SPRING 2026

THOUGHTFULLY DESIGNED for growing families

WeeSprout was founded in 2015 by parents who wanted better solutions for everyday life with little ones. What began with a simple, reusable food pouch quickly grew into a trusted collection of baby and toddler essentials designed to support real families through real moments.

Today, WeeSprout is a go-to brand for parents looking for thoughtfully designed feeding, gifting, and play essentials. Our products are trusted by families nationwide and have been featured by outlets like *Food Network*, *The Bump*, and *Goop*.

Everything we create is guided by three core pillars: **Purpose, Trust, and Wonder**. Each product is designed to solve everyday challenges, support developmental milestones, and make daily routines more manageable. We use safe, durable materials that are carefully tested, and we stand behind every product with caring customer service and our WeeCare Guarantee - Not satisfied? We'll make it right – every time.

Designed with Purpose

Thoughtfully designed solutions that make life easier and support your child's growth at every stage.

Built on Trust

Safe, durable materials you can rely on, backed by testing, quality craftsmanship, and our WeeCare Guarantee.

Inspired by Wonder

Products that help families slow down, savor the moment, and celebrate the everyday magic of raising little ones.

At WeeSprout, we're more than a brand –
we're part of the parenting journey.

OUR PROCESS

It starts with a spark – a fresh idea or a solution to a real-life parenting frustration. We share early concepts with our trusted parent community to gather valuable feedback. Our team conducts in-depth research, analyzing similar products and consulting with experts like occupational, speech, and feeding therapists.

We collaborate with designers and factories to create sketches, develop 3D-printed prototypes, and refine every detail. Final prototypes are tested in real homes by parents, whose insights guide our final adjustments. We rigorously review production samples to ensure every product meets our high standards and all safety regulations. Only when a product earns our approval—and parents'—do we move to production and prepare it for launch.

Suction Bowls: A Mealtime Anchor

SUCTION BOWL

Keep mealtime mess-free with silicone suction bowls. Created with a strong suction base for security and an easy-release tab for convenience. These bowls encourage independence while minimizing messes. Sloped sides make it easier for little ones to scoop up food, helping them develop self-feeding skills. These 12 oz bowls feature measuring marks from 2 oz to 10 oz to help ensure babies get just the right amount of food. Premium hard plastic lids allow for leftovers and snacks on the go.

Less Mess, More Cheers

The WeeSprout Silicone Cup is designed with a curved straw that supports the development of oral motor skills by promoting proper jaw alignment to encourage adequate lip closure and strengthen oral musculature. This is essential for speech and feeding development. "

- Mia Fioranelli-Greer, M.Ed., CCC-SLP, AOMT-C, Speech Pathologist

TRAINING CUP + STRAW SYSTEM

Designed with developmental experts, these straw cups are perfect for toddlers transitioning from bottles. The easy-grip silicone is ideal for little hands, while the straw lid and built-in stopper ensure mess-free drinking. Ounce markings inside make portioning easy. Soft silicone straws are gentle on gums, and the curved design supports jaw positioning and oral strength. Available in 4 oz & 8 oz sizes.

Cups That Grow with Your Kids (And Snack Stash)

KIDS GLASS DRINKING CUPS

WeeSprout glass cups for kids are the perfect transition cups for toddlers who are ready to assert their independence but aren't quite ready for cups without lids. Built-in straw stoppers keep straws securely in place – ideal for kids who love to pull them out and “paint the table” with sticky strawberry smoothies. The versatile 3-in-1 design grows with little ones, functioning as toddler drinking cups, freezer-safe baby food storage, and on-the-go snack containers for older kids thanks to the included storage lids.
