Weddings, Vow Renewals & Honeymoons

**"To love and
be loved is to
feel the sun from
both sides."**

Dr. David Viscott

A wedding is a once-in-a-lifetime event, so why not make it an experience to remember and celebrate for years to come? Whether you're tying the knot, celebrating an anniversary, or renewing your vows, we have all the tools you need to plan the perfect occasion.

Olympic Weddings offers a diverse range of picturesque destinations to celebrate the biggest day of your life. There's nothing like the authentic charm Cyprus and the Greek islands, each one with its individual character to inspire and for 2023 we've also added in Malta. This warm and welcoming island promises balmy weather, lovely bays and a wealth of cultural buildings and backdrops for capturing those lasting memories.

Malta (New) – Breath taking natural beauty and fascinatingly rich culture, perfect all year round.

Cyprus – The birthplace of Aphrodite, the goddess of love, Cyprus is a heavenly wedding destination.

Rhodes – Blessed by the Sun God Helios, Rhodes has an average 300 days of glorious sunshine yearly.

Santorini – The backdrop to your wedding, famed for its stunning, fiery sunsets, will be perfect!

Zante – If you are a couple of beach lovers, the Ionian Island of Zante is a wedding setting in paradise.

What ceremony suits you?

Hotel, sea views, rustic or chapel we have the venues to suit your style and that's the easy decision, but we also have different ceremonies available too. Olympic Weddings can assist in planning civil or what some call traditional, symbolic, religious, or same sex ceremonies. And if you've had your special day before and looking to celebrate an anniversary and your love for each other we can also arrange a renewal of vows. So what do all these different options mean?

Civil – For couples who choose to both the legal and symbolic ceremony, along with full marriage certificate.

Symbolic – Take care of the legal documents in the UK and enjoy a carefree ceremony with celebrant and enjoy the day and holiday abroad.

Same Sex – A picture-perfect symbolic ceremony to make a commitment to each other that is tailor made for you. While we can't offer a legally binding ceremony, we can offer a picture-perfect symbolic ceremony that is tailor made to you. We'll help you create your dream event and provide the perfect setting to make a commitment to each other.

Religious – Anglican and Catholic marriage services with the priest in church for your special day.

Renewal of Vows – Say I do all over again. There's no better way to celebrate your marriage and let the world know that you'd do it all over again in a heartbeat.

Honeymoons & Anniversaries

Every year of marriage is a milestone so whether it's been two years or twenty, we want to help you celebrate your anniversary in the most special way possible. From vow renewals to simply returning to your wedding destination, we're here to help you create even more memories for your marriage.

And how could we not mention the honeymoon. After the excitement of your big day comes to an end, a whole new adventure is about to start – your life together. And, there is no better way to start this new journey than with the perfect honeymoon. Greece and its islands are perfect islands to marry on one and hop to another for some rest and relaxation just the two of you after the party.

Making Memories

Time to Celebrate

Our aim, at Olympic Weddings, is to offer the best care, attention and service to all of our wedding couples, it is something that we pride ourselves on.

It's time to tell family & friends

Once your wedding planning process is underway, it's time to share the exciting news with your guests. This "invitation before the invitation" announces your wedding date, general location, and lets guests know that a formal invitation will follow.

With a destination wedding the 'Save the Date' is more important than ever. When friends and family are invited to attend there's a lot more expense, travel and planning involved than a UK celebration. Olympic Weddings is not just here to book your celebration and ceremony we're here to make sure your nearest and dearest also experience this beautiful event too.

If they book with us, we can ensure everyone is staying within the same hotel or resort and even go as far as booking the same flights. We may also be able to assist with discounts and room upgrades, you've just got to ask. Make it seamless for everyone and tell your family and friends to book Olympic Holidays too.

The final checklist

Don't forget...

We have compiled a handy checklist of documents and items that you may need to remember before you travel to your wedding destination.

AFTER The Ceremony

Check the details on your marriage certificate. In Greece, your coordinator will explain how to have the certificate translated into English. This can be done back in the UK.

Full 10-year British passport, with at least three months' validity from date of return flight. Non British passport holders must obtain permission from their relevant Embassy to marry abroad.	1
Both, full birth certificates (showing at least one parent's name).	2
Both affidavits issued within 3 months of wedding date (Cyprus).	3
Certificate of no impediment (Greece). The issue date should be within 3 months of your wedding date. We suggest making an appointment 4 months prior to your wedding date.	4
Any documents that have been translated.	5
Any legal documents concerning name changes.	6
Copies of witnesses' passports. Witnesses must be over 18 years old.	7
The rings.	8
The wedding dress and groom's outfit.	9
Send documents to the FCDO to be legalised, then (Greece only) send documents to be translated.	10
Travel documents and insurance.	11
Foreign currency and travellers' cheques.	12
Current driving licence if intending to hire a car.	13

Got more questions, go online and check out our FAQs section.

Optional Extras

It's the details that count and can really personalise your day. The special extras to make your theme or your dream come to life and for the day to run smoothly.

Hair and make up

Enhance your best features so you're looking and feeling your very best and ready to walk down the aisle! Plus make sure everyone feels confident and gorgeous on your magical day. Packages can include your own hair and makeup, as well as services for your bridesmaids, mothers-of-the-couple, and additional wedding party members.

Photography and videos

We're all used to capturing moments on our phones these days, but we're still no expert. The day may only be 24 hours, but photos and videos can last a lifetime and get passed down the generations so make sure you choose the right photographer or videographer who will truly reflect your personality and the day. Don't just settle for anyone, ensure you have inspiring, original photos and footage to treasure forever.

Flowers and buttonholes

There's a lot to consider when it comes to the floral arrangements. What may work in the UK could wilt in the summer sun when overseas. Think about what flowers will be in season and bloom in your chosen island location. It's also not just the bouquet and buttonholes, do you want venue flowers, a wedding arch or table decorations. Flowers can be coordinated to your taste and budget.

Cakes

Decided what flavour, fruit cake or sponge? Two tier or three? Fondant or fresh flowers? Looking for something delicious to wow your guests with? Who knew a cake could be so complicated yet an integral part of any celebration. We can assist you in booking a baker who answers all your culinary question, so you can cut the cake in style and taste something simply divine.

Décor

Whether you're yearning for a beautiful beach themed celebration or would rather a botanical vibe we can assist with everything you need to create your dream day, from table plans and centrepieces, photo backdrops & balloons... there can be décor fit for any theme.

Entertainment

We can help create the right atmosphere for while your guests wait, when you're walking down the aisle, for that first dance or just the chance to party. Whatever musical taste we can find the entertainment and if you want something extra than just music, ask and we shall seek. After all if you can't ask for what you want for this one off event, when can you.

Transport

You may not need a car to the ceremony depending on your chosen venue but ensuring you arrive in comfort and style and feel as special as you deserve from start to finish is essential. Make sure you book your transport early to secure the wheels you want and save your feet for dancing.

Wedding Timeline

The time between booking your wedding, adding your holiday and your big day can feel long!

Legal Documents

Wherever you decide to get married, you will need official documents to do so. These will be used to provide important information about your identity, where you were born and to verify that you are eligible to marry.

The essential paperwork you will need:

- ♥ Birth certificates
- ♥ Any decree absolutes, deed poll certificates, adoption certificates or in case of widowed, death certificate and marriage certificate.
- ♥ Other documents for non-British passport holders

Additional paperwork if marrying in Cyprus:

- ♥ Affidavits / statutory declarations

Additional paperwork if marrying in Greece:

- ♥ Certificates of no impediment

Additional paperwork if marrying in Malta:

- ♥ RZ1 form ♥ RZ2 form
- ♥ If single, third party single status form

Birth certificates

We suggest organising your official documentation as soon as possible after booking your wedding. You will need to ensure that you both have full size birth certificates with at least one parent's name on it (preferably A4 size). It is advisable that you contact either your local births, deaths and marriages department or go to the General Register Office website (www.gro.gov.uk) where you can buy them online.

Decree absolutes & name change documents

If you are adopted, have been married, or have changed your name you need to make sure you have the official documentation to verify this. If you have been widowed you will need your marriage certificate and your spouse's death certificate.

Affidavits or statutory declarations

These are documents that declare you are not married and are free to enter into marriage. They are written by either a solicitor or public notary and should be issued within 3 months of your wedding date. Required for Cyprus weddings only.

Other documents for non-British passport holders

If you are not a British passport holder, please contact your Embassy to obtain details of any extra documentation you may require. Please note that if your birth certificate or other personal documents are not in English, they will need to be translated and certified by your Embassy.

Certificates of no impediments

For weddings in Greece: This document states that a registrar has checked the marriage records for previous marriages and states that you are eligible to marry. You will both have to apply for a Certificate of No Impediment by making an appointment at your local registrar's office. You must ensure that these are issued within 3 months of your wedding date.

Legalisation and translations

You will need to get all of your documents (except birth certificate if marrying in Cyprus) legalised by the FCDO. Please visit www.gov.uk/get-document-legalised for more information.

If marrying in Greece, these legalised documents will need to be translated into Greek. For weddings in Santorini and Zante, this will need to be done in the UK. For weddings in Rhodes, the translation will be done in resort. Our Wedding Team can offer assistance.

Terms & Conditions

Arrangement fee

The arrangement fee covers all our help and assistance, along with the service of a resort wedding co-ordinator. It also covers requesting a date for your wedding and guiding you through the legal paperwork and formalities. All package prices listed in this brochure include the arrangement fee. If you would like Olympic Holidays to book your wedding at a different venue, an arrangement fee will apply. Please call us for more details.

Confirming your wedding date

Once all options have been discussed and you've chosen your perfect venue, we will confirm your wedding date and holiday. You will then receive your wedding pack, including confirmation of your wedding details, a full guide to legal procedures, and information on what happens next in both the UK and when you arrive in resort.

Costs

There may be additional costs which are not included in the package. Some of these must be paid in Euros at the resort and some may be paid in advance. The Weddings Team will advise of these at time of booking. Deposits may also be applicable but you will be advised beforehand. Costs are subject to change and, although rare, it can happen, and we will do our best to advise you as soon as we can.

Cancellation

If you decide, once you have accepted the given date for your wedding, that you wish to cancel, the wedding arrangement fee will not be refundable. In addition, there may be cancellation fees applicable for any venue or church and if so you will be liable to pay them.

Making changes

As with all things, sometimes changes need to be made. If a change of date or venue needs to be made by you, we will always do our best to accommodate these changes but cannot guarantee that the requested change can be met. Sometimes we will need to charge a fee to do this, as some of our suppliers, wedding venues or registrars may charge us to make amendments. Should this be the case, we will endeavour to advise you of these charges before any amendments are made. All additional costs and charges will be payable by you.

What we will do

We will send you, in good time, all information regarding the legal documentation that you will need. Please ensure that you keep this and follow our guidance to obtain the necessary paperwork.

What you need to do

Read carefully all the correspondence and documents we send to you, keeping them together and in a safe place. If for some reason you misplace or lose anything we have sent you, please let us know so that we can send it to you again.

Please do not deviate from the advice or instructions we give you unless you have discussed it with us first and we have agreed. You are ultimately responsible for your documents - any deviation from procedure or failure to obtain the correct documents on time can cause serious problems which may not be able to be resolved at short notice.
