After view

Sometimes life feels more pleasant than other days, this sunny Sunday is one of those days. Looking back at nearly two full weeks of viewings and auctioning everybody on the "Postiljonen-team" are quite exhausted, but extremely delighted and grateful for our very active international clients. We are also very pleased that the business we operate is currently very strong.

Our second coin and banknote auction "Connoisseur" II became a great success with an almost packed auction room. Dealers and collectors were excited about the contents, and especially the quality. Several notes are extremely rare and do not even exist in museums. This resulted in a total turnover around Euro 1.600.000 with many record prices. The consignor's only comment was: WOW!!

And in the past week we had a five-day philatelic Jubilee auction, including several specialised areas as well as larger and smaller "Name Sales". Many of the international booklets attracted great interest and achieved good prices. The fascinating section of Jammu & Kashmir didn't disappoint anyone either, bids came in from all over the world via telephone and live bidding.

The last days of the week once again drew many visitors to the auction room. When the sale of Erland Brand's "Swedish prephilately 1585 onwards" came up, there was at times strong bidding between two collectors. We are sure that many of the items will be included in exhibits in the future.

What could be better than to conclude the week with the exclusive special auction "Luxury of Finland"? The Finnish market is probably stronger than ever now, maybe because of the many "Name Sales" we have offered during the last decade? Two rather new clients of ours were strong buyers of many exceptional items, which we hope to study in coming exhibits.

If you want to take advantage of the current strong market, then you have two excellent opportunities to meet us. At the Danish national exhibition ØPOST 2026 in Ringe 10-11 October, and at Monaco Phil 2026 in Monte Carlo 3-5 December.

Thank you all for your participation, and welcome to take part again in mid-March 2027!
