ABOUT US

SNMAP International Trade is an India-based merchant export company founded in 2026 by Akshata Pednekar Phadte. Headquartered in Bandiwade Bander, Goa, we specialize in exporting authentic Goan products to global markets.

Our mission is to deliver the pure essence of Goa through our curated selection of spices, agricultural commodities, and traditional crafts. We work directly with local growers and artisans to ensure quality, authenticity, and fair trade practices.

SNMAP International Trade is a Goa-based export house rooted in the authentic flavors and traditions of the region. We specialize in the global distribution of high-quality agricultural commodities and handcrafted decor. Our portfolio includes Garam Masala (Origin of Goa), Turmeric Powder, Cumin Powder, Semi Husk Coconuts (Origin of Goa), Cashew Nuts, Wheat Flour, and Door Hanging (Toran).

With a Minimum Order Quantity of 5-10 Tons, we are well-equipped to handle bulk export demands while maintaining strict quality standards. We operate with a dedicated team of below 10 professionals, ensuring meticulous attention to detail in every order. Our location in Goa, the "Land of Spices," allows us to source the finest raw materials directly from local growers, ensuring freshness and authenticity in every shipment.

Our Mission

To deliver premium-quality Goan agricultural products globally with reliability, consistency, and customer satisfaction while supporting local farmers and artisans.

Our Vision

To become a globally trusted export partner known for authentic Goan products, transparent business practices, and long-term relationships with international buyers.

OUR PRODUCTS

Garam Masala

Our Goan Style Garam Masala is a carefully crafted spice blend inspired by the rich culinary traditions of Goa. Prepared using premium-quality whole spices, this aromatic seasoning is expertly blended to achieve a balanced combination of warmth, depth, and authentic flavor. The mix includes selected coriander, cumin, black pepper, cloves, cinnamon, cardamom, nutmeg, and other traditional spices known for their distinctive taste and fragrance. This versatile masala is widely used in the preparation of curries, seafood recipes, meat dishes, vegetable preparations, gravies, and regional delicacies.

Turmeric Powder

Our Turmeric Powder is produced from carefully sourced turmeric roots selected for their superior quality and freshness. The turmeric is hygienically processed, naturally dried, and finely milled to preserve its vibrant color, characteristic aroma, and authentic flavor. Known for its bright golden appearance, turmeric powder is an essential ingredient used across a wide range of food preparations and spice formulations. Naturally containing curcumin, this versatile spice is valued for its traditional culinary and nutritional significance. It is commonly used in curries, vegetable dishes, rice preparations, soups, gravies, sauces, marinades, and seasoning blends to enhance both taste and appearance.

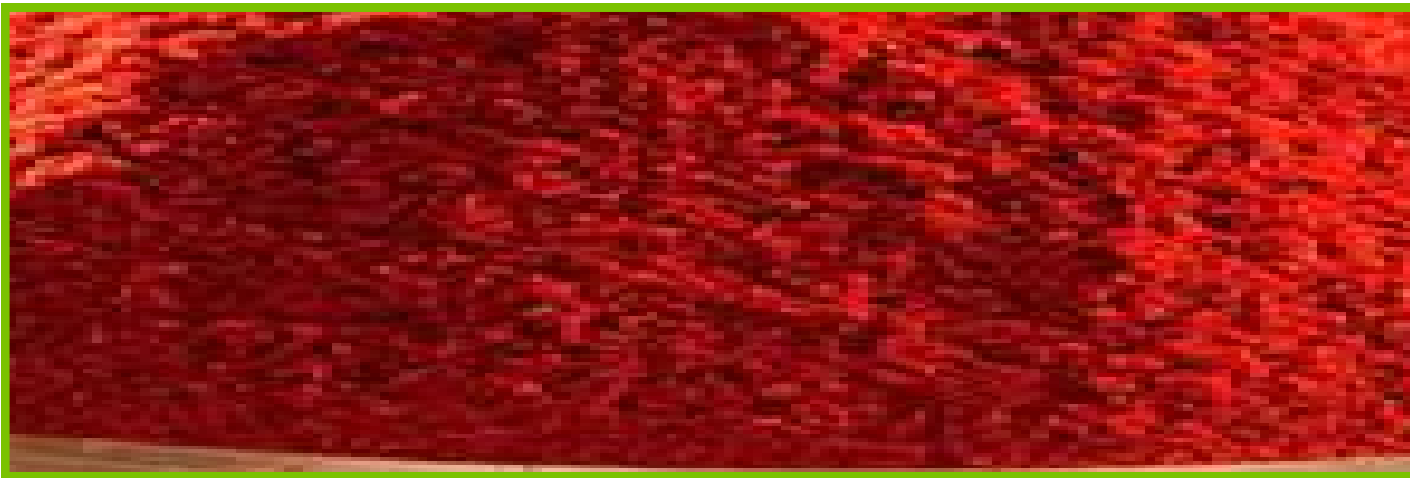

OUR PRODUCTS

Red Chilli Powder

Our premium Red Chilli Powder is made from sun-dried red chillies, finely ground to deliver rich color, bold flavor, and consistent heat. Sourced from reputable farms and processed in hygienic facilities, it enhances the visual appeal and taste of curries, gravies, marinades, snacks, sauces, and spice blends. Its balanced pungency makes it a versatile choice for various food processing applications. This product is free from synthetic additives and artificial colors, offering natural purity and reliable quality for culinary professionals and bulk buyers.

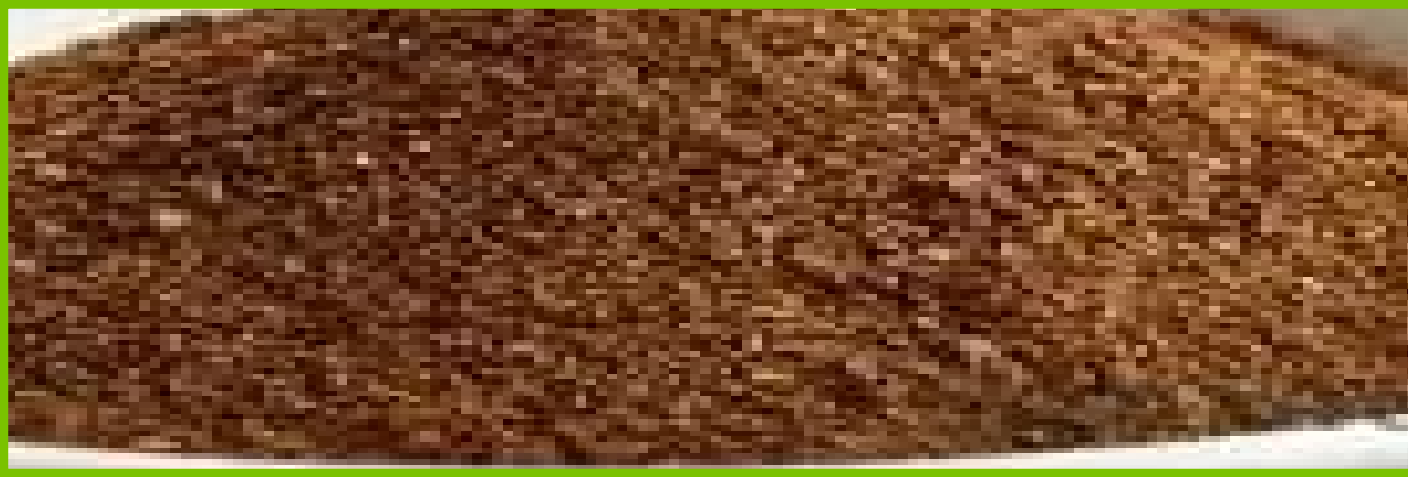

Kashmiri Chilli Powder

Our Kashmiri Chilli Powder is produced from premium Kashmiri chillies, known for their vivid natural red color, mild heat, and distinctive flavor. Finely ground under controlled conditions, this spice is prized for adding a beautiful deep red hue to dishes without overpowering heat. It is widely used in curries, tandoori items, gravies, marinades, and sauces. With no synthetic colors or additives, this product retains its authentic taste and freshness, making it a preferred choice for chefs and food manufacturers seeking consistent quality.

OUR PRODUCTS

Clove (Lavang) Powder

Our premium Clove (Lavang) Powder is derived from select dried clove buds that are finely ground to capture their intense aroma, sweet warmth, and essential oils. This versatile spice is valued for its strong, distinctive flavor in curries, spice blends, marinades, rice dishes, beverages, desserts, and baked goods. Processed with meticulous attention to hygiene, our clove powder is free from artificial preservatives and additives, ensuring that every batch delivers exceptional aroma and taste for culinary and seasoning applications.

Cumin (Jeera) Powder

Our Cumin (Jeera) Powder is prepared from select cumin seeds that are cleaned, gently roasted, and ground to preserve their warm, earthy aroma and distinctive nutty notes. A kitchen essential worldwide, this spice enriches curries, soups, stews, rice preparations, marinades, snacks, and spice blends. Manufactured under stringent hygiene protocols, it is free from synthetic colors, preservatives, and fillers, providing consistent flavor and freshness ideal for bulk supply to food industries and exporters.

OUR PRODUCTS

Dry Ginger Powder

Our Dry Ginger Powder is produced from fresh ginger roots that are cleaned, dried, and finely ground to maintain their natural pungency, warm flavor, and aromatic qualities. This versatile dehydrated ingredient adds a distinctive spicy note to curries, soups, teas, spice blends, baked goods, and beverages. Suitable for seasoning blends and food processing applications, our ginger powder meets high-quality standards and is free from artificial colors and additives, ensuring natural taste and purity for bulk buyers.

Black Pepper Powder

Our premium Black Pepper Powder is made from top-grade peppercorns, ground to perfection to preserve their sharp pungency, earthy notes, and robust flavor. Known globally as the 'King of Spices,' it is an essential seasoning for soups, sauces, marinades, meat and seafood dishes, salads, and spice blends. Processed in hygienic facilities, this product contains no artificial additives or fillers, ensuring pure, intense flavor. It is ideal for food manufacturers and seasoning experts who require consistent quality and reliable supply.

OUR PRODUCTS

Coriander Powder

Our Coriander Powder is made from select coriander seeds that are cleaned, dried, and finely ground to capture their mild, citrusy, and slightly sweet flavor. This aromatic spice is a staple in global cuisines, enhancing curries, gravies, soups, sauces, marinades, and vegetable dishes. Processed under strict quality control, it is free from artificial colors and preservatives, guaranteeing natural taste and consistent performance. Ideal for food processing and seasoning blend applications, it offers reliable quality for wholesale buyers.

Cinnamon Powder

Our Cinnamon Powder is derived from select cinnamon bark, finely ground to preserve its sweet, woody aroma and rich flavor. This versatile spice is widely used in baked goods, desserts, beverages, curries, spice blends, and cereals. It adds warmth and depth to both sweet and savory dishes. Processed under hygienic conditions and free from synthetic additives, our cinnamon powder offers a natural, consistent product suitable for large-scale food production and specialty seasoning applications.

OUR PRODUCTS

Cardamom Powder

Our Cardamom Powder is made from premium green cardamom pods, processed and ground to retain their sweet, refreshing aroma and rich essential oil content. Known as the 'Queen of Spices,' it enhances desserts, teas, coffees, baked goods, curries, and traditional sweets. This fine powder is produced under strict quality standards to ensure consistent flavor and freshness. Free from artificial colors and preservatives, it is an excellent choice for food processors and spice manufacturers seeking premium-grade ingredients.

Biryani Masala

Our Biryani Masala is a masterfully blended mix of premium aromatic spices, created to deliver the authentic taste and enticing fragrance of traditional biryani. This versatile blend adds depth and richness to chicken, mutton, seafood, and vegetable biryani, as well as pulao, rice dishes, marinades, and gravies. Made from high-quality ingredients and hygienically processed, it preserves natural essential oils and flavor. Ideal for both home cooks and food service professionals, this masala offers consistent, export-quality results for bulk buyers.

OUR PRODUCTS

Garlic Powder

Our Garlic Powder is produced from premium garlic cloves that are dehydrated and finely ground to retain their strong savory flavor and aroma. This convenient powdered form is ideal for seasonings, spice blends, soups, sauces, marinades, snacks, and ready-to-eat foods. It offers the authentic taste of fresh garlic with extended shelf life and consistent quality. Manufactured under hygienic conditions, our garlic powder is a staple ingredient for food processing and seasoning applications.

Green Chilli Powder

Our Green Chilli Powder is made from fresh green chillies that are dehydrated and ground to preserve their vibrant color, sharp heat, and fresh flavor. This premium-quality spice is widely used in seasonings, sauces, marinades, snacks, and spice blends. It delivers a distinctive pungent taste ideal for ready-to-eat foods and traditional recipes. Processed under strict quality control, this powder retains its natural freshness and is free from artificial additives, making it a reliable choice for food manufacturers.

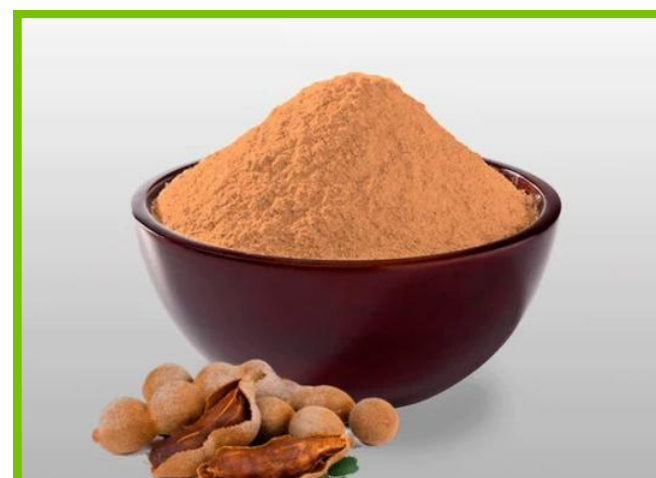

OUR PRODUCTS

Onion Powder (Pink & White)

Our Onion Powder is available in Pink and White varieties, made from premium onions that are dehydrated and finely ground to retain their authentic flavor and nutritional properties. This versatile ingredient is ideal for seasoning blends, soups, sauces, marinades, snacks, ready-to-eat meals, and meat products. Its excellent solubility and long shelf life make it a preferred choice for industrial food applications. Processed under stringent quality control, our onion powder ensures consistent flavor and purity for B2B buyers.

Tamarind (Imli) Powder

Our Tamarind Powder is made from premium tamarind pulp that is processed and ground to capture its distinctive sweet-and-sour tangy flavor and rich aroma. This versatile powder is widely used in curries, chutneys, sauces, soups, marinades, and spice blends. Its excellent solubility makes it suitable for food processing and ready-to-eat food production. Free from synthetic colors and preservatives, our tamarind powder offers consistent quality and authentic taste for wholesale buyers and industrial use.

OUR PRODUCTS

Wheat Flour

Our Wheat Flour is milled from premium wheat grains, processed under hygienic conditions to preserve natural nutrients, freshness, and taste. This fine-textured flour is an essential ingredient for bread, chapatis, rotis, biscuits, cakes, pastries, noodles, and various traditional and modern food products. Rich in dietary fiber, carbohydrates, and nutrients, it delivers superior texture and nutritional value. Ideal for bakeries and food manufacturers, our wheat flour ensures consistent quality and reliable performance in every batch.

Coconut (Semi Husk)

Our Semi Husk Coconuts are selected from mature fruits grown in fertile tropical regions, harvested at peak maturity to ensure superior quality, high water content, and thick kernel. The partial de-husking process facilitates easier handling, transport, and storage while preserving natural freshness. These coconuts are ideal for household use, food processing, coconut oil extraction, and industrial applications. Each nut is inspected under hygienic conditions to meet international export standards, providing reliable quality for bulk procurement.

OUR PRODUCTS

Cashew Nuts

Our Cashew Nuts are sourced from high-quality kernels, processed under hygienic conditions to ensure rich buttery flavor, crunchy texture, and high nutritional content. Carefully graded and packed for international standards, these nuts are ideal for snacking and as ingredients in confectionery, bakery, desserts, chocolates, cereals, and culinary dishes. Rich in protein, healthy fats, dietary fiber, and essential minerals, our cashews offer both exceptional taste and health benefits for consumers and food industries worldwide.

Decorative Door Hanging (Toran)

Our Handmade Decorative Door Hanging (Toran) is a beautifully crafted traditional decor piece that adds elegance, positivity, and cultural charm to homes, offices, and festive spaces. Skilled artisans use high-quality materials, vibrant colors, beads, fabrics, mirrors, and tassels to create intricate designs reflecting Indian heritage. Perfect for entrances, doors, windows, temples, and celebration venues, these Torans are ideal for festivals, weddings, housewarmings, and everyday decor, bringing warmth and a welcoming atmosphere to any setting.

OUR PRODUCTS

Ragi Biscuits

Our Homemade Ragi Biscuits are a wholesome, nutritious snack made from premium ragi (finger millet) and natural ingredients using traditional recipes. These crisp, delicious biscuits are rich in dietary fiber, calcium, iron, and essential nutrients. Made without refined flour (maida), they offer a healthier alternative for health-conscious consumers. Baked under hygienic conditions, these biscuits have a delightful flavor and satisfying crunch, perfect for tea-time, breakfast, lunchboxes, or daily snacking.

Oats Biscuits

Our Homemade Oats Biscuits are a healthy, nutritious snack made from premium oats and natural ingredients using traditional recipes. These biscuits offer a perfect balance of taste, nutrition, and crunch, making them ideal for health-conscious individuals. Rich in dietary fiber and essential nutrients, they are made without refined flour (maida) to support a healthier lifestyle. Baked under hygienic conditions, these biscuits deliver a delicious homemade flavor, suitable for tea-time, breakfast, lunchboxes, or on-the-go snacking.

OUR PRODUCTS

Moringa Biscuits

Our Homemade Moringa Biscuits are a nutritious snack made from premium moringa leaves and natural ingredients using traditional recipes. Known as the 'Miracle Tree,' moringa adds vitamins, minerals, antioxidants, and dietary fiber to these delicious biscuits. Made without refined flour (maida), they offer a healthier alternative to conventional snacks while providing a satisfying crunch and authentic homemade flavor. Hygienically baked, these biscuits are perfect for tea-time, breakfast, lunchboxes, and healthy snacking for all ages.

Nankhatai Biscuits

Our Homemade Nankhatai Biscuits are traditional Indian shortbread cookies made from premium ingredients using authentic recipes to deliver a rich, buttery flavor and melt-in-the-mouth texture. Perfectly baked to achieve a balance of sweetness, aroma, and crispness, these biscuits appeal to all ages. Made with wholesome ingredients and free from artificial preservatives, they provide a nostalgic homemade taste ideal for tea-time, festive celebrations, gifting, and everyday indulgence. Enjoy the delicate texture and traditional flavor with every bite.

OUR PRODUCTS

Wheat Biscuits (Plain & Sugar Coated)

Our Homemade Wheat Biscuits are available in Plain and Sugar Coated varieties, made from premium whole wheat flour and natural ingredients using traditional recipes. These wholesome biscuits offer a delightful crunch, authentic flavor, and balanced nutrition. The Plain variety provides a light, wholesome taste, while the Sugar Coated version adds a subtle sweetness and crispy texture. Made without refined flour (maida) and baked under hygienic conditions, they are a healthier snack option perfect for tea-time, breakfast, or daily enjoyment.

Sorghum (Jowar) Noodles

Our Homemade Sorghum (Jowar) Noodles are a healthy, nutritious alternative to conventional noodles, made from premium sorghum and natural ingredients using traditional methods. This ancient grain is rich in dietary fiber and essential minerals, offering wholesome goodness. Made without refined flour (maida), these noodles are a healthier choice for balanced diets. Easy to cook and versatile, they are ideal for stir-fries, soups, salads, and fusion recipes, providing a delicious taste and smooth texture for all meals.

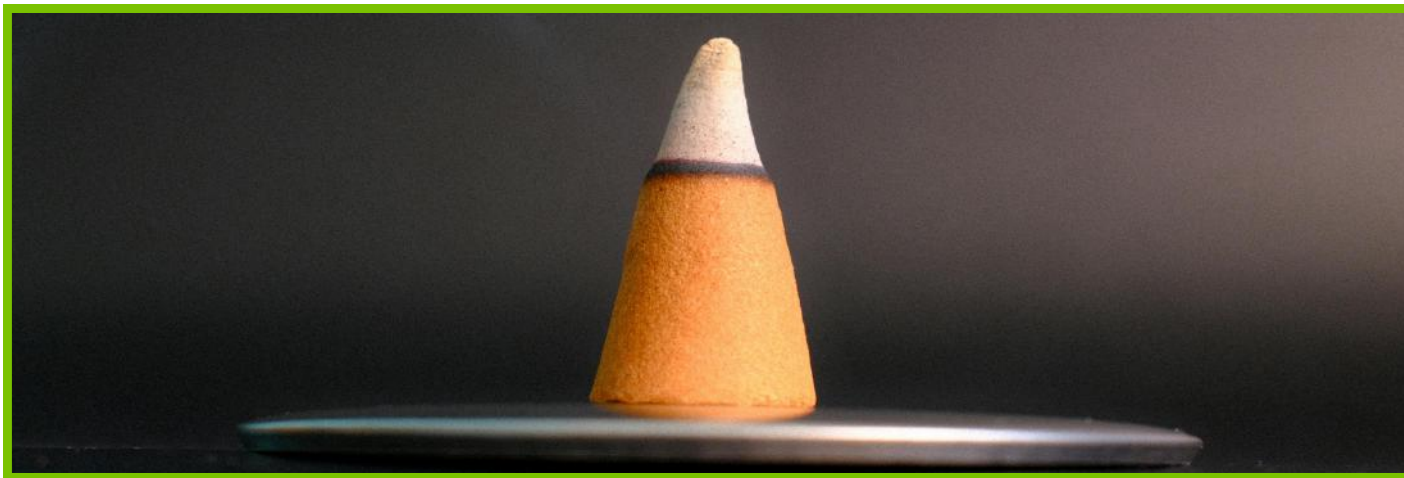

OUR PRODUCTS

Incense Sticks

Our Handmade Incense Sticks are crafted from premium natural ingredients using traditional methods to create a soothing, long-lasting aromatic experience for homes, workplaces, and spiritual spaces. Made from natural herbs, aromatic powders, essential oils, and resins, these eco-friendly sticks produce a gentle, calming fragrance that enhances meditation, yoga, prayer, relaxation, and daily living. Each stick is handcrafted under hygienic conditions, ensuring consistent quality, smooth burning, and a balanced aroma that fosters peace, positivity, and freshness.

Dhoop Cones (Dhoop Batti)

Our Handcrafted Dhoop Cones (Dhoop Batti) are traditionally made from a rich blend of pure natural ingredients, including aromatic herbs, sacred resins, essential oils, and natural binders. These compact cones release a dense, smoky, deeply fragranced aura that purifies the environment and enhances spiritual practices. Perfect for temples, prayer rooms, meditation spaces, and daily rituals, each cone burns evenly and produces a long-lasting, captivating scent that promotes mental clarity, relaxation, and positive energy. Made with eco-friendly materials, they offer an authentic therapeutic fragrance experience.

OUR PRODUCTS

Frozen Salmon Fish

Our premium Frozen Salmon Fish is sourced from quality fisheries and processed under hygienic conditions using advanced rapid-freezing technology to lock in natural freshness, texture, and nutritional value. Salmon is prized worldwide for its tender flesh, rich flavor, and vibrant color. It is an excellent source of high-quality protein, Omega-3 fatty acids, vitamins, and minerals that support heart health, brain function, and overall wellness. Ideal for frozen food supply and export, our salmon maintains its quality through the cold chain.

Frozen Whole Chicken

Our premium Frozen Whole Chicken is sourced from healthy poultry raised under strict quality standards and processed in modern facilities using advanced rapid-freezing technology. Each chicken is thoroughly cleaned, dressed, and individually packed to ensure food safety, freshness, and convenience. Rich in high-quality protein, essential vitamins, and minerals, it is suitable for a wide range of culinary uses. Ideal for frozen food supply and export, our product delivers excellent texture and flavor with reliable cold chain handling.

OUR PRODUCTS

Tomato Powder

Our Premium Tomato Powder is produced from carefully selected, ripe tomatoes that are hygienically processed and spray-dried/dehydrated to preserve their natural color, rich flavor, aroma, and nutritional value. The powder is finely milled, free-flowing, and easy to use, making it an ideal ingredient for a wide range of food applications. It offers the convenience of fresh tomatoes with a significantly longer shelf life, making it a cost-effective solution for food manufacturers, restaurants, and retail consumers.

Fresh Red Onions

Our Premium Fresh Red Onions are carefully sourced from trusted farms and selected for their superior quality, uniform size, vibrant red color, and rich flavor. Cultivated under hygienic agricultural practices, our onions are known for their excellent taste, high nutritional value, and long storage life. Each onion is carefully graded, cleaned, and packed to maintain freshness during transportation, making them ideal for both domestic consumption and international export markets.

OUR PRODUCTS

Fresh Green Chilli

Our Premium Fresh Green Chillies are sourced directly from carefully selected farms and harvested at the optimum stage of maturity to ensure maximum freshness, vibrant green color, and natural pungency. Known for their crisp texture, rich flavor, and high nutritional value, they are ideal for domestic and international markets. Each batch is meticulously sorted, graded, and hygienically packed to maintain freshness throughout transportation and storage. Best consumed fresh, they maintain optimum freshness when stored at 7-10°C with appropriate humidity.

Fresh Drumstick (Moringa Pods)

Our Premium Fresh Drumsticks (Moringa Pods) are carefully sourced from selected farms and harvested at the ideal stage of maturity to ensure superior freshness, tenderness, and nutritional value. Known for their rich flavor and high dietary benefits, our drumsticks are widely used in traditional cuisines, soups, curries, and food processing applications. Each pod is carefully sorted, graded, and hygienically packed to preserve its freshness, quality, and appearance throughout transportation, making it suitable for both domestic and international markets.

OUR PRODUCTS

Fresh Elephant Yam (Suran)

Our Premium Fresh Elephant Yam (Suran) is sourced from carefully selected farms and harvested at optimum maturity to ensure superior quality, freshness, and nutritional value. Known for its firm texture, earthy flavor, and versatility, Elephant Yam is widely used in traditional cuisines, food processing, and health-focused recipes. Each tuber is carefully cleaned, sorted, and graded to meet international quality standards, ensuring excellent shelf life and safe transportation for domestic and export markets.

Farm Fresh Ginger

Our Premium Farm Fresh Ginger is sourced directly from carefully selected farms and harvested at the optimum stage of maturity to ensure superior freshness, rich aroma, and strong natural flavor. Renowned for its culinary versatility and medicinal properties, our ginger is ideal for fresh consumption, food processing, and export markets. Each rhizome is carefully cleaned, sorted, and graded under hygienic conditions to preserve its natural quality, ensuring long shelf life and excellent performance during transportation.

OUR PRODUCTS

Farm Fresh Garlic

Our Premium Farm Fresh Garlic is sourced from carefully selected farms and harvested at peak maturity to ensure exceptional quality, freshness, and rich flavor. Known for its strong aroma, high nutritional value, and medicinal properties, our garlic is ideal for culinary, food processing, and export applications. Each garlic bulb is carefully cleaned, sorted, and graded under hygienic conditions to maintain its natural freshness, firm texture, and long shelf life, ensuring it meets international quality standards.
