Quality for families for over 100 years

Since 1923, hauck has been developing products that make everyday family life easier, safer, and more comfortable. From pushchairs to highchairs, our solutions stand for innovation, trust, and modern design — across generations.

OUR VALUES

EMBRACING

Families are at the centre of everything we do.

HONEST

Openness and integrity shape our way of working.

OPEN-MINDED

We embrace diversity and foster different perspectives.

RESPONSIBLE

Safety and reliability are our commitment.

RESPONSIBILITY FOR TOMORROW

Many of our products are made from FSC®-certified wood. This supports responsible forestry and contributes to protecting our environment. In addition, our textiles are tested for harmful substances in accordance with OEKO-TEX® Standard 100.

DIVERSITY THAT ENRICHES

At hauck, people with different backgrounds and ideas come together — this diversity defines us. It strengthens our team, inspires new solutions, and helps us develop products that support families worldwide in their daily lives.

Variety that inspires

Our product range offers the right solution for every life situation — from first meals in the highchair to adventures with the pushchair and restful sleep in the travel cot. Creative toys encourage imagination and learning. Every product is carefully designed to enrich everyday family life.

OUT AND ABOUT

For big and small adventures: lightweight, practical, and comfortable on the move.

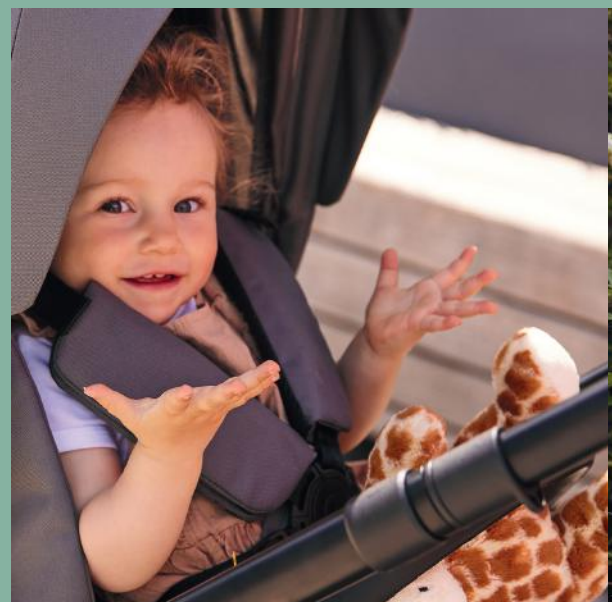

AT HOME

Safe, comfortable, and versatile — for peace of mind within your own four walls.

COMFORT N CARE SET

MOVE N CARE SET

Pushchair Sets

The sets combine a pushchair with a matching carrycot and/or infant car seat to create a practical all-in-one solution from birth. They offer flexible use and make everyday family life easier right from the start.

ALPHA NEWBORN SET PRE

Wooden Highchair Sets

Highchair sets combine the grow-along highchair with a newborn attachment as well as practical accessories such as a tray or seat pad. This makes them usable from birth and ensures they grow with the child over many years.

CLICK, PLAY, COLLECT

Expand your highchair with just a click for endless playing and learning fun.

PLAY TRAY

toys

From dining table to playground in just one click. The Play Tray transforms the wooden highchair into a play paradise with a variety of themed and design worlds. For children who are far from finished after mealtime — and parents who appreciate it.

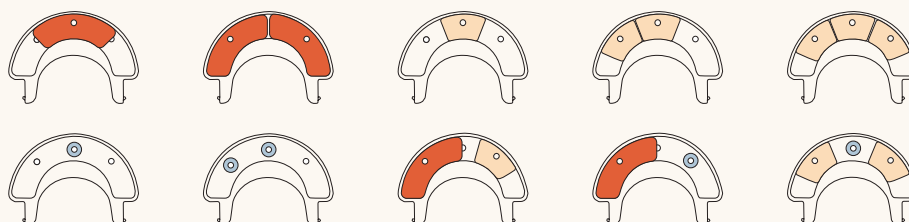

A simple click system means the food tray can be easily removed after mealtime is over and then the play tray can be attached to the highchair in just a click. The play tray can accommodate up to three toys.

The play tray and the toys train children's fine motor skills in a playful way while they sit safely in their highchair. Of course, the toys can also be used without the play tray or highchair.

All our toys are made of FSC®-certified wood. We attach great importance to sustainable and ecological utilisation of forest land that protects plants and animals and allows babies a healthy start to life. The game board is easy to clean, durable — and sustainably produced. This is what the GRS certification stands for.
