EMPLOYEE FOCUS

Patti Mirabile

Patti has been part of The Sew 'N Quilt team for more than two years, and chances are you'll find her at one of the longarm machines, putting the finishing touches on quilts entrusted to us by our customers.

Before retiring, Patti worked in payroll at VCS Transportation and also held leadership roles with Panera Bread in Ormond Beach and BJ's Wholesale Club in Port Orange. She began quilting in 2017 and is a member of the Racing Fingers Quilt Guild. Today, working at The Sew 'N Quilt and attending retreats with fellow quilters keeps her retirement filled with creativity, friendship, and community.

WHY QUILTERS LOVE IT

- Consistent ¼" spacing from ruler edge
- Excellent visibility around the needle
- Smooth ruler-guided quilting
- Easy center alignment

HOW IT WORKS

Attach the ruler foot, lower the feed dogs, and guide your fabric alongside a quilting ruler for smooth, consistent stitching with exceptional control.

SEE IT IN ACTION

Visit us for a live demonstration and experience how easy ruler-guided quilting can be.

Create smooth, confident quilting
with ruler-guided precision.

NEW
to
PFAFF®

New Embroidery Unit

The new embroidery unit reduces noise and vibration and provides an industry-leading embroidery size of 450 x 450 mm*. The newly designed attachment for both the embroidery unit and hoops makes the setup quick and easy.

NEW
to
PFAFF®

Free-Arm Embroidery

With free-arm embroidery it is easier than ever to personalize ready-made items. Embroider on tubular pieces, such as baby clothes, bags and pillowcases without having to take the seams apart.

NEW

Quick Quilt Settings with Bobbin pick-up

Quilting in embroidery often requires multiple adjustments for a clean look on both sides. With this new feature, all settings are done for you. The machine turns off ActivStitch™ Technology, increases thread tension, turns off automatic thread cut and activates the new bobbin pick-up feature.

NEW

Enhanced STITCH CREATOR™

Design unique stitches wider than 9 mm from scratch or edit the machine's built-in stitches. Adjust the stitch length and width, reshape stitch patterns, or create decorative stitches with complete control. Perfect for adding signature touches, creating embellishments, or bringing your ideas to life.

NEW
to
PFAFF®

Fabric Selection

Set the type of fabric you are sewing and the machine automatically adjusts to the optimal settings for your chosen fabric, technique, and stitch.

NEW
to
PFAFF®

Exact Position with Scaling

Adjust your design's position and rotation with stitch-point accuracy, reducing the time and effort spent achieving perfect hooping. If any elements extend beyond the hoop limits, the enhanced Exact Position feature allows you to easily scale the design to fit. Scaling also makes final design parts fit easily when multi-hooping.

* Reduced noise and vibrations when compared to the PFAFF® creative icon™, creative icon 2 and creative performance™ 950 embroidery units. The industry's largest embroidery area is 450 x 450 mm when compared to Brother Aveneer, Babylock Radiance, Bernina B990 and Janome Continental M17, and requires the optional creative™ Grand Turnable Hoop.
