Meet our dining team.

“We have so many venues and choices. The General Manager, Chef, and their teams, all working together, are eager to please everyone.”

—Joyce J., Lenbrook Resident

Lenbrook’s culinary team delights in preparing fresh, creative menus alive with flavor and served with flair. Our Executive Chef and dining team are dedicated to emphasizing resident wellness, sustainable food practices, honoring local flavors, and excellent dining service.

Under the leadership of Dining Services General Manager and renowned chef, Todd Clements, the dining team demonstrates an exceptional commitment to health and sustainability throughout the community. From entrees, soups, and salads to sauces, dressings, and baked goods, virtually everything is made from scratch using fresh ingredients from local and regional food sources, as well as our own gardens. Menus reflect seasonably available fruits and vegetables. Artificial colors and flavors are never added. Additionally, our commitment to sustainability includes environmentally conscious packaging that reduces the use of single use plastics.

Every member of the dining team is committed to exceeding expectations in all our dining venues and special events. As a result, no matter where you dine, you’ll enjoy an exceptional variety of cuisines and flavors that suit everyone’s palate.

For an upscale dining experience to celebrate a special occasion or to savor an excellent meal, look no further than Phoenix at Lenbrook. The mythical Phoenix symbolizes both Atlanta’s post-Civil War growth and how it has repeatedly risen to redefine and reinvent itself. Those who come to dine at Phoenix can expect that same spirit of elevation throughout the venue, in every dish, and in the overall experience.

“The meals are incredible. There is a large variety at the several restaurants we have to choose from each night. We also have gotten in the habit of going to The Club for a muffin and coffee each morning, a nice start to the day.”

—Joan H., Lenbrook Resident
