SUCCESS ACROSS AGE GROUPS

More than 500 children pulling on club colours every weekend represents a huge positive for everyone involved in Bedford Junior Blues, with more impressive performances in recent weeks.

BEDFORD BLUES JUNIORS

A particular shoutout to the U14s for a really impressive team performance in a strong victory over Oadby Wyggestonians.

Five players represented East Midlands U18s at the start of the month, just rewards for their fine individual starts to the season.

A hectic run towards Christmas and into the New Year, but incredibly rewarding to see so many enjoying their rugby right in the heart of Bedford. Here's to more inspiring results!

Today's Opponents

DONCASTER KNIGHTS

Always an entertaining battle, Bedford v Doncaster has thrown up some absolute humdingers over the years, and another evening of high-octane drama is expected at Goldington Road as two sides targeting the play-offs go head-to-head under lights.

Last season saw both sides again trade home victories, but if you go a little further back then you'll reach May 2024 and arguably the most dramatic moment from a Blues perspective.

Bedford have a tradition of leaving things late in this fixture at times, think Brendan Burke's late conversion in 2012, but nothing quite as surreal as Louis Grimoldby's drop goal to win it at the death – an unbelievable game by two sides who probably both deserved all the points in a truly epic spectacle.

Recent history dictates a close encounter and a huge volume of points scored – it's certainly never a dull moment so expect more of the same once again tonight.

Away results are a rarity in this fixture with both sides having home comforts in recent years. Blues haven't tasted success in Yorkshire since 2012, Doncaster haven't won at Goldington Road since 2017.

Doncaster do have Bedford's number overall in the series from 45 meetings - Donny securing 23 wins, Blues 19 and three draws.

Both clubs are esteemed in history yet have only met since Mike Rayer became Director of Rugby in 2005 – and coincides with Doncaster's meteoric rise through the divisions.

Dean Richards' side are the most promoted in divisional history across English rugby and having made their intentions very clear about potential ascension to the Premiership, you wouldn't put it past them to have a real good go at it again this time around having quietly built year on year in recent times.

This contest will be a real test of character for both teams as they jostle for early positions in the table.

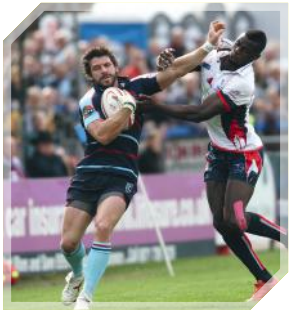

As always, we welcome all associated with the Knights to Goldington Road and hope they enjoy their visit.

TWO TO WATCH

Forward

Aidan King

BACK ROW

A Summer recruit from Major League Rugby over the Summer, Aidan King has settled to life in South Yorkshire and has made an impressive start to his debut campaign in English rugby's second tier.

Born in Alaska before moving to Australia at a young age, King began his rugby journey in Queensland, progressing through the region's development pathways before returning to the USA to attend Penn State University, where he spent four years between 2020 and 2024.

His performances at university earned him selection in the 2024 MLR Collegiate Draft, where he was selected sixth overall in the first round by NOLA Gold.

King moved to Old Glory DC for the 2026 MLR campaign, before packing his bags and heading across the Atlantic to arrive at Castle Park bringing a proven work rate, outstanding defensive statistics, physicality, and plenty of potential to the Knights back row.

Back

Penaia Tagutu

WING

One of Elior Champ Rugby's hottest properties at the moment, Penaia Tagutu has made a flying start to the new campaign with 11 tries from the opening seven rounds of action – sitting joint top of the league leaderboard following a hat-trick last weekend against Worcester.

He has scored in each of his last six appearances and is part of a deadly back three – alongside Telusa Veainu at full back and Semesa Rokoduguni on the opposite wing.

Tagutu moved to Castle Park at the start of the season having established himself as one of the key performers for Army Rugby Union over many years, scoring a couple of spectacular tries in the inter services fixtures.

The 30-year-old will be looking to continue his fine form under the lights – but Blues can't afford to pay the Fijian too much personal attention, with a whole host of threats across the backline in addition to the powerhouse flyer.

SAFETY MATTERS

All persons attending fixtures at Bedford Rugby Club in possession of tickets for the Main Stand should note that in order to comply with the conditions of the Club Safety Certificate certain restrictions have to be imposed on occupants of seats within this stand:

No smoking is permitted in any part of the stand. No bottles, cans or glasses can be taken into the stand.

OTHER AREAS

In addition to the above it should be noted that bottles and glasses are not permitted in any part of the ground except inside the bars, therefore drinks will continue to be served in plastic containers on matchdays.

EVACUATION PROCEDURES

All spectators should note that in the unlikely event of an evacuation becoming necessary, an announcement will be made over the public address system immediately proceeded by a warning klaxon sound, informing them of areas that are to be evacuated. As this announcement is being made stewards will open emergency exits and gates, all of which are clearly indicated. Safety stewards will then direct spectators as to which route they should use to leave the ground. In order that any evacuation is conducted as quickly and safely as possible all spectators are requested to comply with the instructions of Safety stewards.

Match tickets should be retained in the event of an evacuation should the game be rescheduled for another date.

BEDFORD BLUES A

Tasting notes

Young's London Special
4.5%

Young's Special is a full flavoured pale ale with toasted nutty malt, stewed apples and pears, balanced by earthy hops and a dry finish.

St Austell Proper Job
4.5%

An authentic IPA, masterfully brewed with heartfelt craft. Packed full of vibrant citrus, grapefruit and pineapple flavours and balanced with a crisp, bitter finish. A bold original with reliable quality in every sip.

Butcombe Gold
4.4%

Very light background malt supports floral hop aromas with slightly sweet fruit, herbal notes and gentle bitterness on the palate before a clean refreshing finish.

Bass
4.4%

A Caramel Malt and sweet opening and fruity texture, leaving behind a well-balanced sweet bitter moreish finish.

Courage Directors
4.8%

A superior Ale. A rich, fruity and full bodied chestnut coloured classic ale.

Brewpoint Double Star
3.4%

Two Stars, One Story.

A balanced bitter, brewed in Bedford, rooted in Wells' legacy.

Gentle biscuit malt sweetness followed by toffee and caramel notes perfectly balanced with clean, snappy bitterness from all English hops. A proper pub session ale with depth, drinkability and a satisfying, morish finish.

A celebration of a 150-year brewing legacy remaining independent, family run and proudly Bedford.

Wainwright Gold
4.1%

Inspired by our Lake District heartland, we've aimed to make the everyday extraordinary. The result is Wainwright Gold; a lightly hopped, refreshing golden ale that's packed full of sweet honey and subtle citric flavours. So let's embrace a new usual, that's anything but usual.

Brakspear Original Gravity
3.4%

Original Gravity is made with a combination of pale, crystal, and chocolate malts; special invert sugars and is hopped with Fuggles and Goldings. It is the same classic session cask bitter, brewed with premium ingredients, as always.

ALE FESTIVAL 2026

Adnams Ghost Ship
4.5%

Ghost Ship is a 4.5% Pale Ale with a good assertive pithy bitterness and a malty backbone. Brewed with Pale Ale, Rye, Crystal and Cara malts we use Citra and a blend of other American hops to create a great citrus flavour.

Brewpoint Pilothouse Porter
4.4%

Bold flavours and aromas of chocolate and coffee, with a kiss of smoke on the nose pairing well with bonfires and darker evenings. Caramel sweetness perfectly balances the roasted and smoky malt flavours.

Sunlit Minds Wonderwall
3.8%

MAD FOR IT! This smash hit of a beer hits all the right notes with bright floral aromatics, juicy citrus bite and a clean, refreshing finish that keeps the session going.

Tiny Rebel Cwtch
4.6%

Packed with rich malt, a deep amber colour and plenty of flavour, Cwtch brings a Tiny Rebel twist to a classic red ale.

Fresh Citra hops add bright citrus and tropical fruit notes, balancing the malt and giving Cwtch its unmistakable character.

The Gilbert Big Interview

14 MARCUS KERSH

Let's start by talking about tonight's game, Marcus. What sort of test are you expecting from Doncaster Knights?

A really tough test coming up – Doncaster's back three are on fire, they've got a really good pack and they've just beaten Worcester Warriors. They're on a massive high and they'll be targeting this Friday Night Lights at Goldington Road.

We managed to beat Pirates the week after they beat Ealing so let's hope it's a similar sort of story in this one. Donny have just beaten the champions but we love that slope and we need to make it a tough place to come tonight.

Doncaster try to move the ball, their back three have 16 tries combined, but we have a pretty good back three as well, so it'll be a good challenge.

The player opposite me this evening is the joint top try scorer in the league – from what I've seen he's big, quick and has a bit of everything you want. But the reason you play in this league is because you want to test yourself, and this will probably be one of the biggest tests of the season.

This will be your first experience of a league fixture under the Goldington Road Friday Night Lights. How much are you looking forward to it tonight?

Funnily enough I don't prefer Friday nights because I have my strict Saturday routine – I can get my sleep, get food in, and all those kinds of things. I do struggle with a Friday because you naturally wake up thinking about the game but then you've got 10 hours or so to wait until the game comes round.

But I do love playing in-front of loads of people, noisy crowds so it's quite easy to get up for. A couple of the lads have mentioned about Friday Night Lights at Goldington Road being the best times, as well as the Christmas games.

No one has ever said a bad word about playing at Goldington Road on a Friday so I think that speaks volumes in itself.

Last week was maybe one for the purists with all six tries coming from the forwards. While not ideal for you as a winger, it must be pleasing to know we have an all-court game?

Our forwards were unbelievable against Blackheath, as backs we didn't really do much to be honest, which is gutting to say because we all play the game to get the ball in our hands.

It wasn't the game that was required to get the ball out wide to us backs off the back of a strong pack, but they really rolled up their sleeves, got in amongst it, and got the job done.

It's been four extremely pleasing weeks recently, following a tough start to the campaign. What do you think changed to bring about this up turn in form?

I think we just realised that we needed to play in the right areas of the pitch and maybe we have taken a step back and kicked a little bit more.

I don't think it was ever a lack in effort, we just tidied things up. It's a really tough league that if you're not quite perfect in a couple of areas, three or four let's say, then you're probably going to lose the game.

So we've had to tidy up, and I think that cohesion between the forwards and the backs is there, our shapes are getting tidier and we're clicking a lot more.

I know we lost the Rotherham game in the end, but I feel like in the second half we felt that we had flicked the switch and changed the momentum.

We felt like we were back on form, then we put in a really good performance against Pirates in the next game. There hasn't been a massive discussion about it, but good to be back in the play-offs at the moment, as we're all targeting the Top Four / Top Six... and there's no reason we can't achieve that.

HAW

Let's just talk personally to finish. How are you finding things in Bedford?

It's great. The biggest thing in the town is the rugby club and that's where you want to be.

I'm enjoying the style of rugby we play, I love getting the ball in space and love attacking. Those opportunities might become less in the Winter months, but it's great fun.

I'd have loved to have scored more tries; I've only gotten one in the league so far. I feel like the more I can get on the ball, the more touches I get, the more likely I am to have a bigger impact.

In fairness, Deano has told me a few things about the bounce on the slope, but that ball only bounces for him, doesn't it! I'll keep trying!

"A couple of the lads have mentioned about Friday Night Lights at Goldington Road being the best times..."

By **Marie Davies**

ED COULSON

FULL-BACK / WING / CENTRE / FLY HALF
2018-20. 30 APPEARANCES, 90 POINTS, 6 TRIES.

In the summer of 2018, we signed utility back Ed Coulson, who was then playing for another Championship side, Hartpury University, whom he had joined the previous year.

Ed would probably say his prime position was full-back, but he could also play on the wing, in the centre or at fly half... even playing scrum half for us on at least one occasion. He was definitely a utility back!

Ed writes:

'I was born in Winchester, and as my father had played for Moseley before the game turned professional, it was inevitable he would be my biggest rugby influence.

My introduction to rugby was at Havant R.F.C.

Rugby obviously continued to be part of my life when I went to Sherborne School, which was, and is, an excellent place to start your rugby career. While at Sherborne, I joined the Bath Academy and played in the 'A' League and Premiership 7s. A move to Newcastle Falcons followed.

However, I was suffering continually from a series of hamstring injuries, which meant I didn't really settle with the Falcons. It was decided that I should undertake a lengthy rehabilitation process at a specialist clinic. My recurring hamstring problems were believed to be connected to my back, and there were doubts whether I would be able to play again. The rehabilitation lasted nine months and gave me the chance to rebuild properly and not rush back to play.

It ended with a spell in Australia with the Manly Marlins.

I returned to the UK in the summer of 2017 and enjoyed a season with Hartpury. I actually played against Bedford for Hartpury when I came on at half-time. I think I must have played quite well, as the following Monday I received a text from Mike Rayer asking if I would like to take a look around the club – still not sure to this day how he got my number!

My visit convinced me it was the place to be and I settled quickly at my new club. It helped having great teammates, including Lee Dickson, Will Hooley, Lewis Robling, Rich Lane and Chris Czekaj, who were all my era.

Deano was still doing 'Deano' things back then, and we also had two Academy prospects coming through at that time - Ryan Hutler and James Lennon. Enough said! However, they could both definitely play a bit!

At Bedford I played regularly as a utility player - full-back, wing, centre, fly-half and even covered scrum-half.

Back then, training was full-time. I used to love getting in the gym first thing and practising skills with the boys! We always finished up at Nos's Nosh in the evening before heading home. We had endless laughs with an unbelievably tight squad.

TEAMMATES AT END OF SEASON DINNER

A memorable game for me and probably all the squad was a home game v London Scottish. It was memorable, but not for a good reason! The night before the game, we were all feeling very sick. Not sure if someone was suffering from a virus and it was passed around, or maybe it was something we had all eaten. Only three players out of the matchday 23 weren't horrendously sick, and we had about 30 minutes sleep between us. None of us warmed up - we didn't have the energy. We stayed in the changing rooms, and it was just an apocalyptic scene of boys taking turns before the game to put their heads in the toilets. We trundled out tentatively and nearly did a job on a good Scottish side - losing by just three points. A funny story now, but it showed how much grit we had for one another.

After Bedford, playing for England 7s took up a lot of my time and energy, but my rugby career ended with a return trip to South Africa. I was reunited with the coach from my first spell with Western Province, and he invited me to train while I was there. I had arrived on holiday and found myself training alongside World Cup winners.

Now I am only a rugby supporter, and I do visit Goldington Road whenever I can. I have yet to visit this season - I drained all my money last year for Deano's Testimonial!

I currently live in Fulham in S.W. London and run a business in Legal Recruitment. I play Padel and Golf - too much probably!

I haven't touched a rugby ball since I retired two years ago - though still always open to a pre-season hit-out against Saints Mikey!

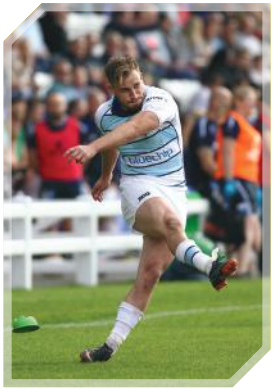

Wishing the Blues all the best for the rest of this season!

ACTION REPLAY

V BLACKHEATH

7 Nov 2026 | The Utilita

W 40-21

A rarity for Bedford Blues as all six tries at Blackheath were scored by forwards – as they battled and bruised their way to a fourth successive bonus point victory in Elior Champ Rugby.

Blackheath were well up for the fight, but Blues were tactically a little more astute to move into the play-off positions for the first time this season, on what was their first visit to The Utilita since 2017.

October's Clubber Rugby Player of the Month, Joey Conway put in another masterful performance and scored two tries to keep up his purple patch of form.

Tommy Herman and James Fish both profited from driving mauls, while Rory Ward and Fred Tuilagi both crashed over from short range to ensure maximum points for the first of three trips into London before 2026 is out.

STATS CORNER

BEDFORD BLUES

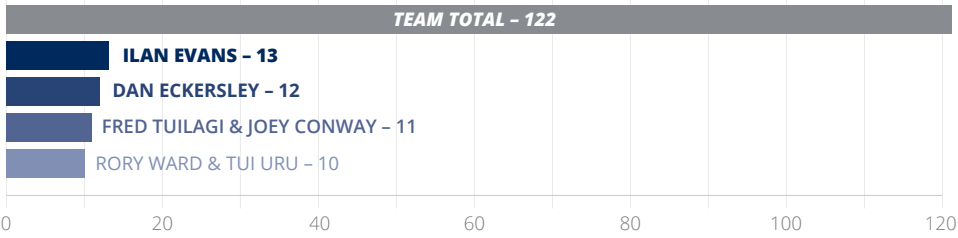

A performance built on forwards dominance as they put in an incredible amount of work to grind down their opposition and secure a fourth successive bonus point success.

Blues needing to show that they can play more than just one gameplan as they ran in six tries – all scored by the forwards such was how remarkable the game turned out to be. A real bruising one but Mike Rayer's men just had too much power in the latter stages.

Here's what we learned last weekend at The Utilita...
