WenkeSunbelt Greenhouses Young Plants Catalog

Welcome *from the Young Plants
Team at WenkeSunbelt Greenhouses*

Customer Commitment

- Quality First - We're proud of our 99.6% success rate
- Provide the widest assortment of plugs and liners focused on the best genetics from the breeder community. One-Stop-Shop
- Dedicated and empowered customer service that communicates via integrated systems to resolve issues quickly.
- Grow "naturally" allowing you to use synthetic tools more effectively.
- Production Support – Service doesn't end when we seal that box or send the truck. Our team of horticultural experts are here for you.
- Creative Logistic – Truck/Sprinter/LTL/Fed-Ex or other. We are dedicated to finding the most economical and expedited means of delivery. Freight counts.
- "Be the easiest company to do business with"

To our customers, thank you for your support and feedback as we grow together. And to prospective customers we look forward to earning your business.

Thank you from the entire WenkeSunbelt family!

Important Information

Minimum

1 tray minimum for each order.
FedEx Only

Lead Time:

Normal lead time is 9 weeks but some items may require more or less, depending on grow time.

Some speculation product is grown and may be available for late orders.

Custom grow:

Available for orders of 5 trays or more per variety per ship date.

Cancellations/Order Changes:

All cancellations or reductions should be sent prior to the product being started and/or cuttings booked.

Additions to existing orders should be made by Tuesday at 12:00 p.m. the week prior to shipping.

Claims:

Quality and Quantity claims should be received within 3 days of delivery. Pictures are appreciated for all quality concerns.

Third party delivery claims (Fed Ex or other) should be made directly with the broker office.

Plant Protection:

Propagation is strictly forbidden on all patented material.

Tags:

Tags arrive separately from plants and are drop shipped directly to the customer from Smurfit-Westrock.

Tags for vegetative product will automatically be included unless orders are placed with the no tag option.

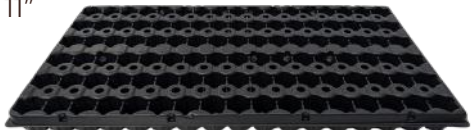

We offer 1:1 or 1:3 tag ratios for the customers' convenience.

Sustainability at Wenke

MPS

driven by
sustainability

Sunbelt has
certification.

Wenke is
currently being
evaluated.

Earning your certification?

Shop from Wenke-Sunbelt and earn points towards your certification by shopping from other certified growers.

Sustainability Certification

Sustainability and being a green leader is a huge pillar of our focus. The MPS certification “aims to guarantee the quality and sustainability of the entire floriculture sector.”

From considering factors like “use of crop protection agents and fertilizers” to “usage in the areas of energy, water and waste”, companies are awarded up to 110 points.

Tools for Success *ePicas*

ePicas is more than just our live availability tool. We dedicate our energy to providing as much information as possible to our customers! Some important information you can find under the Planting Information section includes:

- Information about how we grow our young plants
- Plants per cell
- Important customer resources
- Climate
- Fertilizer
- Pest Control Information

Planting	Climate	Growing Info	Pest Control	Specifications	Substitutions

Syngenta Flowers

A close-up photograph of purple flowers, likely columbines, with water droplets on their petals. The background is a soft, out-of-focus green and purple. The word "Perennials" is written in white, sans-serif font at the bottom left.

Perennials

How do we select perennials?

WenkeSunbelt Greenhouses selects perennial offerings based on the hardiness zones at both our northern and southern locations. Between Southwest Michigan and Southern Georgia, we select perennials that are in both ***hardiness zones 6a and below and 9a and above.***

Items in 6a-9a hardiness zones are available at both locations.
