

THEIR CREW WAS PROFESSIONAL, EXCELLENT, AND MAINTAINED A STRONG FOCUS ON SAFETY. WE WERE VERY SATISFIED WITH THE FINAL OUTCOME, AND WOULD HIGHLY RECOMMEND THEM.

Craig Neville, Terminal Manager @ Heidelberg Materials

ABOUT R.J. FORBES

With over 45 years of expertise, R.J. Forbes specializes in advanced surface preparation techniques, high-performance coating applications, and facility restoration services across diverse industrial markets.

The company's commitment to safety, environmental responsibility, and delivering projects on time and on budget has established them as a trusted maintenance partner rather than just a service provider.

SAFETY & CERTIFICATIONS

At R.J. Forbes, safety isn't a checkbox — it's the standard. We train for it, plan around it, and expect it on every job. It's embedded in our culture and woven into every step of our operations. Our team has every certification, pre-qualification, and compliance system to ensure our safety programs meet the highest standards. Every member of the team is certified with Avetta, ISNWorld, Veriforce, and Comply Works.

SERVICE AREAS

There's no industrial job too complex or complicated for us. Our team travels nationwide to tackle the hardest projects. We cover the spectrum from surface preparation & repair to complex painting & coating applications. We prioritize safety and meeting our customer's exact needs - on time & budget.
