SPEAKER

Dr Tamizhinian V

Dr Tamizhinian V is the Founder & CEO of Frigate Engineering Services Pvt. Ltd., a B2B manufacturing company serving the aerospace, defence, automotive, energy and consumer sectors. A PhD in Mechanical Engineering from Anna University, he brings extensive expertise in engineering design, product development, manufacturing and technology-driven business solutions. Under his leadership, Frigate has manufactured over one million parts, executed projects for leading companies including Boeing, Tata, L&T, Reliance Industries and Adani, and expanded its exports to 18+ countries. He has built a strong network of 33 manufacturing partners across India, strengthening MSMEs and enabling diverse manufacturing capabilities. Dr Tamizhinian has also led major prototype testing projects for DRDO and spearheaded Frigate's growth through technology-driven quality management, strategic sourcing and rapid prototyping solutions. His entrepreneurial journey reflects a strong commitment to innovation, operational excellence, global expansion and the development of a robust, technology-enabled manufacturing ecosystem that connects Indian manufacturing capabilities with customers and opportunities across global markets.
