ABOUT US

Where Fragrance Meets Flame — Handcrafted Soy Wax Candles

Aroma N Flames — candles are more than décor; they are memories captured in wax, stories told through fragrance, and traditions lit in every flame. Born from a passion for creativity and self-expression, our brand blends modern aesthetics with the nostalgia of Indian culture and everyday joys.

Founded by Arpna Korgaonkar, Aroma N Flames began as a small experiment and grew into a brand built on stories, traditions, and handcrafted love. After 9 years in the corporate world, Arpna chose to follow her passion for candle-making and inspire women—especially her daughter—to know that it's possible to create your own light and share it with the world.

We offer a wide range of handcrafted soy wax candles including Festive Collection (Ganesha, Rakhi Hampers), Dessert Special (Martini, Waffle with Ice Cream), Brew Collection (Chai-Biscuit, Coffee Martini), and Custom & Bulk Orders for weddings, corporate gifts, and special events. Every candle is hand-poured in small batches with love in India.

With a commitment to quality, sustainability, and customer delight, Aroma N Flames is your trusted partner for candles that celebrate festivals, remind you of home, and turn ordinary evenings into moments to cherish.
