Holiday Gifting, *Without the Guesswork*

Holiday gifting gives businesses a practical way to recognize customers, employees, partners and prospects at the end of the year.

But effective corporate gifting is no longer about sending the biggest or most heavily branded item. Current research points toward quality, usefulness, personalization and responsible product choices.

The strongest gifting programs focus on products recipients are likely to use, with enough flexibility to accommodate different preferences, budgets and audiences.

What This Means for *Your Holiday Gifting*

01. Choose quality over quantity.

Fewer, better-designed products can deliver more value than a larger selection of disposable items.

02. Make personalization practical.

Recipient choice, curated collections and audience segmentation can help reduce the risk of sending irrelevant gifts.

03. Think beyond traditional SWAG.

Retail-inspired apparel, tech, drinkware, gourmet products and useful everyday items can make corporate gifts more versatile.

04. Consider the entire experience.

Packaging, personalization, delivery and product quality all contribute to how a corporate gift is received.

What's Shaping Corporate Gifting?

01. Gift Psychology

Give people more relevant choices.

Research on gift-giving shows that givers and recipients don't always value the same things. For corporate programs, recipient choice, practical products and curated options can make gifting more relevant at scale.

02. Packaging Trends

Less excess. Better presentation.

Packaging is becoming another consideration in product selection, alongside durability, design and material quality. For holiday gifting, [clean presentation](#), appropriate packaging and responsible material choices can help create a more polished gift without adding unnecessary components.

03. Color Trends

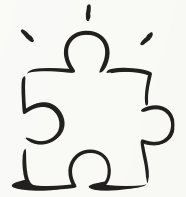

Neutrals meet intentional accents.

Pantone's 2026 Color of the Year, [Cloud Dancer](#), reflects the continued use of soft, versatile neutrals. For corporate gifting, neutral products can provide a clean base for subtle branding and accent colors.

04. SWAG Trends

Corporate merchandise is becoming more retail-inspired.

Heavyweight tees, relaxed and genderless fits, versatile outerwear, muted tones and streetwear-inspired styles are shaping promotional apparel. The focus is [shifting toward](#) products that can work across professional and everyday settings.

05. Corporate Gifting Trends

*Quality. Personalization.
Sustainability. Efficiency.*

[Corporate gifting](#) is shifting toward durable products, retail-style merchandise, recipient choice and more transparent sustainability information. AI and automation are also increasingly being used across the promotional products industry to streamline product research, personalization and ordering.
