Only A Cobalt.

America's Boat-Building Experts.

There's really nothing quite like a Cobalt. Since its first day on the water over 57 years ago, only a Cobalt has inspired a sense of ownership synonymous with accomplishment. With a reputation earned over the years as America's boat-building experts, Cobalt's commitment to standard-setting performance and luxury continues to make it much more than just a purchase – it's a destination. From the moment you know you want one to the moment you finally own one, nothing should compromise your life's pursuit. Only a Cobalt – three words poised to define the next generation of boat owners

The best made boats in America. It's been said the best boat builders you can find anywhere is in the hometown communitites of Cobalt. This is where you'll find real boat people. Passionate boat people who understand how hard their customers have worked to have the very best. Yes, you'll find them here, at the grass roots of this great country. Only here can be found the unique combination of innovation, craftsmanship, passion and values that can deliver on Cobalt's ever evolving commitment to be the absolute best boat in America.

COBALT BOATS

A29

At the center of life's important moments.

Bringing the whole family together.

The much anticipated A29 takes A-Series luxury to a new level of innovation featuring the Splash & Stow® system, which eliminates the traditional way of transporting, deploying and retrieving of heavy-duty yacht-style inflatables. With features for everyone in the family, time on the water will be times they'll never forget.

The A-Series is Cobalt's ultimate luxury offering, and the A29 doesn't disappoint in this area. From the cockpit to the cabin to the bow lounges, the A29 includes unique appointments, leather steering wheel and LED overhead lighting – a combination designed to give any boater a day, or night, on the water to remember.

A captain-focused double-wide helm offers the Cobalt glass cockpit with dual 10" or optional 12" Garmin instrumentation, ergonomically positioned controls and a rich, custom-stitched console. Another innovative feature of the A29 is the optional hydraulic swim platform, which lowers well below the water's surface for easy entry or exit. It functions as the perfect home base for water-borne activity.

The A29 has every amenity and creature comfort on the market and then some. The day cabin features various head options and a hidden sink with faucet option. Other features include a wireless charging, port-side walkthrough floor plan, and much more – make the A29 without peer among runabout boats.

Bringing the whole family together on-board your A29 will always be remembered as one of life's important moments.

CS22

Escape the Ordinary.

A Compact Haven of Luxury.

A luxurious escape that offers a way to disconnect from the chaotic pace of life and fully enjoy the beauty of your surroundings. Relaxing amidst materials that invite your touch and features inspired by function, you recognize that your Model CS22 is a smart way for your family to share the quality time that means so much in today's world.

Hand-crafted to a superior standard of quality, the new CS22 is filled with upscale amenities, starting with such exterior styling points as an eye-pleasing 'wave' body style-line and a new Obsidian windshield frame that's black with a hint of bright work on the side panels. A continuous rubrail and smart 'shoe box' deck-to-hull fitting allows for an integrated full beam width swim platform.

Whether you're a long-time boater or just starting to discover the possibilities of family time on the water, with the new CS22, Cobalt has crafted an immersive experience for reconnecting with nature, where being together is always the ultimate luxury.

CS23

Where Family Memories Begin...

And Experiences Last A Lifetime.

When families start to build their own traditions and experiences, it seems the water holds a special appeal. And for families with a discerning eye, the Cobalt CS23 is the natural starting point.

From its hand-crafted Cobalt finishes to its many luxury features, the CS23 offers families the ideal way to transform an outing into a timeless adventure. Its 'wave' body styleline and new Obsidian windshield are eye-catching, and its eye-pleasing color combinations and integrated full beam width swim platform make it clear that good times are at hand.

Its 23' 5" LOA and 8' 6" beam offer ample room for people and their gear, and the CS23's many amenities make it clear that everyone will immediately feel right at home. At the helm, a single 7" Garmin display and gauges with LCDs manage your cruise, while a sound system rated at up to 2,400 Watts powers the fun. Cobalt firsts like Harman Kardon sound are joined by our popular folding tower; elegant Sof-Trac or Sea Grass floor coverings; and helpful features like a wireless phone charger, a bow shade sail and even a dinette table with cockpit mount.

With the CS23, you and your family can enjoy building a legacy in a luxury setting designed to last for generations.

COBALT
R4

Cobalt R4

The next great ride.

The R4 Sterndrive is a family-sized sport runabout incorporating sleek lines, clean handling, excellent performance and a range of luxury appointments. Developed to meet the typical needs of day-boater families, the R4 Sterndrive incorporates Cobalt's most popular drive-train system and boasts the classic Cobalt interior configuration and rear swim platform. Power comes from either a standard 300-hp Volvo engine or an array of Volvo and Mercruiser options that can generate up to 430 hp.

Options are plentiful, from engine, cockpit and audio system upgrades to active trim, satellite radio, a removable cooler, LED interior lighting, a dinette table, air compressor, sea grass and Soft-Trac floor covering, an electric helm seat and an array of aluminum towers, covers, wake-board racks and shades – even a transom shower. Other convenience options include a folding tower with fore and aft Bimini, electrically powered tower actuators and a rotating sunshade.

The R4 Sterndrive features a 24' 3" LOA and an 8' 6" beam, with a dry weight of 5,530 lb. It can accommodate up to 13 passengers and 2,100 lb. of total weight, and it elevates the boating experience with Cobalt's trademark combination of performance, comfort, reliability and luxury appointments.

R6

Sleek, sporty and luxurious.

You really can have it all.

The R6 represents the next generation of R-Series boats from Cobalt. The perfect combination of unbridled excitement and true elegance.

The Cobalt R-Series has always pushed boating forward in unexpected ways, ranging from a comfortable, efficient and stylish interior layout to sleek exterior lines. The 25' 9" R6 sports many features including increased storage for water sports gear, larger Cobalt Glass Cockpit touchscreens, a transom-mounted camera, and a built-in security locator function.

With an interior beam measuring wider than most competitive runabouts, the R6 offers a roomy, expansive interior. Add the wrap-around yacht style seating, and there's plenty of room for passengers and their things. Plus, the double-stitched upholstery now offers new cool-to-touch Fresco Chil vinyl on the darker colors, that provide surface temperature reductions of up to 20˚ on sunny days.

These features, and many more, like several foldable tower options, an innovative high-dock safety step, and a self-bailing cockpit make the R6 truly the next generation bowrider!

COBALT
R8

Room for more of everything.

Step up to the next generation.

There's no better way to spend family time than on the water, and there's no better family boat on the water than the Cobalt R8, the newest of the R Series. But what really makes the R8 stand out is the added size. But we didn't just make it longer...we totally rethought and redesigned every aspect of the R8 resulting in a deeper cockpit and more freeboard, a roomy, expansive interior, with both bow and cockpit larger both fore to aft, giving extra comfort for passengers and plenty of room for their things.

The R8 also continues the Cobalt tradition of innovation, including the patent-pending E-Step – an optional electric version of the very popular swim step, which lowers, at the touch of a button, well below the water's surface for easy entry or exit. Either swim step version, manual or electric, functions as the perfect launching pad for water sports activity, or just a great place to hang out and chill.

Performance, luxury, comfort, innovation and room for more of everything...step up to the next generation R8...a little something for everyone.

R31

The perfect way to enjoy a weekend.

On the water with family and friends.

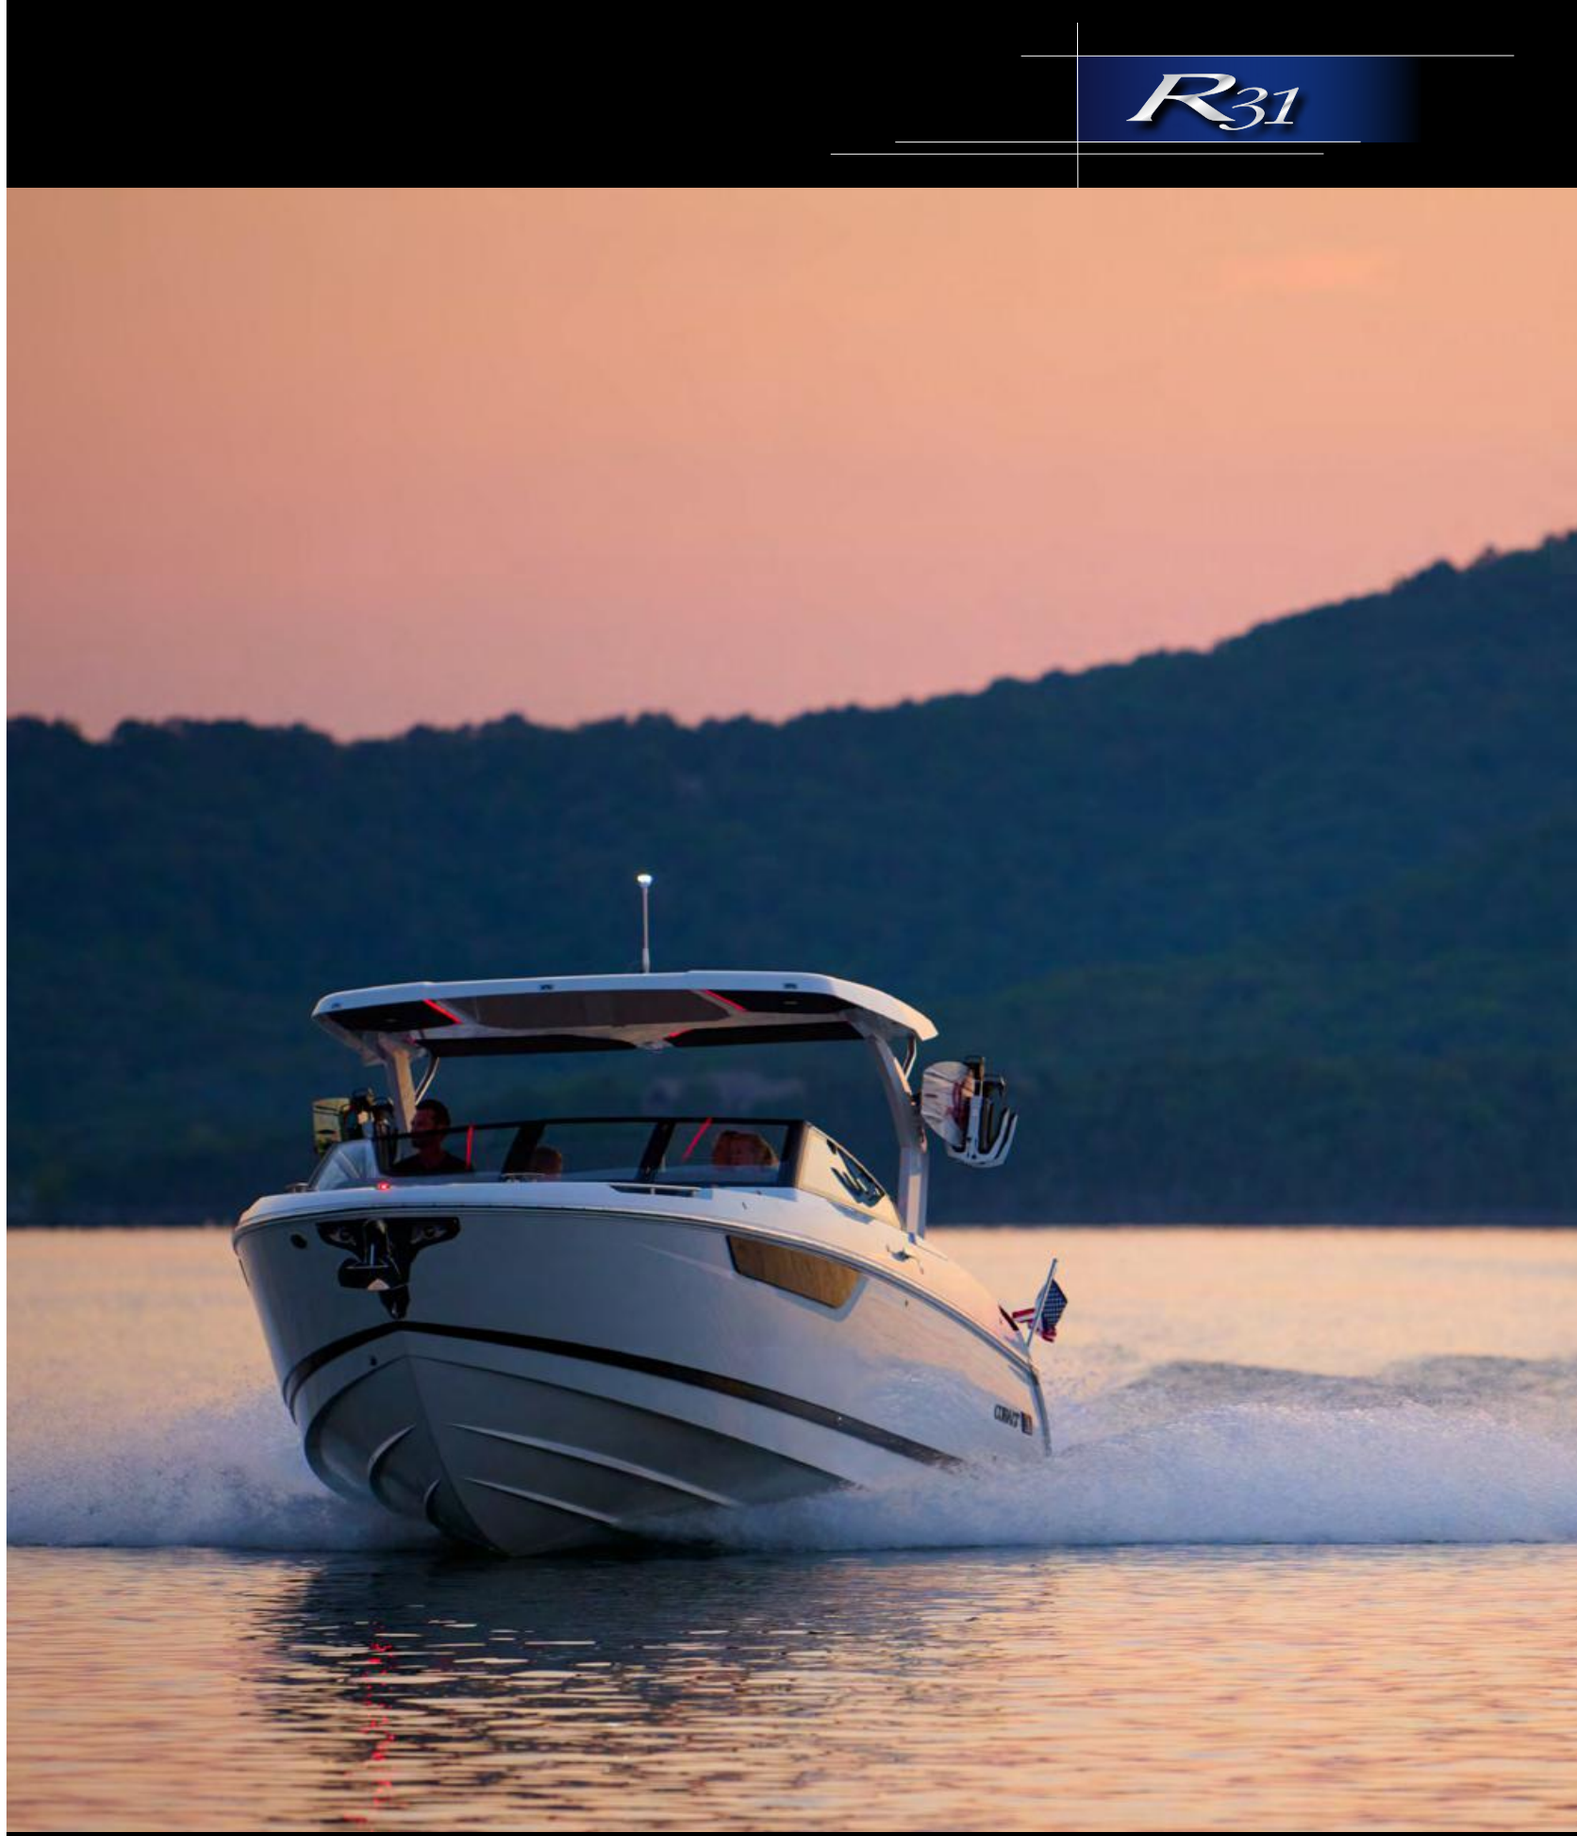

An ideal choice for family boating, Cobalt's new Model R31 sterndrive is a 'just-right' sized day boat that also offers style, ample interior room and a full complement of luxury features. With its 31' 5" LOA and 9' 10" beam, the R31 delivers smooth handling, impressive performance, luxury amenities and the comfort of Cobalt's legendary ride.

The R31's sleek lines and contemporary design reveal a deep cockpit and greater freeboard for a more spacious interior and larger bow and cockpit areas. Standard features include dual touchscreen Garmin displays, digital switches, joystick controls for effortless maneuvering, a wealth of cup holders, a side-entry step, a below-deck head, a swim platform with flip-down step and a six-speaker audio system.

Options include a variety of audio upgrades, including a Harman Kardon "Platinum Audio" package – a 14-speaker, 4,000-watt system acoustically tuned to your boat – along with a bow-and-head-accessible watersports closet, programmable RGB LED lighting, a hydraulic swim platform upgrade, a hardtop soundbar, and a food-prep galley with a refrigerator drawer and pull-out walnut charcuterie board.

Other available operational features include a SeaKeeper gyroscopic stabilization system, Cobalt's patented Splash & Stow inflatables management system, up to five wireless phone chargers, hull side windows, multiple tower styles and even a rear-view camera.

R33

Your boat is elegantly classy, Mr. Bond.

The new standard for wish fulfillment.

If you're ready to experience a more sophisticated example of day-boat luxury, size, comfort and, especially, performance, take a look at the R33 runabout.

The R33 Sterndrive excels in every aspect, with its sleek lines, agile handling and numerous amenities. Ideally suited for boating with family and friends – many friends, if you'd like – the yacht-certified R33 is spacious, of course, but was also designed to thrill and awe.

The Cobalt R33 performs as beautifully as it looks – and provides a truly exhilarating experience. It's outfitted with twin 430hp engines offering a maximum, effortlessly producing top speeds in the mid-50s.

This is nothing short of remarkable, given that you and your passengers can be cosseted with such luxury appointments as a hydraulically actuated swim platform, a one-touch, all-electric planar folding tower and sunshade, and the industry's first Harman Kardon marine audio system, as well as advanced handling tools like a multiscreen Garmin glass cockpit, an intuitive joystick docking controller and a customized Seakeeper gyroscopic stabilization system.

Conveniences range from a cabin that accommodates sleeping as well as seating, to a side-entry door, a built-in smart TV and a wealth of ultra-fast USB-C charging stations and cupholders. Fully capable of fulfilling the wishes of the world's most famous movie spy, the R33 was instead inspired by someone even more important:

You.

R33

Advanced Capabilities.

Customer-Inspired Innovation.

Inspired by and for our discerning customers, Cobalt has always sought to more performance, more luxury, more comfort and, above all, a more memorable boating experience.

In keeping with this goal, Cobalt has since its inception set the standard by which day boats are measured, to help ensure that your time on the water is everything you expect it to be. Here are just a few of the many thoughtful advances we've pioneered:

- The Cobalt Splash & Stow® system, simplifying the storage and handling of large, yacht-style inflatables
- The new Cobalt side-entry door, introduced on the R33
- The first boat brand to offer a Harmon Kardon audio system, introduced first on the R33
- The new Seakeeper for Cobalt, the industry's best-in-class gyroscopic stabilizer that eliminates 95% of boat roll
- A dedicated storage pod for a Yamaha Seascooter underwater propulsion unit
- The new patent-pending Cobalt E-Step™, the first swim step to electrically lower into the water
- The Cobalt flip-up seat bolster, for better views over the windshield
- Cobalt's advanced arch and hardtop with the optional electric awning.

Your boat is elegantly classy, Mr. Bond.

The new standard for wish fulfillment.

R35

Command the Water.

Sophistication In A Size

That Welcomes You Aboard.

The new standard in day boats has arrived. The largest and most advanced of our R-Series, the R35 delivers everything you might expect – luxury materials, stand-out ride, thrilling performance – and then some.

With its unmatched 35' 4" LOA and 10' 10" beam, the R35 Sterndrive delivers even more size, comfort and convenience, while incorporating the elegantly sleek lines, agile handling and thoughtful amenities that are standard with every Cobalt. An inviting space for boating with family and friends, the yacht-certified R35 is also equipped with a mix of advanced features that add to your enjoyment.

Powered by your choice of Volvo or Mercruiser twin engines, the R35 Sterndrive is impressively fast and capable. Popular Cobalt features like Harman Kardon audio, a side entry door, Seakeeper gyroscopic stabilization, electric folding tower and sunshade, and our patented Splash & Stow inflatable system are joined by such all-new options as Helm Watch, which gives your guests direct access to charts and cabin controls, and a patent pending space-saving, pop-up galley that deploys at the touch of a button.

The large cabin accommodates both seating and a full-beam, queen-sized mattress, an optional built-in smart TV and a wealth of ultra-fast USB-C charging stations and cupholders help you anticipate your passengers' entertainment needs.

When you're ready to step up to the top of the line, the R35 is ready for you.

CS23 SURF

Experience the Thrills...

In Luxury and Style.

A seamless fusion of cutting-edge design and performance, the CS23 Surf has been engineered to deliver all the goodness of the CS Series while catering to those who crave the rush of the waves. A perfect introduction for newcomers to family boating, the CS23 Surf lets you add adrenaline to your mix of shared experiences.

Along with its hand-crafted Cobalt construction and its many luxury features, the CS23 Surf offers families a unique watersport opportunity via the Cobalt Surf Gate™ system. Merging wiht the smooth Volvo Penta FWD powertrain, Surf Gate delivers perfectly shaped waves – and perfect surfboard and wake-board rides – on either side of your CS23 Surf.

Its 23' 5" LOA and 8' 6" beam offer plenty of room for people and their watersports gear, and the CS23 Surf's many amenities include a Zenith Tower with standard Elite board racks and tow balls. At the helm, dual Garmin displays are also standard, while unique CS Surf badging and gel-coat colors help set you apart.

With the CS23 Surf, you and your family can fuel your memory-building in the way you choose, from 10-mph wake surfing to pulse-pounding, heart-racing thrills.

R4 SURF

Cobalt Surf System

Wake Surfing Technology.

Our revolutionary Cobalt Surf System that delivers the clean-est waves and best pushon the water – exactly the world-class tournament-style waves the surf pros demand. The system includes 6 hard ballast tanks, a specifically-designed surf hull, surf drive engine options and the best-in-class SurfGate™ technology that shapes the perfect wave.

Surfing Made Simple

- The core of system is simplicity of operation. Three easy steps to a superior surfing wave.
- Fill ballast tanks
- Set GPS directed cruise control to desired speed
- Select surf control left or right
- Throttle up and surf

Hard Ballast

Your Cobalt surf boat has 6 hard ballast tanks and can have as much as 2300 pounds o ballast. The hard ballast talks allow you to better scale the wake and wave for all ages an ability levels. Keep the weight even from side to side so your wake is clean on both sides.

Surf Gate™

Surf Gate is the dominant surf technology in the industry – and for good reason. Using highspeed hydraulic actuators, Surf Gate creates an endless surf-able wave on either side of the boat. Just ask the pros – they'll tell you Surf Gate creates the longest, highest, cleanest and has the best push out there. Get back as far as you want or as close as you want.

Cobalt Surf System

Wake Surfing Technology.

Our revolutionary Cobalt Surf System that delivers the clean-est waves and best pushon the water – exactly the world-class tournament-style waves the surf pros demand. The system includes 6 hard ballast tanks, a specifically-designed surf hull, surf drive engine options and the best-in-class SurfGate™ technology that shapes the perfect wave.

Surfing Made Simple

- The core of system is simplicity of operation. Three easy steps to a superior surfing wave.
- Fill ballast tanks
- Set GPS directed cruise control to desired speed
- Select surf control left or right
- Throttle up and surf

Hard Ballast

Your Cobalt surf boat has 6 hard ballast tanks and can have as much as 2300 pounds o ballast. The hard ballast talks allow you to better scale the wake and wave for all ages an ability levels. Keep the weight even from side to side so your wake is clean on both sides.

Surf Gate™

Surf Gate is the dominant surf technology in the industry – and for good reason. Using highspeed hydraulic actuators, Surf Gate creates an endless surf-able wave on either side of the boat. Just ask the pros – they'll tell you Surf Gate creates the longest, highest, cleanest and has the best push out there. Get back as far as you want or as close as you want.

SURF SERIES

R31 SURF

The Cobalt R31 Surf

Ride the legacy, become the legend.

Introducing the Cobalt R31 Surf, a new chapter in legendary performance. The R31 Surf is the perfect fusion of luxury, innovation, and wave-making excellence. Designed to elevate every moment on the water, the R31 Surf combines versatile performance with sophisticated style to deliver a surf experience that's pure Cobalt.

Equipped with Surf Gate™ technology, Dual Independent Drive Trim, and intuitive Garmin Surf Controls, the R31 Surf creates perfectly sculpted waves tailored to riders of all skill levels. From first-time surfers to seasoned wave riders, every session becomes an extraordinary adventure.

Powered by twin Volvo Penta engines equipped with the FWD sterndrives, the R31 Surf offers the agility and responsiveness you expect from Cobalt, with ample power to keep the thrills coming all day long.

Blending cutting-edge surf technology with Cobalt's legendary craftsmanship, the R31 Surf is more than a boat—it's your gateway to unforgettable days on the water. This is the next chapter in the evolution of surf boating. Get ready to ride.

Platinum Sandbar Audio System

The Cobalt Platinum Sandbar Audio System includes the industry-first hardtop integrated aft firing sound bars(2) that are hidden beneath full upholstered panels. The complete system is acoustically tuned to the specific boat model for a perfectly balanced immersive audio experience from the bow, through the cockpit and aft to water sports activities. Being the first sound bar designed with true bass response that not only creates the best-in-class audio fidelity but audio you actually feel.

SYSTEM FEATURES

- Harmon Kardon A2B digital audio amplifiers w/ system totals up to 3400 Wrms
- Industry first fully integrated sound bar into a hard top
- 2 Hardtop Integrated Sound Bars - 300 Wrms each
- Sound Bars include 8 x 2.75” woofers, 2 x 1” tweeters, and passive radiator array
- 2 bow, 4 cockpit & 2 transom 3-way Full Range Harmon Kardon speakers
- 2 dash level Titanium Cockpit Tweeters
- 12” Cockpit Subwoofer - 1000 Wrms
- 10” bow subwoofers - 800 Wrms
- Full function head unit w/ Bluetooth connection
- IPX66 rated for the harsh marine environment
- Custom tuned by Harman Acoustical Engineering

COBALT

R33 SURF

Surf culture meets nautical opulence.

The new standard for watersports enthusiasts.

With its impressive 33’ 4” LOA and 10’ 6” beam, the R33 Surf boasts sleek lines, agile handling, an extraordinary ride, numerous amenities and the capability to ensure your whole family can enjoy the water in every way possible. Yacht-certified, the R33 Surf is both spacious and well-equipped, supporting activities, thrills and special moments, from daily cruising to wakesurfing, wakeboarding and more.

Offered with an array of twin forward-drive Volvo engines that allow you to independently adjust trim on each drive, the R33 Surf delivers up to 860 horsepower to carve the waves with ease. Moreover, ocean-going enthusiasts can choose the option of Volvo OceanX drives to provide an unprecedented level of protection from salt-water corrosion.

Of course, you and your passengers are treated to such luxury appointments as a hydraulically actuated swim platform, the industry’s first Harman Kardon marine audio system, and a one-touch, all-electric planar folding tower and sunshade equipped with standard T2 board racks and tow balls, as well as advanced handling tools like a multiscreen Garmin glass cockpit, an intuitive joystick docking controller and a customized Seakeeper gyroscopic stabilization system.

Conveniences range from a cabin that accommodates sleeping as well as seating, to a side-entry door, a built-in smart TV and a wealth of ultra-fast USB-C charging stations and cupholders. Setting new standards for size, luxury and performance, the R33 Surf lets you make waves everywhere you go, whether you’re on the water surfing or still at the dock.

SURF SERIES

R33 SURF

R33 SURF

Advanced Capabilities.

Customer-Inspired Innovation.

Inspired by and for our discerning customers, Cobalt has always sought to deliver more: more performance, more luxury, more comfort and, above all, a more memorable boating experience.

In keeping with this goal, Cobalt has since its inception set the standard by which day boats are measured, to help ensure that your time on the water is everything you expect it to be. Here are just a few of the many thoughtful advances we've pioneered:

- The Cobalt Splash & Stow system, simplifying the storage and handling of large, yacht-style inflatables
- The new Cobalt side-entry door, introduced on the R33
- The first boat brand to offer a Harmon Kardon audio system, introduced first on the R33
- The new Seakeeper for Cobalt, the industry's best-in-class gyroscopic stabilizer that eliminates 95% of boat roll
- A dedicated storage pod for a Yamaha Seascooter underwater propulsion unit
- The new patent-pending Cobalt E-Step™, the first swim step to electrically lower into the water
- The Cobalt flip-up seat bolster, for better views over the windshield

Surf culture meets nautical opulence.

The new standard for watersports enthusiasts.

R35 SURF

R35 Surf

Pioneering Yacht Surfing.

The Cobalt R35 Surf is the next evolution in wakesurf boating—a vessel that redefines boundaries and establishes a class all its own: Yacht Surfing. As the largest surf boat Cobalt has ever built, the R35 Surf brings together unrivaled luxury, groundbreaking performance, and cutting-edge technology to deliver an experience unlike any other on the water.

Equipped with Surf Gate™ and intuitive Garmin Surf Controls, the R35 Surf produces towering waves with monstrous lengths, effortlessly customizable to match every rider's ideal surf conditions. From seasoned pros carving perfect lines to families discovering the thrill of the wake, the R35 Surf tailors every ride to perfection.

Beyond its industry-leading surf performance, the R35 Surf embodies yacht-inspired luxury with an array of premium features. Enjoy the convenience of an auto-deploy galley for grilling, and a built-in refrigerator and freezer, ensuring effortless entertaining. Retreat to queen-sized sleeping quarters for ultimate relaxation, while the optional 12v AC System provides cabin and head climate control for a truly comfortable experience. Powered by twin Forward Drive Volvo Penta engines boasting a combined maximum 860 HP, the R35 Surf offers impressive power and responsiveness, making every journey as exhilarating as the waves themselves.

This yacht-certified marvel doesn't just push limits—it obliterates them. Combining the power and sophistication of a yacht with the adrenaline-fueled excitement of surfing, the R35 Surf pioneers a new era of water sports, offering enthusiasts a seamless blend of performance and opulence.

This is Yacht Surfing. Prepare to experience the ultimate wave.

R4 OUTBOARD

Cobalt R4 Outboard

A voyage of personal discovery.

Built with Cobalt's characteristic attention to detail, the R4 Outboard delivers up to 350 hp. from a choice of Yamaha or Mercury engines. Featuring an outboard-configured hull and acoustic baffling, the R4 OB provides the famous Cobalt ride while offering the efficiency, ease of maintenance and lower cost of ownership associated with outboard propulsion.

Incorporating sleek lines, crisp handling and a long list of options, the new R4OB features a 24'3" length and an 8'6" beam, accommodating as many as 13 passengers with a certified capacity of up to 2,100 lb. Standard features include a 6-speaker audio system with AM/FM stereo, Bluetooth and an iPod/USB/MP3 port; a dual Garmin glass cockpit; gloss black switch panels with illuminated switches; accessory and USB power plugs; a depth and water-temp package; removable aft, cockpit and bow carpet; a walk-through bow door; and such topside amenities as an aft sunpad with folding backrest, a flip-backrest passenger seat and a Delmar captain's chair. Standard exterior items include an anchor locker, stainless bow scuff plate, ski pylon and a swim platform with flip-down swim step.

Options are plentiful, from engine, cockpit and audio system upgrades to a cockpit heater with pull-out vent, a removable cooler, LED interior lighting, a dinette table, air compressor, Sea Grass or Soft-Trac floor covering, an electric helm seat and an array of aluminum towers, covers, wake-board racks and shades – even a transom shower. Available exterior upgrades include a folding tower with bimini or rotating sunshade and electrically powered actuators.

R6 OUTBOARD

Power, Performance, Luxury and Comfort.

Truly the next generation outboard.

Never compromise your day on the water. With the Cobalt R6 Outboard, power, performance, luxury and comfort are all yours. Enjoy the versatile performance, styling and amenities demanded by discerning boaters, and always delivered by Cobalt - now combined with unsurpassed outboard power. The 25' 5" R6 Outboard sports many new and exclusive features including increased storage for water sports gear and larger Cobalt Glass Cockpit touchscreens.

With an interior beam measuring wider than most competitive runabouts, the R6 offers a roomy, expansive interior with plenty of room for passengers and their things. Plus, the double-stitched upholstery now offers new cool-to-touch Fresco Chil vinyl on the darker colors, that provide surface temperature reductions of up to 20˚ on sunny days.

The dash-mounted phone cradle with wireless charging is a nice touch, as is the enhanced audio system with the well-placed standard six speaker configuration, but steps up a couple of notches with the Premium or Platinum options with dedicated tweeters, sub-woofers and mid-ranges for unrivaled sound.

These features, and many more, like several foldable tower options, an innovative new high-dock safety step, and a self-bailing cockpit make the new R6 Outboard truly the next generation outboard!

COBALT
YAMAHA
R8 OUTBOARD

Power, Luxury and Versatility

Truly the next generation outboard.

With families continuing to seek quality outdoor time together, Cobalt Boats introduces its R8 Outboard, a top-of-the-line addition to its series of outboard runabouts. Featuring the clean lines, superb performance and deluxe appointments found in the sterndrive R8, the R8 Outboard offers the same 27’ 10” length and 8’ 6” beam with greater fuel capacity for its powerful outboard Yamaha or Mercury engines.

Ideally suited for extended season use, whether on inland lakes or in salt water, the R8 Outboard design boasts a deep cockpit, with ample freeboard and a spacious interior with large bow and cockpit areas. Yacht Certified, the R8 OB is a reimagining of what an outboard can be, setting new standards for luxury, versatility and durability. Satellite radio and other audio sources are delivered by up to 14 speakers and 2 subwoofers, for a soundtrack that matches the array of new exterior and interior color options.

Cobalt signature touches abound, with ‘Fresco Chil’ upholstery to reducetemperatures by up to 20˚ on dark surfaces; new Sof-Trac colors and patterns in the cockpit, on the gunwales, on the swim platform and in the head; bow and aft shade sails; accent wood trim; and plenty of beverage holders.

These features, and many more, make the new R8 Outboard truly the next generation outboard!

R31 OUTBOARD

Where sea, salt and sun meet their match.

Crafted for coastal boaters who demand elegance and excitement.

If your family lives for salt spray and the thrill of the untamed sea, the new Cobalt R31 OB Coastal Edition is the outboard day boat you've been waiting for.

Boasting an impressive 32' 8" LOA and 9' 10" beam, the R31 OB is the ideal size for family boating along the shore, with its sleek lines complementing its ocean-beating performance, ample interior room and full complement of amenities.

Driven by your choice of up to three Volvo or Mercury engines, the R31 OB handles shallow, rough or shifting coastal waters with ease, while up to 900 horses deliver smoothness with a kick. Standard features in the intuitively designed helm include dual touchscreen Garmin displays, digital switches and a joystick control for effortless maneuvering.

Luxury appointments abound, from a one-touch, all-electric planar folding tower with sunshade, an exclusive rear-facing Sunpad Extendable Lounge and a Harman Kardon marine audio system, to such handling tools as an intuitive joystick docking controller, a bow thruster and a customized Seakeeper gyroscopic stabilization system.

Best of all, the R31 OB Coastal Edition is built to last, incorporating premium corrosion-resistant components, watertight electrical connectors and an innovative water management system.

So, where will you take your family on your next ocean adventure?

R33 OUTBOARD

Bigger. Better. Faster.

Luxury never felt so exhilarating.

To provide day boaters with even more comfort and room, Cobalt presents an outboard 33-footer hybrid bowrider with mid-cabin – The R33 Outboard.

Offering sleek lines, agile handling, superb performance and advanced appointments, the R33 Outboard – the running mate to the R33 Sterndrive – is another yacht-certified example of bigger being better and faster: Driven by up to three Yamaha or Mercury outboard engines generating up to 900 horsepower.

The R33 Outboard continues Cobalt's trend toward contemporary design, with its deeper cockpit and greater freeboard, which in turn enable a more spacious interior and larger bow and cockpit areas. Along with such standard amenities as a Garmin glass cockpit with multiple touchscreen displays, ultra-fast USB-C charging stations, 42 (!) cup holders, a wealth of storage space, and a cabin that accommodates sleeping as well as seating, the R33OB offers the option of a side-entry door to make dockside access more convenient. Unique to the R33 series is the industry's first Harman Kardon premier marine audio system with Digital Signal Processing – a Cobalt exclusive – and a Seakeeper gyroscopic stabilization system.

Along with innovative technology to enhance the day boating experience in any type of water, the R33 Outboard features advancements in design, luxury, convenience and overall performance. Offering coastal and ocean boaters the chance to enjoy a smooth, stable ride and triple-engine power in a high-quality Cobalt package.

COBALT
COASTAL EDITION

R33 OUTBOARD

Advanced Capabilities.

Customer-Inspired Innovation.

Inspired by and for our discerning customers, Cobalt has always sought to more performance, more luxury, more comfort and, above all, a more memorable boating experience.

In keeping with this goal, Cobalt has since its inception set the standard by which day boats are measured, to help ensure that your time on the water is everything you expect it to be. Here are just a few of the many thoughtful advances we've pioneered:

- The Cobalt side-entry door, introduced on the R33
- The first boat brand to offer a Harmon Kardon audio system, introduced first on the R33
- The new Seakeeper for Cobalt, the industry's best-in-class gyroscopic stabilizer that eliminates 95% of boat roll
- A dedicated storage pod for a Yamaha Seascooter underwater propulsion unit
- The Cobalt flip-up seat bolster, for better views over the windshield
- Cobalt's advanced bimini top adjustment system of stainless steel poles and a built-in turnbuckle, to eliminate the need for cumbersome fabric straps

Bigger. Better. Faster.

Luxury never felt so exhilarating.

R35 OUTBOARD

Premium Size, Outboard Power.

Welcome Aboard Our Top-of-the-Line Outboard.

The new standard in outboards has arrived, courtesy of the largest and most advanced of our R-Series, the R35 Outboard. Combining advanced design and technology and with consummate comfort and luxury, the all-new R35OB gives you more thrills with every cruise.

Its 35' 4" LOA and 10' 10" beam offers the capacity to accommodate a full complement of family and friends while incorporating the elegant lines, smooth ride, agile handling and thoughtful amenities that come standard with every Cobalt. Powered by your choice of up to three Yamaha or Mercury engines, the impressively fast, yacht-certified R35 Outboard is also equipped with a mix of advanced features that only enhance your boating pleasure.

Popular Cobalt firsts like a Harman Kardon audio system that's acoustically tuned to your boat, Seakeeper gyroscopic stabilization, and the built in electric sunshade, are joined by such all-new options as the aft Tender Garage, Helm Watch, which gives your guests direct access to charts and cabin controls, and a patent pending space-saving, auto-deploy galley that deploys at the touch of a button.

The large cabin accommodates both seating and a full-beam, queen-sized mattress, an optional built-in smart TV and a wealth of ultra-fast USB-C charging stations and cupholders help you anticipate your passengers' entertainment needs.

When you're ready for premium size with outboard power, the new R35 Outboard is ready for you.

R35 COUPE

Take Command.

Your Personal Voyage of Discovery

The largest member of the R Series, the R35 Coupe maintains the elegantly sleek lines and innovative geometry of the series while displaying a strikingly noticeable presence. The enclosed top of the R35 Coupe offers protection against the elements while embodying refined craftsmanship. Cutting-edge technology—dual 12-inch Garmin displays, Flir NightVision, a joystick-controlled helm, and programmable LED lighting—ensures every journey is as comfortable as it is exhilarating. The R35 Coupe the ideal platform for exciting innovations, such as Helm Watch, offering passengers access to charts and multiple system controls.

Continuing the Cobalt theme of luxury materials and unmistakable quality, the R35's finely tailored upholstery covers an enormous amount of seating in an array of modern colors and textures from stem to stern. The ergonomic helm features dual Garmin glass cockpit touchscreens, while the passenger area offers such amenities as a stowable oversize teak table and an ingenious Freezer/Fridge combo unit that gives you both functions in one space-saving package. Luxury complements the adventure at every turn: unwind in queen-size sleeping quarters, savor meals with a push-button deployable galley, and revel in the acoustic mastery of a 4,000-watt Harman Kardon sound system.

GARMIN
MERCURY
CORSAIR
R35 OUTBOARD COUPE

Rugged yet refined.

Embrace the wild with the elegance you deserve.

For those who seek untamed horizons yet refuse to compromise on sophistication, the Cobalt R35 Outboard Coupe will deliver an unparalleled fusion of adventure and elegance. Designed for the rugged adventurer, this yacht-certified vessel thrives on big water, powered by up to 1,200 HP from triple Yamaha or Mercury engines and stabilized by a Seakeeper system that tames the roughest seas.

Its enclosed coupe top offers protection against the elements while embodying refined craftsmanship. From tender storage for paddle boards and SeaScooters to integrated fishing rod holders, the R35 Outboard Coupe equips you for exploration. Cutting-edge technology—dual 12-inch Garmin displays, Flir NightVision, a joystick-controlled helm, and LED accent lighting—ensures every journey is as comfortable as it is exhilarating.

Luxury complements the adventure at every turn: unwind in queen-size sleeping quarters, savor meals with a push-button deployable galley, and revel in the acoustic mastery of a 4,000-watt Harman Kardon sound system.

The Cobalt R35 Outboard Coupe isn't just a boat—it's a bold statement in boating. Rugged yet refined, it empowers you to embrace the wild with the elegance you deserve.
