CLASSIC ELEGANCE

4230 SQFT OF GORGEOUS
HOME IN DARTMOUTH NS

A Dartmouth Classic.

When this home was built, it was considered the very best Dartmouth had to offer, and Bayswater Road was the most prestigious address in town. Set in the Nantucket subdivision, it has been lovingly kept by one family for 27 years.

Full brick, a rare exposed aggregate circular drive and a grand curved staircase set the tone. Out back, the 15,000 sq. ft. lot gives you direct access to Bell Lake for swimming, kayaking and paddleboarding.

15,000 SQ FT LOT WITH
DIRECT ACCESS TO BELL LAKE

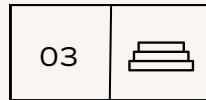

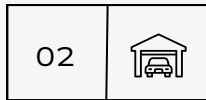

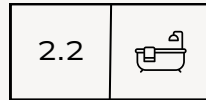

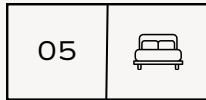

You'll know this one the moment you pull in. An exposed aggregate circular driveway, something you just don't see in this area, sweeps past manicured shrubs, Japanese maples and perennial gardens to a full brick front with arched garage doors and a covered, arched entry. Step under the wood-panelled porch ceiling, past the solid wood door with sidelights, and the tone is set.
