QREXSON@GMAIL.COM

I AM REXSON G. QUIAPO, A FIFTH-YEAR ARCHITECTURE STUDENT WHO ENJOYS EXPRESSING IDEAS THROUGH DRAWING AND DESIGN. OUTSIDE OF SCHOOL, I SPEND MY FREE TIME READING MANGA AND WEBTOONS, WHICH HAVE BECOME SOME OF THE THINGS I ENJOY MOST. THESE INTERESTS REFLECT MY APPRECIATION FOR CREATIVITY, STORYTELLING, AND DIFFERENT WAYS OF SEEING THINGS.

WHEN IT COMES TO ARCHITECTURE, BRUTALISM HAS ALWAYS CAUGHT MY ATTENTION BECAUSE OF ITS BOLD FORMS, RAW MATERIALS, AND STRONG CHARACTER. AT THE SAME TIME, I HAVE A SOFT SPOT FOR COLORS. I MAY NOT BE THE BEST AT CHOOSING AND COMBINING THEM YET, BUT I ENJOY EXPERIMENTING WITH DIFFERENT COLOR PALETTES AND FINDING THE ONES THAT I FEEL BEST FIT A BUILDING. EVEN IF I WANT BRUTALIST ARCHITECTURE AS MY EXPERTISE, I DO NOT WANT TO LIMIT MYSELF TO ONE STYLE OR APPROACH.

AS I CONTINUE MY JOURNEY IN ARCHITECTURE, I WANT TO DISCOVER MY OWN DESIGN IDENTITY, LEARN FROM EVERY PROJECT I WORK ON, AND CREATE SPACES THAT REFLECT MY IDEAS WHILE REMAINING FUNCTIONAL AND MEANINGFUL TO THE PEOPLE WHO USE THEM.

BRUTALIST RESIDENTIAL

CASE PROJECT | ARCHITECTURAL PROJECT | ACADEMIC PROJECT

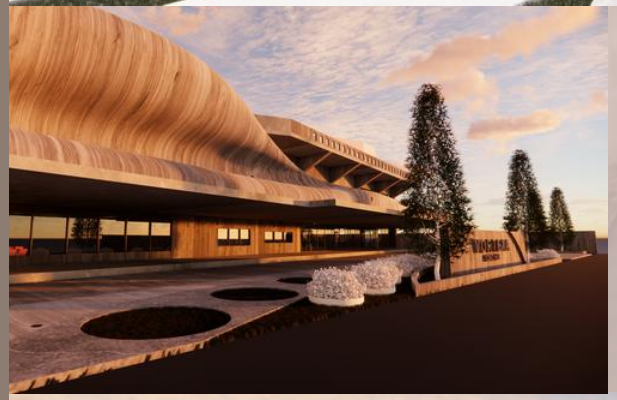

SURIGAO DEL SUR PROVINCIAL HOSPITAL

PROPOSED PROVINCIAL HOSPITAL | ARCHITECTURAL DESIGN

A PROPOSED CLUBHOUSE AND MULTI-FUNCTION COMPLEX DESIGNED FOR AN EXCLUSIVE RESIDENTIAL COMMUNITY IN STA. ROSA, LAGUNA. THE PROJECT FOCUSES ON INTEGRATING RECREATION, SOCIAL INTERACTION, AND COMMUNITY ACTIVITIES WITHIN A SOPHISTICATED AND FUNCTIONAL ENVIRONMENT.

THE DESIGN EMPHASIZES MODERN ARCHITECTURE, SPATIAL EFFICIENCY, AND USER COMFORT TO SUPPORT THE LIFESTYLE AND RECREATIONAL NEEDS OF THE COMMUNITY.

VORTEXA

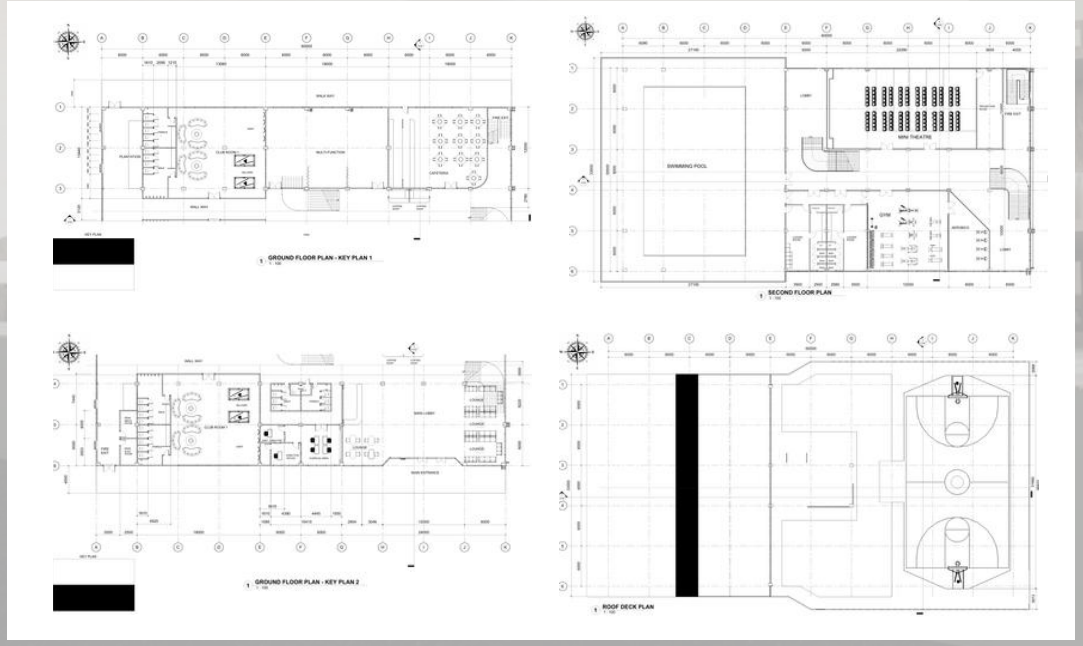

PROPOSED CIVIC COMPLEX | CLUBHOUSE

CASE PROJECT | ARCHITECTURAL PROJECT | ACADEMIC PROJECT

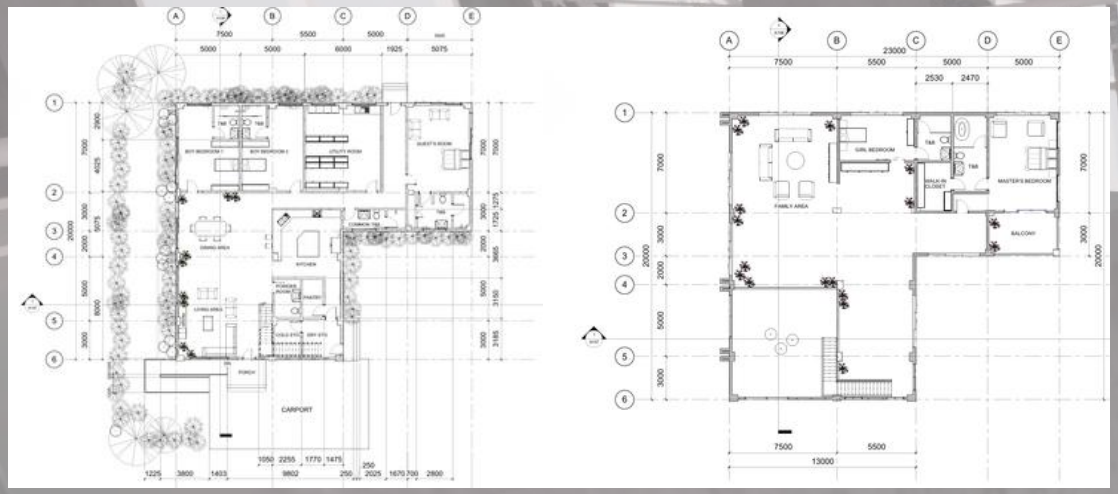

A RESIDENTIAL DESIGN CONCEPT INSPIRED BY BRUTALIST PRINCIPLES, FOCUSING ON RAW FORMS, NATURAL TEXTURES, AND HARMONY WITH THE SURROUNDING ENVIRONMENT. THE DESIGN MINIMIZES THE USE OF PAINT TO HIGHLIGHT THE NATURAL CHARACTER OF ITS MATERIALS, CREATING A SIMPLE, ROCK-LIKE APPEARANCE THAT BLENDS WITH THE LANDSCAPE. HIGH CEILINGS PROVIDE A SENSE OF OPENNESS, WHILE THREE INTERCONNECTED MAIN SPACES PROMOTE MOVEMENT, FAMILY INTERACTION, AND COMFORT.

ACADEMIC PROJECT

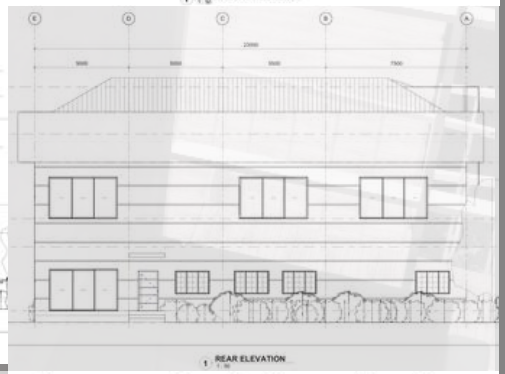

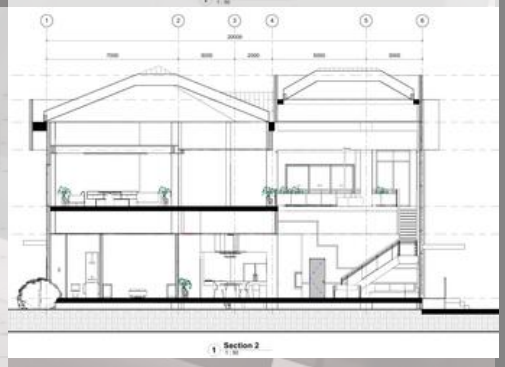

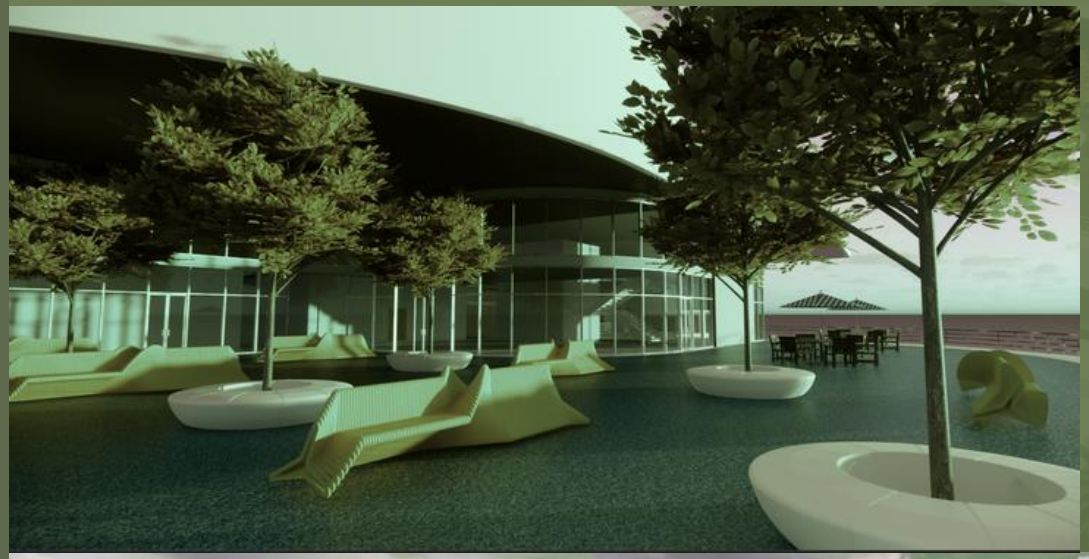

PROPOSED PROVINCIAL HOSPITAL | ARCHITECTURAL DESIGN

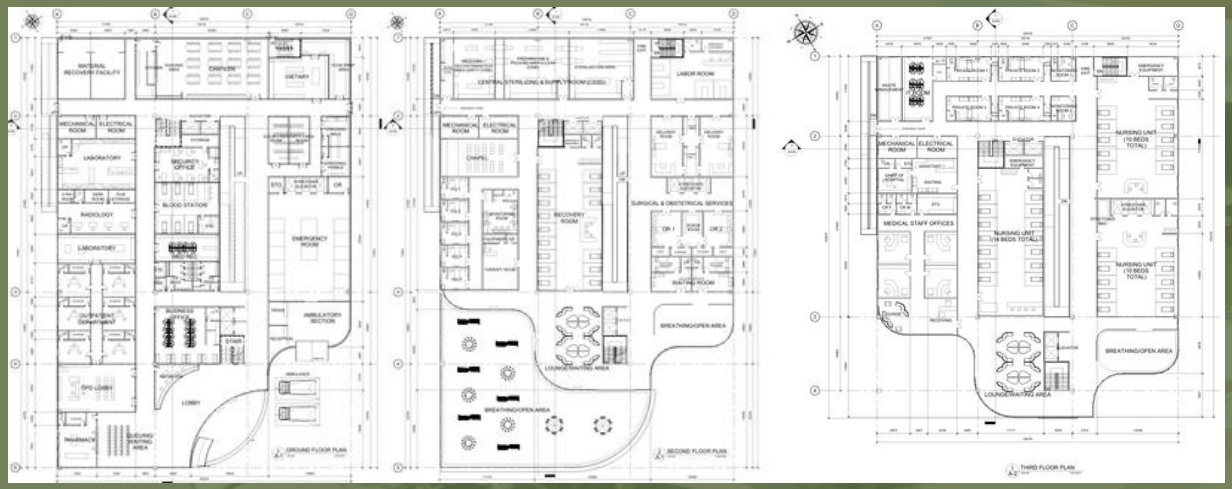

A HEALTHCARE FACILITY DESIGN FOCUSED ON CREATING A MODERN, FUNCTIONAL, AND USER-CENTERED ENVIRONMENT THAT SUPPORTS EFFICIENT MEDICAL SERVICES AND PATIENT CARE. THE PROJECT EMPHASIZES PROPER SPACE PLANNING, ORGANIZED CIRCULATION, AND THE RELATIONSHIP BETWEEN DIFFERENT HOSPITAL DEPARTMENTS TO ENSURE SMOOTH MOVEMENT FOR PATIENTS, MEDICAL STAFF, AND VISITORS.

THE DESIGN ALSO CONSIDERS ACCESSIBILITY, PATIENT COMFORT, SAFETY, AND THE SPECIFIC REQUIREMENTS OF A HEALTHCARE FACILITY, AIMING TO PROVIDE A WELL-ORGANIZED ENVIRONMENT THAT SUPPORTS BOTH THE OPERATIONAL NEEDS OF MEDICAL PROFESSIONALS AND THE OVERALL WELL-BEING OF PATIENTS.
