Our Health & Well-Being Challenges enable students to step out of their comfort zone whilst developing global perspectives, learning about new cultures and fostering meaningful connections with the local community.

Global Citizenship:

Broaden your perspectives, embrace cultural diversity, and ignite a lifelong drive to make a difference in the world.

Cultural Immersion:

Discover, connect & experience - dive into vibrant local cultures, learning through meaningful cross-cultural exchange.

Community Engagement:

Lead, inspire & create change - deliver hands-on projects, building skills and leaving a lasting impact on local communities.

Every Challenges Abroad program supports the goals and objectives of our international development charity, the FutureSense Foundation.

Participants on a Challenges Abroad program are therefore, not only directly impacting the community through their project, but are part of a sustainable community development initiative that will have a long lasting, positive impact.

India: Land of a Thousand Cultures

India is unlike anywhere else in the world. From vibrant colours and lively streets to ancient temples, incredible food, and welcoming communities, every moment reveals something new. India is more than just a destination, It offers an opportunity to step outside your comfort zone, experience one of the world's most diverse cultures, and create memories that will stay with you long after the journey ends.

Day 1
Arrival

Touch down in India! Here the pace, colour, and energy are felt from the very first moment. From busy streets to the scent of spices in the air, everything feels new and alive. After being welcomed at the airport by your group mentor, transfer to nearby Palampur and settle into your accommodation.

As evening settles in, explore the town and gather for a welcome dinner. Tomorrow, the real adventure begins.

Week 1

Days 2-3
Program & Cultural Orientation

The first couple of days are about building confidence, connection and excitement. You'll dive into Indian culture and language, get to know our Hub team supporting you throughout your challenge, learn more about the communities you'll be working alongside and how your program contributes to long-term development projects. This is where the real impact of your journey begins to take shape!

Days 4-7
Palampur

Spend four immersive days embedded in the local community, contributing your skills, knowledge and passions to our long-term health promotion initiatives. With dedicated time to plan as a team, we'll help to make sure you're ready to contribute in a meaningful way - learning just as much from the community as you share. This hands-on experience builds confidence, uncovers new strengths, and leaves a lasting, sustainable impact.

Beyond your workshops, switch off and soak up Palampur's breath-taking landscapes and experience local culture in the most authentic way.

Potential program activities:
Engaging with local health professionals and supporting the local hospital with triage and vital sign checks, leading first aid, safety & CPR workshops with local community groups, supporting community pop-up clinics and health screenings.*

*__Please note:__ these activities are best suited to students in 2nd year or above, so will be confirmed once we have the full details of your team! If you're in 1st year, you could consider our Himalaya Health Promotion Challenge

Week 2

Days 8-9
Your Free Weekend to Explore!

This is your time to make the most of everything India has to offer:

👉 Sample local restaurants
👉 Wander through bustling markets
👉 Visit peaceful monasteries
👉 Join local thangka painting classes
👉 Relax with yoga and meditation sessions

There are endless ways to soak up the culture!

We recommend spending your free weekend in Dharamshala, where you can dive into the city's rich history and heritage. Don't miss iconic sites like Kangra Fort and the Tibetan Museum - the perfect mix of adventure, culture and discovery!

Days 10-14
Palampur

These five days follow a similar rhythm to the first - contributing to health promotion activities, leading workshops, and coming together as a team to reflect on the impact you're making. The difference? You return with stronger skills, growing confidence, and deeper connections, stepping back into the community with a clearer sense of purpose. Somewhere between the first day and the last, you'll begin to recognise your own growth as a Global Citizen.

Known as the "Mini Tibet of India," Dharamshala is home to His Holiness the Dalai Lama and the Tibetan Government-in-Exile.
