Case Planning

- a. Review planning for complicated cases
- b. Participants can bring or submit cases ahead of time to discuss with the group and create a treatment plan.

Speaker: Dr. Frawley

Dr. Frawley is a graduate of UCLA, completing his undergraduate studies in 1977 and earning his dental degree in 1981. Following a one-year residency at the West Los Angeles VA, he established a successful cosmetic and implant dentistry practice in Beverly Hills.

He has been actively involved in organized dentistry and served on the faculty at UCLA for many years. Dr. Frawley has lectured nationally and internationally on bone grafting and implant placement. He is also the founder of Surgical Esthetics, a company dedicated to education and advancing regenerative therapies in implant and grafting dentistry.
