How do I make a reservation?

You can reserve a transfer (point-to-point) or hourly services through our online booking page, www.ExpatRide.com/reservation/, or email us at CARS@ExpatRide.com. Suppose your requirements go beyond a simple transfer or hourly rental. In that case, you can provide us with the complete details of your itinerary, allowing us to create a customized quotation for you.

What bus services are offered?

ExpatRide provides the following services for the Bus and Coach Service:

Transfer Service:

- Pickup from a designated address
- Drop off at a specified address

Hourly Service:

- Hourly service options are available for those requiring a vehicle beyond a simple point-to-point transfer.

Specialized Requests:

- If your needs go beyond standard transfer or hourly services, share the comprehensive details of your itinerary with us. We will tailor a specialized quote to accommodate the specific requirements.

What types of vehicles are available?

We offer sizes from mini buses up to full-size 50+ passenger buses. Specific vehicle models can be provided upon inquiry.

What is the deadline for modifying my reservation?

Service modifications can be implemented at any point, subject to vehicle availability. If a change is requested more than seven days before the scheduled service and is feasible, the overall price will be updated to reflect the revised service details. If the modification is requested within seven days of the service, the revised total price will not be lower than the initially confirmed price, provided the change is possible.

What is the cancellation policy for bookings with ExpatRide?

Cancellation of all transfer services, such as point-to-point transfers, airport transfers, and hourly transfers, is free of charge if done more than five days before the agreed pickup time. If the cancellation occurs within five days of the agreed pickup time, a 100% cancellation fee, equivalent to the total cost of the booking, will be applied.

How much luggage can fit?

The inclusion of luggage details is essential when making a reservation. The vehicle size will account for one piece of checked luggage per individual. Additionally, please specify any carry-on bags. Generally, carry-on bags weigh between 8 and 10 kg, while standard checked luggage typically falls between 20 and 23 kg.

What are the guidelines for oversized luggage?

As an extra request, luggage exceeding 23 kg or surpassing the standard dimensions of a typical checked bag, along with specialized items such as golf bags, skiing equipment, bicycles, etc., should be indicated during the booking procedure. Failure to disclose any excess baggage may lead to additional charges.

What child safety measures are implemented with safety seat requests?

During the reservation procedure, you can request safety seats for children. This ensures the implementation of essential safety measures per the regulations of the location. It's important to note that the availability of safety seats cannot be guaranteed.

ECORIDE PROGRAM

Greener Global Mobility

EcoRide is ExpatRide's award-winning global sustainability program for employee mobility, designed to help your organization reduce CO_2 emissions through smarter, greener vehicle choices.

The easiest and most impactful way of lowering CO_2 during an assignment is choosing the right transportation solution.

Vetted Global Supplier Network

Access to electric and hybrid vehicles across more than 100 countries.

Greener-First Vehicle Selection

EcoRide choice program is designed to always choose the eco-friendlier option.

CO_2 Impact Tracking

Emission reductions per client, region, or vehicle type, ready to support Scope 3 reporting.

Lower Daily Costs

Save on fuel, maintenance, and local driving fees.

By switching to hybrid or electric vehicles, the "CO_2 budget" can improve by 5-6 times. Electric vehicles produce zero tailpipe emissions, meaning every mile driven is instantly better for our air and our climate.

1 ton of CO_2 emissions is equivalent to the following distance travelled by your car:

ELECTRIC	13,900 miles or 22,370 km
HYBRID	5,320 miles or 8,562 km
PETROL	2,433 miles or 3,916 km

"Our goal isn't to drive further or longer. It's to understand the **impact of every mile we choose to travel and how much cleaner that impact can be**. The point isn't more miles; it's better miles and doing better for our planet."

- Jesper Lovendahl, Founder & CEO, ExpatRide International
