GROW WITH SIX SENSES

Welcome to a festive season of little discoveries and big imaginations.

At The Den, your children can follow their curiosity wherever it takes them. That might mean making festive decorations, shaping a favorite marine animal or heading outside to discover more about the island they're calling home.

Through Grow With Six Senses, play brings opportunities to connect with nature and learn useful life skills. Our activities weave together the six dimensions of wellness: social, environmental, physical, spiritual, emotional and intellectual. For your children, it all begins with something worth exploring.

There's room for new friendships along the way, with festive movie nights beneath the stars and kids' buffets to look forward to. While they get busy being kids, you can enjoy a little time of your own.

A LITTLE HELP WITH YOUR LITTLE ONES

Children under three must be accompanied by a parent or babysitter. Our experienced babysitters can care for babies and toddlers when you'd like some time to yourselves.

Speak with your GEM for the full activity schedule, babysitting arrangements, bookings, and information on any additional charges.
All prices are in US dollars and subject to 17 percent government tax and 10 percent service charge.
