***Nian**: O, Nyut Nyut of the Drey, who is the fairest of them all?*

***YAGOO**: Every day, Nyut Nyut answered...*

***Nyut Nyut**💦: Your beauty astounds me, I swear it's true. The fairest in all the land is thee.*

***YAGOO**: And so Nian was satisfied. But one day Nyut Nyut's answer changed.*

***Nian**: O, Nyut Nyut of the Drey, who is the fairest of them all?*

***Nyut Nyut**: You, my Lord, have mythical beauty, but thee Ayunda Risu is twice as fair.*

***Nian**: NO!! I WILL ASK YOU AGAIN!!! O, Nyut Nyut of the Drey, who is the fairest of them all?*

***YAGOO**: But the answer did not change, and Nian was very angry.*

***Nian**: Clearly, there is only one thing to be done. Present to me this so called beautiful squirrel. Heed my call and carry my wish! Ananda! Wisnu!*

***Ananda, Wisnu**: Yes, my Lord.*

Risu

Hewro Risu, thanks for making these past couple of years a lot of fun. Its been a blast taking pictures with your plush throughout the years! Continue being the malas unhinged squirrel we all love!

Yunda

Dear Madam, thank you for being the reality check we need in our lives. We may enjoy your roasting too much, but your words have truly made a difference in our lives. Continue to present the world your beautiful voice.

SenranKaguraWeeb

Ayu

Miss Ayu, thank you for being our shield that protects us from the unhinged tree rat and grumpy witch. Your voice captures our hearts like no other. You illuminate this world of darkness with your tender heart. Continue being the beautiful rose in this chaotic garden.

Happy birthday to the girl that quietly made me stand up through harsh times, keeping my job close to me, start writing again and keep a (relative) sanity. Even if probably I never told you all this. Your potty mouth can poorly hide your gentleness, I love your voice(s) and I'm thankful for having been able to find you. Happy birthday again, looking forward to what this year will bring.

Dear Ayunda Risu,
Warm hug for you~!
Please stay healthy

Hello dear Risu, thank you for being what you are. All jokes and spending time with you and Risuners. Playing games and just talking about random stuff gives me joy. Let's be more malas in 2025

Miss AYUNDA, can u be my mother, joke aside. I wish this 2025 year will be more nut year. Listening to Ayunda voice is like an angel or mommy witch from mystic forest gives a warm hug

Came for the singing, stayed for the yap
Chaotic yet level headed, a precious gap
Every MMM, I see Risu smug face in 3D
Why is she so annoying yet cute, beats me
Every Prisuner's night is a rollercoaster
We can start with comfy vibes then end up with Risu the roaster
When she shares her thoughts in members, I can feel her trust
The joy and adoration I've felt since the start has not shown any signs of rust

Awan berarak di langit biru,
Gunung menjulang di bawah sinar pagi.
Selamat ulang tahun tupai nan lucu,
Kuharap tawa dan senyummu selalu merekah abadi!

Risu is always jolly
Whenever the squirrel goes, it becomes merry
This squirrel might not be holy
But she never fails to make everyone cheery

She looks seiso when she is silent
But once she opens her mouth, she becomes a menace
She never fails to make the atmosphere become vibrant
Let's just enjoy her shenanigans and rejoice

For Risu, today is a very special day
This squirrel adds another year to her age
So, let's all celebrate her birthday
As today, this squirrel takes the center stage

To the man of the hour, a tower standing so tall.

You have the heart of a maiden, but the appearance of a Viking.
May your catches be plentiful and your hooks always biting!

Your giggles give a jolt to my heart, truly electrostatic.
You're an amazing teacher, a master of her craft.

Your beauty is radiant, from your legs to your hair.
May one day I see you, in that beautiful white gown.

Tujuh hari dalam sesaknya seminggu
Ku berdesak mengambil sedikit ruang
Dalam jenggala yang tak karuan
Bisakah hati ini menyatakan

Kata-kata kerontang berbaris tertatih
Dipimpin oleh jiwa parau merintih
Semua demi sampainya balas atas kasih
Yang mengasuhnya ketika tercabik tersisih

Senandungmu yang mengusap hati
Canda tawa tak bertepi
Kata-kata penuh arti, sesekali
Sangkala hadirmu menilas abadi

Bernaung di bawah langit yang sama
Meluaskan sanubari penuh cinta
Berjalan di dalam semesta yang sama
Menumbuhkan harapan paripurna

Beribu kata tak bisa ku ucap
Untuk menggambarkan betapa ku berterima kasih
Atas segala hal yang telah kalian berikan di hidupku

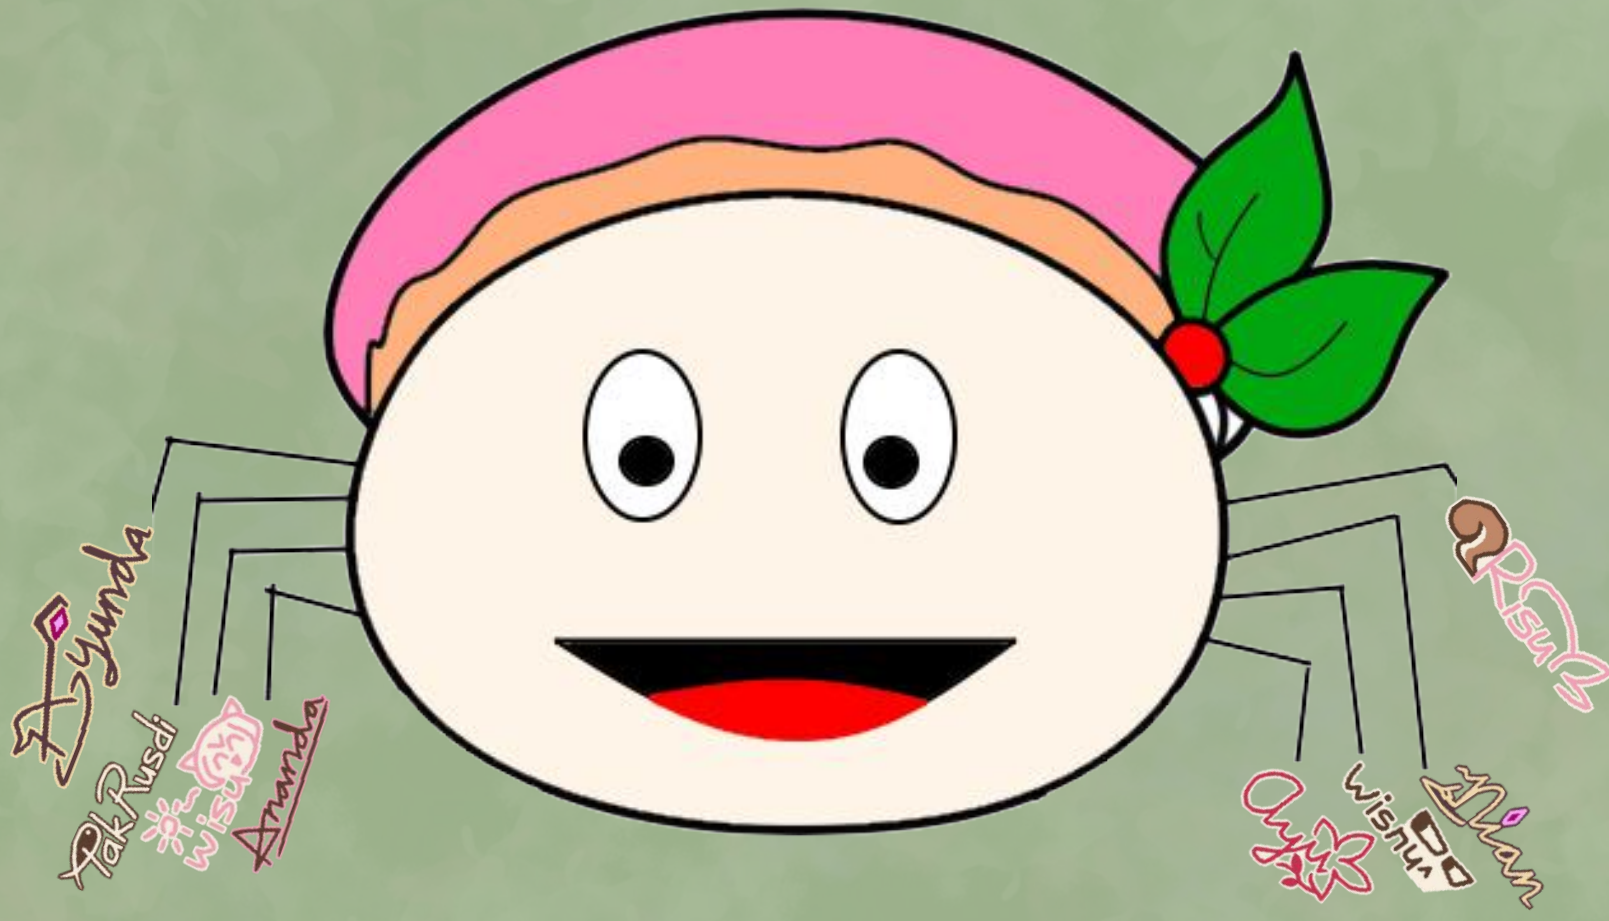

Beribu lagu tak bisa ku nyanyikan
Untuk menggambarkan betapa ku mengangumi mu
Atas segala hal yang telah kalian tunjukan kepada para fans

Beribu puisi tak bisa ku bacakan
Untuk menggambarkan betapa ku bersyukur
Telah menemukan kalian di hidupku

Happy Birthday Risu. I was going to come up with something funny, but my brain is failing me, so I'm just going to say Happy Birthday, I hope the upcoming year is good to you!

@Wat_Aiwan64

Happy ultah Wisu! I used to watch you very early around your debut, and in the four years I've been away, we have grown so much. You've gotten even wiser with your advice, your singing so powerful it is hard to contain, and you're more chaotic than before! Despite acting like a malas squirrel, you are still the hardworking Ayunda Risu I am inspired by. And I've gotten to know how lovely your community is through making this project! I hope you cringe, laugh, and smile at what our dear Risuners have created in this zine.

Atop this oak I hear a dashing damsel
Posing in straw hat and floral dress;
Days with Ayu are wonderful indeed
Falling for every fluffy tail tease.

Posing in pink beret and floral scent
Admirers gather from forests far and wide,
Falling for every fluffy tail tease
Flawlessly flowing through winding streams.

Admirers gather from forests far and wide,
Cherishing our memories around your tree
As we wind down through funny streams;
I could stay and listen and fall asleep.

Celebrating our love around your tree
Days with Ayu are wonderful indeed;
I could stay and listen and fall asleep,
Atop this oak I hear my dashing damsel.

Ayunda

Oh dear Ayunda, the witch of light
The distinguished wielder of magic
Wherever you go, it gives us delight
So please don't make our story become tragic

You have an unmatched aura
The world is at the palm of your hand
Your beauty is like an aurora
Not a single being can match it in this land

The way you speak is always intriguing
Little did you know, we yearn for your roasting
Your tough tone of voice is what we are seeking
When you finally scold us, we feel like boasting

Happy Birthday, Risu! Throughout five years now, it has been a blast celebrating this special day together! What started with the traditional totsumachis soon took us on all sorts of nutty adventures! Proving your innocence in Ayunda's court, hopping into the truck on an epic road trip, even watching you perform on stage in both your VR and 3D models! We Risuners were also introduced to our official mascot, Nyut Nyut!

Today is no less exciting as you surprise us once more! For the occasion, I write this message to send you my best wishes! Let us treasure the memories given to us in the present, enjoy these festivities to the fullest, and may the new year ahead of you be lit up as bright as a candle! 생일 축하해요, 리스님! 🐿️❤️

The busy squirrel buries her nut below,
unknowing of the gift she is about to bestow

A little bud soon begins to sprout,
time will make it grow big and stout

And so the plant thrives while the roots burrow,
connecting with others that are eager to follow

When the squirrel finally returns, her face is full of surprise.
A tree standing tall and leaves green as fern, she cannot believe her eyes.

You've built a truly amazing community, Risu!
Thank you for bringing us Risuners together to celebrate your birthday!
Selamat Ulang Tahun! 🐿️🎂

With All Our Love That Will Make Your Heart Go Nyut Nyut

Nian: I am no match for thy beauty. With lips soft as a tulip, cheeks pink as strawberries, eyes green as spring leaves, I forfeit this contest.

YAGOO: And so, Nian scurried out of the Drey. Not long after, Ayu, Ayunda, Risu, and Wisu came home. When they saw the door was unlocked, they could only wonder. As they entered the kitchen, a firework burst outside the window and illuminated a strawberry shortcake on the table.

Ayunda Risu: What a joyous surprise!

YAGOO: The squirrels rejoiced and ate the cake, befalling no malice at all. Back at home the wizard stepped before his mirror.

Nian: O, Nyut Nyut of the Drey, Who is the fairest of them all?

Nyut Nyut: You, my Lord, are fair. It is true. But Ayunda Risu, deep within the magical forest with the many squirrels and nyuts, is still fifteen times fairer and more chaotic than you.
