THE EDITOR'S DIEN

Editorial

AN all-embracing wave of happiness has spread its pleasant wings over the hallowed precincts of our alma mater and the air is charged with a sense of expectancy—as when the crowd waits to see a tennis star put away a mighty smash—about to break forth in a surge of joyful relief during days free from the trammels of school routine. Red, Green and Blue join forces in friendly rivalry, which causes even the most lethargic to forget momentarily their sang-froid and display an enthusiasm which belies their otherwise disinterested attitudes.

During the weeks ahead some, yielding to the call of bat and ball, will make history—however ephemeral—in the shape of ducks or centuries, maidens or hat-tricks. Others, interpreting the same call differently, will be deemed unbeatable at the net, or serve aces in true Falkenburg style. More will strive to emulate the feats of their heroes of field or track. As the sun, continuing its never-ending course, pours down on us its gold-bedewed radiance, others will disport themselves in frolicsome abandon on the shores of this, our emerald isle. Yet again others, reaping the scientific benefits of this modern age, will enjoy the beauties, both natural and artificial, of lands beyond the blue horizon. But let us all remember that while "*dulce est desipere in loco*," nevertheless we must be faithful to our trust.

The only blot on an otherwise unmarred landscape is the apprehension, inherent in all schoolboys, of those ever-recurring end-of-term storms. But we may gather consolation from the thought that some day we ourselves may be seeing the other side of what were the bane of our schooldays—reports. We would remind those of whom, during the weeks of doubt and sorrow, it could be said "*destrictus ensis cui super impia cervice pendet*," that Damocles lived to learn the moral of that disquieting moment.

But ere the picture of the events of another school year fades into oblivion, spare the time, gentle reader, to scan with kindly eye the pages of this magnum opus, and give thanks,

in common with all those whose work appears herein, to the inhabitants of Pieria, without whose grace these epistles could not have been written. Doubtless some will be at a loss to grasp the meaning hidden in the literary items, but it must be remembered that "*οὐδὲ ἀποφρον βαίνων κελείθου*"—"God moves in a mysterious way, His wonders to perform"; which is especially true in the case of inspiration.

Cost Accountancy as a Career

RECENT years have shown considerable developments in industry everywhere and business is continually tending to become more and more complex in its structure and organisation. It follows, therefore, that some technique is necessary to provide prompt and regular information for the guidance of management so that full control may be exercised over methods of production, selling and distribution. This control can be carried out by a specialised form of Accountancy known as Cost Accountancy, and the practical value of this technique has been amply proved by results achieved in dealing with problems of productive efficiency, waste elimination and profit-making. In every branch of industry and commerce the Cost Accountant has come to be recognised as an indispensable factor in scientific management.

It is generally admitted that the necessity for ascertaining an accurate cost of each of the products of a concern is vital under present economic conditions. The efficient manufacturer realises that this is an era of keen competition and price-cutting, and he is fully aware that details of his costs, dissected into categories of labour, materials and expense, are highly important, particularly with a view to discrimination in price-fixing.

Cost Accountancy, therefore, can be briefly defined as a method of providing and maintaining an internal control upon every form of expenditure relating to an undertaking.

Comparatively little is known of modern costing methods in this country, probably due to the fact that only in the last two or three decades has a definite stimulus been given to

Wedding Photography

**Child Photography in
the home**

For twenty-one years—almost since he left The High School—Cecil Vanston has been engaged in professional photography. In that time he has pioneered many new types of work, including child photography in the home.

He introduced from America the first "one-shot" colour camera ever used in Ireland, and has probably the widest experience of any Irish photographer in colour photography.

Remember, Vanston has the experience and the specialised equipment to tackle the biggest and most complicated job and carry it through to success. No job is too big, and none too small.

Vanston, 17 Bushy Park Road, Dublin. Phone (Dublin) 95026

Irish industry. Manufacturers, however, are gradually learning to appreciate the necessity for scientific costing if they are to compete with any degree of success in the open market and with other countries.

Regarding the future of costing in this country, it can be said that there are definite possibilities for young men of the right type and with the necessary qualifications. The prospects in business, generally, are extremely bright for a young man who intends to assimilate a thorough knowledge of costing methods and, after becoming qualified, shows his employer that he is well suited to occupy a higher and more responsible position in the firm.

Costing can be applied to any type of undertaking whether manufacturing, trading or the provision of services. It is, perhaps, interesting to note that farm costing has been receiving considerable attention lately.

It has been stated that there are few firms in this country which can afford to employ a Cost Accountant as such. This is, undoubtedly, true, but, if the concern is small, very often his duties are coupled with another executive position, such as Accountant, Works Manager, etc. It is not infrequent that the duties of the Cost Accountant are carried out by a person already having managerial functions. In this connection, it is important to appreciate that Cost Accountancy training embodies, not only a thorough knowledge of accountancy and costing methods, but a sound conception of industrial evolution and management, both from an economic and a productive standpoint.

The Cost Accountant, therefore, should be well qualified, after suitable experience, to assume a high executive position in any concern, provided he is the right type of person for the job. Intelligence, tact, discrimination, personality and an ability for organisation, are among the necessary attributes of the successful Cost Accountant.

In this country, the activities of Cost Accountants can be divided broadly into three categories:—

- (a) Those engaged as full-time executives on the staffs of industrial and commercial undertakings.
- (b) Those similarly employed in Government Departments and Municipal Services.

- (c) Those in practice as Cost Consultants (also known as Management or Industrial Consultants).

With reference to (c), some small concerns prefer to engage the services of a firm of Cost Consultants to instal a modern costing system and either supervise it in operation or train suitable personnel to do so.

To become a qualified Cost Accountant, three examinations must be passed. These are the Preliminary, the Intermediate and the Final. Exemption, however, may be granted from the Preliminary if the candidate has passed the Leaving Certificate Examination. Besides a good basic education, a sound knowledge of certain technical subjects is required. These include: Commercial Practice, Accountancy, Industrial Evolution and Management, Economic Aspects of Industry and Commerce, Production Methods and Services, Factory Organisation and Management, Legal Aspects of Industry and Commerce, Statistical Method and Costing. After the Final Examination has been passed, a candidate may apply for membership of The Institute of Cost and Works Accountants, which may be granted after certain conditions regarding experience and ability have been satisfied. An Associate of the Institute is entitled to use the letters A.C.W.A. after his name. Fellowship of the Institute (F.C.W.A.) may be applied for after five years as an Associate, provided certain extra requirements can be met.

The examinations are held in centres in various parts of the world, including Dublin and Belfast, in June and December each year. The preparation is normally carried out by private study, with or without the aid of a correspondence college. Classes, however, are available at the High School of Commerce, Rathmines, which cater expressly for the Institute examinations. Students may be apprenticed to a firm of Cost Consultants, which provides opportunities of practical costing experience, a factor which is almost essential in preparing for the examinations, and absolutely essential before membership can be attained.

A Branch of the Institute was established in Dublin in 1944, and, since then, there has been a steady influx of students from all parts of the Twenty-Six Counties. A similar Branch was formed in Belfast in the same year, and

membership in Northern Ireland is even greater now than in the South. Meetings are held each month, except in the summer months, and other activities such as conferences, joint meetings with other bodies, and works visits, are embodied in the season's programmes. Those who desire further detailed information regarding costing generally, and the Institute particularly, should communicate with the Director, The Institute of Cost and Works Accountants, 63 Portland Place, London, W1, from whom an interesting little booklet may be obtained, which provides, inter alia, all the necessary data connected with examinations.

The foregoing remarks provide only a very brief indication of the scope and prospects of the Cost Accountant in this country, but it is hoped that they will be of some guidance and assistance to all parents and boys who are interested in the subject, particularly when the embarkation on a business career is being considered.

T. F. V. JACKSON, A.C.W.A.

[FOOTNOTE:—*The Hon. Secretary of the Dublin Branch of the Institute is T. F. V. JACKSON, A.C.W.A., "Isoldene," Chapelizod, Co Dublin. The Hon. Secretary of the Belfast Branch is S. D. CROSSEY, F.C.W.A., "Rathcairn," 95 Wandsworth Road, Belfast.*—EDITOR]

A Visit to the Royal Mint

ONE day during our trip to London we went to see the Royal Mint. To get to it we had to go by tube to Tower Hill, because the Mint is near the Tower of London. When we came to the entrance my father gave the policeman on duty a pass, which the Deputy Master had sent him. Another policeman brought us to an office where we signed our names and our pass was marked cancelled.

After ten minutes a guide brought some Australians and us to a covered yard; in this yard there were piles of metal strips with coin holes in them, the coins already having been cut out.

Next we went to the furnace room, and we saw the old strips and some new ingots of copper being melted down; the flame changed to green when the copper was put in. There was a great heat from the furnaces and the noise was very loud.

Next we went and saw the bars of metal being rolled to the right thickness of a coin. Each bar was then checked for thickness with a special instrument called a micrometer.

In another room the strips were passed through a special stamping machine which cut out discs slightly smaller than the finished coin, at the rate of two hundred and twenty a minute.

These discs were too hard to be turned into coins, so they were heated up again in a machine something like a cement mixer; they came out the other side red hot and fell into a bucket which cooled them.

The discs were then cleaned by sulphuric acid in more machines; after that they were put into special ovens and were dried with hot air. When they were dry they were sent to have their edges trimmed.

Then they were put into a long tube just the right size and they were stamped head, tail and edges milled in one action. The pressure of the die was so great it squashed the coin to the right size and at the same time giving it a rim, that was why it had been made slightly smaller previously.

They were then brought in trays to a room with revolving belts, the coins were poured on to the belt and two experts checked the coins—one the heads, the other the tails; the belts then turned over and two more experts checked the other sides. The money was then stacked away for delivery to whoever had ordered it.

The Royal Mint only makes coins to order. This was the only thing to be seen now and on the way out the guide showed us the old dies which had been deliberately cut and damaged so they could not be used again.

That finished our visit and I must say it was an amazing sight to see so much money pouring out of a machine.

T. HEMPENSTALL,

FORM 1A (11½ years).

The Sentinel

Amid the fields of ripening corn

A sentinel I stand;

At dusky night, at dewy morn,

I see a golden land.

My face I turn, north, south, east, west,

To search for passers-by;

A breeze or boisterous gale my quest—

A windmill bold am I!

SCHOOL ACTIVITIES

School News

AFTER the Summer holidays an additional class will be added to the Senior School to cope with increasing numbers, and the Staff of the Senior School will be augmented by the appointment of another teacher.

At the end of the Christmas Term the Preparatory School gave an Entertainment in the Boardroom, with Dr and Mrs. Bennett and the Staff of the Preparatory School as audience. The programme included Carol-singing by J₁, J₂, J₃ and J₄; singing games and rhythmic work by J₁; a play "The Little Fir-tree" by J₂; a pantomime "Dick Whittington," with percussion and rhythmic movements and actions by J₃, who also sang a French song and some acting songs; and finally an operetta "Play-day in Holland" by J₄.

We congratulate Mr. J. Smyth on his marriage, and wish him and Mrs. Smyth every happiness.

During the Summer Term a lecture on Athletics was given by M. de Saedeleer. An account appears in the Athletics report.

On the 2nd June, 1950, a party of boys from the Middle School visited Skerries on the invitation of Waterloo Grammar School, Liverpool.

The photograph of the School which appears on the cover of this issue, and was also on that of the December issue, was taken by C. E. H. Maltby.

The Prefects for 1949-50 are: J. L. Wilding, M. S. Burton, W. J. A. Graham, A. W. M. Cooper, W. S. W. Poole, T. W. Williams, and A. M. Mahon.

Erasman Committee: Editor, J. L. Wilding; Sports Editor, A. W. M. Cooper.

Committee: W. J. A. Graham, K. H. Thompson, R. G. Brooks, G. A. Henderson, D. S. Nowlan, C. B. Warren.

We Congratulate

Dr. Bennett on being a Member of the Council of Education set up by the Government.

Mr. Ruddock who played for the Leinster Hockey team in Interprovincials with Connacht and Munster.

J. L. Wilding on winning the Old Boys' Cup.

A. W. M. Cooper on being selected to play for the Leinster Schools' Rugby team against Ulster; also on being selected to captain the Leinster Schools' Cricket team against the Leprechauns.

W. S. W. Poole on winning a Silver Medal for Greek Testament in the Synod Examination, 1950; also on being Very Highly Commended in Senior Elocution at the Father Mathew Feis, 1950.

W. D. Forsyth on being selected by the A.A.U.I. for special coaching by M. Paul de Saedeleer, the well-known Belgian coach. R. Maude, an Old Boy of Dublin University H. & A.C., was also selected.

E. H. Winter on obtaining 1st Place in Preparatory Violin (Under 13) at the Father Mathew Feis (1950), and 1st Place in Junior Violin C (Under 13) at the Feis Ceoil (1950). In December last, E. H. Winter played selections on the violin in the "Children at the Microphone" programme of Radio Eireann.

The 1st XI on reaching the Final of the Leinster Schools' Senior Cricket Cup.

A. M. Mahon on being appointed a Prefect at the end of last term.

The following events have been arranged for our Annual Sports Week at the end of this term:—

Saturday, 24th June—Cricket Match and Tennis Match: Fathers v. Boys, Belgrave Square, 3.30 p.m.

Monday, 26th June—Gym Display: The High School, 4.30 p.m.

Tuesday, 27th June—Athletics: Preliminary Rounds, Belgrave Square, 6.30 p.m.

Wednesday, 28th June—Cricket Match: Old Boys v. School, Belgrave Square, 6 p.m.

Thursday, 29th June—Cricket Match: Old Boys v. School, Belgrave Square, 6 p.m.

Friday, 30th June—Athletic Sports: Lansdowne Road, 2.30 p.m.

Our Contemporaries

We wish to acknowledge the receipt of the following magazines:—*C.A.I.* (Coleraine Academical Institution); *The Columban* (College of St. Columba, Dublin); *Portora* (Portora Royal School, Enniskillen).

Lending Library

WE are grateful to Dr. Bennett, who has presented a copy of "W. B. Yeats: Man and Poet," by A. N. Jeffares; to the Parents' Association, which has kindly presented £5 for the purchase of books; and to the following boys who have presented books: B. E. W. Dowse (2), G. I. Elder (1), D. C. B. Taylor (2), R. N. McDonough (1), R. N. Walker (1), and J. P. Williams (2). Since September last more than 40 books have been added to the Library, which has an average weekly circulation of 80 books among readers mainly from the middle school.

Parents' Association

THIS Association was formed with the object of promoting and furthering in any way possible the welfare of the School and its pupils, both while attending and when leaving the School, and of fostering social and other activities among members of the Association. Membership is open to all parents and guardians of pupils attending the School. The annual subscription is 5/- per family.

Our activities have continued pretty well as on previous lines.

The Annual General Meeting was held on Friday, 28th October, 1949, at which the election of Officers and Committee took place, viz., Mr. D. C. Fitzpatrick (President), Mr. B. J. Irwin (Hon. Treasurer), Mr. W. G. Abbott (Hon. Secretary), Messrs. Jinks, Keating, Oakes, and Mrs. Poole (Committee).

In December, 1949, two most interesting Talks were given—"Medicine as a Profession," by Dr. J. Waugh, and "Teaching as a Profession," by the Headmaster. The Association feels that these Talks have a very definite value in enabling parents to assess in some measure the prospects of different careers which they may contemplate putting their boys into in later life.

A most enjoyable Social and Musical Evening was held in January, 1950, which was well attended.

A Talk, which attracted a large gathering of parents, was given in February, 1950, by Dr. T. McCracken. His subject—"Problems in Adolescence"—was followed with keen interest and proved most enlightening.

The session's activities also included a Beetle Drive in March, which was most enjoyable. The proceeds (£5) were given to the School to buy books for the library.

At the close of the Summer Term (1949) the annual Cricket and Tennis matches—Parents v. Boys—were played, the boys proving victorious in both fixtures.

Once again we would like to record our thanks to Dr. Bennett and the staff for their continued interest in the Association.

It only remains to be said that our membership is still in need of building up, and we would like to see all parents becoming members of the Association.

Parents desiring to join the Association may send their names and addresses to either the Hon. Treasurer (Mr. B. Irwin) or to the Hon. Secretary, c/o The High School, Harcourt St.

Break-Up Party

Hon. Secs.: J. D. FOX and J. L. WILDING

THE annual Christmas party was held in the Clockroom on Friday, 16th December. The function was confined to senior boys and those who had recently left school—and their partners, of course. A happy evening of games, singing and dancing was enjoyed by 112 guests, although a number of games arranged by the Committee had, unfortunately, to be held over.

We cannot thank everyone who helped without calling the roll, but would like to mention those who organised and took part in the games, charades, "talk yourself out of this" and "question time"; Mr. Gardner, who acted as M.C., and Mr. Wilson, for the decorating, especially the illuminated Christmas tree and "moving aircraft" lantern.

At the close of the evening, Mrs. Bennett was presented with a bouquet of flowers by the boys, followed by three cheers, and the evening ended with "Auld Lang Syne."

Rugby 1949-50

AS stated in the December report, the 1st XV met with considerable success during the season. We played our first Cup match against The King's Hospital on 6th February and were unlucky to be beaten by 3 penalty goals, 9 points, to nil; however, they did not cross our line.

Our annual fixture with Bangor Grammar School in Dublin was played at Belgrave Square on Friday, 25th February, when we were triumphant in a very keen game in the mud, winning by 8 points to 0. We played the return match at Bangor on Friday, 11th March, and were beaten in a thrilling game by 1 point, the score being 11 points to 10.

The J.C.T. which had a bye into the second round were beaten in their first match by C.U.S., the score being 6 points to nil.

The Under 11s, 12s, 13s and 14s played over twenty matches during the season. Of these teams the Under 13s were most successful, and we hope they will fulfil the promise they have shown.

The annual Colours match was played on Thursday, 23rd of March, and the Old Boys were successful by 9 points to 6.

The Inter-House rugby competitions resulted in a win for Belgrave, with Harcourt second and Abbey third.

At the end of the season the following Honours were awarded:

Bell Cap: N. Jarrett and A. Cooper.

Best Back: C. Maltby.

Best Forward: D. Forsyth.

As N. Jarrett won the award last year he will receive a "Date."

The Junior Medal was awarded to D. Griffith.

The Place and Drop Cup was won by C. Maltby.

R. M. M.

NOTICE

Readers are asked to give their support to "Erasmian" advertisers, and to mention the school magazine when making Purchases.

Boxing 1949-50

THE Tenth Annual Boxing Championships were held on the 22nd November, 1949, as reported in the December issue of The Erasmian. House points were awarded on the results, and were won by Belgrave House. This was the first time Boxing had been included in the House Competition.

The Club held a tourney with Dungannon Royal School in Dublin on the week-end of the Scotland v. Ireland Rugby International at Lansdowne Road. This tourney ended in a draw, each school winning 6 fights. When we visited Dungannon later in the season we were narrowly defeated by one fight, the score being 6 fights to 5. At the end of the season Colours were awarded as follows:—

Senior Colours: E. A. Southam, G. W. Bull.

Junior Colours: R. G. Steele, M. S. Haskins, J. Isaacson.

Dates: W. D. Forsyth, N. Jarrett, H. N. G. Lundy, W. M. Gregory.

B. T. T.

Table Tennis 1949-50

THE 1949-50 season was very successful. At the beginning of the season, as reported in the December issue of The Erasmian, we had a visit from Mr. A. Ehrlich, the famous International coach. During the second half of the season we had a visit from the Boers, a team from Campbell College, Belfast. We were beaten by 5 matches to 4. The last match of the season was against the Old Boys, and to our surprise we beat them by 5 matches to 4. In the Leinster Schools' League we were runners-up in our section.

The team at the end of the season was as follows: R. M. Mahon, W. Poole, C. Maltby, D. Freedman, J. Glover, and N. Jarrett.

R. M. M.

Cricket 1950

THIS year the S.C.T. have got through to the final of the Cup, in which we meet Mountjoy School. In the first round we had an easy win over Avoca School. But in the next round we had a very narrow win over Blackrock College, and in the semi-final we defeated St. Mary's College, who had beaten Belvedere (the holders). Details:

First Round

High School: 212 (A. Brook 95).

Avoca School: 1st innings, 21 (A. Cooper 4 for 4, Freedman 4 for 1). 2nd innings, 38 (D. Freedman 3 for 10, A. Cooper 4 for 13).

Second Round

High School: 93 (C. E. H. Maltby 25, D. Freedman 25).

Blackrock College: 87 (A. Cooper 7 for 35).

Semi-final

St. Mary's: 127.

High School: 135 for 9.

The J.C.T. were not so successful in the Cup this year. They got a walk-over from St. Conleth's in the first round. In the next round they put up a good fight against their better opponents, St. Mary's. Details:

High School: 1st innings, 23 (Kilroy 5).

St. Mary's: 1st innings, 36 (Sloan 3 for 12, Watson 3 for 11).

High School: 2nd innings, 30 for 7 declared (J. Forsyth 10).

St. Mary's: 2nd innings, 19 for 1.

The "Under 14," under the captaincy of V. Reid, have had a very successful year. They have played seven League matches, of which only one has been lost and they have now reached the final.

The "Under 13" and "Under 12" have played and won quite a few matches. The Juveniles are as keen as ever, and are being coached by Mr. J. Smyth.

C. E. H. M.

Semi-final of the Senior Cup

On Saturday, the 3rd June, 1950, at Masonic School, Clonskea, we met St. Mary's College, Rathmines, in the Semi-final of the Senior Cup and, having lost the toss, went out to field. St. Mary's were soon in trouble when, off Cooper's bowling, their opening bat fell to a brilliant catch by Williams with the score at 2. But though wickets continued to fall fairly cheaply, St. Mary's were saved by Farley, who played an innings that was sound rather than brilliant and, having opened, carried his bat for 51. The best bowling performance was that of T. W. Williams, whose analysis was 22-9-36-5, proof of steady accurate deliveries.

It seemed as though a fate similar to that of last year awaited us, when we had lost

three wickets for 21 in reply to St. Mary's total of 127. But then Cooper and Maltby added 49 for the fourth wicket, before Cooper was bowled for 25. Maltby and Williams had knocked up 46 valuable runs when Maltby was bowled, having scored a brilliant and invaluable 50. The score then stood at 116 for 5, leaving 12 runs needed for victory with five wickets standing. But the match was not to end without excitement, for the score became 117 for 6, 121 for 7, 126 for 8, and at 127 Williams, number six in the order, was caught in the slips when he had made 25. His innings was especially valuable as he kept the side together at a critical stage. It then remained for Clarke and Jarrett to cause a few anxious moments to St. Mary's and ourselves alike, until Clarke made the winning hit, and we survived to meet Mountjoy in the final.

J. L. W.

Athletics 1950

INTEREST in Athletics this year is very keen, judging by the numbers turning out for training at the Square. This is especially evident in the Junior section, where there is some very promising material. This year again we are very fortunate in having the services of Mr. B. Hennessey as coach.

Our team did quite well at the Leinster Schools' Championships, and D. W. Forsyth deserves credit for finishing fourth in both the Senior Long and High Jumps.

In a Triangular Contest against King's Hospital and St. Columba's our team again came out well. D. W. Forsyth won the Senior Long Jump and tied for 1st place in the Senior High Jump. D. Griffith won the Inter-100 yards, and Galloway won the Junior High Jump.

The Preliminary rounds of our Annual Sports will be held at the Square on Tuesday, 27th June, and the Finals at Lansdowne Road, on Friday, 30th June.

During term M. Paul de Saedeleer, the well-known State coach of Belgium, paid a short visit to Ireland. A number of promising Irish athletes were selected to receive advice from him on methods of training. Amongst this "select few" were R. Maude, now in Trinity, and D. Forsyth, our present Athletics Captain. M. de Saedeleer also gave us a cinema lecture in the Drawing Room. This was most entertaining and included reels on the last Olympic Games, Sprints, Javelin, Shot, Jump and

Hurdles. This lecture was probably the cause of the present unprecedented interest in Athletics in school.

C. B. C.

Tennis 1950

THE season opened with practice on the hard courts at Leinster-Stratford L.T.C., and good use was made of them by the Senior and Junior teams.

The teams at present rank as follows:

Senior: R. M. Mahon, C. E. H. Maltby, W. S. W. Poole, D. W. Forsyth, G. W. Bull, N. Jarrett. Sub.: B. McCracken.

Junior: E. B. Twamley, B. Crawford, G. Watson, H. Kilroy, C. Knott, D. Taylor. Sub.: N. Armstrong.

We were unfortunate to lose our first two Senior matches, firstly to C.U.S., 5-1, and after a hard fight to Terenure College, 4-2.

The Junior also lost to Terenure, 6-0. Four of our Junior members acted as voluntary ball boys at the Monaco v. Ireland Davis Cup match at Fitzwilliam.

The Championships, Tournaments and House matches are making good progress and there appears to be no lack of enthusiasm.

OLD BOYS' UNION

Patron: Dr. E. H. Alton, Provost, T.C.D.

President: Mr. F. R. A. West.

Vice-President: Dr. John Bennett.

Hon. Secretaries: W. G. Booker, 14 Trees Road, Mount Merrion Park, Blackrock, Co. Dublin; C. G. Morton, 50 Orwell Road, Rathgar, Dublin.

Hon. Treasurer: P. R. Walker, "Ishgeen," Brennans-town Road, Cabinteely, Co. Dublin.

WE are pleased to report that since the last issue of *The Erasmian*, we have had several new members; we still want many more in order to reach our target of 1,000 in our 25th year, 1953. By the time you read this we will have the new enrolment forms available; we suggest you get a supply of these by writing to one of the Honorary Secretaries and whenever you meet an old boy who is not a member, give him one and tell him what our Old Boys' Union is doing. If every one of us could get one new member in 1950 we would reach the target easily. We feel that our old school deserves the support of a strong Old Boys' Union.

London Dinner

On Friday, 10th February, 1950, the eve of the England v. Ireland match at Twickenham, the spirit and atmosphere of our Annual Dinner was felt by all present in the Criterion Restaurant, Piccadilly, where our Biennial London Dinner was held. In the absence of our president, the Rev. Canon F. McConnell, who incidentally is also an ex-master, occupied the chair in a very capable manner. Among the old members also present were Rear-Admiral E. S. Duggan and H. W. Crosthwaite. We were also pleased to see a number of those who left school in more recent years. Our guests included representatives from Mountjoy School, Wesley College, St. Andrew's College and Bishop Foy School. Many old friendships were renewed and many new ones made, and it was with regret that Auld Lang Syne came so soon.

Table Tennis

We played our first table tennis match against the School in the Clockroom on the 4th April and were beaten by five games to four. We hope to make this an annual fixture. The following team represented the Old Boys' Union: W. G. Booker, E. W. Frith, F. E. Tate, J. D. Fox, B. E. P. Hennessey and T. Wright.

War Memorial Fund

Subscriptions should be sent to the Hon. Treas., P. R. Walker, "Ishgeen," Brennans-town Road, Cabinteely, Co. Dublin.

For Your Diary

The Annual Golf Outing and Supper will take place early in September. Members who are interested in this very popular function are requested to send their names to the Hon. Golf Secretary, S. S. Evans, at The High School, when full particulars with regard to the outing will be sent to them at a later date.

The Annual General Meeting will be held in the School on Friday, 20th October, 1950.

The Annual Dance will be held in the Metropole Ballroom on Saturday, 4th November, 1950.

The Annual Dinner will be held in the Clockroom on Saturday, 20th January, 1951.

Your Address:—Please advise the Hon. Secretaries of any change of address. In December last 28 copies of *The Erasmian* were returned marked "Not Known."

We would ask members who are not already subscribers to consider sending us an annual subscription to this deserving fund. The Hon. Treas., P. R. Walker, "Ishgeen," Brennanstown Road, Cabinteely, Co. Dublin, will be pleased to receive subscriptions from two shillings and sixpence upwards.

News of Old Boys

The Rev. R. C. Armstrong (1920-27), Rector of Narraghmore, has been nominated to the Incumbency of Thurles.

A. Begley (1930-37) and E. Bodell (1940-44) played for Leinster in the Interprovincial Cricket match with Munster. Leinster won when Bodell took the last Munster wicket with the last ball of the match. He has also been selected to play in the Irish Final Trial.

C. A. Bowles (1937-46) won a Bronze Medal for Lantern Slides at the Annual Exhibition of the Photographic Society of Ireland, 1950.

E. W. Brennan (1936-42) has been appointed to the B.B.C. News Division, London.

The Rev. R. H. Bryan (1898-1903) has been appointed Rector of Mallow.

J. M. G. Carey (1936-45) has been elected Auditor of the College Theological Society.

David Comley (1939-47), at present working with the Fairey Aviation Co., Ltd., has been elected a member of the Royal Aeronautical Society.

The Rev. W. A. M. Cox, Rector of Castledermot, has been appointed Rural Dean of Omurthy.

Dr. G. C. Duggan (1896-1903), who wrote the recent series of articles in the "Irish Times" under the title of "Northern Ireland: Success or Failure?", has been appointed Constitutional Consultant to the Executive Committee of the Scottish National Assembly.

R. W. Harris (1938-43) represented Dublin University in the Golf match with U.C.D. for the Murphy Cup.

T. F. V. Jackson (1928-33) has been elected Hon. Secretary of the Dublin District Group, Institute of Cost and Works Accountants.
